Backed to Go Further.

As we enter our next era of growth, we invite you to be part of something remarkable at Ray White A T Realty Group.

What began as a market-leading business in South Auckland has evolved into one of New Zealand's most awarded real estate groups, and now, with our expansion into Auckland Central, we're building an even stronger future across the wider Auckland market.

Under the leadership of Adam Thomson and Tom Rawson, A T Realty has become one of the highest-performing businesses across the Ray White network, recognised nationally and internationally for exceptional results, innovation, and a relentless commitment to excellence.

From setting the benchmark in South Auckland's auction market to establishing a growing presence in Auckland Central, we continue to lead the way in marketing, technology, training, and client experience. Our expansion isn't simply about opening new offices—it's about creating more opportunities for our people to grow, collaborate, and succeed.

What truly sets us apart isn't just our performance - it's our culture. We've built an environment where ambitious agents are supported by specialists across administration, operations, marketing, finance, auctioneering, and property management, allowing you to focus on what you do best. Here, success is never achieved alone; it's driven by the strength of the team around you.

As our footprint continues to grow across Auckland, so do the opportunities for those who choose to grow with us. Whether you're looking to elevate your career, expand your business, or be part of a company shaping the future of real estate, there's never been a better time to join.

We Are One. Go Next Level. With You All The Way.

Accelerated *Earning Potential.*

Did you know? Our agents earn, on average, 43% more than the typical New Zealand real estate agent.

We take pride in offering industry-leading training, processes, systems, mentoring, and accountability, ensuring you reach your full potential.

Our agents earn an average of $192,800 per year, compared to the New Zealand industry average of $135,000. That's an additional $57,800 in annual earnings.

Put it into perspective: By not joining the right team, you could miss out on an additional $289,000 in earnings over five years.

It's not rocket science.
We'll help you scale your business.

As an auction-based business, we achieve higher clearance rates that consistently outperform our competitors.

Our efficient processes keep days on market low, enabling you to close more transactions - and earn more.

Market Share
Big – but not full.

At A T Realty Group, we've built one of the most dominant market shares in Auckland - yet there's still incredible room to grow.

Across our key suburbs, we sell more than 1 in every 5 homes. In core areas like Auckland Central, Manukau, Manurewa, and Mangere Bridge, that climbs to 1 in 4. It's a result of consistent performance, strong auction strategy, and deep community roots.

It's a result of relentless performance, strong auction presence, and a community-first approach. **But our size is far from a ceiling - *it's your launchpad.***

What does that mean for you?

You're stepping into a business that's known, trusted, and backed by results - but not at capacity. Our agents grow without competing internally. There's room for new agents to build their own patch and for experienced agents to scale without limits.

From your very first 90 days to your long-term business growth, everything we do is designed to accelerate your performance, reduce friction, and increase results.

Here's how we do it:

90 DAY **SUCCESS PLAN.**

Hit the ground running.
We've crafted a proven onboarding pathway designed to give new and transitioning agents the best possible start. This structured plan outlines exactly what to do, when to do it, and how to build early momentum - so you're never left guessing.

Best of all? It's led by industry legend Glenis Shirley, who brings decades of experience and a hands-on approach to ensure you're supported, confident, and on track to succeed from day one.

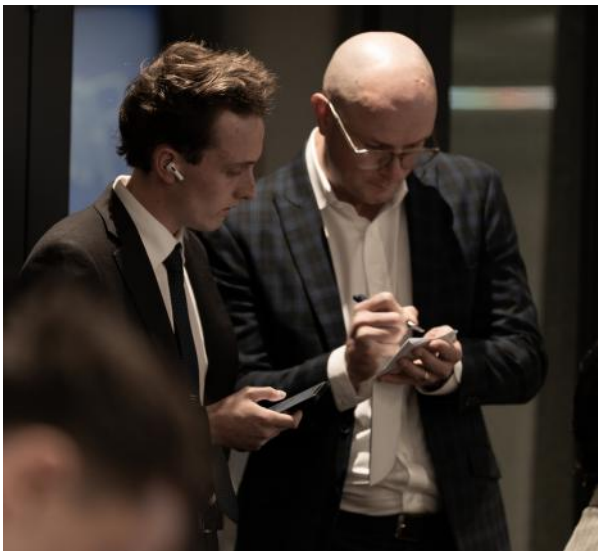

Business Leaders Workshops

Work on your business, not just in it.
Led by our directors, these quarterly workshops are designed to help agents step into a business owner mindset. We cover everything from personal branding to lead generation, pipeline management, and goal setting - backed by data and strategy.

Mentorship That Moves You Forward.
Our non-competing principals - Adam, Tom, Richie, Glenis and Geoff - are hands-on leaders whose sole focus is agent success. With decades of experience, they're available to support you at every stage of your growth.

End-to-End Career Support.
From your very first listing to your next career milestone, you're backed with one-on-one development tailored to your goals. Our team provides personalised coaching, regular check-ins, and a clear path to Elite and Chairman's Elite status.

Sales & Lifestyle Training.
We don't just train you to be a better agent - we help you build a better business and life. Our training programs cover world-class sales strategies, productivity hacks, time management, and well-being. It's all about high performance without burnout.

Next-Level Marketing.
From scroll-stopping digital to powerful print and social media, our marketing is built to stand out and get results. Our signature event, The Day, is proof of how we create serious energy - and even bigger outcomes.

AI-Powered Tech Advantage.
We lead the way with cutting-edge technology that gives our agents a real advantage. Our systems are designed to help you work smarter, faster, and more effectively. In an industry often slow to adapt, we're proud to be ahead of the curve - constantly trialling and adopting new systems, tools, and processes that streamline your workflow and supercharge your results.

Listing & Deal Support When It Counts
Big listing coming up? Tough deal on the table?
Our leaders are ready to jump in with you - whether that's attending presentations, advising on negotiations, or covering your listings while you're away. You'll never miss an opportunity, even on holiday.

Admin Support That Scales With You
From day one, our operations team and virtual assistants are here to help. We'll clean and import your database, prepare your personal listing kit, and handle your backend admin so you can stay focused on building relationships and closing deals.

Lead Generation

One of the most common questions we're asked by prospective team members is:

"Do you provide leads?"

The short answer? Yes.
And we do it differently.

Over the past 12 months, our leads have come from a diverse range of proven sources - outlined below for full transparency.

What truly sets us apart is how those leads are handled.

Unlike other businesses, our owners and managers don't list or sell, meaning they never compete with the sales team for opportunities.

Every qualified lead is distributed to our agents. It's simple: your success is our success, and we've built a business model that reflects exactly that.

1,800

A rent roll of over 1,800 properties with a referral system in place for our team.

We're proud of what we've built: a business that challenges convention, sets new benchmarks, and creates real opportunities for driven individuals. We're even more excited about what's next - and who will be part of it.

Whether you're just starting out or ready to take your career to the next level, we're here to back you with the tools, training, and team to go further.

We look forward to connecting, learning more about your goals, and exploring how we can grow together.
