Elegant Equestrian Country Estate

There are homes that impress, and then there are properties that quietly become part of your life. Set behind a gated entrance on more than 11.6 private acres in the prestigious Farms at Heartwood, this exceptional custom-built equestrian estate was created for those who appreciate craftsmanship, privacy and the simple luxury of living surrounded by nature. Mornings begin with coffee on the screened porch overlooking rolling pastures as horses graze below. Evenings end around the stone fire pit beneath Carolina skies after a ride through the community trails or an afternoon spent training in the arena. Every element of the property has been carefully planned to create a seamless connection between home, horses and the outdoors.

Designed by Jim Phelps and built by Arcadia Builders, the European-inspired residence blends timeless architecture with warm, inviting living spaces. Soaring ceilings with suspended timber beams, walls of windows and a dramatic floor-to-ceiling stone fireplace create an atmosphere that is both elegant and comfortable. The main-level primary suite offers peaceful views of the pastures, while family and guests enjoy private accommodations on the lower level and generous recreation spaces above, connected by elevator access to every floor.

Outside, the estate continues to impress. Professionally landscaped grounds, mature hardwoods, fenced pastures, a winding creek and thoughtfully designed outdoor living areas create an extraordinary setting for entertaining or simply enjoying the quiet beauty of the countryside.

For the equestrian enthusiast, the facilities reflect the same attention to detail found throughout the residence. A custom barn, newly constructed shed-row barn and professionally built arena, interconnected fenced paddocks, riding trails and numerous recent improvements provide an exceptional environment for both horse and rider.

Just minutes from the charm of downtown Waxhaw and convenient to Charlotte, this is more than a luxury home. It is a place where mornings feel unhurried, horses are always close at hand, and every season offers another reason to appreciate life in the country.

A rare opportunity to experience refined equestrian living without compromise.
