HarkePlus® RemindPro Overview

HARKE Pharma GmbH in Germany, recently became the patent holder of RemindPro, it is a combination of two plant-derived natural products Fructooligosaccharides (FOS) from Morinda officinalis and the Amino Acid L-Theanine from Camellia sinensis. A double-blinded placebo-controlled study has shown that this synergistic complex has been clinically proven to boost memory and cognition.

What is Fructooligosaccharides?

Fructooligosaccharides are non-digestible short chain carbohydrates which occur naturally in many plants. Because Fructooligosaccharides are non-digestible they reach the large intestine intact where they can deliver a prebiotic effect.

What is L-Theanine?

L-Theanine is an Amino Acid found in green tea. It is commonly used in supplements and has benefits reported for cognitive health, increased focus and a reduction in stress and anxiety.

Memory Improvement

10.1%
in total memory

Improvement in **memory quotient**

Improvement in **associated learning**

Improvement in **graphic memory**

Improvement in **direct memory**

Improvement in **portrait retrieval**

Improvement in **recognition of meaningless image**

Study published on 13th of May 2024 in Food Science and Nutrition: https://onlinelibrary.wiley.com/doi/10.1002/fsn3.4145

Ready-Made Solution Available

Daily dosage in 2 HPMC 00 transparent capsules:

L-Theanine from Camellia sinensis	→	400,0mg
FOS from Morinda officinalis	→	200,0mg
Zinc	→	8,0mg
Vitamin B5	→	6,0mg
Vitamin B12	→	2,5µg

Active Ingredient Composition

L-Theanine
from Camellia sinensis
→ 400mg

Fructooligosaccharides
from Morinda officinalis
→ 200mg
