

FALL 2026

CHRONICLE BOOKS

where it all began

It all started with an owl...

2026 marks the 20th anniversary of Petit Collage! Back in 2006, we released our first product: A hand-crafted little owl made from recycled materials. We've come a long way since then, but our core principles haven't changed: sustainability, play, imagination, and design are at the heart of everything we do.

20 Years of Eco: We know that every single item we make leaves an environmental footprint, and we do all we can for ours to be a tiptoe rather than a stomp. But sustainability is an ever-moving target, and we're always working to improve.

20 Years of Play: Play builds understanding, teamwork, trust, and provides fun avenues for educating and communication. In a world of screentime and isolated interaction, our range is driven by a longing to bring back original, authentic playtime.

20 Years of Imagination: We want children to believe they can be anything and achieve everything. But to dream big, they need a strong imagination. Our products provide the prompts, but it's children who bring them to life.

20 Years of Design: From on-the-go fun to high-end nursery showpieces, our in-house designers and illustrators create original artwork that's made to bring joy, stimulate learning, and look stunning on the playroom shelf.

Petit Collage began with a mission to inspire and delight children with toys, puzzles, and games made using the most sustainable materials we could source. 20 years on, we're still on that same mission.

But we wouldn't be here without your support, so we'd like to say a huge "Thank You!" We promise to continue evolving, improving, and continuously pushing ourselves to do better, because Petit Collage will always deliver play that doesn't cost the Earth.

Our mission to be ethical and sustainable

At Petit Collage, we design our products to be long lasting and high quality. We want children to enjoy years of play before passing their toys and games on to be loved by someone else.

But we know that everything has a carbon footprint, which is why we work hard to ensure that our products are as environmentally low-impact as they can be.

At all stages of new product design and development we actively focus on creating something beautiful that our customers want to keep and treasure. We work with a small select group of suppliers to choose the correct materials for longevity and functionality, whilst ensuring that production materials and processes are as kind to the environment as possible.

We've also adopted a much more conscious approach towards transit. We use recyclable materials to protect products and have made it a priority to reduce overall packaging size and material use, thus improving shipping efficiency, and we continue to look for more ways to reduce our transit footprint.

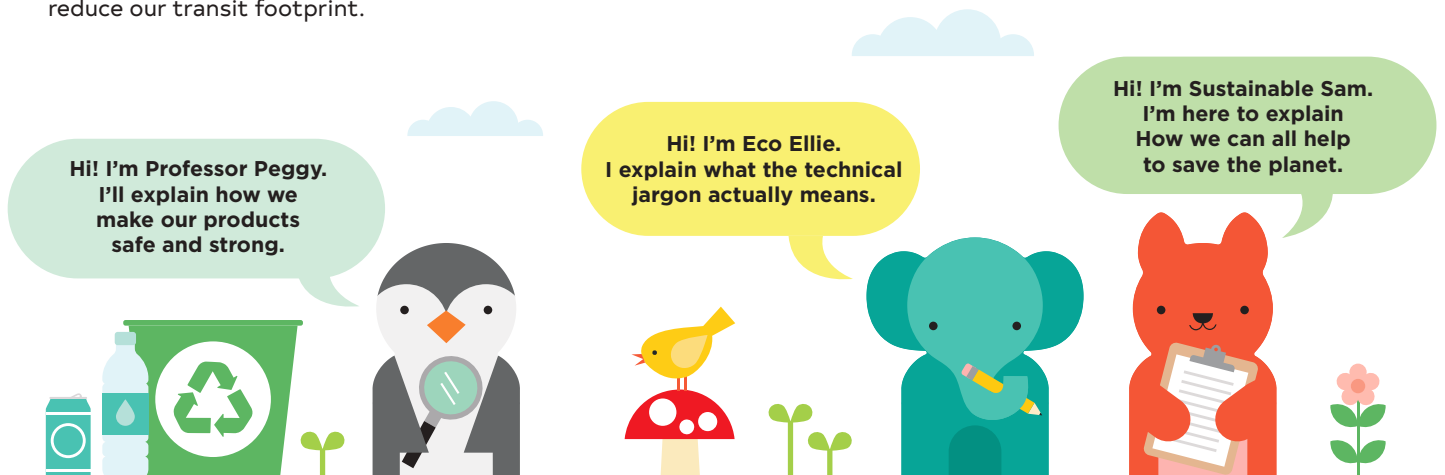

WHAT MAKES OUR PRODUCTS ECO-FRIENDLY?

- No single-use plastic used in new product development and transit.
- All paper and wood is FSC, and inks are vegetable-based.
- Packaging uses up to 70% recycled materials and is curbside recyclable.
- We use recycled materials for all our puzzle and game zip pouches, and wherever we can in our wooden toys.

We are deeply committed to communicating our eco claims clearly and without green washing. We recognize that sustainability is an ever-moving target and we're constantly looking for ways to improve the standards we apply to all our products and processes.

Our Factories

We care how and where our products are made and our suppliers all hold valid and in-date full ethical audit reports. By sourcing responsibly and working collaboratively with our partners, we reduce pre- and post-production waste, create more environmentally conscious goods, and provide increasingly sustainable options for our packaging. All of this moves us toward our goal of leaving a better world for future generations without restricting childhood fun.

BEDTIME STORIES

Settle down for storytime accompanied by a familiar classic tune played through the nostalgic wind-up tin.

12 TALES OF CHRISTMAS

Wind-up the musical tin to hear the familiar festive tune of "We Wish You A Merry Christmas" and countdown to the big day with 12 sweet short stories. When the happy reindeer hears the sound of carol singers carried on the breeze with a flurry of snowflakes, the animals know it must be Christmastime, and they all work together to bring the holiday spirit to their woodland home. No batteries required. Printed on FSC paper. Ages 3+.

PUZZLES FOR PROGRESS

These puzzles are designed to grow with your child. Start with Beginner Puzzle sets that contain 3, 4, and 5-piece jigsaws for your child to enjoy as they grasp puzzling. Then move onto the 3 and 4-piece Spelling Puzzles to develop their vocabulary.

FLOOR PUZZLE—MY PLANET EARTH

Spark an interest in the natural world! Connect 25 chunky pieces to reveal over 40 animals from across five major habitats, then challenge little ones to a search-and-find game. Made using FSC paper and 75% recycled materials and packaged in a keepsake carry-along box with cotton rope handle. Ages 3+.

Puzzle size:

18 x 18 in
460 x 460 mm

Package size:

8.9 x 9.2 x 2.6 in

RETURNS POLICY

(Returnable Customers Only)

Returns Address:

Chronicle Books Returns
c/o Hachette Book Group USA
322 S. Enterprise Blvd.
Lebanon, IN 46052

Please include account number and a packing list or chargeback with all returns. Written permission is not required for "returnable" accounts. Returns must be In Print, or, if Out of Print, returned within 6 months of the OP date, in saleable condition, and whole copy (except for strippable titles).

No authorization is required for overstock returns or damaged/defective merchandise. Returns are credited at the same price and discount at which they were most recently purchased.
