Founder & CEO, 7OceanX

Message from The Founder

"At 7OceanX, our mission is driven by a deep passion for the oceans and the incredible journeys they inspire."

From a young age, I have been fascinated by marine life and the stories hidden within the world's waters, the vibrant ecosystems, the untamed landscapes, and the unique experiences that marine explorations can offer. This passion led me to establish 7OceanX, a company dedicated to curating extraordinary marine exploration experiences for discerning travelers and partners in the GCC region.

As an official Ponant Explorations Group Specialist and GCC Ambassador, we are committed to connecting our clients with the highest standard of luxury expedition cruises, combining adventure, sustainability, and the thrill of discovery.

Sustainability is at the heart of everything we do. We actively support marine conservation initiatives and responsible travel practices, ensuring that the beauty and health of our oceans are preserved for generations to come.

At 7OceanX, every journey is more than just a voyage; it's an invitation to explore, to connect with nature, and to create unforgettable memories. We strive to inspire curiosity, foster appreciation for the marine world, and deliver personalized experiences that exceed expectations.

I'm proud to lead a team that shares this vision and to work alongside partners and clients who share our passion for exploration and ocean stewardship. Together, we can open new horizons and bring the wonders of the oceans closer to those who seek them.
