Pallet Trucks

Higher Lift Pallet Trucks (FK20/280)

The Higher Lift Pallet Truck can be raised up to 280 mm. It is available in various fork sizes. Please call for more information.

- 2000 kg capacity
- Lift height: 85 - 280 mm
- Length of forks: 800 - 2000 mm
- Width over forks: 520 - 1000 mm
- Polyurethane wheels as standard, other wheel materials available

Prices start from: £3,000.00

FK20/280-1540x2000

FK20/280-520x1150

4-Way Hand Pallet Truck (MA15/4W)

- Four way directional movement: forward and backward; side to side
- 1500 kg Capacity
- Lift height: 85 - 205 mm
- Polyurethane, Nylon or Steel wheels
- Special sizes available

FORK LENGTH (mm)	WIDTH OVER FORKS (mm)	ORDER REF	PRICE
1150	540	MA15F	£495.00

Heavy Duty 4 Way Directional Pallet Trucks (FK23/4W)

Designed for 4 way - forward and backward; side to side - directional movement of pallet truck

- 2300 kg capacity
- Lift height: 85 - 205 mm
- All fork sizes available
- Polyurethane wheels as standard, other wheel materials available

Prices start from: £2,000.00

FK23/4W-680x2000

ATEX Pallet Trucks (FK23/ATEX)

Ideal for use in paint and alcohol factories or offshore in potentially explosive atmospheres.

- 2000, 2300, 2500, 3000, 4000 and 5000 kg capacity
- Lift height: 85 - 205 mm
- Length of forks: 1000 or 1150 mm
- Width over forks: 520 or 680 mm
- Special fork lengths and widths available on request
- Polyurethane wheels as standard
- Other wheel materials available

Prices start from: £3,995.00

Reel Carrying & Dispensing Pallet Trucks (FK23BF)

Designed with angled forks suitable for handling rolls and reels.

It can be manufactured for reels up to 2500 mm in diameter.

- 2300 kg or 3000 kg capacity
- Can be designed to handle 400 to 2500 mm diameter reels
- Length of forks: 600 - 2500 mm
- Width over forks: up to 1500 mm
- Inner flaps Option: Handles both very small and very large diameter reels
- Polyurethane wheels as standard, other wheel materials available

Prices start from: £2,395.00

- Ergonomic handle with up/down button
- Replaceable lithium battery
- ideal for handling bins, boxes, cartons and bags
- IP44 steel finishing

Reglift Dynamic Lifter Specifications

Max. Capacity	60 kg
Max. Lift Height	1200 mm
Total Height	1550 mm
Battery Type	1 Lithium 24V - 10Ah
Charger	External - 100-240V - 50-60Hz
Battery Indicator	On the handle control unit
Type of Legs	Angle
Platform Size	400 x 400 mm
Front Wheels	Single Ø 63mm - Swivel
Rear Wheels	Ø 125mm with individual brake
Weight	31 kg
Price	£1,795.00

Reglift Steel Lifters

(55kg - 285kg Load Capacities)

Reglift Stainless Steel Lifters

(55kg - 285kg Load Capacities)

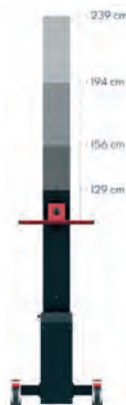

Reglift Lifters (Steel & Stainless Steel)

- Electric lift, manual drive
- Compact and robust modular design lifters
- Customisable with a wide range of tools
- Designed with quick change system tool holder
- Ergonomic handle for multiposition grip
- Choice of 3 leg types (Standard, Angle or Central)
- Wide choice of configurations (legs & mast height)
- ABS wheels mounted on ball bearings
- IP44 steel finishing & IP65 for stainless steel finishing
- Stainless Steel versions available

Choice of Lifting Heights

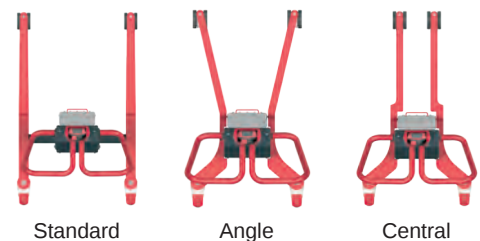

Reglift Lifters come in 4 mast heights and maximum lifting heights. The heights available vary according to the Reglift model required.

Type	Very Small	Small	Medium	Large
Max. Lifting Height	965 mm	1220 mm	1600 mm	2050 mm
Mast Height	1290 mm	1560 mm	1940 mm	2390 mm

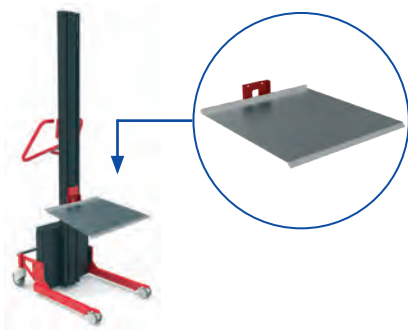

Type of Legs

Reglift Lifters are available in 3 different legs type: Standard, Angle or Central.

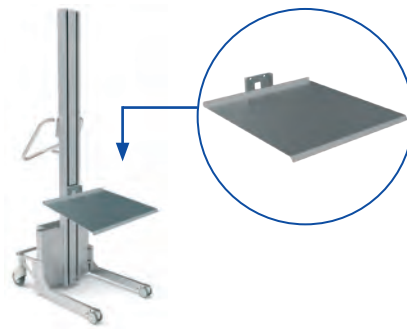

NOTE: Prices from stated above for the Steel and Stainless Steel Reglift Lifters are for the Reglift lifters only without any Tools attached. Please see the next page for the Reglift Tools.

Stainless Steel Semi-Electric Stacker

Stainless Steel Semi-Electric Straddle Stacker

Powered Pallet Stackers

1000KG CAPACITY FULLY POWERED STACKERS

The LiftMate LES/LESS Series offers several models of battery powered stackers which are lightweight and competitively priced yet powerful and reliable. Both drive and lift movement are operated by controls on an ergonomically designed handle. The LES/LESS range has been designed specifically for small warehouses and factories.

All stackers in this range are fitted with 2 powerful 12V/71Ah batteries and onboard charger which can be connected to standard mains 230V/13A 3-pin socket. These provide approximately 3 hours of operational charge.

1600, 2500 & 3000mm Lift Height Fully Powered Stackers

LES models have fixed width wrapover forks and are designed for handling Euro pallets and other open bottom pallets and cages.

- Battery powered lift and drive
- Light and versatile; compact and reliable
- Suitable for small factories and warehouses
- Wrapover forks
- Onboard charger
- Turning radius: 1365mm
- Chargeable from standard 230V/13A 3-pin socket
- CE certified
- Full 12 months warranty
- 240V charger - standard, included

Industrial Skates

Individual Skates

- Industrial shifting skates are designed for moving heavy objects
- They are ideal for moving factory machinery, power generators, large steel constructions etc
- Loads can be raised using either a roller crowbar or a hydraulic jack
- Skates are maintenance free with sealed bearings
- They are fitted with handles for ease of carrying and positioning
- The tops of the skates are covered with an anti-slip rubber mat for stability and protection of loads

CAPACITY (kg)	NUMBER OF ROLLERS	ROLLERS (mm)	DIMENSIONS L x W x H (mm)	O/A LENGTH WITH HANDLE	WEIGHT (kg)	ORDER REF	PRICE

* Height: without handle

Individual Skates with Swivel Castors

- Skates with swivel castors are designed to travel in any direction
- They can be used to change direction quickly and almost on the spot
- 2 swivel castor skates (SC102) are often used in conjunction with two or more all-swivel castor skates (SC104)
- The 2 Swivel Castors Skate (SC102) has two swivel castors and two fixed castors
- The tops of the skates are covered with an anti-slip rubber mat for stability and protection of loads

CAPACITY (kg)	SWIVEL CASTORS (mm)	FIXED CASTORS (mm)	DIMENSIONS L x W x H (mm)	O/A LENGTH WITH HANDLE	WEIGHT (kg)	ORDER REF	PRICE

1000	4x Ø 75 x 46 Nylon		430 x 340 x 120	500mm	14	SC104	£215.00

Adjustable Skates Pairs

- Adjustable skates consist of a pair of skates each. These can be linked using two steel rods
- The rods are loose inside tubes welded onto the sides of the skates
- The rods prevent the skates from skidding and travelling at different speeds
- The distance between the skates can be freely adjusted from 500 to 1200mm (model CM60)
- The distance between the skates can be freely adjusted from 720 to 1200mm (models CM120 and CM240)
- The tops of the skates are covered with a rubber mat for stability and protection of loads

Steerable Skates

- Industrial shifting skates are designed for moving heavy objects
- They are ideal for moving factory machinery, power generators, large steel constructions etc
- The load can be raised using either a roller crowbar or a hydraulic jack
- Skates are maintenance free with sealed bearings
- They are fitted with handles for ease of carrying and positioning
- The tops of the skates are covered with an anti-slip rubber mat for stability and protection of loads
- Steerable skates are usually used together with an adjustable skate pair
- One or two steerable skates can be used to form a skate set
- Each skate has a high quality turntable and packing plate covered with a rubber mat
- The steering handles are 1m long
- The steering handles of the ST60 & ST120 models come with hitching loops to connect to tugs or forklifts

CAPACITY (kg)	NUMBER OF ROLLERS	ROLLERS (mm)	DIMENSIONS L x W x H (mm)	WEIGHT (kg)	ORDER REF	PRICE

Caterpillar Skate Kits

- Caterpillar style skate sets are ideal for transportation of very heavy items over good firm floors
- Each set consist of:
- 4 caterpillar style (connected) roller skates
- 2 turntables
- 2 packing plates
- 2 steering handles
- 2 link-up bars and 1 draw bar
- Each set is supplied in a steel box for easy storage and transportation

- Suitable for installation and movement of heavy loads
- Steering handles provide precise control
- Travel speed up to 5m/min
- Minimum turning circle: 3mm

Drum Trucks

Drum Buddy Pallet Loading Truck with Winch

- Suitable for 60, 120 and 220 litre drums
- One-claw gripping system for metal and plastic rimmed drums
- The Winch mechanism enables effective unloading of drums from pallets
- The Winch mechanism enables drum to be placed on floor without effort
- Adjustable height gripping system for safe handling of various drum types
- Ergonomic multi-grip handles to adapt hand positioning during handling
- Direct grasp by the top of the barrel, without the effort of sliding onto a flap
- Side stand equipped with a shock absorber
- Available with single or double drum rim locking clasp

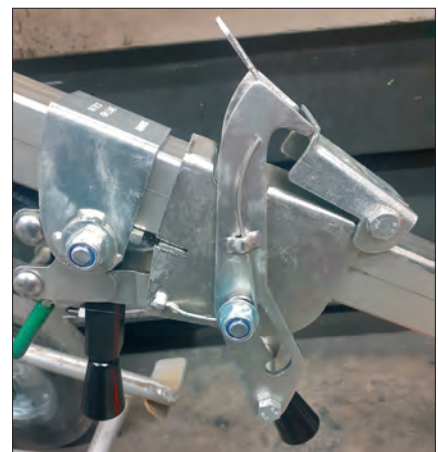

Single Drum Rim Locking Clasp

Single Clasp is designed for most steel and plastic drums with diameters from 350-600mm. Double Clasp is designed for most steel and open top plastic drums.
Note: If unsure which clasp you need, please send us a photo of your drum.

Load Retention Straps

- Recommended accessory for most sack truck models
- Load retention straps are used for securing and transporting bulky or unstable loads safely
- Our load straps are designed to clip onto the chassis of most sack trucks using plastic hooks.
- They are tightened and adjusted by either a standard cam buckle or a ratchet operation.

Standard Cam Buckle

Stairclimber Kit
Available separately

£395.00

Magliner Stairclimber Hand Truck

215C-HA-SC-STRP

Magliner Stairclimber Hand Truck fitted with a Tri-Star wheel assembly using double row, multi-directional wheels.

The rotating multi-directional wheels enables easy manoeuvrability in confined spaces.

Magliner Hand Trucks

BOTTLED WATER TRAY TRUCKS

128-HA-1060-4WB

£512.40

128-HA-1060-5WB

£532.40

- 225kg capacity.
- Converts to hold a combination of boxes and bottle.
- Aluminium construction prevents rusting.
- Trays fold flat against frame when not in use so the truck can be used as a standard hand truck.
- Ideal for four or five 20 litre water bottles respectively.

Straight back **frame**

Square loop **handle** with foam grip

350 x 300mm die-cast **nose** with recessed heel

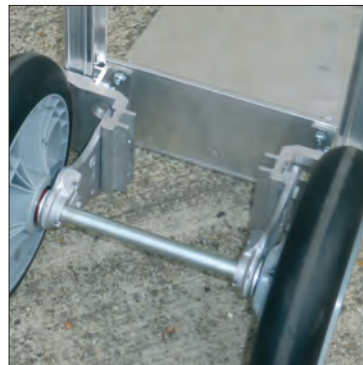

250mm pneumatic **tyres**

WHEEL OPTIONS : 1010, 1030, 830, 815 - see page 75

Stair Climber - see page 76

NARROW AISLE HAND TRUCKS

- Designed with wheels tucked fully or partially behind the truck's frame
- The truck's narrow width enables great manoeuvrability in confined spaces
- The Narrow Aisle Mounting Kit is required for the Narrow Aisle Hand Truck

With optional Stairclimbers

KITS	ORDER REF	PRICE
Narrow Aisle Mounting Kit*	301045	£91.25
Narrow Magliner Nose Kit**	86094	£18.10

*Price of Kit is added to price of Hand Truck parts, see pages 74-75

**Required for E, G, K & T noses

SPACE SAVING FOLDING TRUCKS

- Folds quickly and easily for convenient storage
- Large 225kg capacity, same as standard Magliner hand trucks
- Heavy-duty construction for superior strength and durability

Magliner Hand Trucks

SELF-STABILISING HAND TRUCK KITS

- Self-Stabilising Magliner hand truck built with standard wheels and smaller Double or Triple Row, multi-directional wheels
- Choice of either double row or triple row, 125mm diameter multi-directional polyurethane rollers with sealed bearings
- The truck carries the load, not the operator
- Enables easy movement up kerbs or over obstructions without reversing
- Fully supported rotation allows easy manoeuvrability in confined spaces
- 'Integrated Kick Stand' holds the truck in an upright position when loading
- The truck design negates the need to support the load when stationary

Standard wheel (pneumatic)	250mm	250mm
Castors (standard swivel)	125 x 30mm	125 x 30mm
Nose	455 x 190mm	455 x 190mm
Shipping weight	19kg	20kg
Price	£450.00	£470.00

FEATURES

- 2-in-1 truck converts from 2 to 4 wheels in seconds
- High capacities reduce number of trips per day
- Strong, lightweight construction reduces user fatigue
- Modular design means no welds to break
- All parts are replaceable for longer product life
- Optional accessories available

GEMINI OPTIONS

£16.00
Per Pair

Gemini Castor Brakes
(Part #51010)

Optional brakes
Width: 125mm
Depth: 30mm

£41.00

C5 - Stair Climber
(Part #86006)

Heavy-duty cast stair climber with replaceable low-friction polymer glide bars.

Fits on Senior model only

Gemini Jr.
£117.60

Gemini Sr.
£128.20

Snap On Decks

(Part #301644) - Gemini Jr.
(Part #301645) - Gemini Sr.

- Snaps in place quickly and removes easily
- Snap On decks are not compatible with the F1 Folding nose

Magliner Hand Trucks

THREE POSITION MAGLINER HAND TRUCK - TPAUA4

£788.68

SPECIFICATIONS

Two-Wheel Position

Overall height	1295mm
Overall width	530mm
Capacity	225kg
Tyres	250mm
UA nose plate (W x L)	455 x 190mm
Folding recessed nose (W x L)	230 x 685mm
Folding recessed nose capacity	135kg

Four Wheel & Incline Position

Overall height	1015mm
Cargo area (W x L)	300 x 1270mm
Capacity	340kg
Castors	125 x 30mm
Weight	19kg

- Standard two-wheel hand truck for general use. Built-in 685mm containment arm recesses into the frame when not in use.
- Inclined position for door entry and support with loads that do not stack well.
- Traditional four-wheel platform truck with 340kg capacity accommodates larger loads

DIE-CAST NOSES

Part number	Width	Depth
300200	355mm	190mm
300196	355mm	300mm
300201	455mm	190mm

Wheel Options

1060: 250mm pneumatic tube-type tyre (Part #121060)

1030: 250mm puncture resistant, non-marking balloon cushion rubber (Part #101030)

1010: 250mm puncture resistant, microcellular foam tyre (Part #131010)

* See page 75 for more details

FOUR OR SIX-WHEEL FOLDING PLATFORM TRUCK

£520.00

Main unit
(Part # MT-TA)

Main unit with extension
(Part # MT1TA)

- Folds flat quickly and easily for convenient storage e.g. in car trunk.
- Designed to manoeuvre easily through store aisles.
- Standard Castor brake helps prevent truck from moving on inclines.
- Non-slip grating keeps load in place during transport.
- Toggle latch to lock main unit and extension for increased load stability.
- Base unit stands upright for more convenient loading and unloading.

SPECIFICATIONS

	Main Unit	Extension
Capacity	340kg	680kg
Length	785mm	784mm
Deck width	590mm	590mm
Overall width	715mm	685mm
Handle height	990mm	N/A
Weight	15kg	7.5kg

Wheels	Balloon cushion wheels
Wheel diameter	200mm

£790.00

PLATFORM TRUCKS

PTK2436S1-Q

PTK3060S1-Q

PTK3672S1-Q

- Heavy-duty lightweight aluminium
- Smooth surface platform deck
- Reinforced box-frame construction for strength and durability

- Designed for tough load handling
- Durable extruded corner sockets integrated with frame
- One handle standard (second handle optional)
- Optional Castor parking brake

CAPACITY (kg)	PLATFORM SIZE L x W (mm)	WEIGHT (kg)	PART No.	PRICE
725, 1270 or 1360 kg	915 x 610	45	PTK2436S1-Q	POA
725, 1270 or 1360 kg	1525 x 760	61	PTK3060S1-Q	POA

Platform Truck Castors

Part #86135 - (Ø125mm / 725kg)

Part #86151 - (Ø200mm / 1270kg)

Black thermoplastic rubber:

Easy to push and roll with flat hard tread. Limited noise absorption. Performs well on all surfaces.

Part #86137 - (Ø125mm / 725kg)

Part #86139 - (Ø200mm / 1270kg)

Gray thermoplastic rubber:

Round tread, non-marking, good shock and noise absorption. Easy starting and rolling.

Part #86138 - (Ø125mm / 1360kg)

Part #86152 - (Ø200mm / 1360kg)

Maroon polyurethane:

Resistant to water, chemicals and solvents. Hard tread for easy rolling. Performs well on all surfaces.

Part #86067 - (Ø125mm)

Part #86069 - (Ø200mm)

Optional brake:

Foot operated, friction-type brake engages tyre surface. Attaches to swivel castor.

* Wheels determine capacity of the platform trucks

CASTOR DOLLIES

CDH2130
£194.50

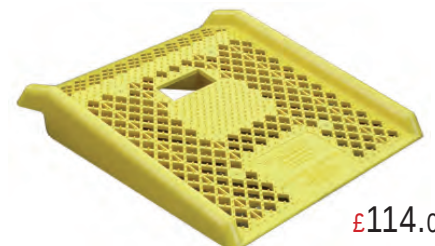

- Riveted aluminium construction
- Full 360-degree manoeuvrability for tight, sharp turns
- 75mm Polyolefin wheels on swivel castors

CDC2442
£430.00

- High strength, welded extruded aluminium construction
- light, tough, highly manoeuvrable with swivel castors
- 125mm Phenolic type wheels, roller bearing mounted

CAPACITY (kg)	SIZE L x W (mm)	O/A HEIGHT (mm)	WEIGHT (kg)	PART No.	PRICE

PLASTIC KERB RAMP

£114.00

- Light, portable, strong and durable
- Aggressive non-skid surface for secure footing
- Open surface to allow debris to pass through

SPECIFICATIONS

PART No.	PKR220
Capacity	270kg
Overall Length	685mm
Overall Width	685mm
Kerb Height	200mm
Weight	4kg

Magliner Hand Trucks

MAGLINER HAND TRUCK FRAMES

£50.58

Frame 1
(Part #300001)

Straight back frame with cross braces to provide support for the hand truck.

£71.42

Frame 2
(Part #300002)

Straight lattice back frame with cross braces and vertical strap.

£63.64

Frame 4
(Part #300010)

Straight back frame with moulded cross braces. Similar to frame #1 but with high strength and impact-resistant polymer braces.

£63.64

Frame 5
(Part #300021)

Curved back frame with moulded cross braces. Ideal for use with barrels, kegs and cylinders.

1080
(Part #111080)

£225.92
Per Pair

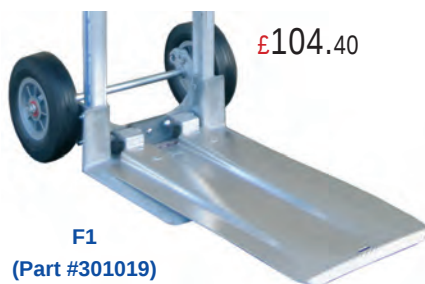

Non-marking

10" x 3.5" Puncture resistant foam wheel

Note: Completion Kit: £54.00, required to build all Magliner Hand Trucks

Magliner Hand Truck Accessories

FOLDING NOSES (Only compatible with Die Cast noses: AM, UM and HM)

£104.40

F1
(Part #301019)

600 x 300mm low-profile formed plate extension.
(Not compatible with Snap On decks)

£56.00

F2
(Part #301025)

500 x 300mm extruded aluminium channel extension

£63.40

F3
(Part #301026)

750 x 300mm extruded aluminium channel extension

£41.00

C5 - Stair Climber
(Part #86006)

Heavy-duty cast stair climber with replaceable low-friction polymer glide bars.

£26.96

Wheel Guards
(Part #302520)

Wheel guards prevent loads from rubbing against hand truck wheels.

£15.40 (52")

£17.40 (55")

£19.50 (60")

£22.20 (62")

£27.00 (68")

Hi-U Frame Extensions
Height - (52"/55"/60"/62"/68")

Hi-U frame extensions add height and stability for taller loads.

Not compatible with P-shaped vertical loop handles and Handle 30.

£35.00

Padded Hi-U Frame Cover
(Part #302497)

Padded cover for Hi-U frame extensions.

£64.82

Keg Hook Kit
(Part #32513K)

Sliding keg hook swings out of the way when not in use. 125mm hook for barrel-style kegs. For Frame 5 only. Not compatible with P-shaped vertical loop handles.

£76.44

Folding Nose Kit
(Part #302544)

Folding nose kit with lock rod allows aluminium extruded noses to fold flush with frame when not in use.

£204.46

Double Grip Handle Paddle Brake
(Part #304161)

For handle 16

£204.46

Loop Handle Paddle Brake
(Part #304160)

For handles 11, 12, 19 or 22

ACCESSORY BAGS

Bag 13
(Part #302680)

£63.88

- Overall: 330 x 200mm (L x W)
- Main pocket 305mm long x 200mm wide x 50mm deep with 1 Velcro strap.
- Outside pocket 130mm long x 135mm wide.

Bag 16
(Part #302681)

£69.94

- Overall: 420 x 305mm (L x W)
- 2 top pockets, sealed with Velcro 250mm long x 150mm wide.
- 1 tool pocket 305mm wide x 85mm deep.

Bag 18
(Part #302682)

£75.72

- Overall: 315 x 305mm (L x W)
- 1 pocket 280mm deep x 230mm wide.
- Holds a 250mm high x 500mm diameter can.

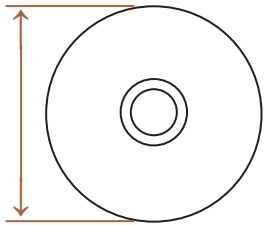

Bag 29
(Part #302683)

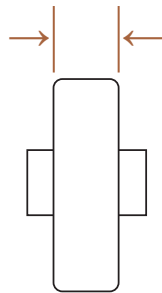

£93.64

- Overall: 735 x 305mm (L x W)
- 2 top pockets, sealed with Velcro 265mm long x 150mm wide.
- 1 tool pocket 305mm wide x 85mm deep.
- 1 pocket 290mm wide x 305mm deep.
