WOODS ARE HOME TO A
WEALTH OF WILDLIFE.
IF WE DON'T PROTECT THOSE WE
HAVE AND CREATE NEW WOODS
OF THE FUTURE, WE STAND
TO LOSE MORE THAN
JUST TREES.

OUR PROMISE

As part of our Corporate responsibilty, we are proud to support The Woodlands Trust.

Paper; it might not seem like an obvious way to support woods and trees. However, with a little bit of innovative thinking, we have teamed up with Premier Paper who have developed a range of paper that helps businesses reduce their carbon emmisions by planting trees.

We absorb the additional costs, as this is then passed onto the Trust to fund the planting of trees, which can absorb carbon that would otherwise be released into the atmosphere.

In addition to our Woodlands Trust accreditation, we only use 100% recycled plastic to protect our lovely print projects and recycle pretty much everything we use, by supplying paper wastage to the local schools for the children to make use of.

We promise to help you practise your corporate responsibility and will always offer the most environmentally sustainable products and services.
