INTRODUCTION FROM OUR BOARD

On behalf of the PEEK Board, I am delighted to present our annual report and financial statements for 2025/26. As we reflect on another successful year, we are proud to celebrate the achievements, growth and impact of our organisation.

I would like to extend my sincere thanks to Alex and Jackie, our previous chair and vice-chair, for their leadership, dedication and unwavering commitment over many years. You left huge shoes to fill. I hope you will see throughout this report that your legacy continues and the support for our families and communities is always first and foremost in all our minds.

This year, we welcome so many new board members. Each brings a wealth of experience, fresh perspectives and valuable skills that will support our continued development. Strong governance is essential to achieving our vision, and we look forward to working together in the years to come. It is a testament to the organisation that our

reputation is so strong that we have no difficulty attracting new trustees.

This year also marked the return of our CEO following her maternity leave. We are delighted to report that she hit the ground running, bringing energy, vision and renewed focus to the team. Her leadership has already driven significant progress across several areas and reinforced our commitment to delivering the highest quality programmes and services.

One of the standout highlights of the year was PEEK Play Day. It was undoubtedly our biggest and best celebration yet, bringing together children, young people, families, partners and supporters in an inspiring showcase of the power and importance of play. The day demonstrated not only the reach of PEEK but also the enthusiasm and commitment of everyone involved. We are incredibly proud of what was achieved, and we are already excited for this year's event.

INTRODUCTION FROM OUR BOARD, CONTINUED

Our success would not have been possible without the continued support of funders and corporate partners. Their generosity has allowed us to extend our reach, enhance our programmes and create meaningful opportunities for those we work with. We thank each of them for their investment of time and/or money in our work.

Perhaps most rewarding of all has been seeing the long-term impact of our work. This year, we have welcomed three former participants into paid roles within our

teams. Their journey from programme participants to valued colleagues is a powerful testament to the difference PEEK can make in people's lives. Their lived experiences enrich our work and serve as an inspiration to everyone involved.

As we look ahead, we do so with confidence, optimism and gratitude. Together with our team, volunteers, board members, partners and supporters, we remain committed to creating opportunities, strengthening communities and making a lasting difference.

Nancy Clunie CHAIRPERSON

WELCOME FROM OUR CEO

This year has been one of reflection, contrast and continued commitment to the communities we serve.

For me personally, stepping away on maternity leave and returning as a new parent has deepened my understanding of the everyday realities faced by families. The pressures of time, care and uncertainty are no longer just something I witness through my role, but something I now also live. It has strengthened my belief in the importance of PEEK and reinforced that TEAMPEEK's strength lies in its collective care, relationships and presence in community.

In 2024/25, PEEK supported 3,885 children, young people and families across Glasgow, each interaction a moment of connection, dignity and support. This year also marked 25 years of PEEK, a milestone reflecting a quarter of a century of standing alongside communities.

We remain deeply aware that 1 in 3 children in Glasgow are living in poverty.

This continues to drive our commitment to providing stability, dignity and trusted relationships that go beyond services.

This year, we have invested in frontline support, crisis response, food provision, respite experiences, and safe spaces for play, creativity and development. We are also progressing the PEEK into Whitevale project with Glasgow City Council and Glasgow Building Preservation Trust, a long-term investment in place and belonging.

Looking ahead, we are developing our next 5-year strategy (2027–2032), building on learning, strengthening impact and deepening partnership working.

At the heart of everything is TEAMPEEK, a dedicated team whose compassion and consistency make a real difference every day. We are also grateful to our Trustees, funders, partners, Friends of PEEK and wider community who continue to stand with us.

WELCOME FROM OUR CEO

We move forward with confidence, ambition and a belief that the possibilities for children, young people and families in Glasgow are endless.

OUR PROGRAMMES

PEEK delivers award-winning Play, Create, Thrive, and Wellbeing programmes for children, young people, and families across Glasgow. Our inclusive services are designed to support children and young people through creative, engaging, and accessible opportunities each week, with particularly strong engagement among primary school-aged children.

We take a holistic, family-centred approach to improving wellbeing and creating long-term impact. Through our

four core programmes and alongside our Ways to Wellbeing approach, we provide tailored support that meets the diverse needs of individuals and families.

Our work spans across education, volunteering, physical activity, community engagement, and dedicated wellbeing services, all of which aim to build confidence, strengthen resilience, and create meaningful connections within communities.

Play and Create Provision in Schools

Street Play

Visual Arts

Volunteering

Youth Theatre

Across all of this work, we remain focused on three key outcomes: building stronger relationships and connections, improved wellbeing, and improved life chances.

PEEK CELEBRATES 25 YEARS

For 25 years, PEEK has been a trusted part of communities across Glasgow. Our iconic red hoodie has come to symbolise connection, confidence and a shared commitment to care, creativity and collaboration.

As we've grown, we knew our brand needed to grow with us. Our previous logo no longer reflected the full story of who we are or where we're going. So, we introduced a fresh, modern look. Our transparent logo is distinctive and rooted in what matters most: community.

Alongside our new logo, our new website is a new identity that marks an exciting step forward. It celebrates how far we've come, while looking ahead to the future we're building together.

A WORD FROM OUR CEO

Our CEO, Michaela Collins, shares:

“Celebrating 25 years of PEEK gives me a chance to reflect on my own journey. From joining as a 9-year-old at the theatre group and play sessions, to volunteering, and now leading the organisation as CEO, PEEK has been part of my life every step of the way.

I’m incredibly proud of everything we’ve achieved together. From our roots in

Gallowgate and Calton to working right across the city. From supporting children from birth and their families, to launching a community food truck during COVID-19.

A huge thank you to everyone who has been part of our journey, our team, volunteers and board members, past and present. You’ve helped shape PEEK into the life-changing organisation it is today.”

IMPROVED WELLBEING

Free, accessible experiences where families spend time together, eat well and make memories.

IN THIS SECTION

[Holiday Clubs](#)[Cash for Kids Christmas Party](#)[PEEK Play Day](#)

HOLIDAY CLUBS

ST ANNE'S AND ST MARTIN'S PRIMARY SCHOOLS

During the school holidays, our Holiday Club programmes at St Anne's and St Martin's Primary Schools allow children and families to spend quality time together and create lasting memories. We recognise that many families have limited resources, so we must offer free experiences that are both meaningful and accessible.

A key part of our programme is providing nutritious meals and snacks, recognising that many children miss out on school meals during the holidays. Alongside food provision, we create opportunities for families to connect, have fun, and enjoy experiences they may not otherwise have access to.

Throughout the year, family trips became some of the most memorable moments of the programme. A key highlight of this year's programmes was taking 200 kids and their families from both holiday

programmes on a trip to Kelburn Castle, a fantastic way to round off another brilliant summer at PEEK.

We started the day together with breakfast at the school before heading off on the buses to Kelburn Park. From the very beginning, the day was full of kindness and support. And how it helped kick-start a special family break was a real highlight.

Throughout the day, our team was there to ensure everyone felt included and supported. For one parent who needed a bit of extra time to rest, our team stepped in to explore the park with their children, giving them the chance to join in fully, while their mum enjoyed a well-earned break.

Families spent time exploring the park and its secret garden, and the children loved discovering the river, splashing in the water and making the most of every moment.

"Some places entertain kids. PEEK lifts them."

PARENT

CASH FOR KIDS CHRISTMAS PARTY

200 children joined PEEK at the BAaD Christmas party, made possible through our partner Cash for Kids, who hosted the incredible evening. It was truly a special event, filled with festive fun and laughter.

Everyone enjoyed a delicious three-course Christmas dinner, followed by fantastic entertainment from guest DJ GBX Anthems. The energy in the room was incredible, with children dancing, celebrating and even filming George

Bowie as if they had their own private concert.

A magical visit from Santa brought even more excitement, with younger children proudly sharing their letters and soaking up the moment.

It was a joyful celebration from start to finish, full of smiles, connection and memories that will last well beyond the festive season.

“My children didn’t come home babysat. They came home buzzing, full of stories, pride, and proper belly laughs. And for a parent, that’s everything.”

PARENT

PEEK PLAY DAY

3,194

attendees through the gates at
Crownpoint, completely free of
charge

PEEK Play Day 25 welcomed an incredible 3,194 attendees through the gates at Crownpoint, completely free of charge. This marked our largest Play Day to date and represented a significant milestone for the organisation as we celebrated 25 years of PEEK.

The day brought together children, young people, and families from across Glasgow for a celebration of play, community, and connection. By removing financial barriers, PEEK Play Day ensured that every family had the opportunity to enjoy a day filled with activities, food, entertainment, creative experiences, and opportunities to spend quality time together.

As we celebrated 25 years of PEEK, Play Day 25 was both a reflection of our journey and a reminder of our continued commitment to ensuring that every child and family has the opportunity to play, connect, and thrive.

IMPROVED LIFE CHANCES

Early intervention, qualifications and practical support that change what comes next for a young person.

IN THIS SECTION

[Your Choice](#)[Winter Warmer](#)[Antenatal Workshops](#)[NHS Henry](#)

YOUR CHOICE

Your Choice is an early intervention programme delivered in partnership with Govan High School and Police Scotland. It brings together our youth workers, the school and campus police to support young people to make positive choices and build confidence for the future.

Now in its fourth year and running over 16 weeks, the programme is shaped around the needs of each group of young people. Participants are identified by the school and campus police as those who may be at risk of becoming involved in anti-social behaviour or youth disorder. Through a blend of engaging workshops, visits, and

open, real-life conversations, young people are supported to explore issues that are relevant to them and their communities.

Sessions cover a range of important topics, including drug and alcohol awareness, knife crime, fire safety, and understanding hate crime. These experiences help to bring learning to life in a way that is meaningful, relatable, and impactful.

The young people work towards valuable qualifications, including first aid certification and the Dynamic Youth Award (SCQF accredited), gaining recognised skills and achievements they can be proud of.

The impact of the programme is clear. In the most recent group:

21 → 1 Police referrals

16 → 2 School referrals

36 → 10 School demerits

These changes reflect the positive choices young people are making, supported by strong relationships and a focus on their potential.

In recognition of its impact, Your Choice was awarded the Lord Provost Special Recognition Award at the Glasgow Times Community Champion Awards in December 2025, celebrating the difference the project continues to make in young people's lives.

"When there's so much violence around you, it's hard to leave it and walk away. But this has given me options."

YOUNG PERSON

WINTER WARMER

IN PARTNERSHIP WITH HUB WEST SCOTLAND

In the eighth year of our Winter Warmer Appeal, delivered in partnership with Hub West Scotland, we distributed 1,051 jackets, 3,720 gifts and 1,026 warm items.

More than 40 businesses and groups supported the appeal, demonstrating the power of partnerships in helping families through difficult times.

As demand for support continues to grow, our team remains focused on supporting as many regular PEEK attendees as possible, alongside vital behind-the-scenes work to secure funding, prepare vouchers, and deliver grants to families.

This winter period, we delivered:

72	food vouchers totalling £2,940
25	Save the Children grants of £300 each
125	Cash for Kids vouchers, £50 each
100	Celtic Foundation vouchers, £50 each

WINTER WARMER

CONTINUED

Beyond meeting immediate needs, the appeal helped strengthen family relationships and reduce social isolation, as it gave opportunities for families to spend quality time together. Thanks to the generosity of our partners, Clyde Cash for Kids, Gem Trust, Glasgow Winter Wonderland, BAaD, ATG and our fundraising efforts, we were able to provide families with unforgettable trips and experiences in December. The following activities were made possible:

200 children attended the BAaD Party through Cash for Kids

370 children enjoyed ice skating and a pantomime at Winter Wonderland

100 tickets were provided for The Little Mermaid

24 young people took part in ice skating at M&D's

16 adults and 19 children attended The Ice Dragon theatre show

14 young people went to see Wicked: For Good

14 young people participated in specialised arts workshops

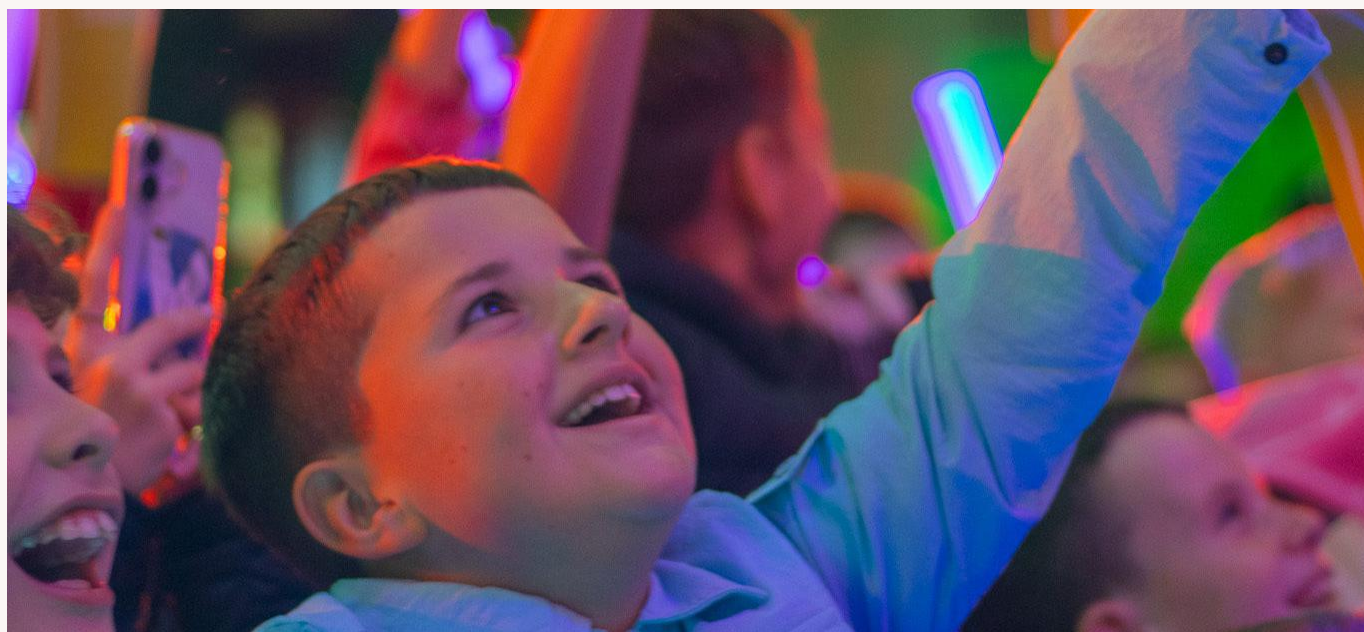

12 adults attended a community dinner

12 adults took part in making Christmas decorations, preparing Christmas rocky road, and shared a meal

Our early years children enjoyed a Breakfast with Santa experience

Families from our Play Café celebrated with a Christmas party at Dennistoun New Parish Church

A community meal, prepared by families from our weekly cooking group, was shared with 42 residents

ANTENATAL WORKSHOPS

We have continued to support new and expectant families by providing free antenatal sessions that equip parents with the essential knowledge, skills, and confidence to prepare for pregnancy, childbirth, and the early stages of parenthood.

While the programme is particularly valuable for first-time parents, it also welcomes those who are growing their families and looking to refresh their knowledge or connect with others at a similar stage of life. The sessions provide a warm and supportive space where parents and partners can come together to learn, ask questions, and prepare for the arrival of their baby.

For many families, building a support network and feeling prepared for parenthood can feel overwhelming, particularly when they are unsure where to turn for guidance. Through PEEK's free antenatal project, families gain far more than practical information. They become part of a welcoming community of parents who share many of the same hopes, concerns, and experiences.

The project helps parents build confidence ahead of their baby's arrival while creating meaningful friendships and connections that can reduce feelings of isolation and strengthen wellbeing during an important life transition.

After completing the antenatal programme, families can continue their journey with PEEK through the HENRY project for parents of children aged 0 – 5, which offers advice on good nutrition and wellbeing. Alternatively, they can join our creative, play-based PEEKaboo Play Café sessions, ensuring ongoing support, connection, and opportunities to thrive as a family.

“Looking forward to hearing more and other ideas from other mums.”

PARENT

NHS HENRY

Our team have delivered the NHS Henry project to help families give children the healthiest possible start in life through courses, workshops and practical resources.

Parents who join the project may be managing a range of challenges at home, including supporting children with different needs, establishing routines and responding to challenging behaviours.

Feeling isolated and unsure where to turn, parents often look to PEEK for reassurance, practical advice and support to make family life feel calmer and more manageable.

Through the project, families gain tools, knowledge and confidence to build healthy habits, strengthen communication and create more positive routines at home.

Parents learn how to adapt their approach to children's individual personalities, abilities and communication styles, helping to create a calmer and more supportive home environment.

The project has also helped the families connect with wider community activities, giving children opportunities to build confidence, make friends and take part in many of PEEK's other sessions.

Today, the parent feels more confident, supported and empowered. Small, sustainable changes have made a lasting difference to family life, and the family now knows where to turn when challenges arise.

What began as support around healthy habits became the starting point for a wider journey of practical help, wellbeing support and connection to a welcoming community.

"I can negotiate and communicate better with my children because I now understand their communication needs."

PARENT

RELATIONSHIPS AND CONNECTIONS

Partnerships with schools, artists and agencies that root PEEK in its communities.

IN THIS SECTION

[St Patrick's](#)[Breakfast Club](#)[StrangeField](#)[Calton](#)[Save the Children](#)

St Patrick's partnership

This year, PEEK's partnership with St Patrick's continued to go from strength to strength, with our Community Artists engaging every child across the school. In 2025, we also supported the school in achieving Gold Rights Respecting School status, awarded by UNICEF UK in recognition of its commitment to embedding the principles of the UN Convention on the Rights of the Child (UNCRC) throughout school life.

Together, we delivered three community showcases, engaged 30 families through a February midterm programme, and supported 75 children to achieve Arts Award accreditation.

One class demonstrated outstanding creativity and teamwork while completing

their Arts Award. Tasked with creating clay sculptures representing the school's values, Respect, Responsibility and Resilience. They initially found collaboration challenging. Through art-based activities, they learned to listen, share ideas and work towards a common goal, truly bringing these values to life.

In addition to this partnership work, St Patrick's chose to support PEEK through its own school fundraising. Head Teacher Mary explained that the school wanted to give back to a charity that has consistently supported children and families in its community, particularly those affected by poverty. A charity that has a true heart and passion, who go above and beyond to make sure no one is left out. Together, the school community raised £1,250 for PEEK.

"My best bit of PEEK is doing dances with Amy. She lets us pick the songs and teaches us cool moves, it's so much fun."

CHILD

BREAKFAST CLUB

DALMARNOCK PRIMARY SCHOOL

In September 2025, PEEK launched Breakfast Club at Dalmarnock Primary School. Developed in partnership with the school and supported through Bright Start Breakfast funding, the club was created in response to growing concerns around food insecurity, school attendance and the increasing pressures facing families due to the cost-of-living crisis.

Operating twice each week, the breakfast club provides children with access to a free healthy breakfast alongside a range of play-based activities including active games, creative play, loose parts play and cooking workshops. The sessions were designed to be more than food provision. By creating a welcoming, stigma-free

environment, children can build friendships, develop confidence and begin their school day positively.

Families consistently report that the breakfast club has reduced stress during the school morning routine, improved punctuality and helped children arrive at school ready to learn.

50% of families were already connected to wider PEEK support, with a further 38% wanting to find out more. The breakfast club has also acted as a gateway into wider family support. Through relationships developed with staff, families have accessed wellbeing support, family activities and additional opportunities across PEEK programmes.

"We have been so happy with the breakfast club provision from PEEK. It has been very popular with the children who attend. The atmosphere in the breakfast club is always fun and energetic. We know it is a great support to parents, and we have seen a positive impact on the children who attend. Pupils have told us how much they enjoyed making pancakes and that they love the PEEK breakfast club. PEEK breakfast club is accessed by some of our children who have additional support needs, and they are welcomed and supported by PEEK staff. The breakfast club staff are enthusiastic, dedicated and always communicate any issues or concerns with me."

FAITH, DEPUTY HEAD TEACHER, DALMARNOCK PRIMARY SCHOOL

STRANGEFIELD PARTNERSHIP

Working in partnership with StrangeField, we delivered a project for young people aged 14+ in the Calton Ward who were already demonstrating strong creative abilities and were eager to explore new art forms, develop their skills, and build their confidence.

We began in the familiar PEEK space, helping young people feel safe, comfortable and supported as they met artists and tried new activities. This also gave everyone time to connect, understand the group, and shape the project together in a youth-led way.

Over the following weeks, the young people explored printmaking,

photography, pottery, poetry and more, working with artists across Glasgow and at local arts studios. As their skills grew, so did their confidence and relationships with our team, creating space for meaningful conversations and support. For one young person, this led to wider support for their whole family through our wellbeing team.

The project ended with a collaborative final piece, digitally embroidered onto a bespoke canvas. Each young person also achieved an Arts Award accreditation through Trinity College London, celebrating their creativity, growth and achievements.

CALTON DEMONSTRATION OF CHANGE

CHILDCARE, PLAY AND FAMILY SUPPORT

Developed in 2025, the Glasgow Fairer Futures Partnership is supporting a place-based, multi-agency approach to tackling poverty and improving long-term outcomes for families in Calton, particularly those with children aged 0–5 who are on the cusp of deep poverty.

Childcare is central to this work. Reliable, affordable and accessible provision gives parents and carers the time and flexibility to take part in employment, education, training and community life, while supporting family stability and reducing barriers to progression.

PEEK is working alongside Clyde Gateway and Baltic Street Adventure Playground to bring this project to life through trusted community relationships and open-access play.

Between January and March 2026, PEEK recorded 911 attendances through Street Play and engaged 14 parents through Adult Wellbeing and Skills Building Workshops.

One parent shared that the provision made their working week easier, reduced pressure around childcare, lessened the need for additional after-school care and gave them time to focus on work, education and themselves.

As children may attend Street Play independently, PEEK is developing flexible ways to capture family impact and connect parents with learning, wellbeing and employment opportunities through Glasgow Fairer Futures.

SAVE THE CHILDREN PARTNERSHIP

After being introduced through a corporate partner, we began working with Save the Children, firstly by referring families to access financial support.

In the past year, PEEK and Save the Children have distributed 58 vouchers to families totalling £17,800.

As the partnership developed, we worked directly with Save the Children and local parents to co-design a project with those who had recently experienced the perinatal period and had taken part in our antenatal sessions.

Through a series of workshops, families worked alongside our team to identify gaps in support and explore how projects could better meet the needs of new

parents. Together, they helped design and shape a new perinatal pathway programme, which has recently launched and is already showing positive early outcomes.

Families are now supporting other parents through peer support opportunities within the new group. Parents are now keen to help others feel welcomed, connected and supported during a transitional time in their life.

Today, the parents are not only benefiting from local services but are helping to shape and strengthen support for the next generation of parents, ensuring that other families can access the same sense of community that helped them thrive.

FUNDRAISING

Corporate partners, volunteers and supporters who make the year possible.

IN THIS SECTION

[Corporate partners](#)[Morgan Stanley](#)[Football tournament](#)[New minibus](#)

CORPORATE PARTNERS

At PEEK, we continue to improve our relationships and connections with our corporate partners and volunteers have been a huge support over the past year, helping us deliver fun, creative and supportive experiences for children and families in our community.

Their time, skills and generosity support so much of our behind-the-scenes work, as well as providing vital hands-on help during PEEK Play Days, we simply couldn't

run them without you. We are also continually blown away by the kindness shown during fundraising appeals, particularly throughout our Winter Warmer period via cash donations or support, as well as support with litter picks and community garden clean-ups.

We truly couldn't do what we do alone. Together, you help us create a bigger, brighter impact every day.

FUNDRAISING EVENTS

Morgan Stanley - London to Paris

Our corporate partner, Morgan Stanley, took on an incredible cycling challenge in September, cycling 214 miles from London to Paris. Some teammates have gone even further, first cycling 345 miles from Glasgow to London, nearly doubling the distance, before tackling the ride to Paris. The Glasgow office managed to raise £16,226.09.

Football Tournament

PEEK's first-ever charity football tournament brought together participants, supporters, and spectators in a fantastic display of community spirit, fun, fitness, and friendly competition.

Thanks to the incredible generosity of everyone who took part, attended, and supported the fundraiser, we raised an outstanding £1,094.

We would like to extend our sincere congratulations to the tournament winners, Doughnut Thistle, a team made up of staff from our corporate partner BT Openreach, and to our runners-up, The Dream Chasers FC, a team formed by PEEK team member Mahamud and his friends. Their commitment, enthusiasm, and strong team spirit played a key role in making the event such a memorable success.

New Minibus

In 2025, we welcomed a new addition to our fleet, a new PEEK minibuss. This was made possible through the generous support of The Nairn Family Trust, The Clothworkers Foundation, The Commonweal Fund, and Allied Vehicles Group.

Their contributions enabled us to secure the vehicle alongside a bespoke new design at no cost to the organisation, significantly enhancing our transport capacity and service delivery.
