

X-PRESS GRAPH-X

Leading art & craft specialists

WHOLESALE

Catalogue 2026-2027

35 years of creative excellence

Since 1991 X-Press Graph-X Australia has been building our range of premium quality art, craft and stationary supplies from around the globe, whilst ensuring that our team provides the best possible service and support to our customers. 35 years later we are proud to continue offering world leading brands and a broad range of innovative products.

We remain committed to supporting local manufacturing through our speciality range of X-Press It Adhesives, which continue to be produced in our home location in Melbourne.

We would not be where we are today if it were not for the support of our customers and we are truly grateful for your ongoing loyalty.

In our 2026-2027 catalogue you will continue to find a wide range of products from leading brands including: Copic, Royal Talens, Sakura, Gel Press, MABEF, Slice, X-Press It and more.

This year we have taken the opportunity to refresh the catalogue and you will notice that there are a few items marked as clearance, providing you with the opportunity to purchase stock of these items at incredible prices whilst stock lasts. Please note, that clearance pricing is available for purchases made through the website only.

There are a few new additions including some exciting new Gelly Roll sets and Note Books from Sakura.

We remain committed to our sustainability objectives and encourage you to use our website rather than a printed catalogue. The website allows you to easily place orders whilst also providing you with the most up to date pricing and stock information.

We continue to extend our support to local artists through our feature artist and ambassador programs and encourage you to view and share the inspirational content which we post regularly on our social media channels.

We look forward to sharing a positive 2026-2027 and to continuing to provide you with the high standards you have come to expect from us including: competitive pricing, premium products, consistent stock, timely dispatch of orders and friendly customer support.

Prices

Prices listed are subject to variation without notice, however where possible one month's notice will be provided. All prices listed are exclusive of GST. Prices are valid from 1st of October 2026.

Orders

Opening orders for new accounts have minimum order value of \$500 ex gst and freight. Minimum order value is \$350 ex gst and freight. Orders below \$350 may be authorised, subject to a \$25 administration fee. To increase efficiency and assist in minimizing errors we recommend that all orders are placed using product codes as listed in this catalogue. Please note orders for items marked as "indent" cannot be cancelled.

X-Press Graph-X will only supply products to authorised retailers who intend to sell the products within bricks and mortar stores or dedicated company specific websites (with independent domain addresses and an active shopping cart). This company policy, reflects our corporate philosophy and takes into consideration the merchandising, advertising and brand positioning of our products.

Payment Terms

Where accounts have been authorised, payment terms are strictly 30 days nett. Late payments will incur a 2% surcharge. Late payments may result in payment terms being revoked.

Payments for COD customers will need to be cleared prior to goods being dispatched.

Payments may be made through direct electronic transfer to the following account:

Account Name: X-Press Graph-X Pty Ltd

iPay 3-337 Account Number: 987616611
accounts@xpressgraphx.com.au

Payments may also be made by credit card (Mastercard or Visa) by visiting our web site at www.xpressgraphx.com.au or call 03 9585 4455. Credit card payments do not incur an additional fee

X-Press Graph-X reserves the right to stop supply to any customer who's account is overdue until the amount is paid in full.

Freight

Freight is payable by the customer unless alternate arrangements have been authorised by X-Press Graph-X. Oversized, bulky or hazardous items attract an additional surcharge. A remote area surcharge may apply. Where forklift facilities are not available, a hand off load fee may apply.

Delivery

All orders will be dispatched as soon as possible. In the event that an item is out of stock, this will be identified on the invoice. We suggest you re-order or contact us to arrange a back order. Back orders will not be kept unless specific arrangements have been made. All back orders will be dispatched automatically when goods are back in stock.

Claims

The customer must advise X-Press Graph-X in writing of any claim for damaged or faulty goods within 10 days of the date of invoice. Any claims must be fully documented and the invoice number and proof of delivery reference must be provided. Where goods are identified as being damaged in transit the proof of delivery notice must reflect this. All claims will be subject to investigation by X-Press Graph-X before a decision is made.

Returns

Stock can not be returned without prior approval (including defective goods). Returns approval requests will only be processed if sought within 10 days of the date on invoice and all returns must have an approved return authorisation number from X-Press Graph-X prior to being returned (to report a return and obtain a return authorisation number email support@xpressgraphx.com.au). Unauthorised returns will be refused and not accepted and will be returned to the customer at the customer's expense. Where approval is granted, stock must be returned in saleable condition, in original packaging and with no markings. Customer returns may incur a re-stocking fee of 20% of the cost of the stock returned. Freight surcharges may also be applicable.

Merchandise

All merchandise and display stands remain the property of X-Press Graph-X and are strictly for the display of X-Press Graph-X products.

Risk and Title

X-Press Graph-X retains ownership of, or title in, all goods supplied by it and reserves the right to dispose of the goods until such time as payment is made in full and all liability for amounts owing by the customer to X-Press Graph-X is discharged.

The risk in all goods sold or supplied passes to the customer on delivery to the customer.

Upon receipt or delivery of the goods, the customer must ensure that the goods are insured until X-Press Graph-X has been paid in full.

Security Interest

1. (a) For value received or to be received the customer grants to X-Press Graph-X a security interest in all goods supplied or any after-acquired goods (inventory) and their proceeds. The security interest secures the due and punctual payment of all money payable to X-Press Graph-X. Any account arising by virtue of a sale of any goods supplied takes effect as a transfer. The security interest created by these terms is a continuing security and is a first ranking purchase money security interest in respect of the goods as inventory.

(b) These terms are effective from the date the customer signed the application or the customer places an order as a security interest and is a security agreement within the meaning of the Act.

(c) The customer agrees that X-Press Graph-X may register a financing statement including any financing change statement on the register.

(d) The customer waives its rights to receive a copy of any verification statement in respect of the security interest provided for by these terms.

(e) The customer agrees to immediately reimburse X-Press Graph-X for all costs, expenses and other charges incurred, expended or payable by X-Press Graph-X in relation to the filing of a financing statement, or a financing change statement or releasing the security interest created by these terms.

(f) The customer acknowledges that it is not the owner of the goods and as such if chapter 4 of the Act applies to these terms, X-Press Graph-X and the customer contract out of the enforcement provisions in section 115(1) of the Act.

(g) The customer irrevocably authorises X-Press Graph-X and any of its lawful agents, at any reasonable time, to enter its premises or any premises occupied by the customer and re-take any goods sold supplied under these terms and then re-sell those goods and retain the proceeds of the sale without prejudice to its rights to claim the balance of all moneys due under these terms. The customer indemnifies and agrees to keep X-Press Graph-X indemnified in respect of any such entry.

(h) The provisions of this clause survive the termination of these Trade Terms and shall carry on for the benefit of X-Press Graph-X.

(i) For the purposes of this clause:

- (i) Act meaning the Personal Property Securities Act 2009 (Cth).
- (ii) Account, financing statement, financing change statement; inventory, proceeds, purchase money security interest, register, security interest and verification statement have the meanings given to them in the Act.

2. Despite clause 1 above, the customer may sell the goods to a third party in the ordinary course of its business of selling goods of the kind supplied by X-Press Graph-X and deliver them to that party provided that:

a) Where the customer is paid by the third party and X-Press Graph-X has not been paid by the customer for the goods pursuant to these Terms, the customer holds the whole of the proceeds of sale on trust for X-Press Graph-X and must pay such proceeds into a special bank account into which no other moneys other than proceeds of sale by the customer of X-Press Graph-X goods are deposited and which shall incorporate as part of the title of the account "Proceeds of sale of X-Press Graph-X goods";

b) Where the customer is not paid by that third party and X-Press Graph-X has not been paid by the customer for those goods the customer agrees, at the option of X-Press Graph-X, that X-Press Graph-X may collect that account on giving the customer notice in writing to that effect. X-Press Graph-X shall be entitled to issue proceedings in the name of the customer against the third party for recovery of that account for the benefit of X-Press Graph-X ;and

c) The customer shall keep full and complete records of goods it has purchased from X-Press Graph-X, including details of the date, price and identity of the goods.

Terms Apply To All Orders

The customer agrees that these terms apply to all orders placed with X-Press Graph-X, notwithstanding any other agreement or arrangement, whether subject to these terms or not, between the parties.

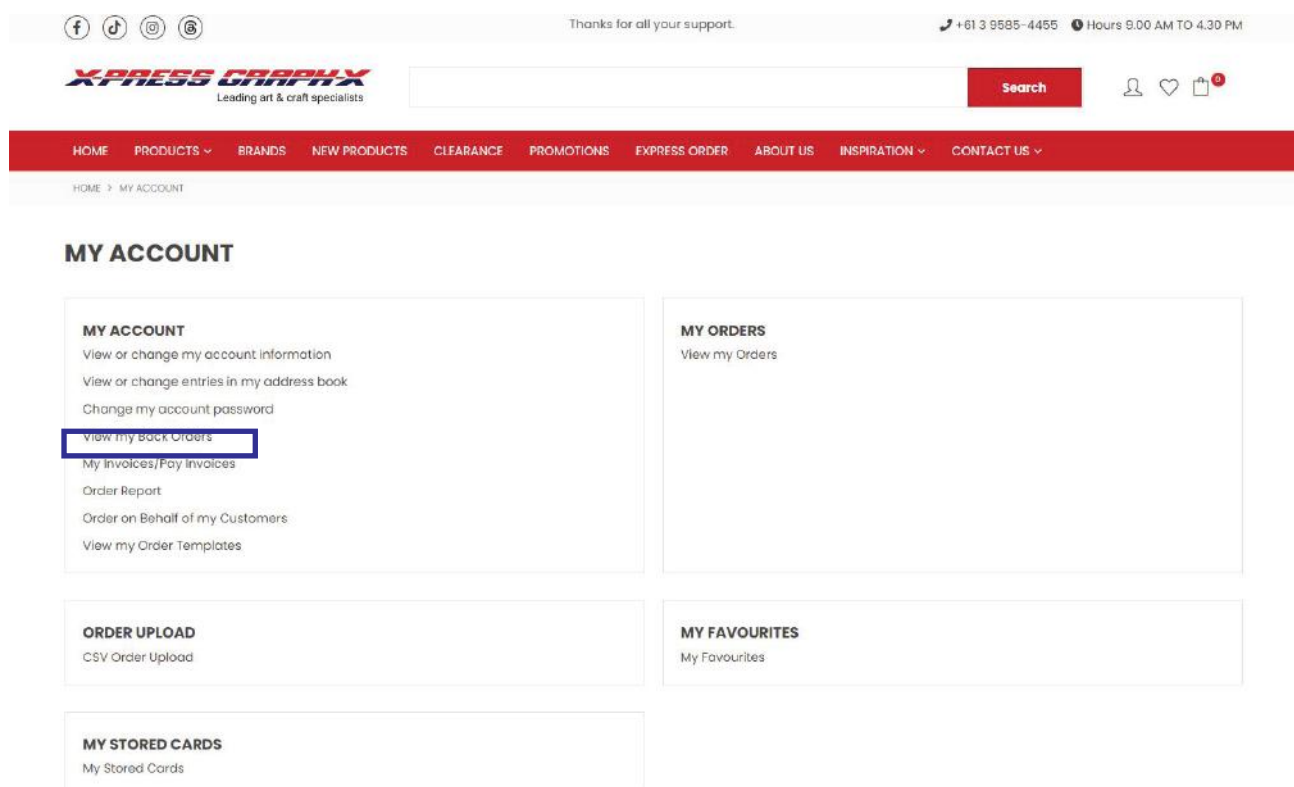

If the customer acts in the capacity as Trustee of any Trust, the customer acknowledges and agrees that these terms apply to any order for the purchase of goods and services from X-Press Graph-X in its own right and in its capacity as Trustee of any such trust and that the rights of indemnity available to the Trustee will not be abrogated.

Disclaimer

Care has been taken to ensure that information provided is true and correct to the best of our knowledge at the time of publishing.

Colours shown are as accurate as printing reproduction methods permit. Actual colours may vary with application to surfaces.

Payments can be made online. Under the "my account" section.

The screenshot displays the X-Press Graph-X website interface. At the top, there's a header with social media icons (Facebook, Twitter, Instagram, LinkedIn) and a message "Thanks for all your support." followed by a phone number and hours. Below this is a navigation bar with links: HOME, PRODUCTS, BRANDS, NEW PRODUCTS, CLEARANCE, PROMOTIONS, EXPRESS ORDER, ABOUT US, INSPIRATION, and CONTACT US. The main content area is titled "MY ACCOUNT" and contains several sections: "MY ACCOUNT" with links to view/change account info, address book, password, back orders, invoices, order report, and order on behalf of customers; "ORDER UPLOAD" with a link for CSV upload; "MY STORED CARDS" with a link to view stored cards; "MY ORDERS" with a link to view orders; and "MY FAVOURITES" with a link to view favourites.

Nouvel Carré Pastels

- A semi-hard squared pastel
- Very smooth and soft application on paper
- The square shape (8x8mmx60mm) is convenient for both detailed and sketch work
- The corners provide a sharp point while the side of the stick allows broad strokes
- Clean and easy to use. The pastels will not crumble or powder in hands
- In combination with other materials like water colours, ink colours or acrylic colours, very unique and different results are possible

Rembrandt Soft Pastels

Rembrandt soft pastels are world renowned, professional-quality sticks that are manufactured with only the purest pigments and finest quality kaolin clay. They are made in The Netherlands under strict quality control standards. Each colour is made with unique pigmentation formulas. These round sticks have excellent softness for beautiful colour release and toning.

- 218 colours
- Lightfast
- Made in Holland

Amsterdam Acrylic Paint

The Characteristics

- A very high level of lightfastness, thanks to the use of pure and non-fading pigments. Even after several decades the works of art created with Amsterdam Acrylics retain their original colour
- 102 colours - including 23 specialty colours
- An exceptionally durable paint film (the binding agent consists of 100% acrylic resin), for an everlasting results
- Alkali resistant and consequently suitable for wall paintings.

Ease of use

- The paint can be thinned easily with water
- Short drying time: thin films of paint dry within half an hour
- The specific preparation method makes the paint practically odourless
- The Specialties can be combined perfectly with the other colours of the Amsterdam Series
- Easy to use with the Amsterdam dosing nozzle available to use with the 120ml tubes

Gouache Extra Fine

A gouache is an opaque paint with a high pigment load that completely obscures the surface. The opacity of the paint is obtained by using opaque fillings. Gouache is often used by designers and illustrators and for educational purposes.

- Top quality gouache colour for artists, designers and illustrators as well as for education
- High pigmentation resulting in powerful colours
- Dries within a few minutes to a uniform, velvety, matt and opaque appearance
- Large choice of 60 intense colours

Cobra Water Mixable Oil Colours

Cobra Artist is an artists' quality water-mixable oil paint with an exceptionally high degree of pigmentation. Only the very best pigments and oils are used to create these colours. Consists of 100 transparent, semi-transparent, semi-opaque and opaque colours. They all have the highest degree of light-fastness (+++) and will remain unchanged for at least 100 years under museum conditions. 100 colours available in 40ml tubes and 30 colours available in 150ml tubes.

Expression

With the colour pencils of the Bruynzeel Expression series, you can add beautiful tints to your colour palette without having to press hard. The colour core of these pencils measures 3.3 mm in diameter and is made of high quality pigments for an extra effective colour transfer. The Expression series of colour pencils are available in 4 tins. A basic set with the 12 most popular colours. In addition, this range comprises more comprehensive sets of 24,36 and 72 colour pencils in order to add more nuance to your drawings.

Coloured Pencils

Archival Mediums

The flexibility of Archival Oils, when used with Archival Mediums, is such that over painted layers can stretch to accommodate movement as the painting settles down and cures and this is why they can be used with such freedom of technique.

The Archival Mediums, are based on fast drying alkyd resins and present an array of possible techniques beyond what is possible with 'traditional' mediums. All Archival Mediums (except Classic) are very fast drying.

Gel Press Placement Tool

- Ensures accurate placement
- Creates clean 1/2" borders
- Aligns layered prints
- Improves print registration
- Consistent print positioning

NEW

Code	Description	Size	Pack Qty
GP10827	Gel Press Placement Tool	4"/ 100mm	3

X-Press It Premium Brayer

- Soft rubber brayer
- Solid construction
- Even colour transfer
- Comfortable handle with hanging hole
- Perfect for use with Gel Press mono printing plates

Code	Description	Size	Pack Qty
XPPB4	X-Press It Premium Brayer	4"/ 100mm	1

Step 1:
Remove clear film and apply paint to the exposed gel plate

Step 2:
Roll paint on as a thin layer with brayer

Step 3:
Create designs by pressing textured objects into wet paint

Step 4:
Lay paper (not glossy) onto painted surface

Step 5:
Gently rub paper with hands to create a transfer image onto the paper

Step 6:
Pull paper from printing plate to reveal your masterpiece
