

Is Love!

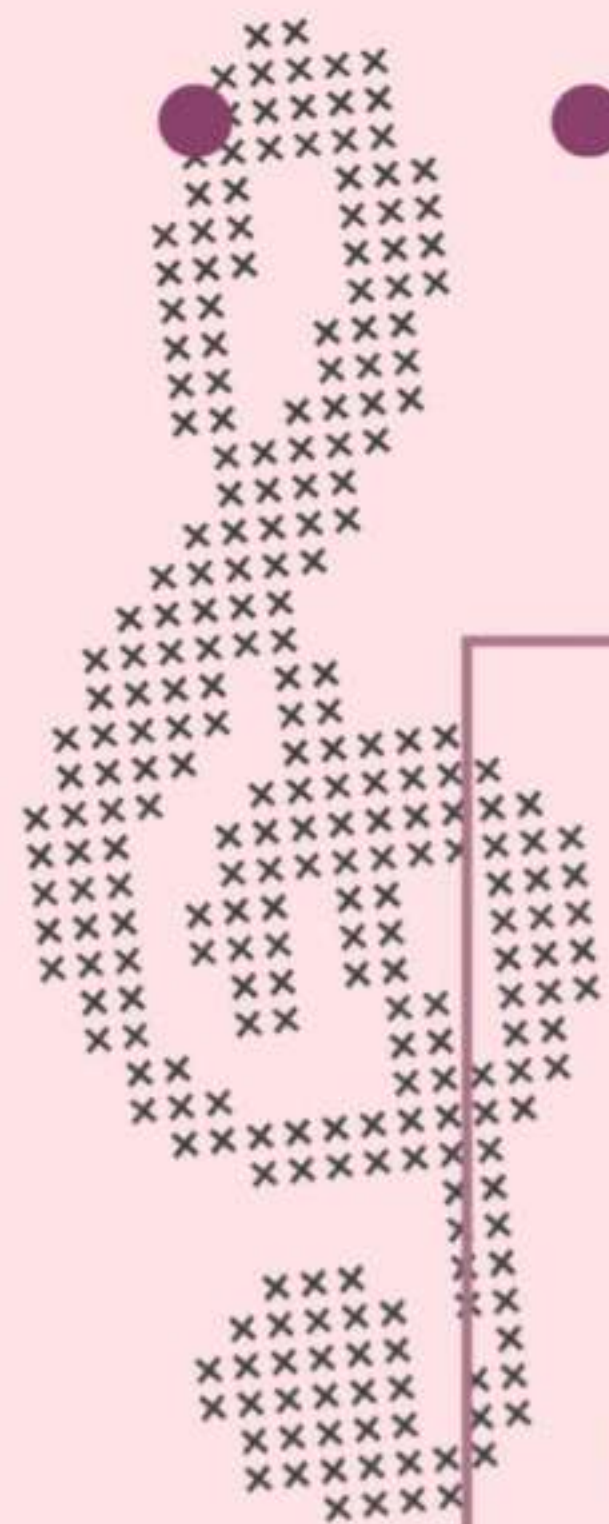

you, I would cross a thousand miles just to
my way back into your arms. No distance
too far, and no amount of time feels too
when it leads me to you. If loving you
waiting forever, then I would spend
chasing every chance to be by your side.

Happy first monthsary, my cheesecake. ♡
Thank you for making every day feel a little
sweeter. I already can't wait for another 5th with
you, and every one after that!

With love, your babyie girlfriend!
