ECF 80th Anniversary Gala Co-Chairs

MESSAGE FROM OUR PRESIDENT

To Our ECF Family,

Welcome to an evening of celebration, gratitude, and purpose as we commemorate 80 years of transforming lives through the work of Exceptional Children's Foundation. This evening is both a celebration of an extraordinary milestone and a reflection on the countless lives that have been touched, empowered, and uplifted through the unwavering commitment of this remarkable community.

Since 1946, ECF has been a pioneering force in advancing opportunities for children and adults with intellectual and developmental disabilities across Los Angeles County. What began as a small, parent-led effort has grown into one of California's most comprehensive organizations serving individuals with special needs across the lifespan. Today, ECF proudly provides education, employment, housing, art, community integration, and support services to nearly 4,000 individuals and families each year.

This evening holds special meaning as we honor Jenni Kayne and Richard Ehrlich, whose commitment to ECF and the Kayne Eras School reflects a remarkable multi-generational legacy of service and philanthropy. Jenni's parents, Ric and Suzanne Kayne, along with Fred and Lenore Kayne, and her grandfather Jerry Kayne, were instrumental in launching the Kayne Eras School, which later merged with ECF to strengthen and expand services for the community. Ten years ago, Ric and Suzanne Kayne were honored at this very gala, making tonight's recognition a meaningful full-circle moment for the family. Today, Jenni and Richard continue that extraordinary legacy through their generosity, advocacy, and dedication to advancing opportunities for individuals with disabilities and their families.

We are also proud to recognize three extraordinary individuals as ECF Legends — Paul Zimmerman, Shelley I. Smith, and Samson Mulugeta — whose leadership and service have left a lasting imprint on our organization and community. Paul Zimmerman's decades of leadership and support reflect a deep family legacy of service to ECF and the Kayne Eras community. Shelley Smith's visionary stewardship and commitment to ECF's long-term sustainability have helped guide the organization through important moments of growth and transformation. Samson Mulugeta's dedication, mentorship, and innovative leadership have inspired generations of staff and strengthened programs that profoundly impact the lives of those we serve.

We are profoundly grateful to each of you for being part of this celebration and for standing alongside ECF in support of our mission. Your generosity and belief in this work make it possible for individuals of all abilities to thrive, achieve their goals, and live with dignity and purpose.

As we reflect on 80 years of impact, we also look ahead with optimism toward the future we will continue to build together.

With heartfelt appreciation,

Veronica Arteaga, LCSW
President & CEO

MESSAGE FROM OUR BOARD CHAIR

Dear Friends of ECF.

Welcome to Exceptional Children's Foundation 80th Anniversary gala!

For eight decades, ECF has remained steadfast in its mission to empower children and adults with intellectual and developmental disabilities to reach their fullest potential and live lives of dignity, inclusion, and purpose. What began in 1946 as a small, parent-led effort has grown into one of California's most impactful organizations serving individuals with special needs and their families across Los Angeles County.

As Board Chair, I am continually inspired by the compassion, innovation, and dedication that define this organization. ECF's impact extends far beyond the programs and services we provide — it is reflected in the lives transformed, the opportunities created, and the community built through this work. I am especially grateful for ECF's extraordinary staff, whose commitment, heart, and unwavering dedication make this mission possible each and every day. Their work changes lives, strengthens families, and embodies the very spirit of ECF.

This evening, we are especially proud to honor Jenni Kayne and Richard Ehrlich, whose extraordinary commitment to ECF and the Kayne Eras School continues a remarkable family legacy of advocacy and philanthropy. We are also privileged to recognize our ECF Legends — Paul Zimmerman, Shelley Smith, and Samson Mulugeta — whose leadership, vision, and unwavering dedication have profoundly shaped our organization and strengthened our mission.

As we reflect on 80 years of impact, we also look ahead with optimism and determination toward the future. The work of ECF has never been more important, and we are deeply grateful for the partnership and generosity of all who stand beside us in advancing opportunities for individuals with disabilities and their families.

Thank you for your support, your belief in our mission, and your commitment to helping ensure that ECF's legacy of service, compassion, and inclusion continues for generations to come.

With gratitude,

Anil Ranavat
ECF Board Chair

PROGRAM DESCRIPTIONS

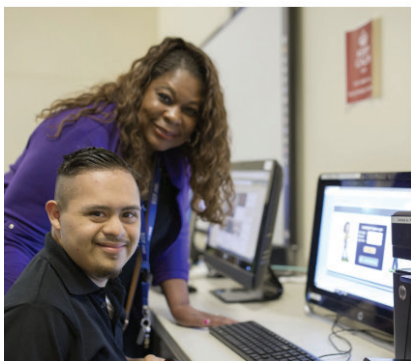

EARLY START

The ECF Early Start Program provides home-based and center-based early intervention and educational services to families with children 0-3 who are developmentally delayed or disabled. Speech, occupational and physical therapies guide each child to develop motor, cognitive, language and social skills—contributing to healthy and age-appropriate development. Family supports offered include parent education, counseling, referrals and advocacy, and medical assessments.

KAYNE ERAS SCHOOL

ECF's WASC-accredited nonpublic K-12 school provides special education for students who have learning, emotional and developmental challenges. An Enrichment Program is also offered, including visual and performing arts, team sports, vocational and technology training and community service. All of our educators are committed to the idea that every child can learn—and with individualized support and care, we help each child develop their confidence and unique potential so they can succeed both in and out of the classroom.

MENTAL HEALTH SERVICES

Individual, group and family treatment is provided to help students overcome complex challenges that create barriers to their academic success, while also supporting their family members in improving overall family functioning. Medication evaluation and management is available, as is Applied Behavioral Analysis Services for those with autism spectrum disorders.

EXCEPTIONAL WORKS / PATHWAYS TO EMPLOYMENT

About half of our program participants have a high need for assistance with their daily living activities.
