

A large, modern exhibition pavilion for Airbus, featuring a prominent white and black stylized 'A' logo. The pavilion is situated outdoors at sunset, with a bright sun low on the horizon creating a warm, golden glow and long shadows. Several flags with the Airbus logo are flying on tall poles around the structure. The sky is filled with soft, wispy clouds.

CHALETS & PAVILIONS

Our chalets and pavilions provide premium, functional spaces for large-scale public events. Designed for hosting, networking, or brand immersion, these spaces reflect thoughtful architectural styling and operational flexibility.

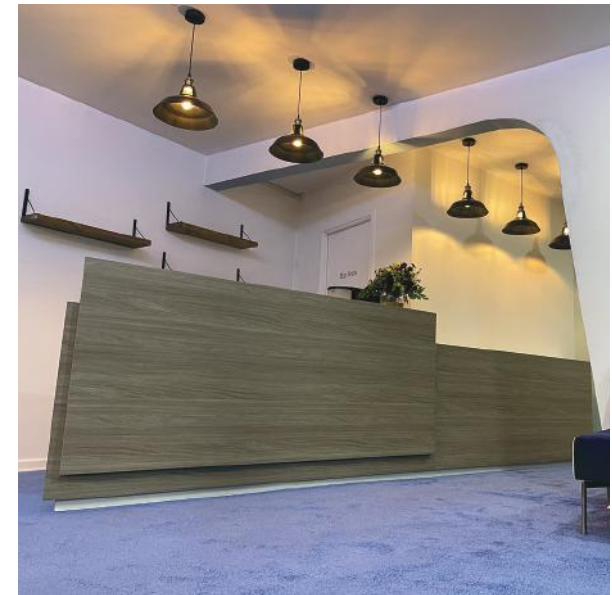

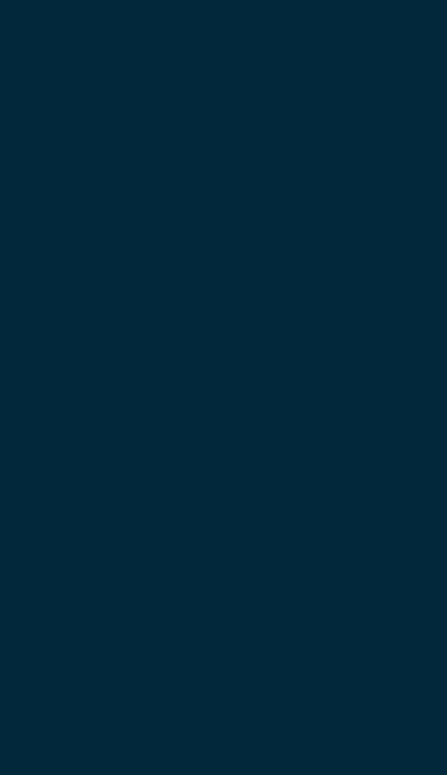

KEY FEATURES

- Architecturally styled temporary structures
- Custom interiors including meeting zones, lounges, dining areas
- Branded signage and wayfinding elements
- Climate control, lighting, and AV options
- Rapid installation and compliant site management

CASE STUDIES

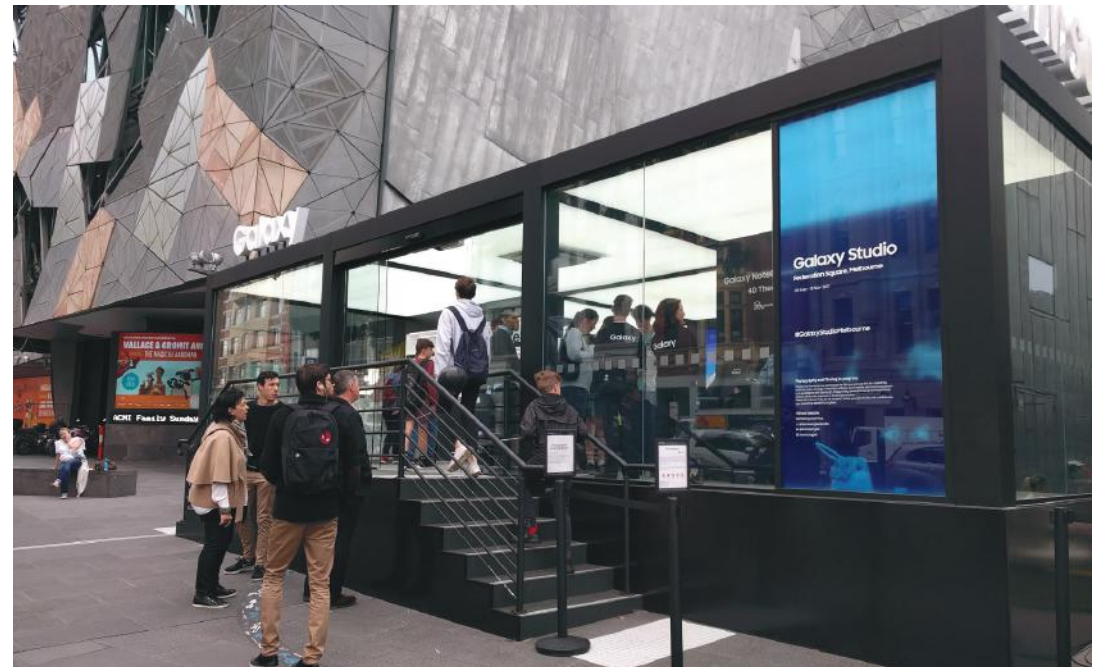

Airbus Chalet, China

Designed purely for hospitality, the space included fully enclosed meeting rooms, dedicated dining, and lounge areas. Delivering high-comfort experiences for senior clients and delegations.

Samsung Galaxy Studio, Federation Square

High-traffic public pavilion with interactive brand experiences, photo ops, and product testing in a purpose-built, street-level enclosure.
