BATTLE OF THE BANDS

Grab your barnmates. Pick your band.

And compete for the Pro-Am title.

The Pro-Am Tournament during the US Equestrian Open brings professionals and amateurs together for a weekend-long team competition alongside their regularly scheduled rides. Teams earn points based on their scores throughout the competition, with live standings updated daily as teams battle their way to the top of the leaderboard.

*DIFFERENT RIDERS.
SAME PASSION. A BIGGER STAGE.*

NOVEMBER 12-15, 2026

DESERT INTERNATIONAL HORSE PARK | THERMAL, CA

Main Requirements:

There are three main requirements you must fulfil for each horse:

- 1.) Take two daily temperature readings for every horse that will be presented at an FEI Event for the three days leading up to the day of arrival and enter these recordings in the FEI HorseApp. **For clarification**, the three days prior to your arrival at the FEI Event are calculated as per this example: if you plan to arrive at the event on Thursday, you will have to enter the temperatures for the three preceding days, which are Monday, Tuesday and Wednesday. To avoid violating the Horse Health Requirements, temperatures should be entered on a regular/daily basis.
- 2.) Fill in a Horse Health FEI Self-Certification form for all horses attending the FEI Event. To be filled out and submitted via the FEI HorseApp the day before or the day of arrival at an FEI Event.
- 3.) Take the temperature of each horse twice a day at the FEI Event using your own thermometer and record the measurements directly into the FEI HorseApp.

Access to the FEI HorseApp is also available for your Grooms and Support Personnel, so they can also enter the daily temperature recordings of your horses. They can connect to the FEI HorseApp with their FEI ID number. If they do not yet have a FEI ID number, they can create one. Non-compliance with the FEI Veterinary Regulations and Horse Health Requirements will result in sanctions. These sanctions are already in force for Horses competing at FEI Events in Mainland Europe and will be introduced worldwide in due course.

Support & Guidelines:

All information regarding the FEI HorseApp can be found on the FEI website. You will need to log into the FEI HorseApp with your FEI ID number and password. Guidelines on how to use the FEI HorseApp to fulfil out the Horse Health Requirements can be found on the FEI website, along with a specific section for Athletes and Grooms. If you have any questions or require any assistance, please don't hesitate to contact the FEI by email at usersupport@fei.org.

PART I — ACCESSING THE DESERT INTERNATIONAL HORSE PARK

1.1 Entering DIHP

- All horses entering and staying at the Horse Park must be entered in the horse show, registered/recorded (with a USEF, FEI, and/or Equine Canada horse ID number), and have an assigned DIHP 2026/2027 back number.
- Horses competing exclusively in FEI classes and accessing the Horse Park must go directly to FEI stabling and follow FEI entry protocols.

EVENTPASS & ARRIVAL AT DIHP

After you complete your EquiTrace EventPass document uploads, provide an arrival, and sign the Equine Declaration of Health with EquiTrace EventPass, you will be issued a QR code. DIHP will scan this QR code upon arrival. Share this code with any drivers bringing horses into the showgrounds. Depending on the risk, as determined by DIHP, USEF, and CDFA, all arriving horses may receive a visual inspection for signs of infectious diseases. [Click here to access our DIHP Biosecurity website.](#)

1.2 California Horses

- An equine health declaration is required to be completed by the owner/trainer within 7 days of horse(s) arrival at DIHP within the EquiTrace EventPass platform, stating that each horse has not had a fever (defined as greater than 101.5°F) or clinical signs of disease within the 72 hours before arrival and has not been exposed to or treated for a fever of unknown origin within the past 30 days. Any horse tested for EHV-1 in the last 30 days must have tested negative for EHV-1 twice in the previous 30 days by an approved, accredited laboratory.
- No USDA-accredited CVIs are required for horses originating/residing in the State of California to enter Desert International Horse Park at this time. Coggins tests are not required for California horses, but they are encouraged as part of your horse's regular health management program.
- Proof of vaccination for each horse stating that the horse is compliant with all vaccination requirements of USEF GR 844/845. GR 844/845 requires that at Federation-licensed competitions, horses more than seven (7) months of age entering the grounds must be accompanied by documentation of Equine Influenza Virus and Equine Herpes Virus (both EHV1 and EHV4 - Rhinopneumonitis) vaccinations within six (6) months before entering the stables. No grace period will be allowed for expired vaccination guidelines. If your horse's Rhino/Flu vaccinations expire while your horse is at DIHP, we ask that you update their vaccinations on site with the East-West Equine Sports Medicine or a private veterinarian. Please submit documentation to support their updated vaccination status to: biosecurity@deserthorsepark.com
- After completing your EquiTrace EventPass document uploads, completing an arrival, and signing the Equine Declaration of Health with EquiTrace EventPass, you will be issued a QR code. This QR code will be scanned upon arrival at DIHP. This code must be shared with any drivers bringing horses into the showgrounds. Depending on the risk, as determined by DIHP, USEF, and CDFA, all arriving horses may receive a visual inspection for signs of infectious diseases. Only healthy horses will be permitted entry to DIHP.

UPLOAD all health certificates, proof of vaccination documents, and equine health declarations in the EquiTrace EventPass system via the links on our website. Failure to complete this process online will prevent you from receiving your show number in the horse show office and may delay placement of horses in their assigned stalls. Horses may be temporarily placed in isolation stabling until requirements are met.

[Click here to access our DIHP Biosecurity website.](#)

1.3 Out-of-State & International Horses

REQUIRED FOR ALL OUT-OF-STATE & INTERNATIONAL HORSES

-
- An official state-issued or approved International Certificate of Veterinary Inspection (CVI) with an inspection date by an accredited veterinarian within 14 days of arrival for out-of-state and international horses.
 - For horses entering from outside the State of California, a CVI and a valid Coggins test performed within the previous 12 months are required to enter the state.
 - Health certificates issued in Canada that meet USDA requirements for entering the United States will be accepted for entry into the DIHP.
-
- An equine health declaration is required to be completed by the owner/trainer within 7 days of horse(s) arrival at DIHP within the EquiTrace EventPass platform, stating each horse has not had a fever (defined as greater than 101.5°F) or clinical signs of disease within the 72 hours before arrival and has not been exposed to or treated for a fever of unknown origin within the past 30 days. Any horse tested for EHV-1 in the last 30 days must have tested negative for EHV-1 twice in the previous 30 days by an approved, accredited laboratory.
 - Proof of vaccination for each horse stating the horse is compliant with all vaccination requirements of USEF GR 844/845. GR 844/845 requires that at Federation-licensed competitions, horses more than seven (7) months of age entering the grounds must be accompanied by documentation of Equine Influenza Virus and Equine Herpes Virus (both EHV1 and EHV4 - Rhinopneumonitis) vaccinations within six (6) months before entering the stables. No grace period will be allowed for expired vaccination guidelines. If your horse's Rhino/Flu vaccinations expire while your horse is at DIHP, we ask that you update their vaccinations on site with the East-West Equine Sports Medicine or a private veterinarian. Please submit documentation to support their updated vaccinations to:
biosecurity@deserthorsepark.com

We encourage all out-of-state trainers, owners, and transporters to research the most current CA import requirements on the CDFA websites below:

- [Animal Health Entry Requirements](#)
- [CDFA - AHFSS - Entry Requirements & Information About Livestock & Pet Movement](#)

CVI REQUIREMENTS

Every CVI must include the following statement:

"I declare that the horse listed below is not demonstrating any signs of EHV-1, has not had any known exposure to EHV-1 in the past 30 days, and is not coming from a property with known EHV-1 positive cases."

TEXAS, NEW MEXICO, & COLORADO ARRIVALS

Horses originating from Texas, New Mexico, or Colorado have additional state-specific CVI and inspection requirements. See Sections 1.4 and 1.5.

All horses originating from Texas, New Mexico, or Colorado must be inspected at the DIHP-designated inspection area BEFORE entering their assigned stabling. Only healthy horses will be permitted entry to DIHP. Texas and New Mexico horses will be housed together to reduce the risk of NWSW. Staff will inspect them routinely over the first 10 days after arrival. After the 10-day inspection period, horses will be allowed to be stabled elsewhere within the DIHP property.

Plan to arrive during normal daylight business hours. Arrival outside these hours requires prior approval from Dr. Runk at 530-902-0750.

1.4 Texas and New Mexico Horses

Texas and New Mexico horses must meet all requirements in Section 1.3, plus the following:

- DIHP policy requires an official state-issued Certificate of Veterinary Inspection (CVI) with a pre-movement veterinary inspection for New World Screwworm (NWSW) 7 days prior to arrival in California, regardless of whether the horse originates from an area with confirmed NWSW cases. If current CDFA requirements are more stringent than DIHP policy, the CDFA requirements apply.
- A NWSW statement on the CVI that meets current California Department of Food and Agriculture (CDFA) requirements
- A California import permit for all horses coming from Texas.

The latest CDFA information available, at the time of publishing, for transporting animals from Texas, including horses and companion animals, [can be found here](#).

1.5 Colorado Horses

While Colorado is listed as a VS-affected state, Colorado horses must meet all requirements in Section 1.3, plus the following:

- DIHP policy requires an official state-issued Certificate of Veterinary Inspection (CVI) with a pre-movement veterinary inspection for Vesicular Stomatitis (VS) 7 days prior to arrival in California, regardless of whether the horse originates from an area with confirmed VS cases. If current CDFA requirements are more stringent than DIHP policy, the CDFA requirements apply.
- A VS statement on the CVI that meets current California Department of Food and Agriculture (CDFA) requirements
- No California import permit is currently required for horses coming from the State of Colorado

1.6 Horses Leaving and Returning

- Horses leaving the property and returning must complete updated arrival and health declaration statements via the EquiTrace EventPass system for re-entry.
- If the horse competes as a daily haul-in, twice-daily temperature checks must be conducted and recorded off-site, and their temperature logs must be available upon request throughout the competition. Horses may be inspected daily before entry or while on-site at DIHP. All daily haul-in

horses are required to have a temporary stall on site. For horse safety and welfare, haul-in horses may no longer be left alone in our parking lots or remain on trailers during their stay at DIHP.

- Horses leaving one circuit week and returning for another circuit week must complete a new arrival submission and potential document submission via the EquiTrace EventPass system as well as a new declaration of health.

PART II — MONITORING HORSES AT THE HORSE PARK

2.1 Initial Monitoring After Arrival

- Temperature checks are not routinely conducted at the front gate, and 3-day temperature logs are not required upon arrival. If disease risk is elevated, management may require entry temperature checks and temperature logs in EquiTrace EventPass.
- Once stabled and at rest, the horse's first temperature should be taken within 3–6 hours of arrival and before leaving the stall for initial work.
- If the initial temperature reveals a fever (101.5°F if not receiving an NSAID; 101.0°F if receiving an NSAID or other temperature-suppressing medication), immediately notify the show veterinarian and biosecurity officer. The horse must remain in its stall until a subsequent temperature is taken by the show veterinarian or biosecurity officer.
- The initial elevated temperature must be reported in accordance with the USEF mandatory fever reporting rule, effective December 1, 2024. Non-compliance is a violation and may result in sanctions.
- DIHP reserves the right to isolate and/or test any horse with fever and/or clinical signs for EHV-1 or other infectious diseases at the owner's expense. DIHP may require EHV-1 testing after the first or second temperature check based on clinical presentation and epidemiologic risk. Failure to comply with requested isolation or testing may result in removal from the event grounds.

2.2 Daily Monitoring During the Horse Show

- Twice-daily temperature checks, morning and evening, are requested throughout the horse's stay at the Horse Park.
- Under the USEF mandatory reporting rule, trainers/owners must immediately notify the show veterinarian and biosecurity officer of an elevated temperature (101.5°F if not receiving an NSAID; 101.0°F if receiving an NSAID or other temperature-suppressing medication).
- A horse with an elevated temperature must remain in its assigned stall. If no other clinical signs are present, the horse may remain there and have its temperature rechecked 1–2 hours later. If it remains febrile or develops signs of infectious disease, the show veterinarian or biosecurity officer must be notified again.
- DIHP reserves the right to require testing and/or isolation within two hours of any horse with fever and/or clinical signs. At any time, if the show veterinarian, biosecurity officer, and/or competition management determines that a febrile horse may pose an infectious-disease risk, the horse must be moved to isolation within two hours of DIHP's request.
- If the trainer/owner refuses isolation, DIHP management may require the horse and its cohorts to leave the competition grounds immediately. Failure to comply will result in referral to USEF for enforcement.
- Release from isolation will be based on the collective decision of DIHP show management, the biosecurity officer, East-West Equine Sports Medicine, and USEF, considering diagnostic test results, absence of abnormal clinical signs, and epidemiologic risk assessment.
- For the next seven (7) days, the show veterinarian or horse show biosecurity officer will oversee temperature checks of all horses in the trainer's cohort and may require logging of temperatures in the

EquiTrace app. Additional febrile horses or horses showing signs of infectious disease may be required to report to isolation or may request permission to leave the premises for isolation.

PART III — BIOSECURITY PRACTICES DURING THE HORSE SHOW

3.1 Overall Practices

- A nighttime curfew will be in place each evening at 9:00 p.m. Noise must be kept to a minimum in barn/tent areas, and unnecessary lights will be turned off.
- DIHP will maintain hand-sanitizing stations at barn/tent entries and ringside. Individuals working with horses are encouraged to clean their hands frequently.
- Whenever possible, tack, rider clothing, horse-care tools, rags, buckets, and other equipment should be dedicated to an individual horse and not shared.
- Grooms, riders, and trainers should maintain a safe distance between horses throughout the property.
- DIHP will regularly clean and disinfect common areas, including wash racks, shade structures, and hoses, and perform vector control throughout barns, tents, and other populated areas.
- Signage throughout the Horse Park will identify best practices and required protocols.

3.2 Trainer Cohorts

- Access to each barn/tent should be limited to individuals with horses in that barn/tent.
- Grooms, trainers, and riders should avoid contamination between trainer groups, including sharing tack, cleaning materials, brushes, or other equipment.
- When moving between trainer groups, individuals are encouraged to change clothing and wash and/or disinfect hands, boots, and equipment.

3.3 Rings & Common Areas

- Maintain space between horses and take precautions to prevent cross-contamination.
- Do not share tack or horse-care materials between horses. Riders moving from one horse to another should wash their hands with soap and water or use disinfectant. Towels, nose rags, and similar materials should not be shared.
- Cleaning/sanitizing stations will be available throughout the competition area.

3.4 Third-Party Providers

Includes veterinarians, grooms, farriers, braiders, night check, equine spa services, horse exercisers, and others.

- Third-party providers must disinfect tools and work areas before moving between barns, tents, and trainer groups.
- Braiders, veterinarians, farriers, and night checkers must clean and disinfect their hands and shoes between horses. Night check personnel are also requested to disinfect shoes between barns/tents and use PPE when working with an individual horse.
- Equine spa vendors must sanitize spas after each use, use separate handling equipment for each horse, and require employees to sanitize their hands, clothing, and shoes between horses. Horses' temperatures should be taken before spa use and be less than 101.5F. Maintain a daily log of horses using the spa in the event an infectious disease is diagnosed.
- Only horses from the same barn may use the IDA horse walker at the same time. IDA must disinfect the walker before subsequent use by horses from another barn.

- All third-party providers must maintain a list of horses worked on and provide it to management or state officials upon request in the event of an infectious-disease incursion.

3.5 Veterinary & Farrier Stations

- Cleaning stations will be available at the veterinary clinic and farrier station.
- Veterinarians and farriers must clean and disinfect between horses.
- DIHP will regularly clean and disinfect the veterinary clinic and farrier station using a long-term disinfectant.

3.6 FEI Horses

- Standard FEI protocols for FEI-competing horses must be followed in addition to DIHP protocols.

PART IV — ISOLATION & INFECTIOUS DISEASE PROCEDURES

4.1 Horse Enters Isolation

- When a horse is moved to isolation, it may be placed in either the DIHP onsite or off-site isolation area. An onsite rapid test will be performed, and a sample will also be submitted to an accredited laboratory for confirmatory testing.
- If confirmatory testing is negative, the horse must remain in isolation until it has been afebrile for 72 hours without antipyretic medication. At the end of the 72-hour afebrile period, the horse will be retested using the same rapid and confirmatory testing process. If fever recurs at any time, the 72-hour afebrile period restarts.
- If testing is positive for an infectious disease agent, the timing of subsequent testing will be determined by the biosecurity officer based on the horse's clinical status and in consultation with the appropriate parties.
- At a minimum, release from isolation requires 72 hours afebrile without antipyretic medication and two validated/confirmed negative EHV-1 tests or, for other infectious disease agents, one confirmed negative test.
- No horse in isolation may compete. An exercise plan will be established by the show veterinarian and/or biosecurity officer.
- Release from isolation will be based on a collective decision by DIHP show management, the biosecurity officer, East-West Equine Sports Medicine, and USEF, considering diagnostic test results, absence of abnormal clinical signs, and epidemiologic risk assessment. Once released, the horse may return to its stall and resume exercise and competition at the discretion of the owner/trainer/veterinarian.

4.2 Horse Tests Positive for EHV-1

- A horse testing positive for EHV-1 on a Fluxergy rapid test may/will be moved within two hours or less to an off-site isolation barn on non-DIHP property. The DIHP biosecurity officer will maintain the facility; the horse will remain under the care of the show veterinarian, and the facility will operate under DIHP biosecurity protocols and USEF guidance. A confirmatory PCR test will be conducted, with the

horse remaining off-site while results are pending. Additional testing and treatment will be determined collectively by DIHP management, the biosecurity officer, USEF, and East-West Equine Sports Medicine.

- At a minimum, an EHV-1-positive horse must remain isolated until afebrile for 72 hours without antipyretic medication and has two validated/confirmed negative EHV-1 tests. If fever recurs, these requirements must again be met. Once cleared, the horse may return to its stall and resume exercise and competition at the discretion of the owner/trainer/veterinarian.
- The trainer/owner may elect isolation at a home facility, subject to recommended guidelines from the show veterinarian, DIHP biosecurity officer, and USEF.
- Based on consultation with the biosecurity officer and East-West Equine Sports Medicine, EHV-1-positive horses will be encouraged to begin antiviral treatment and zinc/lysine supplementation to reduce the risk of EHM.
- The positive horse's cohort (barn/tent) will be placed under additional biosecurity protocols. For seven (7) days, twice-daily temperature logs will be monitored by the show veterinarian and/or biosecurity officer and temperatures may be required to be logged in the EquiTrace app. DIHP may limit cohort access and use foot baths and additional stall disinfectant. These precautions may remain in place for up to seven days if no additional febrile horses are identified.
- Asymptomatic cohort horses may exercise and compete if their temperatures remain below 101°F before leaving their stalls. Additional restrictions or testing may be required based on epidemiologic risk assessment.
- Additional febrile cohort horses will receive an at-stall Fluxergy rapid EHV-1 test. If negative, a febrile horse may still be required to enter isolation based on a collective decision by DIHP management, the biosecurity officer, USEF, and East-West Equine Sports Medicine.
- If a second horse in the cohort tests positive, the entire cohort will be under DIHP restrictions for at least seven days, or until no other horses are febrile or showing clinical signs. EHV-1-positive horses will be cleared and relocated to designated off-site isolation; all cohort horses must remain in their stalls and follow a restricted exercise plan. Competition eligibility will be determined collectively by DIHP management and associated veterinarians in conjunction with USEF.
- Isolation procedures for an affected competition barn may include fencing around the barn/tent, security personnel, and limited access, as determined in consultation with East-West Equine Sports Medicine, the DIHP biosecurity officer, and USEF.

4.3 Equine Herpes Myeloencephalopathy (EHM)

- A febrile or EHV-1-positive horse showing additional clinical signs consistent with EHM will be moved immediately to off-site isolation, and USEF and CDFA will be notified.
- The horse will receive a rapid EHV-1 test. If negative, it will remain off-site until a CDFA laboratory confirmatory PCR test 48 hours later.
- During this period, the horse's barn/tent will be placed under precautionary biosecurity protocols, including foot baths, veterinarian-monitored temperature checks, and further limited access.
- If the neurologic horse tests positive for EHV-1, CDFA assumes responsibility for quarantine and protocols until the Horse Park is officially released from state quarantine and restrictions.

4.4 Vesicular Stomatitis (VS)/New World Screwworm (NWSW)

- New World Screwworm and Vesicular Stomatitis are regulatory diseases subject to protocols established by state and federal animal-health officials.
- A horse showing compatible clinical signs will be immediately isolated, and all cohorts will be examined for similar lesions. DIHP will notify CDFA and USEF, and the affected horse will be tested

for VS virus or treated for screwworm infestation. Further action will be determined by DIHP in consultation with CDFA and USEF.

PART V — WORKING TOGETHER TO KEEP HORSES SAFE

5.1 DIHP — Our Part

- DIHP has a Biosecurity Officer who is a licensed veterinarian. The Biosecurity Officer will guide implementation of DIHP biosecurity protocols, obtain feedback, provide assistance when needed, and help ensure that Horse Park staff and participants follow the daily measures necessary to protect horses on the grounds. The show veterinarian, East-West Equine Sports Medicine, together with the horse's private veterinarian, is primarily responsible for treatment.
- DIHP will regularly clean and disinfect the Horse Park, particularly high-traffic areas. Stalls will be disinfected whenever the occupant changes. Participants should notify DIHP if an area is not clean or if they have concerns.
- DIHP will implement vector-management controls to reduce risks from flies, gnats, and other pests.
- DIHP will maintain preparedness for an EHV-1 case and support the show veterinarian by ensuring that necessary supplies and medications are available onsite for immediate use.
- **DIHP will report all horses entering isolation to USEF as required.** All EHV-1-positive cases will be reported to USEF, and all instances of EHM will be reported to both USEF and CDFA.
- **DIHP will ONLY provide general press releases/communications regarding EHV-1/infectious diseases onsite if:**
 - There is evidence of disease-agent spread to one or more trainer cohorts on the venue grounds. A single isolated case of an infectious disease may not generate a press release.
 - A partial or entire show barn on the DIHP premises has been quarantined for a contagious disease. No notification will be made if all affected horses leave the DIHP premises promptly.
 - Epidemiologic investigation deems there is a high risk of disease transmission onsite or a high risk of disease incursion due to the presence of the disease agent in the geographic area.
 - CDFA, USDA, or both have found that certain criteria have been met and that the health and welfare of horses, as well as containment of infectious diseases, require such a statement.
- Any decision to limit, postpone, or cancel a competition, as well as subsequent decisions to resume competition, will be made in consultation with USEF and CDFA.

5.2 Participants — Your Part

- Do not bring sick horses to DIHP. Horses that have had a fever or clinical signs of illness within the previous seven (7) days should not be brought to DIHP until the issue has been resolved.
- Take your horse's temperature twice daily. If your horse becomes ill while at the Horse Park, immediately notify the show veterinarian and biosecurity officer, as required by USEF.
- The most important thing you can do is isolate sick horses as soon as possible and allow us to provide appropriate care. It is good for the horse and good for all the other horses as well. Horse Park staff are here to assist you.
- While at the Horse Park, practice good hygiene and common-sense biosecurity measures and follow all DIHP biosecurity protocols established to protect the health and welfare of horses on the premises.

Desert International Horse Park
Equine Declaration of Health

As the trainer/owner/agent/competitor, I declare that the horse(s) in this submission are arriving to compete at DIHP and HAVE NOT:

2. Tested positive for EHV-1 within the last 60 days. If they have tested positive within the last 60 days, all horses must have had two subsequent negative EHV-1 tests by an accredited testing facility before arrival at DIHP.
3. Been on a competition grounds with an active or suspected case of EHV-1, EHM, or other infectious disease in the last 30 days.
4. Been on the grounds of, or at a private facility, barn, stable, or veterinary clinic with an active EHV-1 or EHM positive horse or an active or suspected infectious disease in the last 30 days.
5. Been in contact with a horse that has tested positive for EHV-1, EHM, or any infectious disease in the last 90 days.

If any horse(s) fails to meet these criteria, please contact our biosecurity office Dr. David Runk for further guidance at 530-902-0750 or david@deserthorsepark.com

By signing below, I understand that any non-compliance by the trainer, owner, or competitor will result in USEF's notification for violating the DIHP biosecurity protocols, which may result in disciplinary action per USEF rules.

DESERT INTERNATIONAL HORSE PARK

EQUINE HEALTH AND BIOSECURITY REQUIREMENTS

Up-to-date DIHP Biosecurity Protocols and Practices are available online at deserthorsepark.com. These new protocols and practices have been developed in consultation with UC Davis, CDFA, and US Equestrian. The new protocols and practices will require additional documentation regarding the health of horses arriving at the DIHP. These include the following below:

1) PROOF OF VACCINATION AND COMPLIANCE WITH GR844 **Required**

Membership Requirements for USEF-licensed/USDF-recognized Competitions: Owners and riders, including foreign riders and owners who are not residents of the US, wishing to participate in a USEF-licensed/USDF-recognized competition as a rider or owner/lessee, must have either a USDF Group Membership (GM), Participating Membership (PM), or have a USDF Non-Member (NM) identification number and pay the USDF Non-Member (NM) fee. (Note: USDF Business Members can own horses but cannot compete as riders with their USDF Business Membership.)

Riders and owners wishing to participate in a USEF-licensed/USDF-recognized competition, and not able to present the competition secretary with verification of a USDF membership or NM identification, and USDF LHR or USDF HID, must complete a USDF Competition Affidavit Form and pay the \$5 affidavit filing fee. Also exempt are horses ridden in leadline, exhibitions, games and races, classes for 4-H members, walk-trot, academy, and opportunity classes.
- Riders and owners/lessees competing only in classes which are exempt from the USDF HID requirements are also exempt from the USDF NM identification number and NM fee requirements. Also exempt are handlers of horses competing in DSHB In-Hand or Group classes.

Memberships Defined

Participating Membership (PM): A membership issued to an individual directly by USDF. The membership year is December 1 through November 30. PMs are available for 1-year (\$100), 5-years (\$400), or life (\$2,000). A USDF Youth Participating Membership (YPM) is available for individuals who have not reached their 21st birthday by December 1 of the current membership year (\$80). A PM allows the member to compete at USEF-licensed/USDF-recognized competitions and to participate as a rider and/or owner/lessee for all Adequan®/USDF Year-End Awards and the Great American Insurance Group/USDF Regional Dressage Championship program.

Group Membership (GM): A membership issued to an individual by USDF when the member name and dues are submitted to USDF through an affiliate Group Member Organization (GMO). The GM year begins December 1 and ends November 30. A GM allows the member to compete at USEF-licensed/USDF-recognized competitions and participate in the USDF Rider Awards Program.

Business Membership (BM): A membership that runs December 1 through November 30 and is issued to a business or organization directly by USDF. The USDF BM (\$280) offers a wider variety of advertising benefits. BMs satisfy requirements of horse ownership only.

Non-Member (NM) Identification Number: For each USDF NM owner/lessee and USDF NM rider there will be a USDF NM fee of \$55 per competition that must be collected by the show secretary and submitted to USDF, along with the USDF Report of Fees document and the \$5 affidavit fee and Competition Affidavit Form if the person cannot provide a copy of their USDF NM card. Owners/lessees or riders exempt from the NM number requirements are also exempt from paying the USDF NM fee. If there are multiple owners of a horse and all are NMs, only one of the owners must pay the NM fee. If the horse has at least one owner who is a current USDF PM, GM, or BM there is no NM fee assessed. Competition management will be invoiced for all applicable USDF NM fees not received with the USDF post-competition paperwork, along with a report listing all USDF NMs. Competition management is then required to submit the NM fees within 30 days to the USDF. An individual with a USDF NM identification number is not eligible for any USDF membership benefits. Once a USDF NM number has been assigned, a USDF NM card can be obtained from the USDF website.

Horse Identification (HID) Number: A one-time tracking number for horses (\$45). Scores earned by a horse with an HID number will be recorded but will NOT be counted towards Adequan®/USDF Year-End Awards. A horse with an HID number is not eligible to compete in Great American Insurance Group/USDF Regional qualifying or championship classes. An HID number can be upgraded to a Lifetime Horse Registration (LHR) for a fee of \$95. If a horse has a USDF LHR it does not need an HID number. An HID number is a one-time fee that does not need to be renewed.

Lifetime Horse Registration (LHR): A horse with an LHR (\$140) is eligible for Adequan®/USDF Year-End Awards, and eligible to compete in Great American Insurance Group/USDF Regional qualifying and championship classes, assuming requirements for the owner and rider are met. If a horse has an LHR it does not need an HID number. An LHR does not need to be renewed.

USDF Horse Welfare Statement

As those engaged in equestrian sport, we are committed to ensuring our horses receive the best possible care to the best of our ability. We acknowledge that we are the caretakers of our horses and as such we are committed to always, without exception, treating our horses with dignity, fairness, kindness, and understanding.

We realize that horses, whether in a herd or as an individual, will communicate contentment, fear, pain and confusion in the only way they can, which often takes the form of physical reactions that can be misinterpreted and misunderstood.

Therefore, we believe it is our obligation to seek to understand our horses with the goal of providing care and training methods that are never the manifestation of anger, frustration or cruelty. We are committed to these principles at all times, whether on or off the show grounds.

We are committed to humane treatment and application of these principles on behalf of all animals including but not limited to horses, donkeys, mules, companion animals, and pets. Lack of humane treatment, whether the result of actions taken, or by care withheld, will not be tolerated.

I, the undersigned, hereby enter into this Release, Waiver, Hold Harmless, Assumption of Risk, Defend, and Indemnify Agreement for Infectious Diseases Including COVID-19 Related Loss (this "**Agreement**") in consideration of my, and my minor child if applicable (collectively "**I**", "**me**", or "**my**"), ability and permission to access, utilize, occupy, visit, attend, or otherwise be present on Released Parties' (defined below) property (the "**Facility**") during and after the COVID-19 pandemic, for any reason, whether or not related to equines or equine activities.

1. Risk of Loss/Protective Measures/No Guarantee: By signing this Agreement, I hereby acknowledge that I have familiarized myself with the risk of Loss accessing, utilizing, occupying, visiting, attending, or otherwise being at the Facility (collectively "**Using**") for any reason and the current protective measures at the Facility intended to minimize my risk of exposure to COVID-19. I agree the protective measures are satisfactory and sufficient for me to accept and assume the risk of my COVID-19 exposure resulting from Using the Facility occupied by other individuals. I understand and agree that Released Parties (as defined below) cannot guarantee: (a) the protective measures can or will prevent my exposure to COVID-19; (b) will be complied with by all individuals at the Facility; or (c) that others will not act in a negligent manner that may contribute to my Loss or contraction of COVID-19. I agree to fully comply with all protective measures required by the Facility as they now exist or may be revised from time-to-time as posted on the property or available on www.deserthorsepark.com. I accept full responsibility for my own safety and the sanitization of myself and personal property I contact at the Facility. If I am a parent or legal guardian of a minor individual, I consent to the minor Using the Facility and agree to remain responsible for the minor's Loss and compliance with all required protective measures.

2. Medical Attention/Disclosure: I understand and agree that engaging in equine activities or merely Using the Facility exposes me to inherent risks of personal injury that may require medical attention including, but not limited to, first aid and/or emergency medical care. I therefore consent to personal contact by Released Parties and/or medical personnel deemed necessary for providing for my care at the Facility and/or the hospital, even at the risk of my COVID-19 exposure. I agree to hold Released Parties harmless for such medical attention and any Loss directly or indirectly resulting therefrom. I agree that in the event I am diagnosed as infected with COVID-19, I authorize medical personnel to provide Released Parties information regarding my Loss and treatment for contact tracing or any other purpose.

3. Release/Hold Harmless/Defend/Indemnify: I agree to release, hold harmless, defend, and indemnify Coachella Horse Park LLC, doing business as Desert International Horse Park, CHP Land Company LLC, CHP Show Management Company LLC, doing business as Apex Equisport, and each of their respective parent, affiliate and subsidiary companies, agents, successors, assigns, employees, volunteers, contractors, representatives, assistants, sponsors, members, managers, shareholders, officers, directors, owners, trustees, licensees, invitees, related entities, as well as any other person or entity acting on their behalf or in any manner connected with the ownership and management of the above listed parties (collectively "**Released Parties**") from and against any liability, attorneys' fees, costs, or other Loss I may incur arising out of or in any way connected with my exposure to or contraction of COVID-19 as a direct or indirect result of my Using the Facility whether by my negligence or the negligence or other wrong doing of Released Parties (other than gross negligence or recklessness). I acknowledge that I hereby waive on my behalf and on behalf of my heirs and assigns, and fully understand the effect of such waiver, all benefits flowing from any state statute that would otherwise limit the scope of this Agreement release, including but not limited to **Section 1542 of the California Civil Code**, which provides: "A general release does not extend to claims that the creditor or releasing party does not know or suspect to exist in his or her favor at the time of executing the release and that, if known by him or her, would have materially affected his or her settlement with the debtor or released party."

4. Bound Parties/Governing Law/Jury/Expiration/Time Limit/Severability/Modification: I understand and agree this Agreement is binding on my spouse, partner, family, minor child, heirs, agents, trustees, beneficiaries, representatives, relatives, successors, and assigns, and I agree to all the terms and conditions of this Agreement on my own behalf and on behalf of my minor for purposes of permitting our Using the Facility. For any claims or disputes (collectively "**Claims**") relating to the interpretation or enforcement of this Agreement, I agree California law applies, must be resolved by the Los Angeles county, California state court, and I waive my right to a jury trial. I agree that this Agreement does not expire and that any surviving Claims must be brought within one (1) year of the date accrued. If any provision of this Agreement is deemed invalid or unenforceable, the remaining provisions shall be valid and enforceable to the fullest extent of the law. This Agreement can only be modified in writing signed by myself and Coachella Horse Park LLC's manager, President, or Chief Executive Officer.
