WENZHOU SPIRIT PLAYGROUND EQUIPMENT CO.,LTD.

ABOUT US

WENZHOU SPIRIT PLAYGROUND EQUIPMENT CO.,LTD.

Major Products: Outdoor & Indoor Playground, Trampoline Park, Outdoor Fitness, Soft Play, Net Structure, Freestanding Play, Music Play, Water Park etc.

Applications: Amusement Park, Shopping Mall, Park, Play Center, Daycare, Kindergarten, Garden, Nurse etc.

Location: Xiaxie Village, Qiaoxia Town, Yongjia, Wenzhou City, Zhejiang, China

Factory Area: 12800 Square Meter

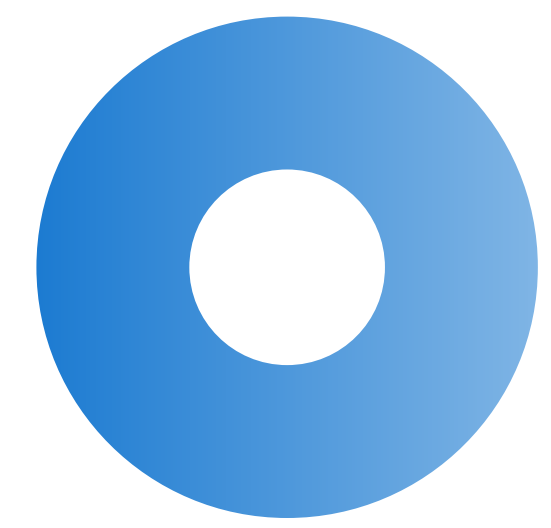

Founded: in 2005

Number of Employees: 100

Overseas Market: Asia, Europe, Mideast, Africa, North America, South America, Australia etc.

Certificates: CE, SGS, ISO9001, OHSAS18001

OEM/ODM: Accepted

Why choose us?

What's our advantage?

Why do you purchase from us?

1

S-Safety EN1176 standards

2

P-Premium technology & high quality material

3

I-Installation technology drawing

4

R-Reasonable factory price

5

I-International trade experience over 10 years

6

T-Team, experience workers team and professional design team

We are not best one, but we are trying to be your better one!!!

Outdoor playground technology proce

A.Platform

Material: The platform size is 110*110*7cm and 117*117*8.5cm,High-strength cold-rolled steel with 2mm, 8mm hole punching surface, Prevent water, according to Europe EN1176 Standard.

Platform Technical process: at First cut the required size, After phosphating degreasing rust, Sandblasting and other processes made products, Then finely polished, Through the double electrostatic spray after, High-temperature baking process then form a finished.

B.Steel tubes

Material: Galvanized pipe after welding, Main Frame 114mm diameter pipe specifications,thickness is 2.2mm.

Steel tubes technical process: Cut as request size, After phosphating degreasing rust (It is a chemical and electrochemical reaction to form phosphate chemical conversion coating process, the formation of the phosphate conversion coating called phosphate coating. The main purpose of phosphate are: to provide protection to the base metal, to a certain extent, to prevent metal corrosion; used primer before painting to improve paint adhesion and corrosion layer capacity; cold working process in the metal from friction lubrication.) , Finely polished, After sandblasting to increase spray adhesion, And then through the double semi-finished iron electrostatic spray form, Then after high-temperature ovens and other processes, finished products.

C.Plastic

Material: One of the four chemicals used ----- South Korea South Korea Honam Petrochemical For Suppliers, linear low density polyethylene plastic raw materials (LLDPE), the advantages of their products, molded high, easy milling, wind resistance strong, with good toughness and hardness, ductility anti-uv, not easy to fade and other advantages.

Plastic technical process: LLDPE Fine grinding process be carried out, and then the plastic powder to add color, UV and other processes, and then added to the abrasive plastic powder, make rotational molding. Molded plastic to go through a fixed temperature cooling process, reducing plastic shrinkage, achieve high-quality appearance, no deformation of superior products, then trimming process, the formation of product packaging archive.

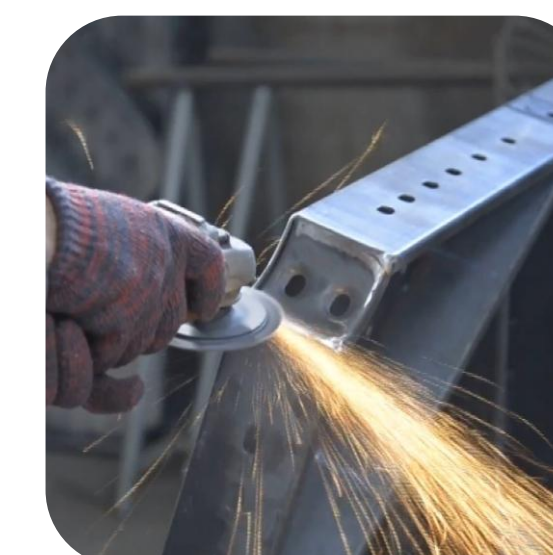

D. Cap, Belt, footdisk

Material:Aluminum alloy

Technical process: First mechanical fine grinding, sandblasting process, through the double electrostatic spray, then after high-temperature oven, forming the finished product.

E.Hardware as screws

Material: Stainless. Head screws with locknuts to ensure safety when children play, no rust, no shedding and other security features.

Warranty Terms

This warranty is valid only if the product has been subjected to normal use for the purpose for which they were designed;has not been subject to vandalism, misuse,neglect or accident;has not been subjected to addition or substitution of parts;and has not been modified or altered.

This warranty does not cover cosmetic items, for example, scratches, dents,marring,fading,discoloring,weathering,paint or decorations, normal wear and tear, or damage due to checking and warping.

This warranty will not cover any acts of God, man-made broken, incorrect installation, corrosion by moisture,chemical and pollution.

The warranty period begins on the date of proforma invoice.

20 years limited warranty on stainless components

15 years limited warranty on Powder-coated steel

10 years limited warranty on PVC-coated steel

15 years limited warranty on moulded aluminum parts

12 years limited warranty on nylon cables

12 years limited warranty on galvanized steel components

12 years limited warranty on rubber seats, rubber pads or rubber mats

12 years limited warranty on plastic components

10 years limited warranty on HDPE components

5 years limited warranty on wooden parts

5 years limited warranty on all products not listed above
production technology.

Terms&Conditions

Terms of sale

Please check your shipment carefully at time of delivery for possible damage or shortages. Although we take extra care to ensure your order is enough packed, items may become lost in transit. Check the bill of lading and packing list at the time of delivery by the freight company for accuracy and/or possible shipping damage, and please contact us for after-selling service with repair and any questions.

Terms and Conditions

Minimum Order: All orders must exceed \$5000 net in merchandise. Orders for less than \$5000 will be subject to extra handling charge, the exact amount will depends on order list.

Prices: FOB prices exclude transport cost from factory to seaport of China, packing cost and general document cost. And our prices not including clearance and duty cost of destination seaport, the exact amount is depends on destination seaport and import country policy, please contact the destination seaport agent to confirm that.

Catalogue: Due to the possibility of typographical errors in this catalogue, as well as fluctuations in raw material costs, prices and descriptions are subject to change without notice.

SPIRIT is not responsible for any inaccuracies, printing errors, contents, dimensions and image of the product contained in this catalogue.

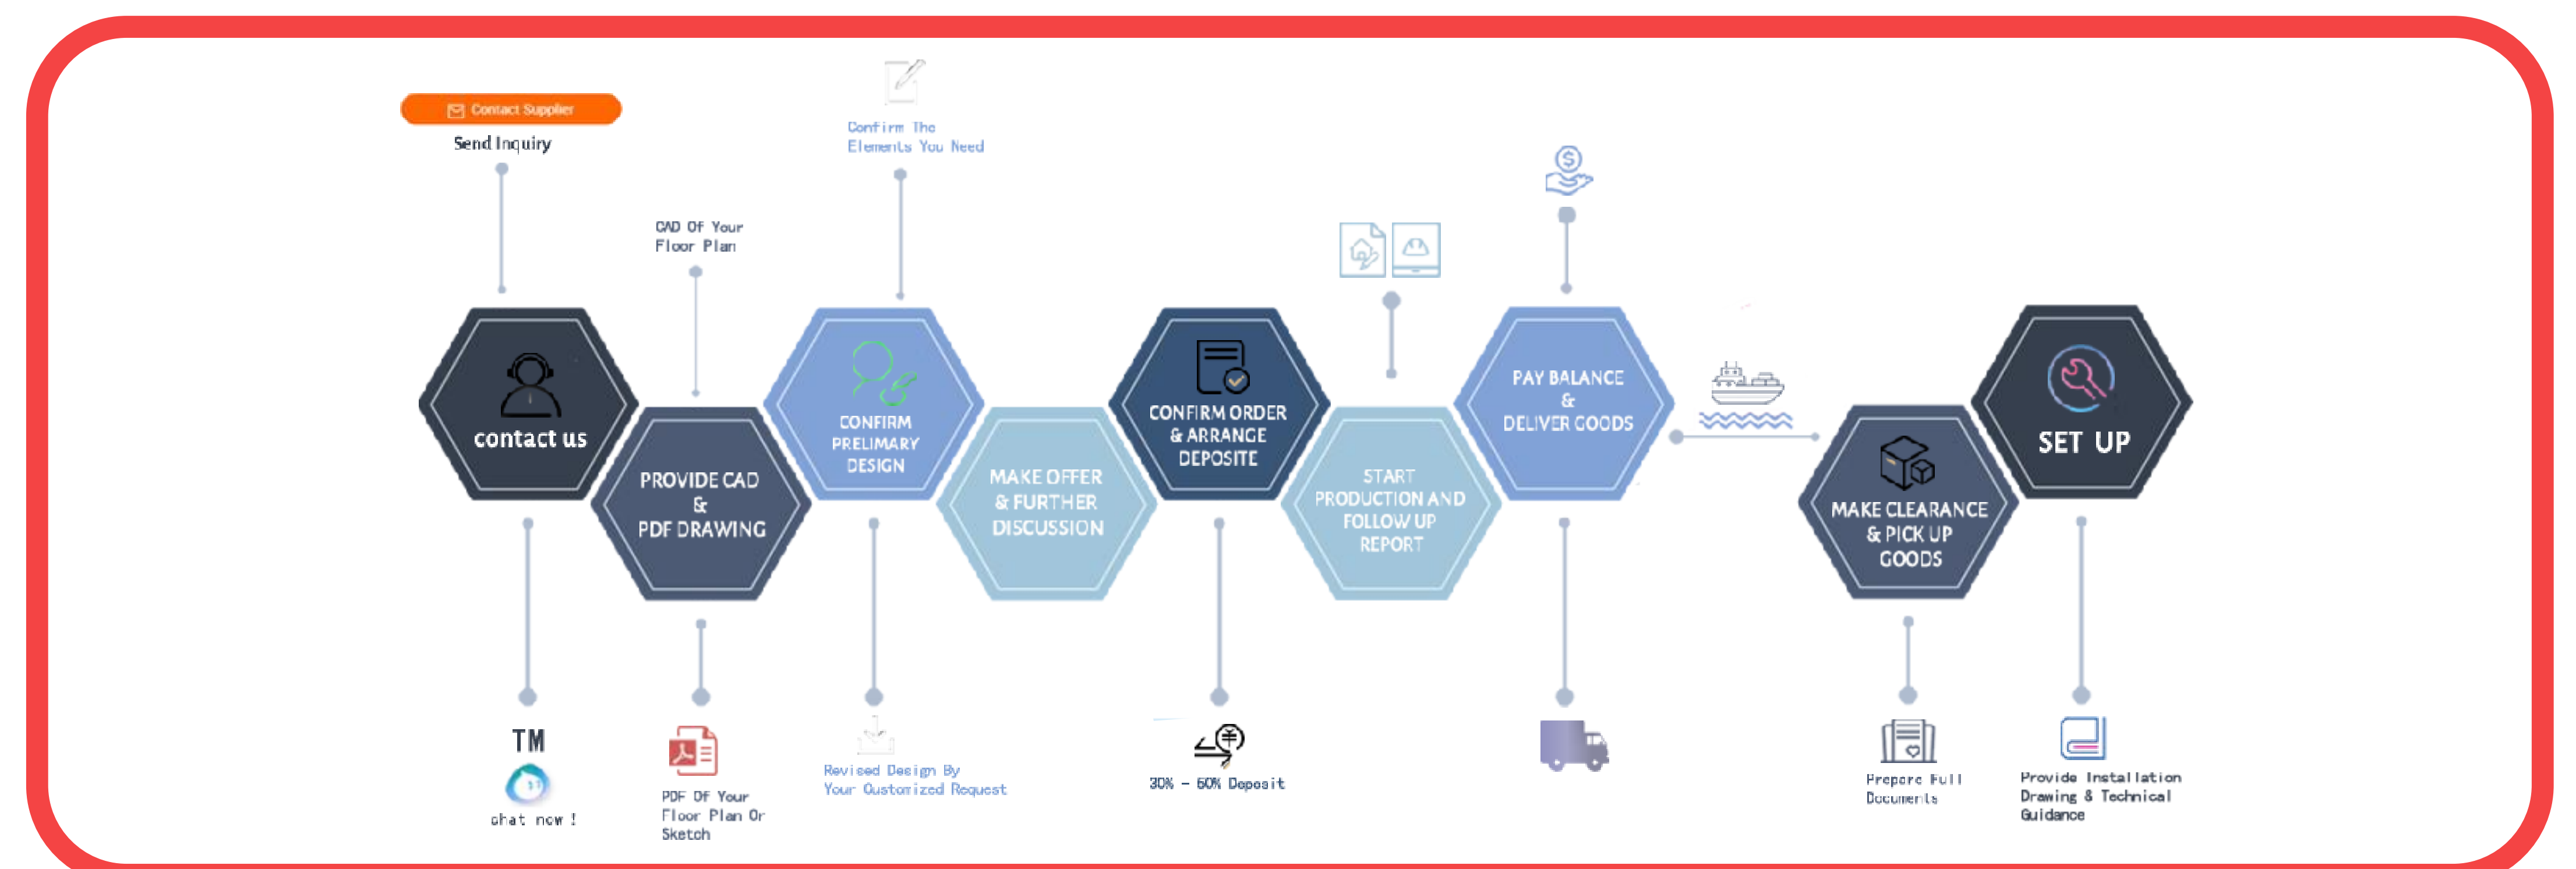

Product changes:

SPIRIT reserves the right to change product specifications or colors at any time without incurring obligations. Pictures may not reflect changes made to meet new

How to order with us?

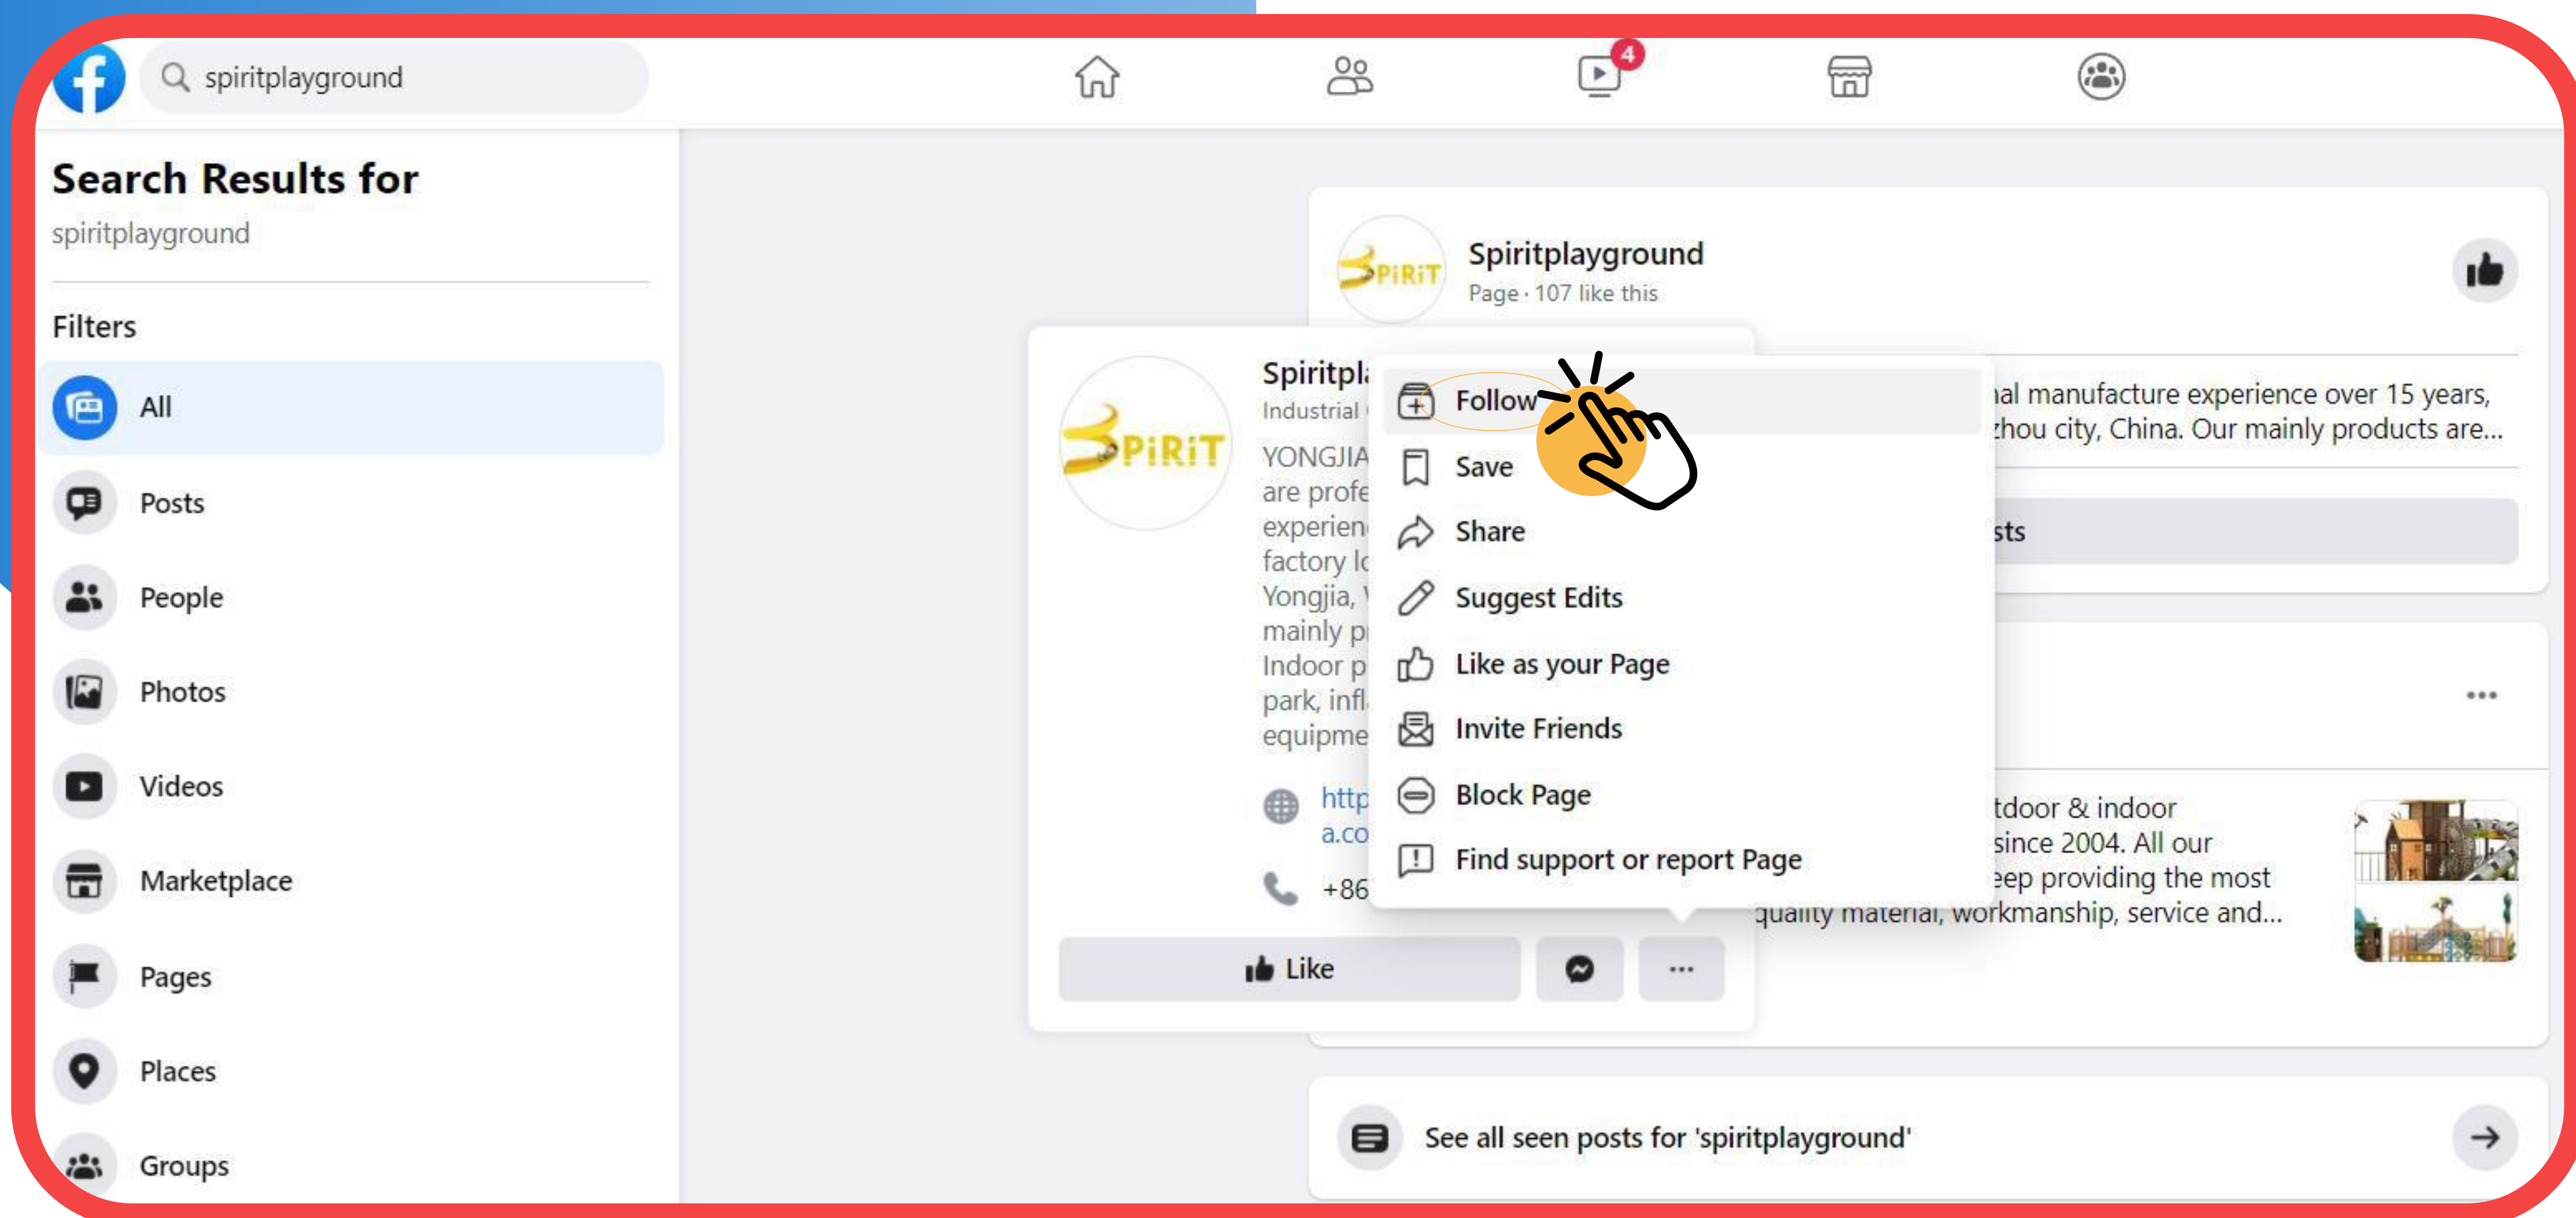

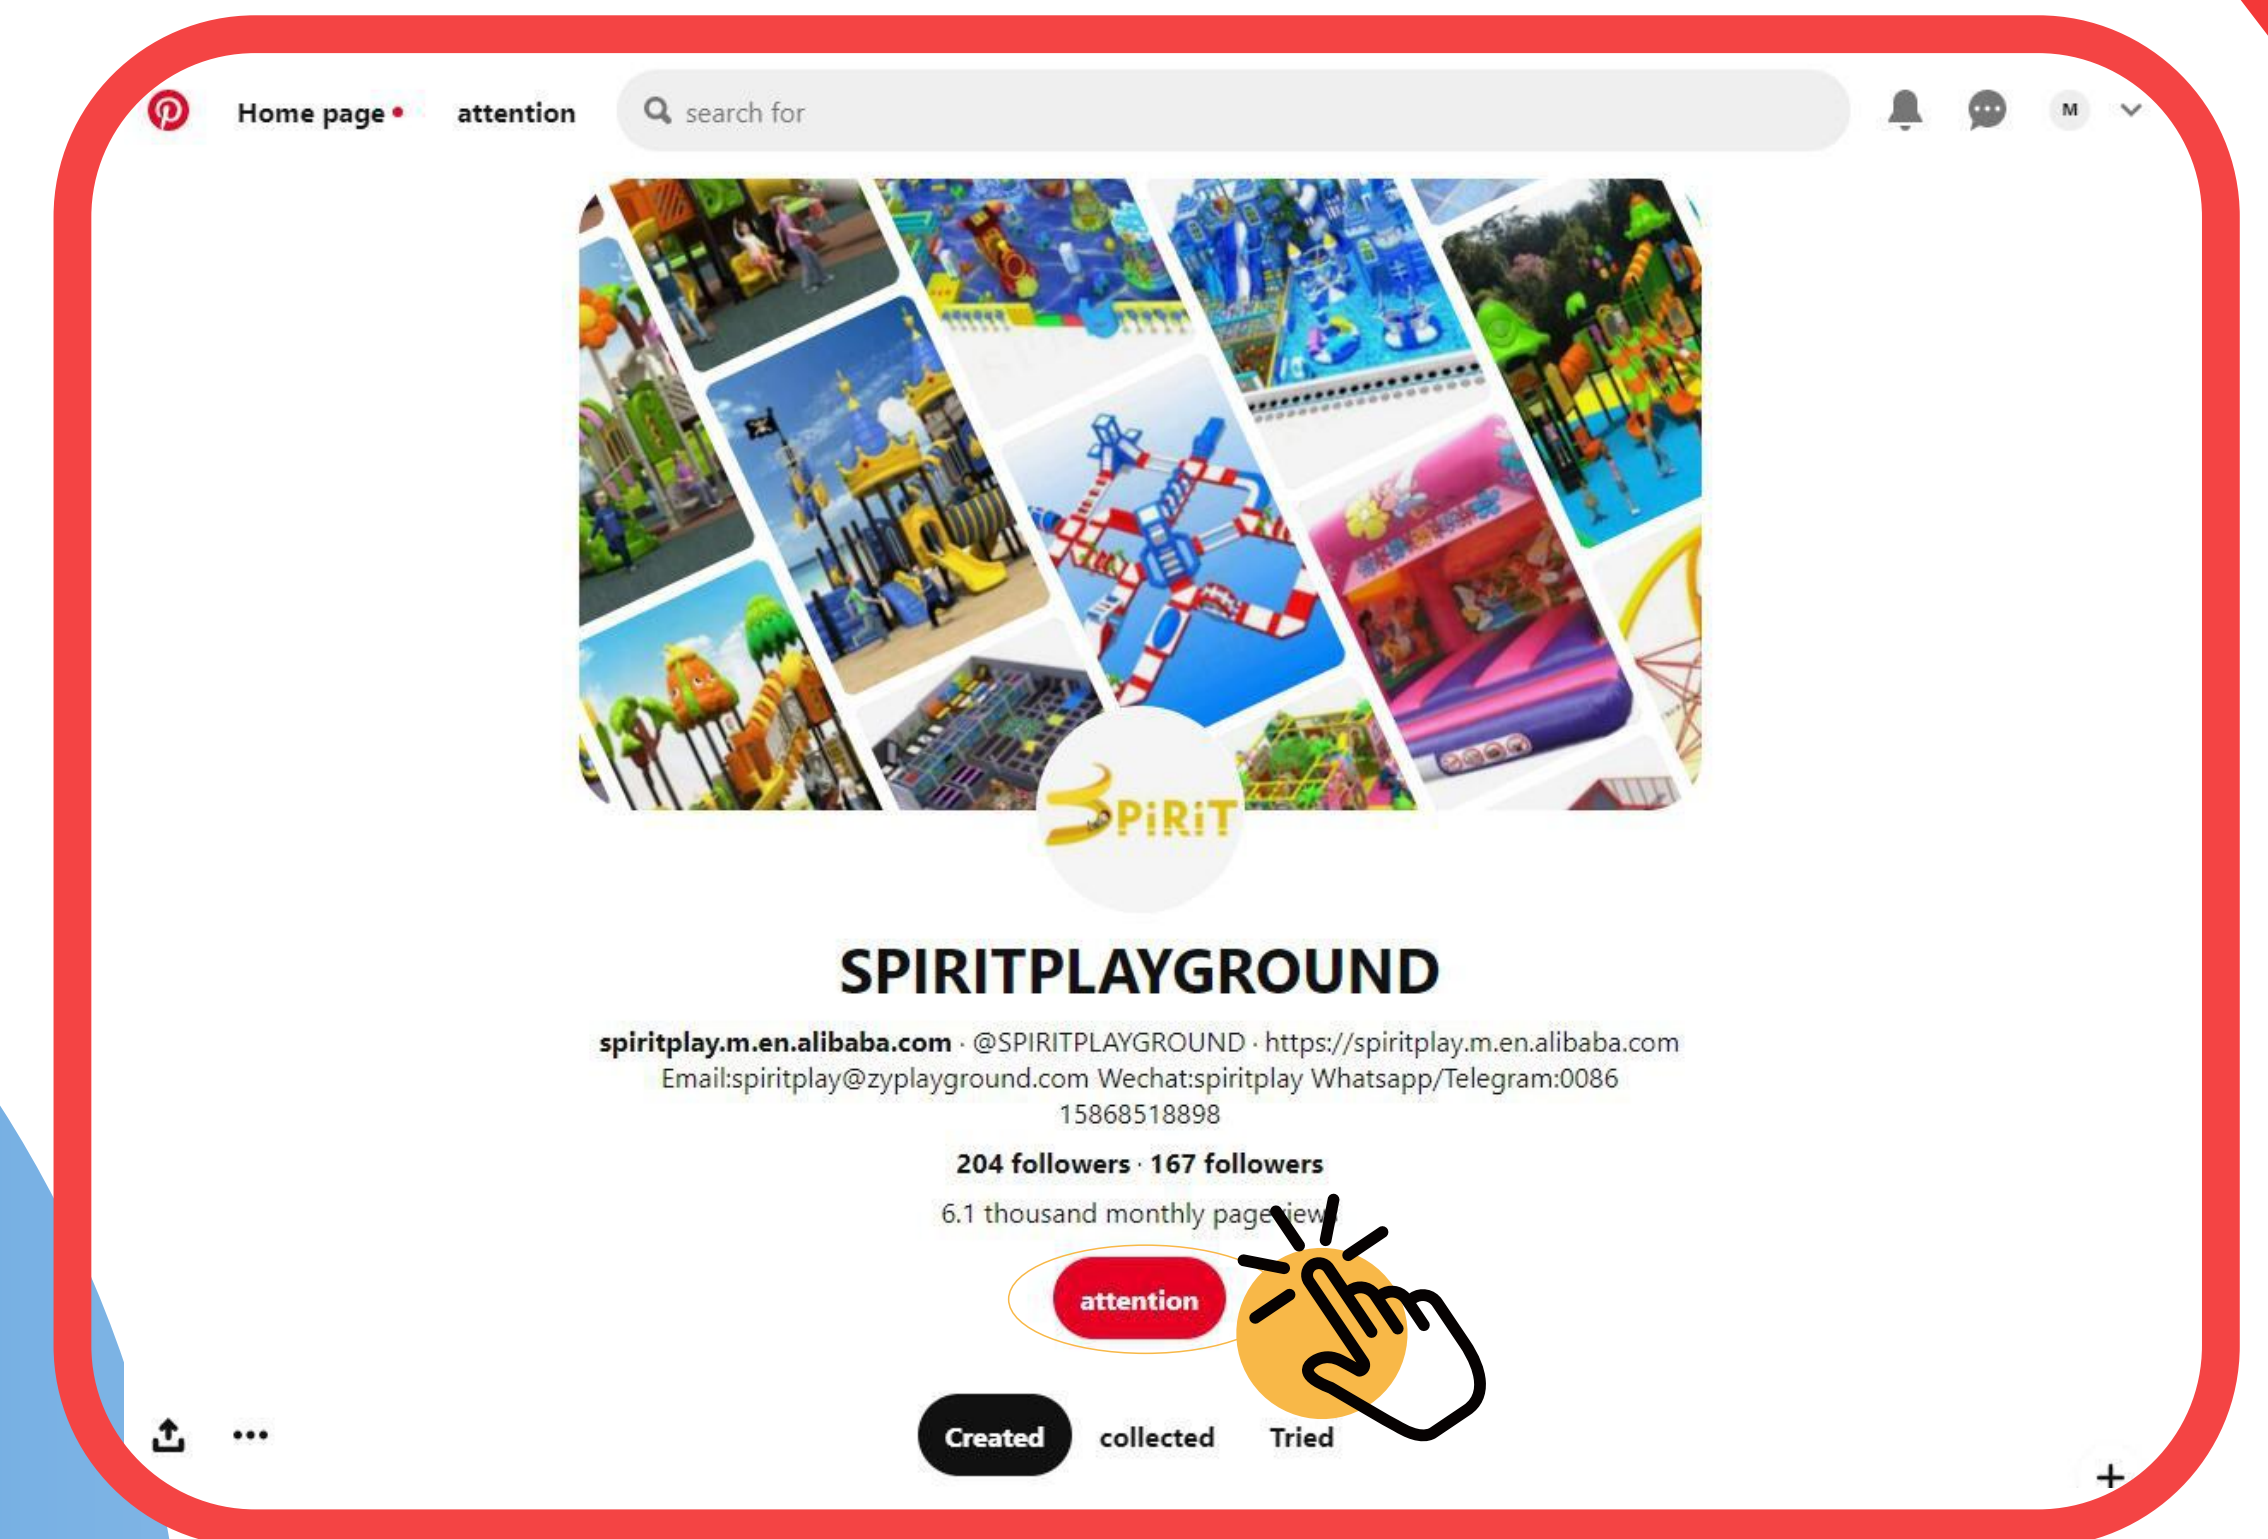

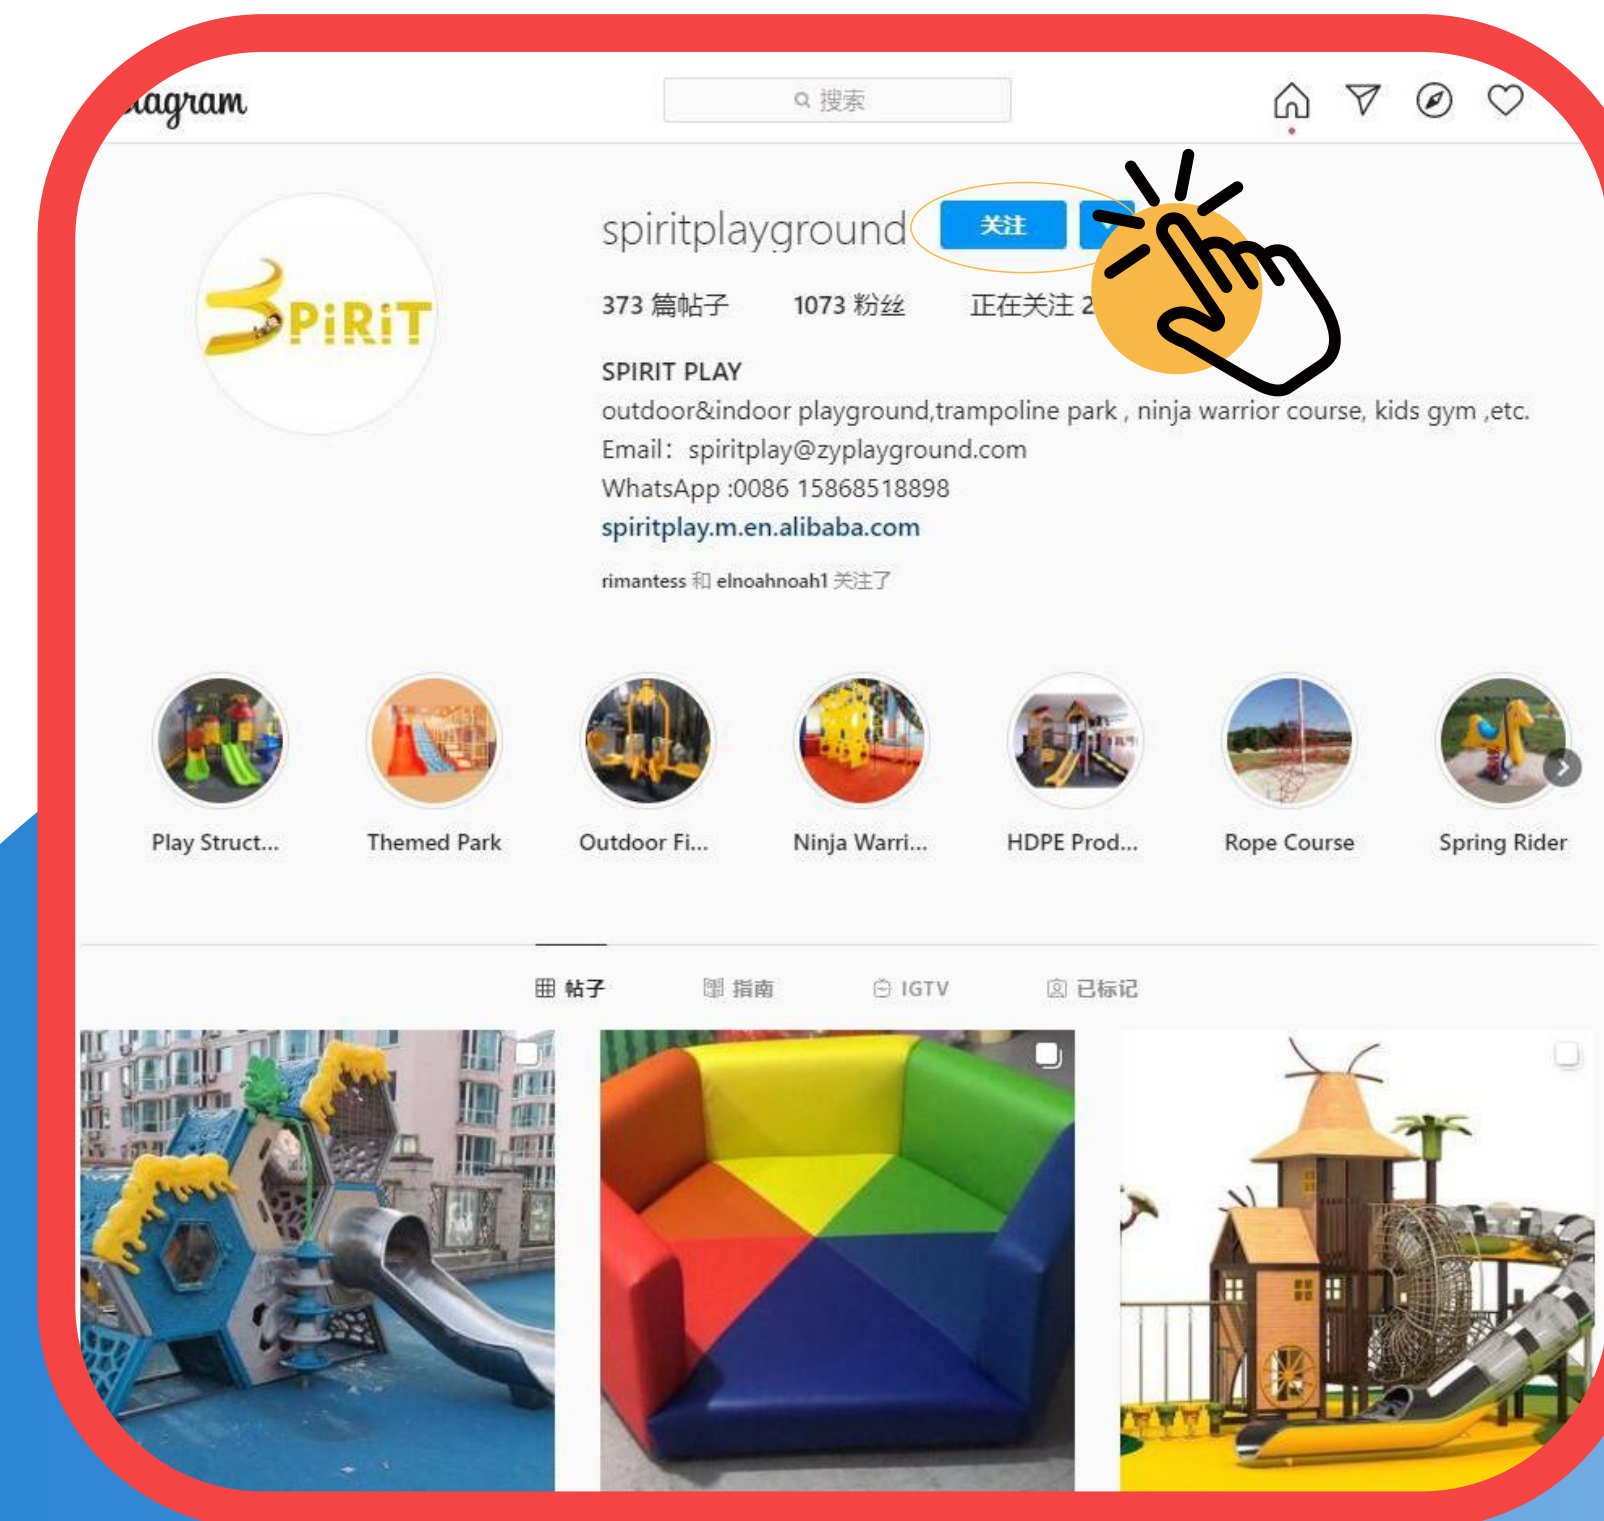

1. Inquiry-Inquiry for a Quote or Customize Design
2. Negotiation-Negotiate and confirm the order list with business terms
3. Start order-Deposit payment and start production
4. Manufacture-Carefully managing the manufacturing process at every stage.
5. Checking-Quality and packing checking before shipment
6. Shipment-Arrange loading container and offer documents
7. Clearance-Make clearance, pay duty and pick up goods back
8. Installation-Assemble the goods with installation drawing
9. Service-Maintenance and after-selling service
