TUFF TOP®
MFC

TUFF TOP®
MFC

COMMERCIALLY EFFICIENT CHOICE	MFC offers excellent value for money, making it a practical solution for larger projects or high-volume applications without compromising on functionality.
VERSATILE DESIGN OPTIONS	Available in a wide range of colours, textures, and realistic woodgrain finishes, MFC can easily complement different interior styles with a consistent appearance.
DURABLE & HARD-WEARING SURFACE	The melamine coating provides a scratch-resistant, impact-resistant finish that stands up well to everyday use in both residential and commercial environments.
LOW MAINTENANCE & EASY TO CLEAN	Its smooth, non-porous surface requires minimal upkeep —simple cleaning keeps it looking good, with no need for sealing or refinishing.
LIGHTWEIGHT & SUSTAINABLE	MFC is easier to handle than solid wood and is often manufactured using recycled wood content, making it both practical and more environmentally considerate.

TUFF TOP®
Laminate

TUFF TOP®
Laminate

HIGH SURFACE DURABILITY	Laminate tabletops are built to withstand daily use, resisting scratches, dents, and general wear. This makes them a reliable choice for high-traffic environments like offices or cafés.
SIMPLE CLEANING PROCESS	The non-porous surface prevents liquids and dirt from soaking in, so cleaning is quick and easy. Usually, a damp cloth and mild soapy water are enough to keep it looking new.
COST-EFFECTIVE MATERIAL CHOICE	Laminate offers the appearance of premium materials like wood or stone at a much lower cost, making it ideal for budget-conscious projects without sacrificing style.
WIDE DESIGN VARIETY	Available in a large range of colours, textures, and finishes, laminate can replicate natural materials such as oak, marble, or concrete, allowing flexibility in design.
STRONG STAIN RESISTANCE	The protective top layer helps prevent stains from food, drinks, and other substances, while also offering good resistance to moisture and everyday spills.

EGGER STRUCTURES

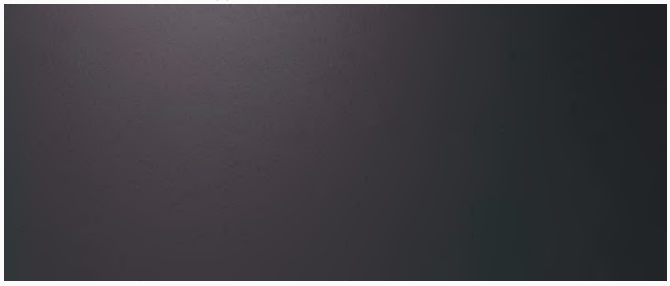

ST9 - Smoothtouch Matt

Used with uni colours and woodgrains offering a very soft and natural feel. This texture supports the trend for matt surfaces.

ST10 - Deepskin Rouge

A highly authentic and realistic texture for solid wood reproductions.

ST12 - Omnipore Matt

An irregular distribution of linear pores of various depths gives the surface a natural look.

ST19 - Premium Painted Wood

A premium linear texture with the elegant look and feel of painted wood and fine line veneers.

ST20 - Metal Brushed

Metallic are popular in on-trend furniture design. ST20 Metal Brush gives pearlescent and metallic decors the look and feel of finely sanded metal.

ST37 - Feelwood Rift

Oak grain texture that follows the natural wood pattern, creating an authentic look and feel with realistic depth and character.

TM28 - PerfectSense Feelwood Nature Matt

A synchronised woodgrain texture with a smooth matt finish for an authentic timber look with anti-fingerprint protection.

ST76 - Mineral Rough Matt

A flamed & gently brushed natural stone surface inspired it. It can be applied on a number of different stone reproductions, including on slate and marble.

TUFF TOP®
Compact Laminate

ULTRA DURABLE CONSTRUCTION	Tuff Top compact laminate is extremely strong and impact-resistant, designed to handle heavy-duty use in demanding environments like hospitality and commercial spaces.
WATERPROOF CORE DESIGN	Unlike standard laminate, it has a solid, waterproof core that prevents swelling or damage from moisture, making it ideal for both indoor and outdoor use.
SLIM PROFILE STRENGTH	Despite its thin, modern profile, compact laminate maintains exceptional strength and rigidity without the need for additional substrates.
PREMIUM SURFACE FINISH	The surface is highly resistant to scratches, stains, and heat, while offering a high-quality, consistent finish that maintains its appearance over time.
LOW MAINTENANCE SURFACE	Easy to clean and hygienic, the non-porous material resists bacteria and requires minimal upkeep, making it perfect for busy commercial settings.

TUFF TOP®
Solid Marble

TUFF TOP®
Solid Marble

PREMIUM NATURAL MATERIAL	Solid marble offers a luxurious, high-end look with unique veining patterns, ensuring every tabletop has its own distinct character.
EXCEPTIONAL SURFACE STRENGTH	Marble is a dense and durable material, capable of withstanding regular use while maintaining its structural integrity over time.
COOL TOUCH SURFACE	Naturally cool to the touch, marble is ideal for dining and hospitality settings, adding a refined and comfortable user experience.
SEALED PROTECTIVE FINISH	When properly sealed, the surface resists stains and moisture, while still being easy to clean and maintain in everyday use.
LOW MAINTENANCE SURFACE	Easy to clean and hygienic, the non-porous material resists bacteria and requires minimal upkeep, making it perfect for busy commercial settings.

Tuff Top® Solid Marble Tops are the ultimate statement piece for venues looking to exude luxuriousness and class. Made from real Carrara Marble which is often used in both modern and traditional interior design styles and known for its white or grey background with darker veins running through it. Solid Marble is a completely natural product, with each top being unique.

TUFF TOP®
Solid Wood

TUFF TOP®
Solid Wood

NATURAL MATERIAL QUALITY	Solid wood provides an authentic, warm appearance with natural grain patterns, giving each tabletop a unique and premium feel.
STRONG STRUCTURAL BUILD	Built from solid timber, these tabletops offer excellent strength and durability, making them suitable for long-term, everyday use.
TIMELESS CLASSIC APPEAL	The natural beauty of wood suits a wide range of interiors, from rustic to contemporary, and remains stylish over time.
REPAIRABLE SURFACE FINISH	Unlike many materials, solid wood can be sanded, refinished, or repaired, helping extend the lifespan of the tabletop.
PROTECTIVE COATED SURFACE	Finished with protective coatings to resist stains, moisture, and wear, while still showcasing the natural character of the wood.

TUFF TOP®
Rustic Wood

TUFF TOP®
Rustic Wood

AUTHENTIC RUSTIC CHARACTER	Designed to highlight natural imperfections like knots, grain variation, and texture, giving each tabletop a distinctive, handcrafted look.
ROBUST SOLID CONSTRUCTION	Made from solid wood, these tabletops offer strong durability and are built to handle regular use in both commercial and residential settings.
WARM AESTHETIC APPEAL	The rich tones and textured finish create a warm, inviting atmosphere, perfect for hospitality venues or cosy interior designs.
UNIQUE SURFACE DETAILING	No two tops are the same—each piece features individual markings and patterns that enhance its rustic charm and originality.
PROTECTIVE DURABLE FINISH	Treated with protective coatings to improve resistance to stains, spills, and everyday wear while preserving the natural look.

TUFF TOP®
Porcelain

TUFF TOP®
Porcelain

ULTRA DURABLE SURFACE	Porcelain is highly resistant to scratches, heat, and impact, making it ideal for heavy-use environments like restaurants and cafés.
HEAT RESISTANT MATERIAL	Can withstand high temperatures without damage, allowing hot items to be placed directly on the surface without concern.
NON-POROUS HYGIENIC SURFACE	The non-porous structure prevents liquids, bacteria, and stains from penetrating, ensuring a clean and food-safe surface.
MODERN DESIGN FINISH	Available in sleek, contemporary styles that replicate materials like marble, stone, or concrete with a refined appearance.
LOW MAINTENANCE DURABILITY	Easy to clean and highly resistant to stains and chemicals, requiring minimal upkeep while maintaining its look over time.

CANYON COLLECTION

FAUX LEATHER

General Specification

Quality	Canyon Faux Leather
Composition	78% PVC, 2% PU, 20% PV
Weight	750gsm / 22.12oz/yd²
Durability	100,000 rubs
Width	140cm / 54in +/-
Flammability	BS EN 1021-1BS EN 1021-2BS 7176 Medium Hazard (all over CMHR 35 foam)IMO Res. A652(16)FTP Code MSC 61(67) Part 8CAL 117NFPA 260
Application	This fabric is hygienic and easily cleanable and is suitable for severe contract upholstery and healthcare upholstery.
Maintenance	General cleaning should involve regular wiping with a dry or damp cloth using mild detergent dissolved in warm water. Stains can be removed using bleach or alcohol dilution as per the care guide, taking care to remove all residues. Do not use abrasives. For detailed information please see our Care Guide F1, available by request.
Colour Matching	This product is manufactured in batches. In accordance with normal trade practice, variations may occur from batch to batch but remain within commercial tolerances. Samples shown on this card are a guide and current production may differ marginally.
Important	Please be aware that certain dyes (such as those used in denim jeans) may migrate onto lighter colours. Heat and humidity can also contribute to this phenomenon and it is irreversible. We are unable to accept responsibility for dye transfer caused by external contaminants.
	All values and measurements are approximate.

YOUR TRUSTED TRADE PARTNER

We do more than supply contract furniture. We support our trade customers with fast delivery, expert product knowledge and practical marketing tools to help them win more business.

Next Day Delivery as Standard
Thousands of stocked products available for next working day delivery when ordered before our daily cut-off.

5 Year Structural Warranty
All of our products are backed by a comprehensive 5-year structural warranty for complete peace of mind.

Bespoke Table Tops – No Minimum Order
Create the perfect table with made-to-order finishes, sizes and shapes without minimum order quantities.

Product Cards
Professionally designed product cards help you promote and sell our ranges with confidence.

Product Assembly Videos
Simple step-by-step assembly videos make installation quick and straightforward.

Product Sales Training
Our team can provide product training to help your sales staff understand the ranges and sell with confidence.

OUR SERVICES

CABLE PORT

Practical Cable Access for Modern Contract Spaces

Our cable port hole service is designed to support the functional demands of contract furniture, creating clean, accurate cable access points for table bases and related components used in commercial environments.

KEY FEATURES & BENEFITS

- PRECISION CUTTING
- BATCH CONSISTENCY
- STANDARD COMPATIBILITY
- FAST TURNAROUND
- CLEAN FINISH

CUT DOWN SERVICE

Cut to Size. Ready for Production.

Our cut down service is designed to adapt table bases to the exact requirements of contract furniture projects.

Whether for bespoke specifications, reduced heights, or project-specific dimensions, we deliver accurate, consistent modifications ready for production and installation.

.

KEY FEATURES & BENEFITS

- PRECISION CUTTING
- BATCH CONSISTENCY
- CUSTOM HEIGHTS
- FAST TURNAROUND
- CLEAN FINISH

INSTALLATION

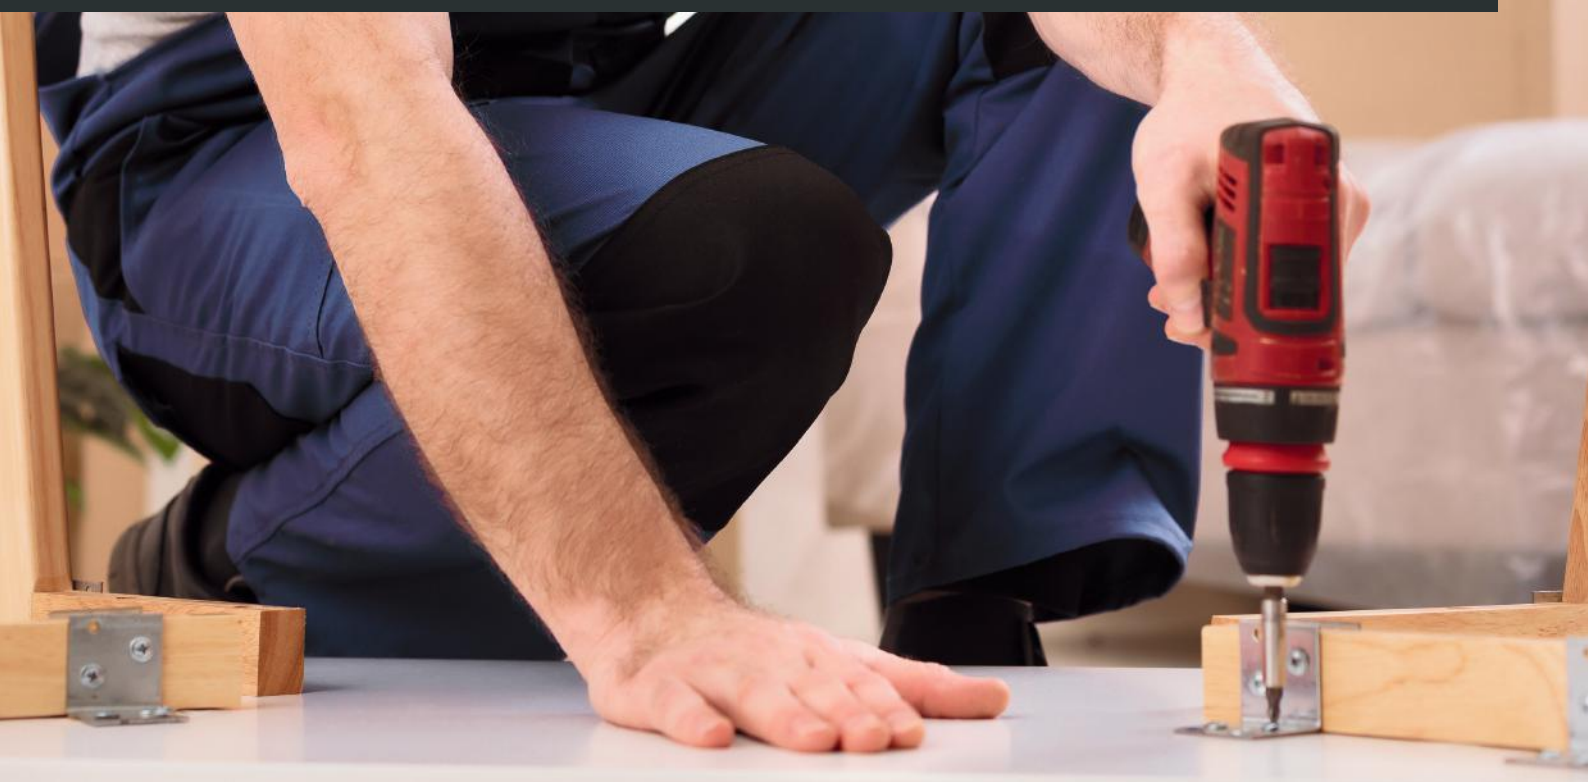

Delivered. Assembled. Ready to Use.

Our professional installation service ensures contract furniture is assembled, positioned, and ready for immediate use on site. Designed for commercial environments, we provide a reliable, efficient solution that supports project timelines and delivers a high-quality finish.

KEY FEATURES & BENEFITS

- ONSITE ASSEMBLY
- ACCURATE POSITIONING
- CLEAN FINISH
- TIME EFFICENT
- READY FOR USE

METAL INSERTS AND FIXINGS

Precision Fitting. Built for Reliability.

Our in-house CNC service precisely drills and routes the table base fixing pattern into your chosen tabletop, then installs durable metal inserts for easy assembly.

This eliminates the need for measuring and ensures quick, accurate base attachment—ideal for multi-table orders. No minimum order applies.

KEY FEATURES & BENEFITS

- PRECISION FIT
- STRONG FIXINGS
- BATCH CONSISTENCY
- FAST TURNAROUND
- ASSEMBLY READY

POWDERCOATING SERVICE

POWDER COATING SERVICE

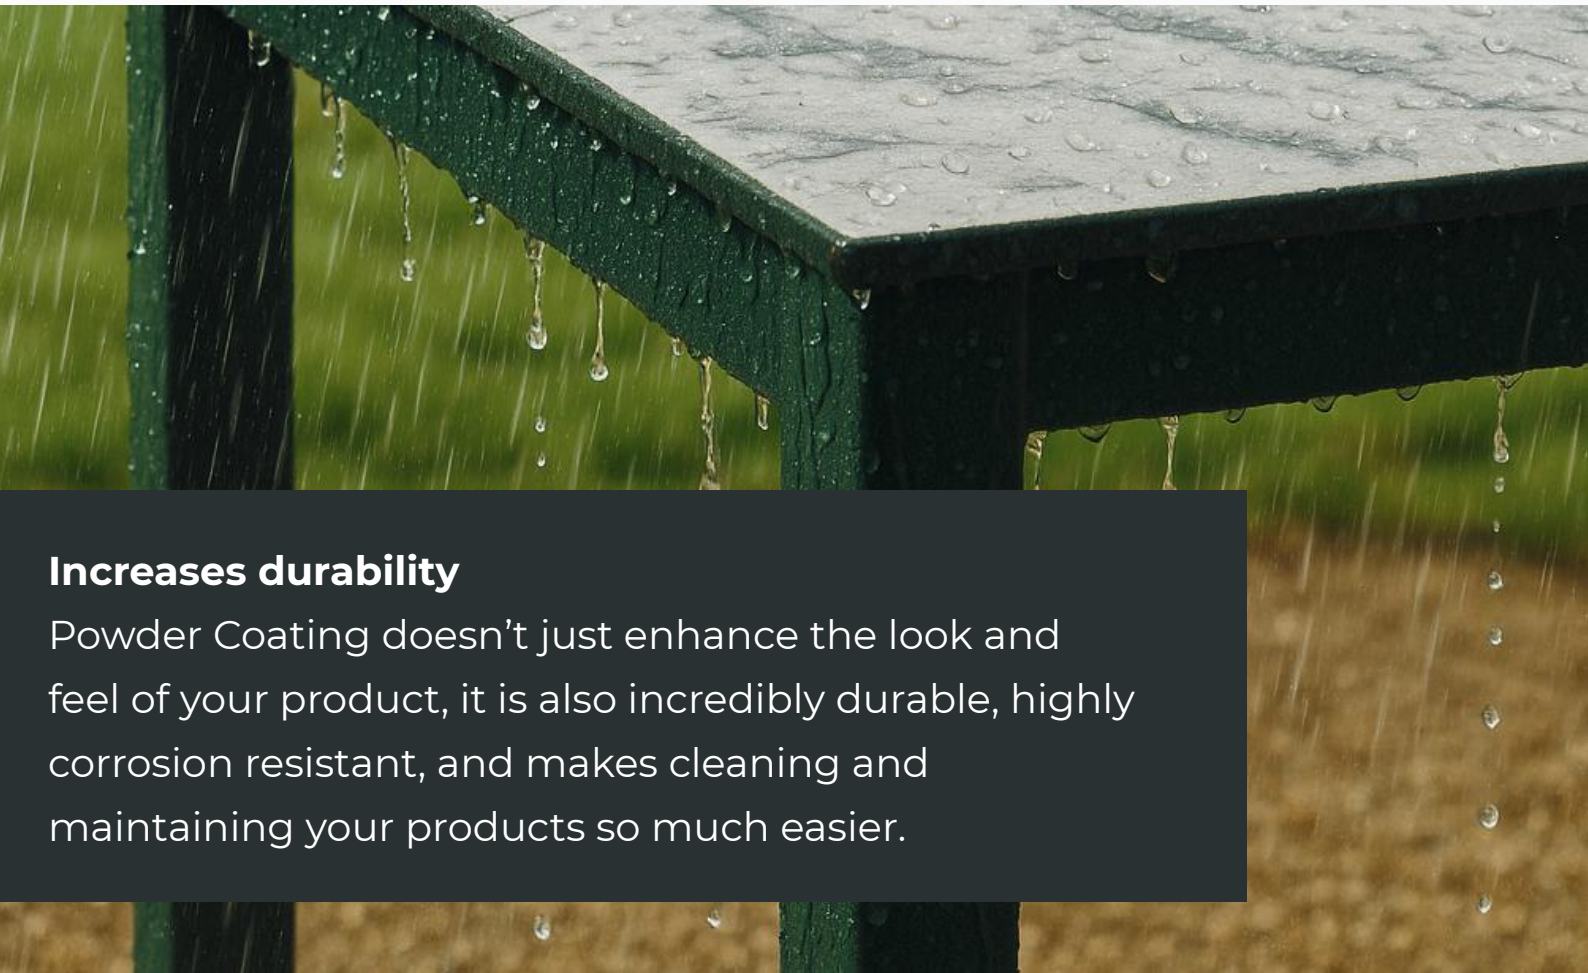

Durable. Stylish. Built to Last.

Our specialist powder coating service is designed exclusively for contract furniture, delivering durable, high-performance finishes for table bases used in demanding commercial environments.

From hospitality to workspace interiors, we provide coatings that meet the expectations of specifiers, designers, and manufacturers alike.

THE ADVANTAGES OF POWDER COATING OVER LIQUID FINISHES INCLUDE:

- Corrosion resistance
- High level of colour retention
- Environmentally friendly
- A uniform quality finish without paint runs
- Fast and efficient turnaround
- Complete coverage even on more complex components

Increases durability

Powder Coating doesn't just enhance the look and feel of your product, it is also incredibly durable, highly corrosion resistant, and makes cleaning and maintaining your products so much easier.

Nearly unlimited options

100s of RAL colour options to choose from. Simply contact us with your requirements and our in house experts will talk you though all the possibilities.

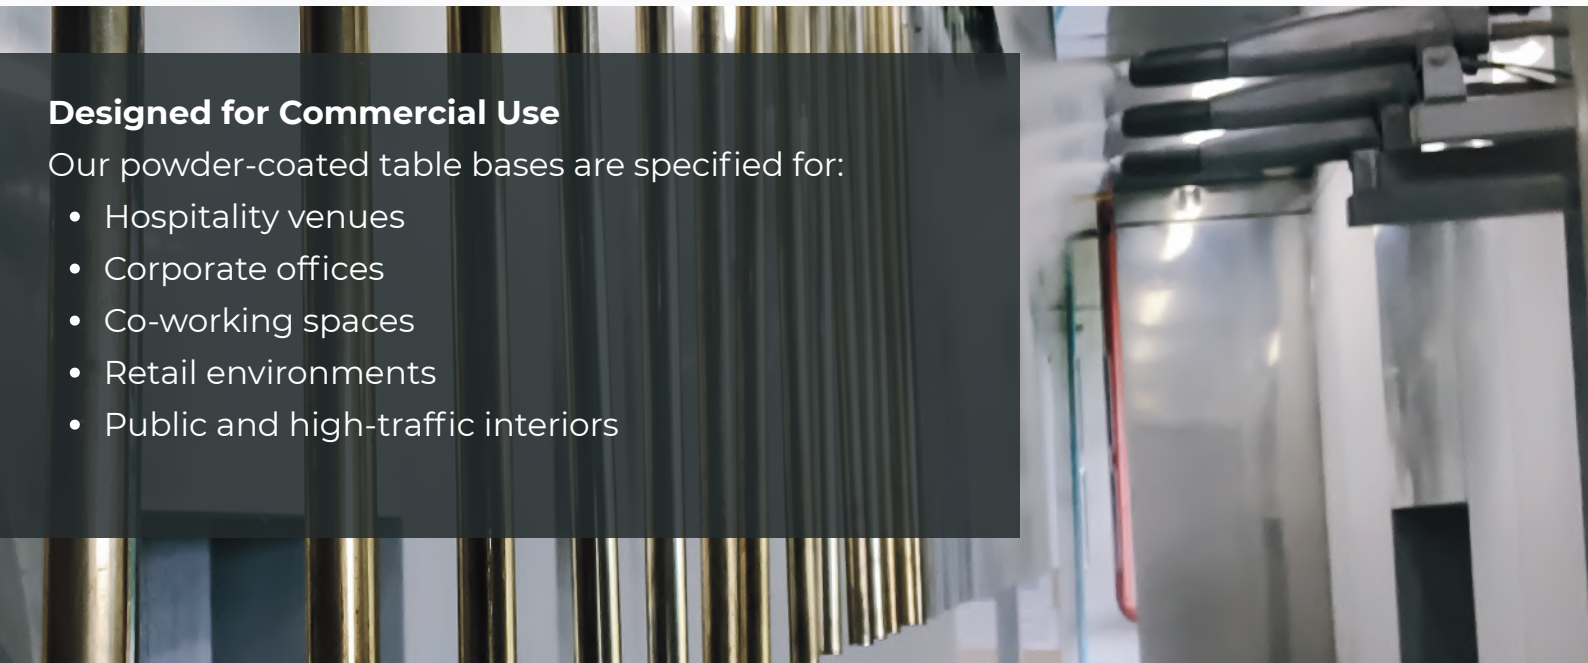

DURABLE. STYLISH. BUILT TO LAST

Multiple finishes

You can choose from Matt, Satin, Semi-Gloss, and Gloss finishes to further enhance your chosen colour.

MATT	SATIN	SEMI-GLOSS	GLOSS

Designed for Commercial Use

Our powder-coated table bases are specified for:

- Hospitality venues
- Corporate offices
- Co-working spaces
- Retail environments
- Public and high-traffic interiors
