BELL
MARINE
VIPER PERFORMANCE PRODUCTS

Bell Marine is a leading manufacturer of premium boating products and accessories, offering exceptional expertise and personalised service since 1997.

With over 20 years' experience in the boating industry, Bell Marine are passionate providers of a sophisticated range of high-quality boating systems and equipment primed for specialised and general boating use.

All Bell Marine products are individually hand-crafted and designed to achieve results. As one of only a handful of premier stainless steel chandlery and marine accessory manufacturers, quality construction is at the core of our identity.

Bell Marine is committed to providing high-quality products with the durability to last. We develop our famous Viper Pro Series product range in-house, ensuring that each and every product is worthy of the first-class Bell Marine brand. We value craftsmanship and care, hand-making and hand-polishing all our products to a mirror finish without the use of chemical polishing.

Bell Marine's stand-out innovative and renowned submersible range of anchor winches, accredited with IP68 Waterproof Certification, prove a serious contender in the high-performance anchoring arena. Fit with a state-of-the-art 316 marine grade worm

drive stainless steel gearbox, our Viper anchor winches are the preferred choice for boaters all around the world.

Bell Marine's products truly set new standards for the marine industry. Performance and torque are at the forefront of our compact designs. With our Viper anchor winches promising fall rate speeds of up to 50m per minute, you'll experience ultimate anchoring speeds and reach your GPS mark each and every time.

Our quality of workmanship and service is unmatched by competitors. From the twin-skin shine and high gloss gel-coat finish on our Viper Deluxe Fibreglass Bait Boards, to removable and customisable features for easy installation, we provide our clients with premium care and convenience.

To equip your boat with the finest of marine gadgets, choose from Bell Marine's world-class range today.

Thank you for your time and happy boating!

Viper Pro Series 1500/2500W Anchor Winch Bundle - Suits Boats upto 15m

Designed for commercial and large vessel installations, the Pro Series 1500/2500W series anchor winch is the most powerful in our range. With a generous rope capacity of up to 200m, this winch makes anchoring in deep water a breeze. Powerful enough to haul a 37lb plough anchor all day and fit with an emergency release function, the Viper Pro Series 1500/2500W promises strength and stability even in the toughest of conditions.

- Rope capacity of up to 200m of 6mm double braid or 100m of 8mm triple strand rope spliced to 10m of 8mm short link chain
- Supplied with 1m of 3B&S power leads and joining connectors
- 5mm S/S sandwich plate and all fixing hardware, installation notes and wiring diagrams included for easy installation
- Emergency manual release included for safety
- Max fall rate: 55m per minute
- Max retrieval rate: 46m per minute
- Suit vessel length: 8m plus
- Max load: 360kgs
- Weight: 28kg
- Rope & Chain Kit not covered by warranty

STAINLESS STEEL BAIT BOARDS

Viper Deluxe Stainless Steel Removable Bait Board - Small

Our convenient drop in and lift out SMALL removable deluxe stainless steel bait board is manufactured from 316 marine grade stainless steel to complement your boat's other stainless-steel fittings and is hand polished to a mirror finish. Cutting surface is resistant to abrasions whilst retaining your knife edge. Features include 2 stainless steel rod holders with rubber caps to protect your rods, and a large stainless-steel bait/storage compartment under the cutting board and polished stainless-steel splash back to stop your tackle going overboard. Also included are 2 x 38mm x 420mm length legs and fittings. Compact in size and completely removable when not in use, it's the ideal fisherman's companion. The new improved Viper version allows you to attach the legs on the bait board in almost any position so it can be fitted into your desired location.

- Compact in size and removable for convenience
- Bait board constructed from hand polished 316 marine grade S/S to complement your boat's other S/S fittings

OUTRIGGERS

Viper X- Treme Removable 3 Stage Telescopic Outrigger Bundle - Side Mount

Entirely collapsible for easy storage, these new Viper Extreme Series Outrigger bundles are constructed from heavy-duty commercial stainless steel and built for tough game applications.

- 180° rotation bow to stern
- 90° vertical positioning up/down
- 8mm cast 316 S/S hand polished bases
- Spring-loaded S/S locking pins
- Matte black UV stabilised 3 stage poles
- Includes sandwich plates, all fixing hardware, lines, clips and pulleys for easy installation
- Extended length: 4.876m (16ft)
- Retracted length: 2m (6.5ft)
- Base diameter: 88mm
- Diameter cut out: 51mm
- Takes 41.5mm poles

80013 - Bundle (Side Mount) RRP Inc \$1,569

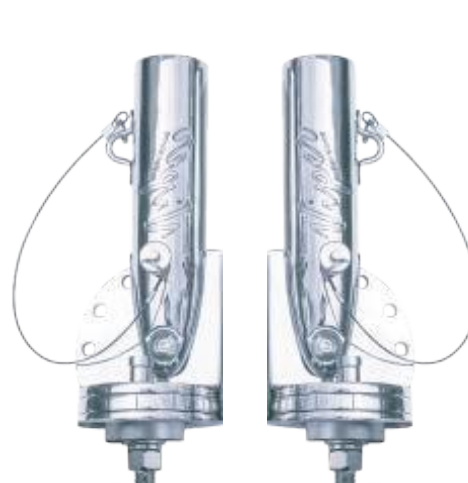

Viper Outriggers just got better with the new X-TREME Series Outrigger Bundle.

The complete bundle includes 4.8m 3-stage telescopic outrigger poles, side-mount bases, line kit, stainless tag return weights, quick-release clips, bungee cords, stainless pulleys, sandwich plates, mounting hardware and a foam-filled silver carry case.

X-TREME Outrigger Bases are built for strength and smooth operation, featuring heavy-duty commercial stainless steel bearings, upgraded adjustment and locking pins, and reinforced stainless steel construction. Offering 180° bow-to-stern rotation and 90° vertical adjustment, the bases are quick and easy to position without spline-type alignment. Simply lift the spring-loaded stainless steel locking pin, adjust and lock into place. Designed for side mounting to cabins, hardtops or rocket launchers, the bases are manufactured from 316 marine-grade stainless steel and hand polished to a premium mirror finish.

Includes:

ROD HOLDERS

Removable 10- Way Corner Rod Holders

The easiest DIY corner rod rack to hit the market! Save the expense of having a custom rack made for your boat. Each side features three straight legs, with two locating into the supplied deck fittings while the centre support leg can be cut to suit your required height and rest against the gunwale. Carry up to 10 rods while keeping them organised, visible and safely off the deck. Each double-wire rod holder is manufactured from hand-polished 316 marine-grade stainless steel.

The complete port and starboard racks are removable and simply lift out when not required.

Package includes port & starboard 5-way rod racks, 4 female deck fittings, 6 x 25mm straight legs and 6 T-piece connectors.

Also available in a tapered version to fit existing 30° rod holders – Part No. 10016.

ROCKET LAUNCHER

Universal 3 Piece Deluxe Rocket Launcher

Bell Marine's roots are in manufacturing rocket launchers, bow rails and stainless accessories for many of Australia's leading boat builders. Our 3-piece Rocket Launcher was developed to overcome the common stress cracking found in traditional one-piece designs, while also making transport far easier and more economical.

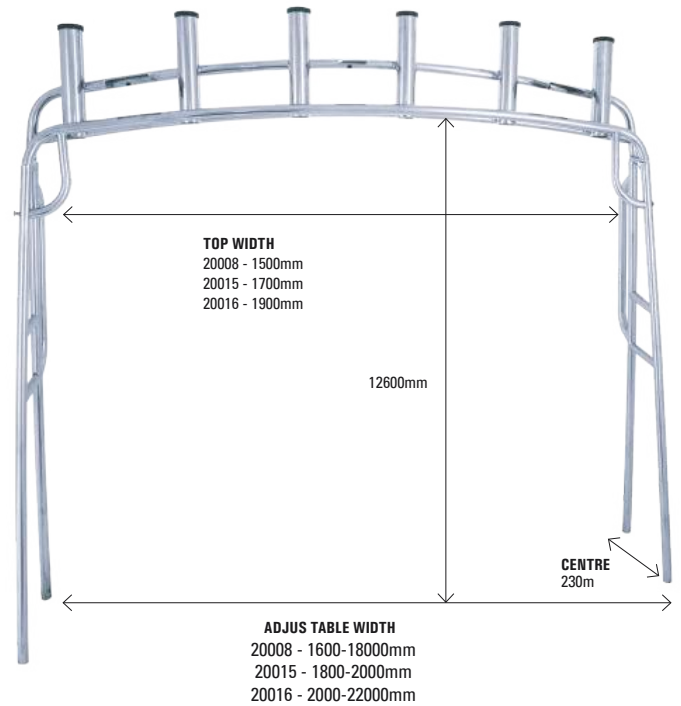

Fully welded, finished and hand polished to a mirror finish, it is constructed from marine-grade 316 stainless steel.

Features include 5 accessory mounting brackets, 6 rod-holder chimneys with gimble pins and protective plastic tops, rear grab rails, M8 eye bolts for folding and storage, and a built-in bimini mounting rail. Supplied complete with all mounting hardware.

- Fully welded, finished and hand polished to a mirror finish
- Supplied with 2x M8 eye bolts
- Constructed from 25mm 316 marine grade S/S tube
- Easy to fold down for storage when not in use
- Suitable for boats where the rear windscreen meets the deck
- Pre-drilled for internal wiring

Inclusions:

- Mounting brackets included for accessories such as floodlights, radio aerials, GPS aerial and more
- 6 chimneys with rolled bottoms, gimble pins and plastic tops to protect your rods (42mm ID)
- Rear grab rails for passenger comfort and safety
- M8 eye bolts to collapse your rocket launcher for storage
- Built-in bimini mounting rail
- Centre width: 230mm
- Height: 1260mm

WORKSHOP SERVICE KITS & REFILLS

Stop bumping your head and fumbling around in the dark, looking for blown fuses under your cramped dash. The Viper Pro Series LED indicator fuse will illuminate when blown, making it easily identifiable. This allows you to replace it immediately without having to remove every fuse, ensuring you can get on with your boating and fishing. Available in numerous sizes and colour coded for convenience.
