Brookfield

RENEWED ELEGANCE

An updated twist on a leading legacy collection, the Brookfield's traditional sensibility has been updated with fresh details and features, including functional storage on the top row, two brand new finishes, and updated hardware.

60" SINGLE AND DOUBLE

Brittany

MORE TO LOVE

Our new Brittany Linen Cabinet combines timeless design with functional storage. Finished in Bright White, its classic yet versatile style blends seamlessly into a variety of bathroom interiors, while offering ample space for linens, toiletries, and more. Featuring three full-extension drawers and adjustable shelves behind a reversible glass panel door, this linen cabinet is the perfect complement to our Brittany bathroom vanities.

Laurent

After being voted "Best Overall Vanity" in 2024 by Better Homes & Gardens® magazine, we decided to extend our popular Laurent Collection with two new configurations: a 60" Single Vanity and a 60" Double Vanity. With the same beautiful Cathedral wood grain in Light Natural Oak, soft curves on the door and drawer fronts, and removable base for optional floating installation, these new size additions provide flexibility for a wider range of bathroom layouts, allowing you to truly customize your space.

TIMELESS STYLE

Malibu

Staying true to its California Mission style, the Malibu Collection has been updated for 2025 with a warm Amber Birch finish and contemporary Matte Black hardware. Thoughtfully crafted, this gorgeous collection fuses classic charm with ample storage, creating a timeless aesthetic.

SERENITY BLUE FINISH

Fresh and contemporary, our new Serenity Blue finish offers a serene and calming aesthetic to your bathroom. This soft, versatile hue was inspired by Sherwin-Williams®' 2024 Color of the Year, and is perfect for creating a tranquil retreat.

Breckenridge

With its clean lines and classic Shaker styling, we didn't think the Breckenridge Collection could get any better - until now! With a fresh new finish, new sizes, and new accessories, this collection has it all. Breckenridge vanities are the first collection in our lineup to feature our brand new finish color: Serenity Blue. Completing the lineup of standard vanity sizes, the classic console-style Breckenridge is now offered in two new configurations: a 60" Single Vanity and a 60" Double Vanity.

The Breckenridge linen cabinet provides practical storage and features ample room for linens and other bathroom essentials, all while maintaining a contemporary look in two finish options - Light Natural Oak and Whitewashed Oak.

Modern Minimalism with Luxe Detailing

The Celeste Collection is a perfect fusion between modern minimalism and contemporary luxury. The drawers feature embossed shagreen facings with acrylic and brass T-knobs, adding character and a touch of opulence to the collection. The warm, cerused Sunwashed Oak finish of the French contemporary silhouette frames the expansive drawers, creating an unexpected but elegant blend of beauty and texture.

Style tip: Combining textures and materials - like this unique woodgrain and faux shagreen detailing - elevates any space and creates dimension for an elegant aesthetic.

- Removable drawer organizer included
- Brushed aluminum drawer liners

MODULAR COLLECTION

A Multifaceted Gem

Crafted with meticulous attention to detail, the sculptural Emmeline Collection seamlessly blends artistry with functionality. Available in three sizes, this collection is crafted from solid Ash and Ash veneers and features dramatic, faceted panel drawers which offer ample storage as well as a removable drawer organizer for added convenience. The sophisticated Pebble Oak finish accentuates the geometric pattern of the wire-brushed wood grain, while the intricate shapes provide both visual intrigue and tactile delight, making Emmeline a functional work of art and the perfect statement piece for any luxurious bathroom.

Style tip: Glints of Champagne sparkle just beneath the surface of the Victorian Silver top by Silestone. Understated hardware in complementary tones lets Emmeline's textural, faceted design take center stage.

Offered in three sizes and two beautiful finishes – each complemented by matching hardware – this vanity offers generous storage with its internal and external drawers and removable drawer organizer. Contemporary Curvature

Transform your space with the Lucian Collection, a masterpiece inspired by the French Art Deco movement. This collection reinvents the console-style vanity, seamlessly blending clean lines and gentle curves with radius corners and ribbed details. Featuring two sophisticated finish options accentuated by dramatic Ash veneers and storage solutions tailored for modern living, the Lucian will bring a sense of 20th-century glamour to your home.

Style Tip: Lucian's dark Carbon Oak finish is brought to life through hand-crafted ribbed detailing and the subtle veining in our Silestone Victorian Silver top. Champagne Brass hardware completes the look.

Bold and Beautiful

The wall-mounted Marcello Collection offers stunning visual drama with its ribbed panel doors and geometric patterned design. Crafted from solid Acacia and finished in a warm Chestnut stain over resawn Acacia veneers, the Marcello's striking diagonal ribs meticulously align from every angle. Discreetly designed doors with tab finger pulls in Champagne Brass open to reveal internal shelves and drawers. A coordinating, floating bottom shelf adds visual balance while adding additional storage and a spa-like ambiance.

Style tip: Marcello's eye-catching geometric detailing creates a stunning focal point in any space. Complement the warm hues of Marcello's Chestnut finish with dark and moody tones and luxurious decor materials.

Silestone® is a low-silica mineral surface composed of premium minerals and recycled materials. Its revolutionary Hybriq+® technology effectively reduces crystalline silica content, resulting in an innovative, sustainable, and high-performance mineral surface.

This groundbreaking technology reduces the presence of quartz, ensuring that it does not exceed 40%, making Silestone® a safe and sustainable option for the home. Minimum Advertising Policy (MAP)

At James Martin Vanities, our products provide exceptional value to the consumer as well as a reasonable and fair margin to our valued partners and dealers.

In order to help ensure that we maintain a level and fair playing field and to accommodate the wide variety of consumers and resellers of James Martin Vanities products, we do enforce and maintain a Minimum Advertised Price (MAP) for our products.

The MAP is specified in the price guide and is the minimum amount that the product can be advertised for sale when adding the price of the product and any related shipping costs. The costs must be able to be verified at the cart level without the need to login or provide any information other than zip code. The use of coupons, store discounts or cart discounts may be allowed provided that the pricing for a particular product is not advertised at less than the MAP. We understand there are countless methods for advertising products and sales. As such, James Martin Vanities shall make the final determination as to whether a particular advertisement is in violation of our policy.

James Martin Vanities may also, from time to time, adjust MAP pricing and / or product cost for promotions for specified periods of time. In addition, any item that has been designated to be closed out may be advertised and sold at any price. MAP does not exist for discontinued items. When we do run a product promotion, the promotion price cannot be adjusted and advertised prior to the event kick off and must return to the prescribed MAP after the event has terminated.

You can notify customercare@jamesmartinvanities.com of any MAP violations and we will do our best to research and adjust the advertisement. In the event, we determine that you are in MAP violation, we will notify you to correct the pricing immediately. You will have 24 hours to adjust the pricing to MAP. Orders for incorrectly advertised items may not be accepted. Repeated violations or failure to adjust the ad may result in a suspension of shipping for your account and could result in a termination of your account.
