# TRUSS DESIGNS

# Your design. Our duty to make it real.

Every unforgettable celebration begins as an idea.  
Our truss installations are where that idea takes form.  
Engineered for strength, designed for elegance, and built to  
elevate your event into an experience that feels as powerful  
as it looks.

Mini chandelier table lamps designed to add a touch of elegance and soft ambient glow to any table setting.

# FAIRY LIGHTS

# Ambient Lighting using Truss Hanged Led Lights

An aluminum truss system creates a construction on which, led lights are installed creating ambient lighting for the guests.

- Aluminum Truss System to create the infrastructure that will support the lighting, usually complementary to existing pillars, walls, trees etc.
- Led lights in String formation, hanged over the guests space in density of line every 25cm so that the venue can be bright enough.
- Necessary peripherals, cabling and power.
- Use of the system, the night of the event.

■ FAIRYLIGHT RECEPTION

Any design you imagine, we bring to life.  
From intimate glows to grand installations,  
our fairy lights are fully customizable to  
match your vision, space, and event  
atmosphere.

# AMBIENT LIGHTING USING TRUSS HANGED LED LIGHTS

# AMBIENT LIGHTING

---

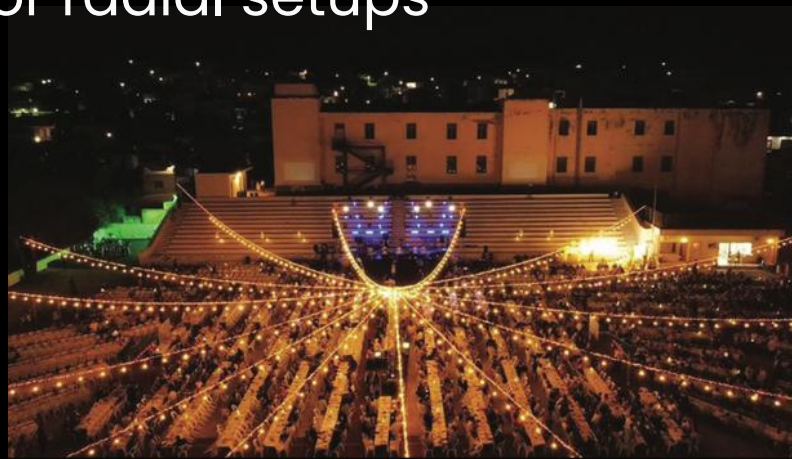

Instead the truss, aluminum poles can be used in our setups, so that less space is used for constructions and more space is given to your guests.

Setups can be used for the entrance of your venue, the bridal table or the whole guests' space using examples as what you see.

We can use

- Led Candle lights
- Garlands with Retro warm led lights
- Fairy lights
- Fairy Rain lights

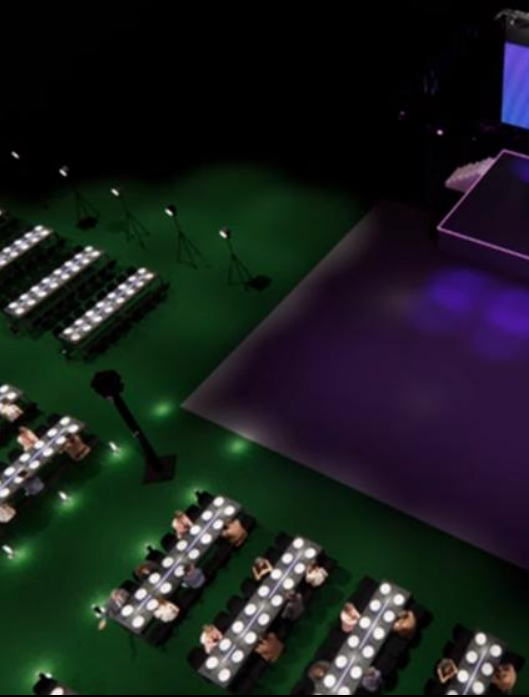

In parallel, box or radial setups

# Artists , Bands and Presenters Lighting

---

Truss System with robo Led spot, wash and beam lights for the necessary lighting and light effects for bands, concerts, live events etc.  
Stage Construction combining the venue particularities and band's technical requirements.

A vibrant concert scene with purple and blue stage lighting, smoke, and silhouettes of audience members. The image captures a dynamic atmosphere with bright beams of light cutting through the haze. In the foreground, the silhouettes of people are visible, some holding up phones to capture the moment. The background shows a complex rig of stage lights and trusses, with a large circular light fixture prominently featured on the left.

# LIGHTING EQUIPMENT ON BOOMS

# LIGHTING EQUIPMENT ON BOOMS

---

Lighting Systems that may consist of:

- Robo Led Lights Spot
- Robo Led Lights Wash
- Robo Led Lights Beam
  - Fog Machines
  - Follow Spots
- GrandMA3 Lighting Consoles
  - Peripherals and cabling

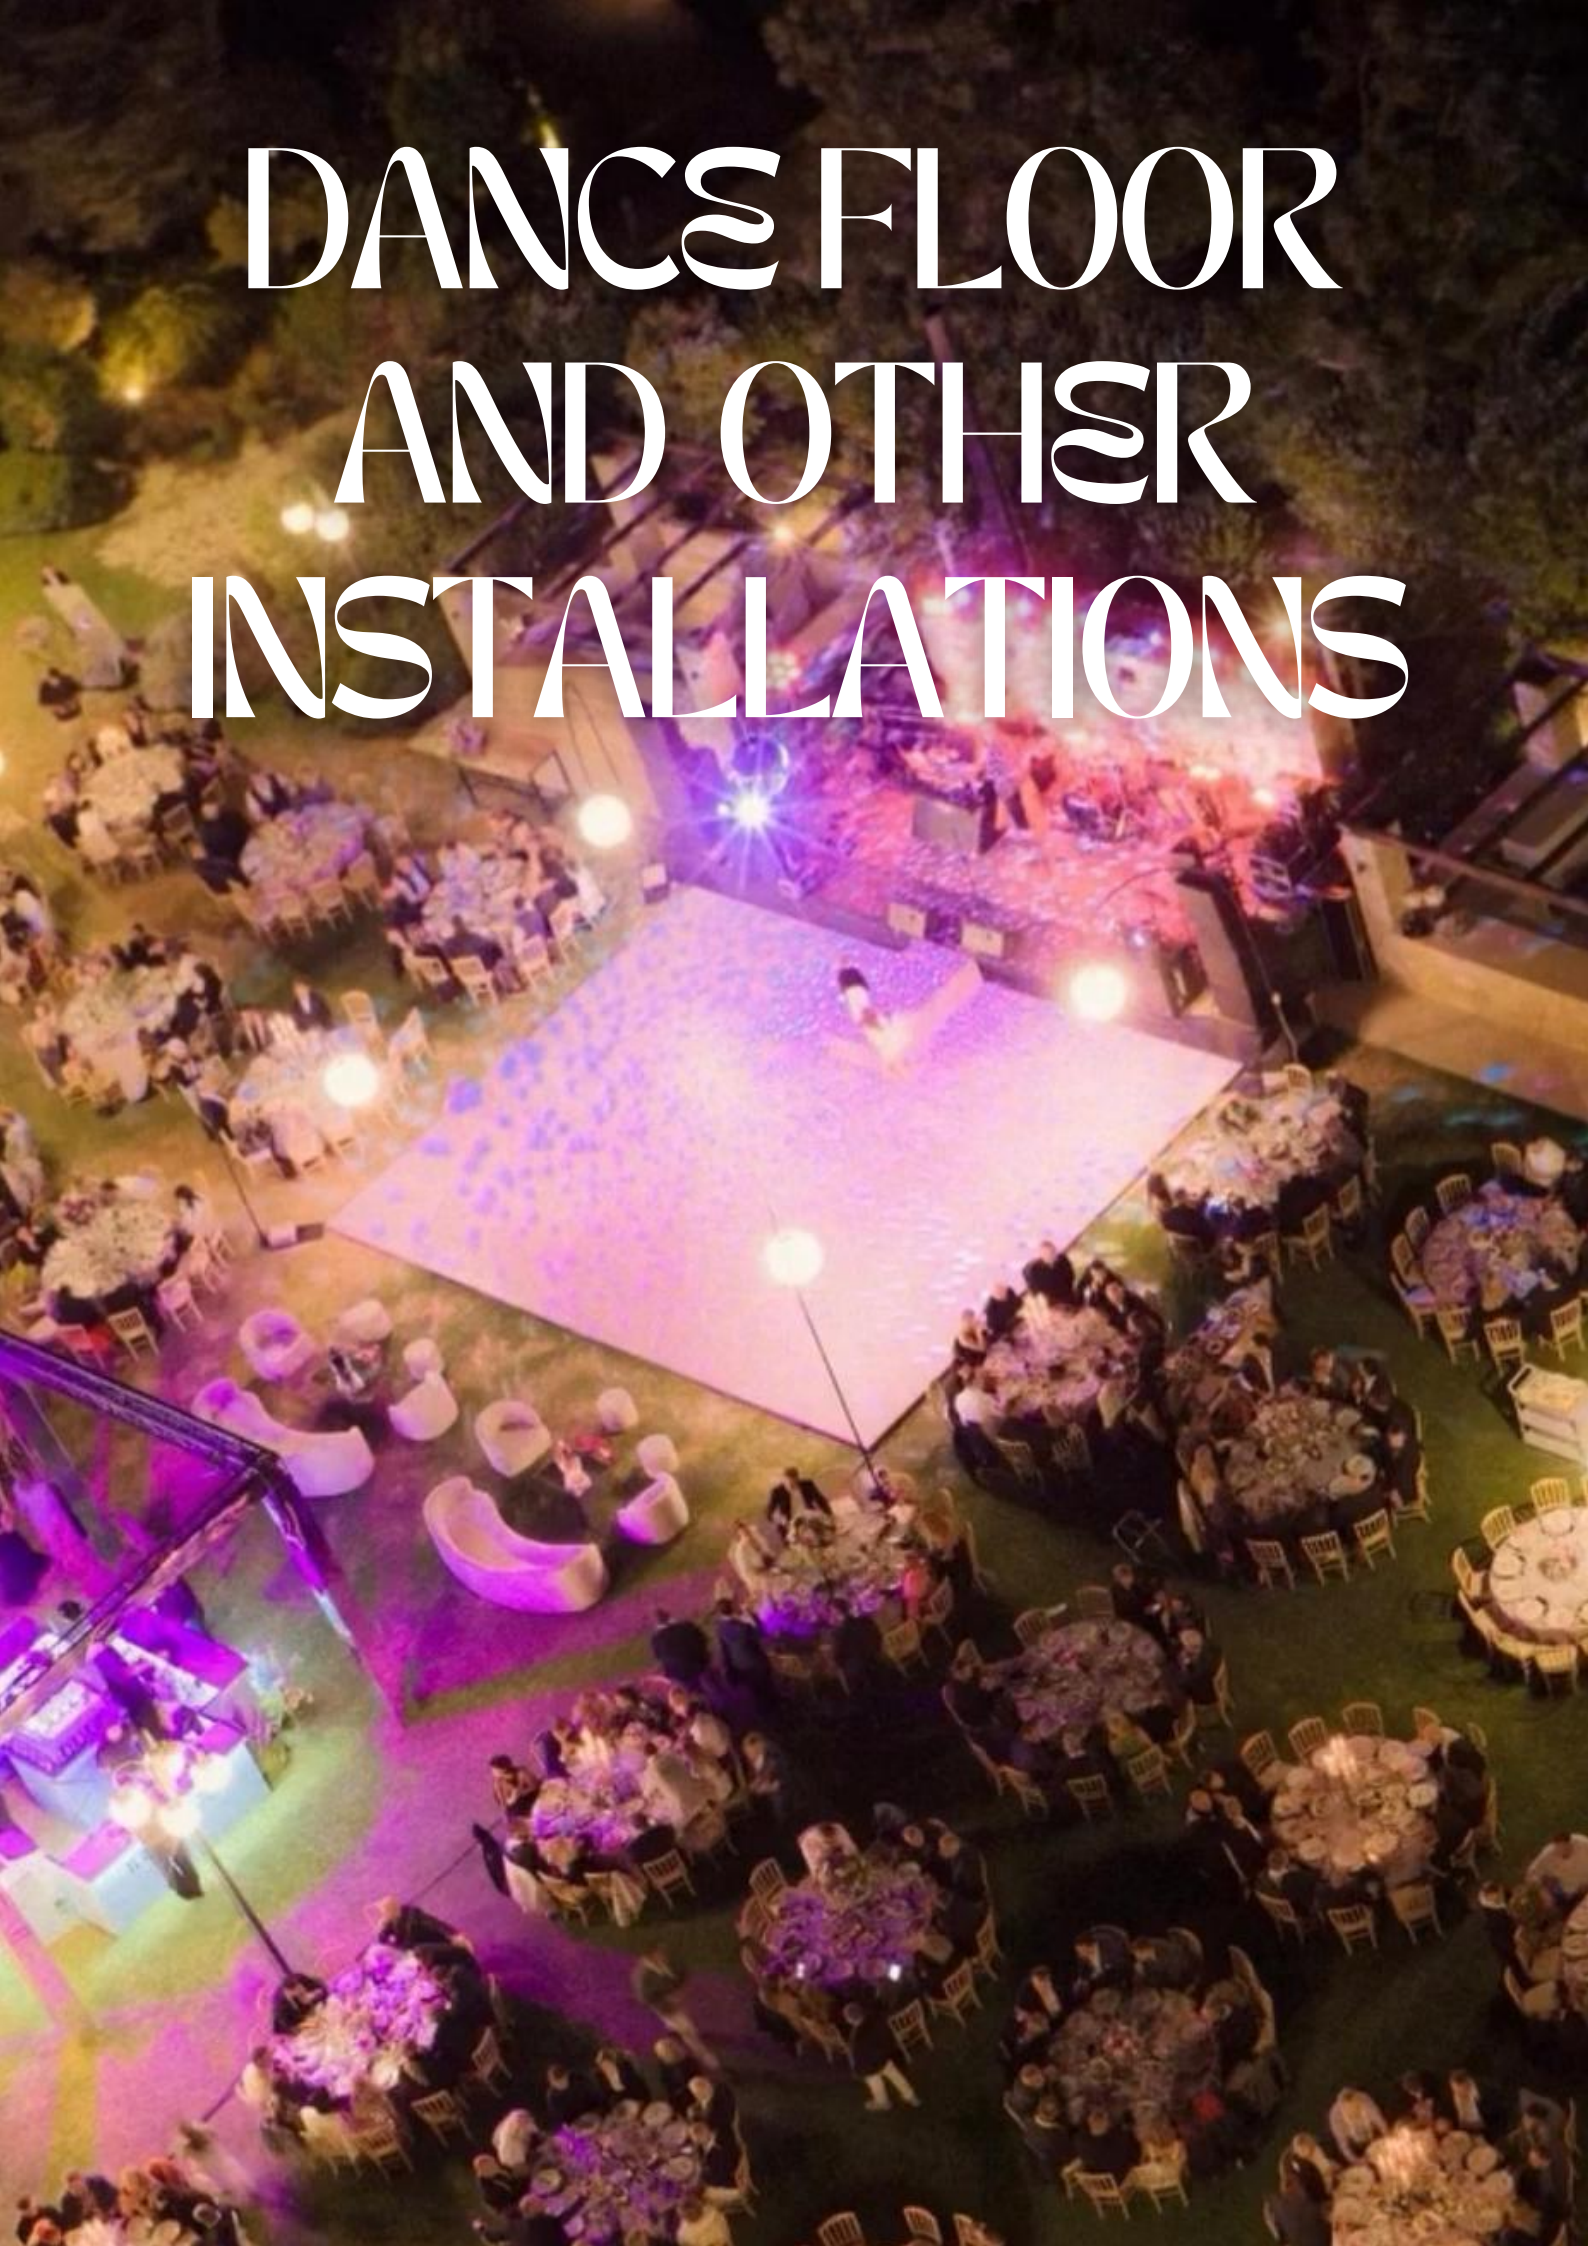

A large, dark industrial tank, possibly a silo or storage container, is the central focus. The tank's surface is metallic and shows signs of wear, including scratches and rust. It is illuminated by two distinct light sources: a cool blue light on the left and a warm orange-red light on the right, creating a dramatic atmospheric effect. The text 'ATMOSPHERICAL COLOUR LIGHTING' is overlaid in a white, serif font. Faint markings on the tank include '79.01 T' and '94.81 T'.

# ATMOSPHERICAL COLOUR LIGHTING

Use of led lights, small dimensioned equipment, battery and wireles operated, to colour trees, surrounding nature or urban/island key elements. Creating a warm, colourful and modern atmosphere, always adds up a nice touch of art to your event.

# DANCE FLOOR AND OTHER INSTALLATIONS

# DANCE FLOOR

# DANCE FLOOR

We create bespoke dance floors designed to transform your space and elevate every celebration. Available in any size and any colour, each floor can be finished with custom decals, monograms, logos, or artwork for a truly personal touch.

From timeless elegance to bold statement design, your vision leads

we design, build, and deliver the stage where unforgettable moments happen

AISLES  
AND  
PLATFORMS

# PLATFORM

We design and create custom aisles and ceremony platforms that define the moment and frame the most important walk of your life.

From elegant aisle paths to elevated circular platforms for your vows, every element is tailored to your space, theme, and vision.

Available in a range of finishes, shapes, and dimensions, with the option for custom details, decals, and styling creating a ceremony setting that feels intentional, refined, and unforgettable.

A long, curved dining table is elegantly set for a formal event. The table is covered with a white tablecloth and features several centerpieces composed of white and pink flowers, greenery, and pink neon light loops. Each place setting includes a white plate, a glass, and a folded white napkin. The chairs are white with gold-colored trim. The overall atmosphere is sophisticated and modern, with the pink neon lights providing a vibrant accent.
