Welcome to our Christmas Catalogue

From all of us at Rocaba Pack, welcome to our Christmas collection for 2026. We've been busy creating a festive range filled with familiar favourites, timeless classics and something new for the season ahead.

We're especially excited to introduce Santa's Sleigh — a fresh reinvention of our much-loved Smiling Santa design. Bringing the same festive charm customers have loved over the years, with a new look for Christmas 2026.

Alongside our newest designs, you'll find the Christmas packaging favourites businesses return to year after year, from gift bags to tissue paper and more. Not forgetting, our one stop shop for food packaging.

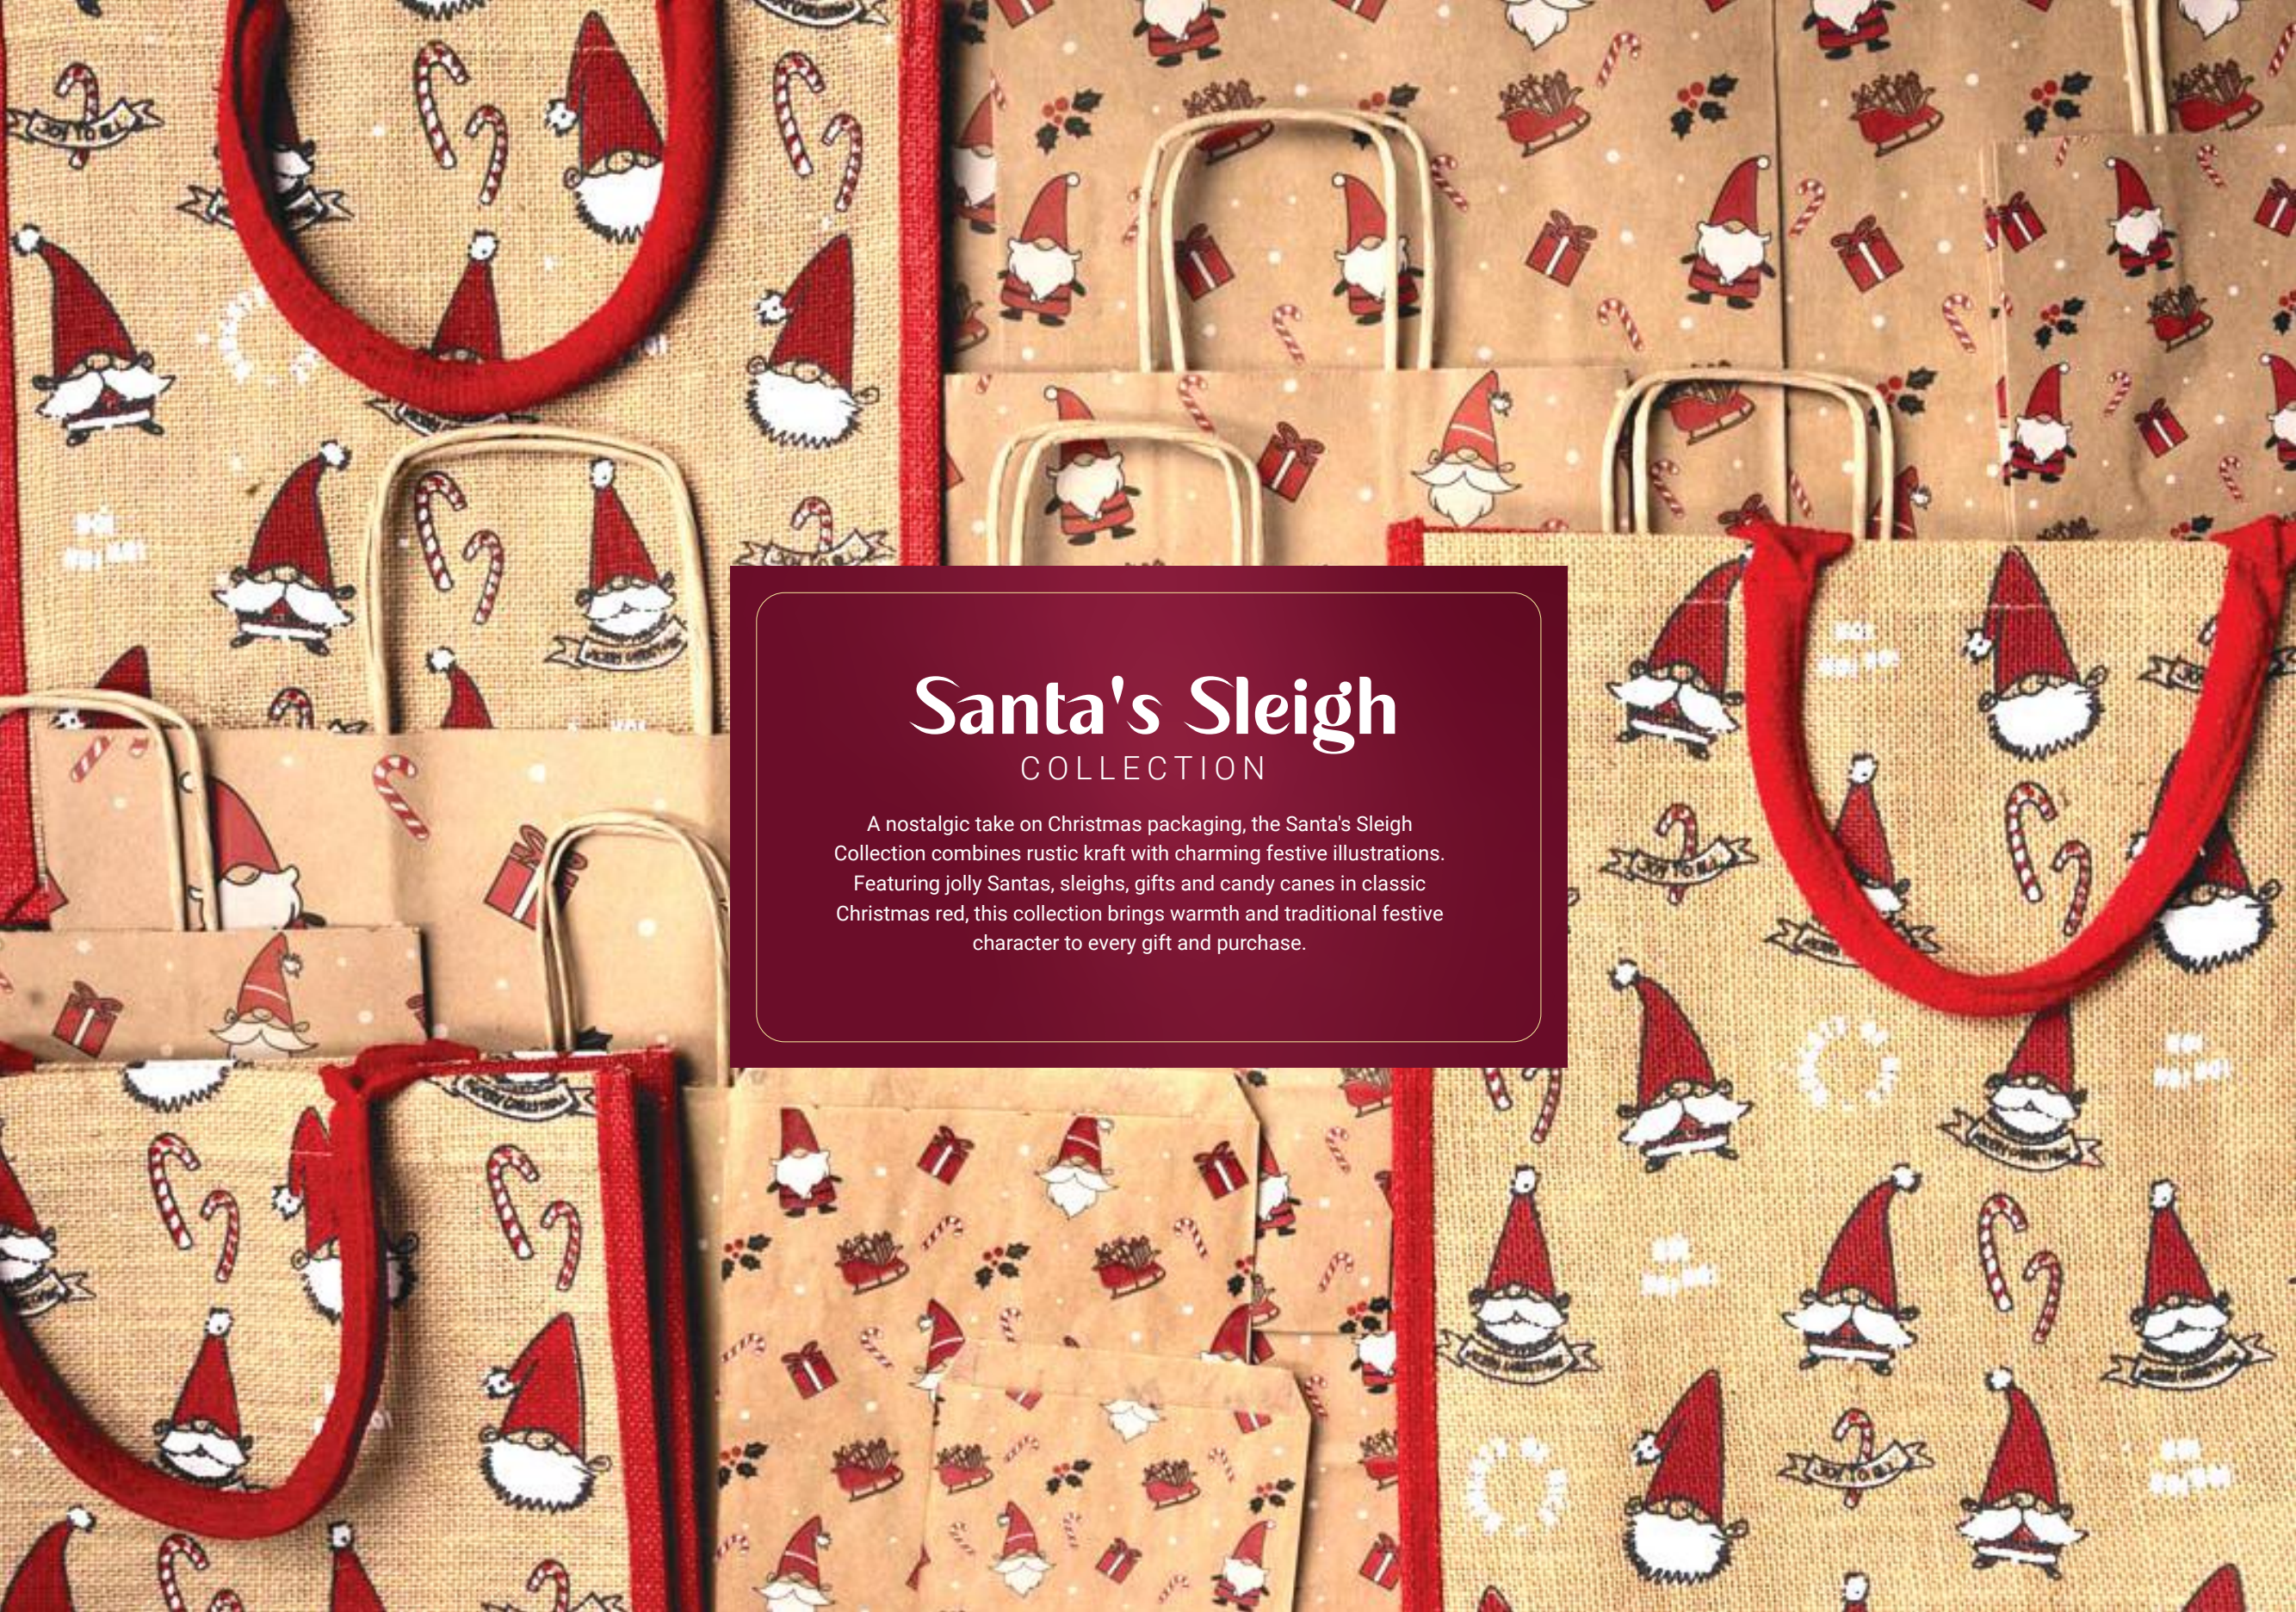

As we head into another busy festive season, we're proud to continue supporting thousands of businesses with their Christmas packaging. With 4.8/5 rating, your continued support means a great deal to our team.

Whatever the festive season brings, we're here to help make your packaging simple, seamless and ready for the busiest time of the year.

We hope you enjoy exploring the collection and make sure to keep a look out for a little festive treat along the way.

Let the festive packing begin,

Case Studies

The Client

V80 Caffè is a luxury mobile espresso experience built around a bespoke 1986 Ferrari, bringing together two passions: Italian automotive heritage and exceptional coffee. Created to offer something people had never seen before, V80 Caffè serves more than just coffee, it creates an experience that becomes part of the event itself. Every detail, from the coffee to the presentation, is designed to leave a lasting impression.

The Brief

To create premium branded coffee cups that reflected the luxury feel of the V80 Caffè brand, combining striking visual appeal with exceptional print quality.

The Solution

We produced premium branded paper cups that complemented the V80 Caffè experience, combining a clean, elegant design with a high-quality finish. The finished cups reinforce the brand's luxury image while ensuring every coffee served becomes part of the memorable customer experience.

Testimonial

"The whole process was straightforward from start to finish. The team were responsive, helpful and made it easy to achieve the final design we were looking for. The finished cups exceeded our expectations and have become a key part of the V80 experience."

The Client

Royal Museums Greenwich is an organisation comprising four museums in Greenwich, London. The National Maritime Museum, Queen's House, Royal Observatory, Greenwich and Cutty Sark. They wanted to collaborate with us to create a bespoke paper bag that featured their iconic logo.

The Brief

To replace the plastic bags for the retail shops with a new range of paper carrier bags. The design was to be sophisticated and attractive and to adhere to the corporate colours and guidelines incorporating the RMG branding.

The Solution

Knowing that the RMG were looking to reduce their use of plastic packaging we designed and manufactured for them a range of paper bags made with 100% recyclable FSC kraft with part recycled content. Also RMG were also looking to encourage their customers to reuse their packaging and so we printed the "Reduce, Reuse, Recycle" message on the base to discourage from single use.

Testimonial

"It was a pleasure to work with Rocaba on our bespoke paper bag project at Royal Museums Greenwich. Rocaba were keen to collaborate and took time to understand our brief, offering design support and following up efficiently through a number of revisions to arrive at the final product. We're thrilled with the end result and have received excellent feedback both internally and externally."
