We are proud to be a Certified B Corporation!
It reinforces that together, we're delivering programs that are not only transformative for students, but also beneficial for communities and respectful of the planet.

We are working on becoming a carbon neutral organisation.

Short-Term Programs, Long-Term Impact.

Our Health & Well-Being Challenges enable students to step out of their comfort zone whilst developing global perspectives, learning about new cultures and fostering meaningful connections with the local community.

Global Citizenship:

Broaden your perspectives, embrace cultural diversity, and ignite a lifelong drive to make a difference in the world.

Cultural Immersion:

Discover, connect & experience - dive into vibrant local cultures, learning through meaningful cross-cultural exchange.

Community Engagement:

Lead, inspire & create change - deliver hands-on projects, building skills and leaving a lasting impact on local communities.

Every Challenges Abroad program supports the goals and objectives of our international development charity, the FutureSense Foundation.

Participants on a Challenges Abroad program are therefore, not only directly impacting the community through their project, but are part of a sustainable community development initiative that will have a long lasting, positive impact.

Nepal: Land of the Himalayas

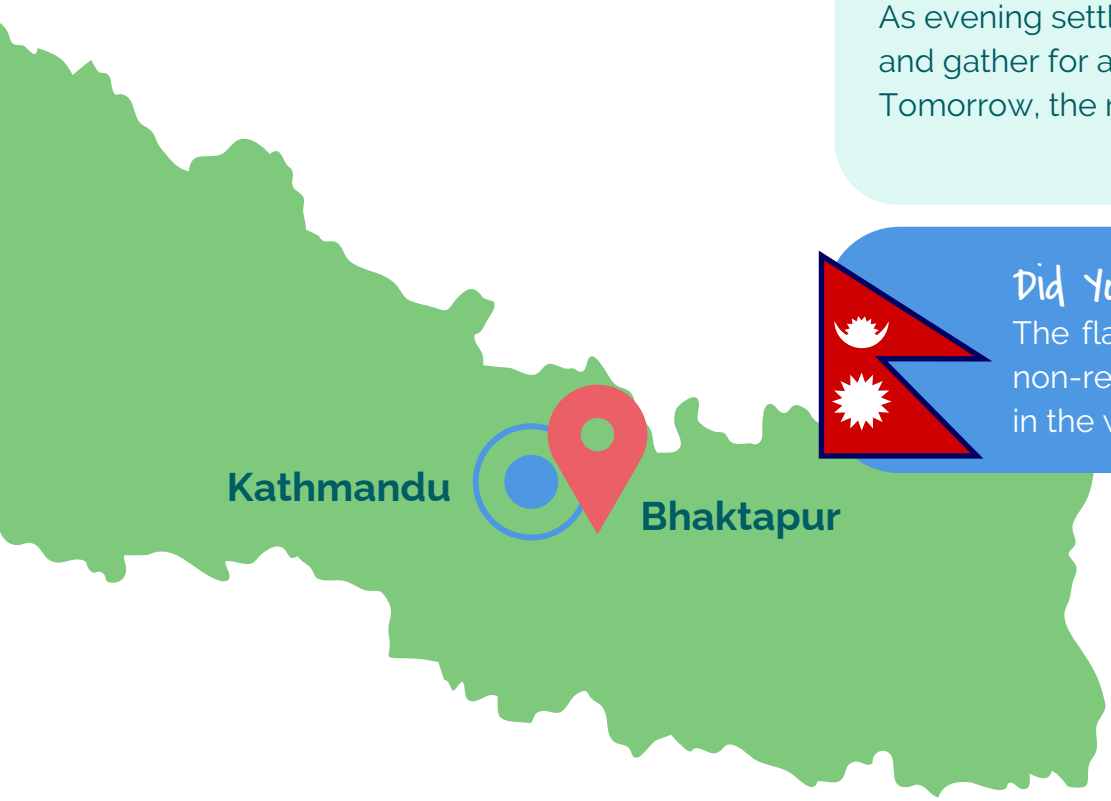

Our programs are based in the Kathmandu Valley, at the foothills of the Himalayas.

Kathmandu Valley is a bustling and vibrant area of Nepal. It's home to more than six UNESCO World Heritage sites, including the historical city of **Bhaktapur** - a hub of history and culture, making it the perfect place to explore!

Day 1
Arrival

Touch down in Nepal! Gateway to the Himalayas, Kathmandu is where ancient temples, buzzing markets and mountain energy collide in the best possible way. After being welcomed at the airport by your group mentor, transfer to nearby Bhaktapur and settle into your accommodation.

As evening settles in, explore the town and gather for a welcome dinner. Tomorrow, the real adventure begins.

Did You Know:
The flag of Nepal is the only non-rectangular national flag in the world!

Week 1

Days 2-3
Program & Cultural Orientation

The first couple of days are about building confidence, connection and excitement. You'll dive into Nepalese culture and language, get to know our Hub team supporting you throughout your challenge, learn more about the communities you'll be working alongside and how your program contributes to long-term development projects. This is where the real impact of your journey begins to take shape!

Days 4-7
Bhaktapur

Spend four immersive days embedded in the local community, contributing your skills, knowledge and passions to our long-term health promotion initiatives. With dedicated time to plan as a team, we'll help to make sure you're ready to contribute in a meaningful way - learning just as much from the community as you share. This hands-on experience builds confidence, uncovers new strengths, and leaves a lasting, sustainable impact.

Beyond your workshops, switch off and soak up Bhaktapur's vibrant and unique culture in the most authentic way.

Potential program activities:
Engaging with local health professionals and supporting the local hospital with triage and vital sign checks, leading first aid, safety & CPR workshops with local community groups, supporting community pop-up clinics and health screenings.*

*__Please note:__ these activities are best suited to students in 2nd year or above, so will be confirmed once we have the full details of your team! If you're in 1st year, you could consider our Nepal Health Promotion Challenge

Week 2

Days 8-9
Your Free Weekend to Explore!

This is your time to make the most of everything Nepal has to offer:

👉 Sample local restaurants
👉 Join traditional Nepalese cooking classes
👉 Explore local Thangka painting schools
👉 Experience the vibrancy of Durbar Square
👉 Try your hand at pottery - a significant part of Nepal's history

There are endless ways to soak up the culture!

We recommend spending your free weekend in Dhulikhel, where you can soak in the breath-taking scenes of the Himalayas. Don't miss the opportunity to hike in Nepal, visit monasteries and watch the sunrise over Nagarkot - the perfect mix of adventure, culture and discovery!

Days 10-14
Bhaktapur

These five days follow a similar rhythm to the first - contributing to health promotion activities, leading workshops, and coming together as a team to reflect on the impact you're making. The difference? You return with stronger skills, growing confidence, and deeper connections, stepping back into the community with a clearer sense of purpose. Somewhere between the first day and the last, you'll begin to recognise your own growth as a Global Citizen.

Bhaktapur feels like you've stepped back in time - with towering pagoda temples, ancient royal squares, and potters still spinning clay by hand in the heart of the city.
