Since 1942, the Viro brand has been synonymous with quality all over the world.

NEW LOWER PRICES

Viro Marine Padlocks.

MADE IN ITALY

Body:

nickel and chrome-plated solid satin brass for maximum corrosion resistance, with rounded anti-abrasion edges. Internal boring and discharge hole created to avoid moisture stagnation.

Shackle:

inox stainless steel for maximum corrosion resistance.

Mechanism:

spring-loaded dead-bolt; key removable in locked and unlocked position; brass pins; mushroom brass counter-pins, pick-resistant; 2 spring-loaded brass latches; phosphor bronze pin springs; inox stainless steel latch springs; inox stainless steel shackle spring.

Keys:

supplied with 2 Viro profile nickel plated brass keys.

When humidity, marine salinity and acid rain make other padlocks difficult to use, these Viro "Marine" padlocks, being rust and corrosion proof, provide higher resistance to severe weather conditions, thanks to the superior quality of the materials and the special treatments, making them the ideal solution.
