Use this demonstration SKU for Reference

The hyphen divides the SKU components to present the item in an organized fashion.

- A SKU begins with the 4 letter collection abbreviation.
- Then the size is defined, use plus (+) to add various modules (see drop-down on right). Function abbreviations are always appended to the size of the seat
- Define upholstery and color code. Upholstery collection codes are abbreviated to first 4 letters.
- Define leg style and the color code.

- K1L+DNT76+H+E+K1R - Configure a modular piece with plus (+) like this

Module

Modules Complete with Arms

- A _____ Chair
- B _____ Loveseat
- C _____ Loveseat
- D _____ 2-Seat Sofa
- E _____ 3-Seat Sofa

Modules without Arms

Modules without arms follow the same rules, but add a width dimension appended to the end. (Sleeper SKUs should include function codes between the module code and width dimension.)

e.g. A24, ANT30, B55, CHY60, D76, etc.

Modules with Fixed Direction

Modules can have a left (L) or right (R) identifier, e.g. FL, FR, AGL, AGR

- F (L/R) _____ Chaise
- FO _____ Openable Chaise
- FOU _____ Reversible Openable Chaise
- AG(L/R) _____ Side Chaise

GOU _____ Reversible Openable Chaise End

- H _____ Square Corner
- HAG _____ Corner Chaise
- J _____ Wedge Corner

Arm Modules

Arms are sequenced with a number, this number represents its style, and also carry a left (L) or right (R) identifier, e.g. K1L, K1R, K2L, K2R, etc.

- K _____ Arm

Ottoman Modules

- Q _____ Ottoman
- QO _____ Openable Ottoman

Accessories

The letters define the style, while the appended numbers identify dimension, e.g. Y22, Y30, YY22, YY30, X15, X17, etc.

- Y _____ Universal Headrest (Thin)
- YY _____ Universal Headrest (Thick)
- X _____ Decoration Cushion

Where We Come From

An Overview of Our Story

Humble Family Beginnings

(1964-1975)

Pentti Viitala started reupholstering used sofas in a hay barn, selling door-to-door in rural Finland. The family business transitioned to manufacturing new furniture from an old village schoolhouse, built on one simple idea: high-quality furniture at fair prices.

Strategic Growth

(Late 1970s-1980s)

Rising demand pushed the family to warehouse materials, acquire land, and purchase delivery trucks. A local sawmill was acquired, the Kurikka factory was constructed, and the team grew to 20 employees. Pentti and Viola named their children business partners.

Resilience Through Challenge

(1990s-2000s)

Timo Viitala became CEO as Scandinavia faced recession. Recognizing opportunity in Western Asia's reconstruction, he expanded into new markets—shielding the business from economic downturn. A second production line with state-of-the-art equipment was completed, sustaining growth through uncertainty.

Global Reach

(2010s-Present)

Two additional production lines expanded capacity to more than 400 employees, serving retailers across 15 countries. Luonto Furniture, Inc established North American headquarters in Charleston. Today, 60 years later, the company serves 550+ authorized retailers worldwide—adding more each week.

Quality & Sustainability

“it’s who we are and where we come from”

Comprehensive Quality Process

Rigorous testing across design, packaging, and delivery with inspections to validate all products down to their component.

Culture of Excellence

Performance-based incentives reward quality over quantity, valuing workers and attention to detail to deliver high-quality furniture.

Certified Standards & Materials

FSC plywood, PEFC wood, CertiPUR-EU foam, Oeko-Tex fabrics, PFC-free Performance.
10-year warranty included.

Advanced Fabric Technologies

AquaClean water-only cleaning removes all stains. SafeFront kills 99.9% bacteria, 91% viruses. PFC-free, PFOA-free.

Safety & Chemical Standards

CertiPUR-EU foam. Oeko-Tex ensures safety standards. REACH regulates chemicals protecting health environment.

Sustainable Sourcing

FSC & PEFC certifications ensure responsibility. GRS verifies recycled content, responsible environmental practices in 50+ countries.

Aspen

A contemporary low leg design, Aspen is soft in appearance and comfort, with it's softer seat foam. Paired with the Nest Function, this sleeper is comfortable and flexible to increase functionality in any room.

Nest Function

This dual motion sleeper function features a two section bed, allowing you to sit, sleep, or both at once.

Use this demonstration SKU for Reference

The hyphen divides the SKU components to present the item in an organized fashion.

- A SKU begins with the 4 letter collection abbreviation.
- Then the size is defined, use plus (+) to add various modules (see drop-down on right). Function abbreviations are always appended to the size of the seat
- Define upholstery and color code. Upholstery collection codes are abbreviated to first 4 letters.
- Define leg style and the color code.

- K1L+DNT76+H+E+K1R - Configure a modular piece with plus (+) like this

Luonto Leather Match

What is it?

Leather Match combines real leather where you sit and touch with a color-coordinated leather-like material on the exterior panels you don't. The result is a consistent leather look at a more accessible price point.

Real leather is used on: Seat cushions, inside arms, inside back – every surface you interact with daily.

Match material is used on: Outside arms, outside back, and the back side of loose back cushions – surfaces that see little to no contact.

The match material is selected to blend visually with the chosen leather so the piece reads as a single, cohesive upholstery.

Available Leather Grades

Grade	Leather
LM1000	Soft Antique
LM3000	Natural Soft
LM4000	Labrador

These are the same leathers offered in our full leather program, configured as Leather Match.

Leather Match vs. All Leather

	Leather Match	All Leather
Contact Surfaces	Real Leather	Real Leather
Non-Contact Surfaces (Exterior Parts)	Color-matched Material	Real Leather
Best for	Leather look and feel at a lower price	Full leather on every panel

For customers who want real leather on every surface, the All Leather option is available in Grade 1000, Grade 3000, Grade 4000, and Grade 5000, and Prescott Grade.

How to Order

1. Select the style and configuration
2. Choose an LM Grade: LM1000, LM3000, or LM4000
3. Pick the leather color from the Luonto leather selection

Luonto handles the rest – applying real leather to contact areas and the coordinated match material to exterior panels.

A Note on Terminology

The term “Genuine Leather” is used broadly in the market and can refer to a specific lower-tier label. To avoid confusion, use **Leather Match** when referring to this program and **All Leather** or **100% Leather** when referring to full leather builds.
