CHAMPRO

TEAM CATALOG

OUR TEAM BUILDS YOURS

Dear Valued Customer,

Champro has had a remarkable year, and we genuinely thank loyal customers like you and our hardworking team for making it happen. Next year marks Champro's 40th anniversary, a milestone reflecting decades of delivering high-quality sports apparel and gear to teams. We're committed to continuing this legacy by elevating our brand and innovating to better serve our customers. Now, we're focused on building the Champro brand — elevating our visibility and impact across the industry — so more teams and dealers connect with who we are and what we stand for.

Behind the scenes, we continue to focus on the customer experience — ensuring our customer service team anticipates your needs, resolves issues quickly and creates a seamless, stress-free experience from order to delivery. With new self-service tools, streamlined communication and data-driven support, we're making it easier than ever to get the gear you need, when you need it.

Our dedication to improving every touchpoint — from product to service — continues to strengthen our relationships and expand our impact across the sports community. This year, Champro entered into a partnership with the American Association of Professional Baseball (AAPB). Through this collaboration, we've been proud to supply uniforms for league events, international competition, and marquee showcases such as the Home Run Derby and Rising Stars Players Combine.

With reliable service and products, we remain dedicated to helping you outfit and gear up athletes for their iconic moments.

Ryan Hunt
President

Express lead time: 10 business days

Embroidery and patch decoration on Champro caps.

For more information on our decoration options see Page 427 for the complete list of each decoration's details.

Apparel Tech and Fit Guide

Look for our apparel technology icons through out the catalog to see which products work best for your needs.

Four-way Stretch
Fabric that stretches in all directions, allowing for extra comfort and range of motion.

Bio-Fresh
Antimicrobial treatment protects product from mold, mildew and bacterial odors.

Cold Weather
Fabric designed to keep you warm in cold weather activities.

Color Lock
Treated to prevent color bleeding during screen printing.

Double-Ply
Reinforced with double-ply fabric in areas that need extra protection.

Dri-Gear
Fabric technology helps wick away moisture to keep athletes comfortable.

Perfect Inseam
Allows instant length adjustment up to 4 inches.

Recycled
Sustainable materials; lowering carbon emission and reducing waste.

Reversible
Item can be reversed to contrasting color for use at both home and away games.

Super-Grip
Silicone strips line the waistband to keep jersey tucked.

Ventilation
Item includes mesh fabrics or inserts to increase airflow.

UPF Rating
Garment is made of fabric with a UPF rating, which indicates the level of protection it offers from the sun's ultraviolet (UV) rays.

5-Day Lead Time
Products are available with our 5-day lead time.

Realtree
Products can be designed using Realtree patterns on the Custom Builder.

Retail Packaged
Products are packaged in our white boxed retail packaging.

Cap Profiles
Caps are available in three different profiles. Profile type is indicated next to each cap.

C Relaxed cut focused on comfort. Offers space and allows for free movement.

Classic

A Tailored cut for more muscular, athletic body shapes. Designed for performance and mobility.

Athletic

SF Snug, form-fitting cut using four-way stretch fabrics. Typically includes spandex in the fabric makeup.

Stretch-Fit

wave vs. SURGE

Which decoration option is right for your order?

Want to customize stock garments with team names, player names, logos or numbers? Wave and Surge offer fast and reliable decoration options that bring team uniforms, sportswear and bags to life!

What are Wave and Surge?

Wave is Champro's screen printing service, while Surge is our direct-to-film printing service. Both Wave and Surge allow quick customization of stock garments with team names, player names, logos and numbers.

What are the biggest differences between Wave and Surge?

Wave allows custom designs that include up to four colors. Surge offers custom designs in up to 22 colors.

When should I choose Wave?

Choose Wave for mesh fabrics or football garments, as Surge is not compatible with these materials. Wave is also the more cost-effective option for orders of 150 units or more. For orders between 25 and 149 units, pricing depends on the number of colors used.

When should I choose Surge?

If your design includes more than four colors, Surge is the way to go. It's also the more cost-effective choice for numbered jerseys and orders of 12 pieces or fewer, no matter how many colors are used.

Can all stock garments be decorated with Wave or Surge?

No, not every stock garment is compatible with both decoration methods. Wave can be applied to all stock tops and shorts, while Surge is only available on select styles. To check if a specific garment can be decorated with Surge, visit champrosports.com for details.

Is Wave or Surge better for decorating bags?

Champro only offers Surge decoration on bags.

What are the lead times on Wave and Surge?

Both Wave and Surge have a 10-day standard lead time with an upcharge for an upgraded 5-day lead time. But, lead time availability is always based on production capacity.

What are the order minimums for Wave and Surge?

There is no order minimum for either Wave or Surge!

Baseball Cores

Collegiate

Designed for elite athletes, this core features white virgin wool, a vinylon finish and a double-cushion cork center.

MBT MOISTURE BARRIER TECHNOLOGY

Double Cushion

This core provides long-term durability at high levels of play. Metered-tension winding allows the ball to retain its shape.

MBT MOISTURE BARRIER TECHNOLOGY

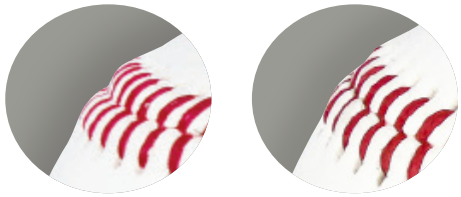

Cork and Rubber

Metered-tension winding in this core allows the ball to keep its shape and firmness during gameplay.

Bond Cork and Rubber

The C-2 poly-bond cork and rubber core is the most ideal for practice baseballs.

Baseball Seams

Flat Seam

Flat seam provides aerodynamics to increase distance and provides pitchers and hitters with true feel.

Raised Seam

Our High-M raised seam makes the ball easier to grip, offering pitchers and fielders the most control.

Collegiate Specifications Baseball

- NCAA specifications, college game ball
- Premium leather cover
- Cushion cork center
- White virgin wool with vinylon-finish winding

NEW Smart Base Plug

- Base plug that stays in the anchor during use
- Compressive spring can withstand tens of thousands of cycles
- High-strength tassel can easily be raked over
- Foam blocks out dirt from entering anchor and securely holds the tassel
- Only needs to be removed if holes are being filled in

SKU: B0SP MSRP $19.99/ea

Reduce the potential for sliding injuries with the

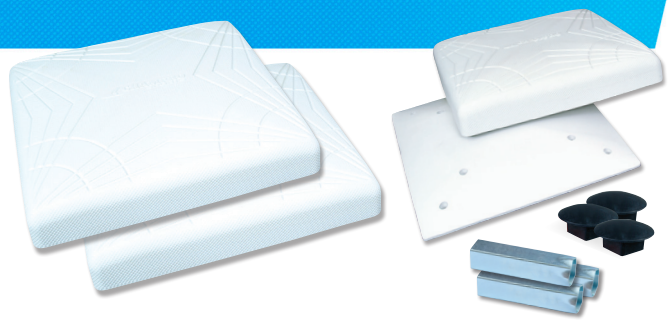

DISLODGING SAFETY BASE

The top pad supports a player standing on the base but dislodges and separates from the smooth bottom plate upon contact with sliding players. This allows the sliding player to smoothly glide over the plate after the top dislodges, while the top continues to support the standing player. The top can reconnect to the bottom plate in seconds after the play ends.

Dislodging Base System

- Official 15" x 15" size to meet Little League requirements
- Base is designed to allow the umpire to make calls as the play progresses
- Heavy-duty all-rubber pad
- Steel stanchion fits male and female anchor systems
- Three ground anchors and three plugs included
- Complies with Little League Rule 1.06

SKU: B072 **SIZE:** 15" x 15" x 3" **3 WHITE BASES** **MSRP** $613.99/set

Dislodging Double First Base System

- Official 15" x 30" double first base size to meet league requirements
- Base is designed to allow the umpire to make calls as the play progresses
- Heavy-duty all-rubber pad
- Steel double-anchor system
- Two plugs included
- Complies with Little League Rule 7.15

SKU: B073 **SIZE:** 15" x 15" x 3" **MSRP** $391.49/ea

Dislodging Base Set

- Set includes two dislodging bases and one dislodging double first base
- Official 15" x 15" size to meet Little League requirements
- Base is designed to allow the umpire to make calls as the play progresses

KNOW YOUR SOFTBALL

We manufacture a complete range of softballs to ensure that we have a ball that meets the durability and performance standards required by any league, on any team's budget. Our high-performance polyurethane cores are pressure-molded to provide maximum durability and adhere to the prescribed performance metrics of ***Little League, the National Federation of State High School Associations, USA Softball and the United States Specialty Sports Association.*** *Never let the ball slip away with our leather and durahide covers, which provide the best, longest-lasting grip on the field. Throw like a champion with our fastpitch softballs, which are equipped with our raised High-M seam and offer the feel that players prefer the most.*

Tournament Fastpitch

- Optic yellow leather cover
- Polyurethane core

Ask your local sales representative about our **Custom Softball Program!**

MSRP $112.49/dz

Softball Coding

The first letter is always "T" for Tournament or "G" for Game.

T: Leather cover and polyurethane core, high performance
G: Durahide cover and polyurethane core for all levels of play

The second and third letters are either "FP" to indicate Fastpitch or "SP" to indicate Slowpitch, which also identifies the seams.

FP: Raised seams
SP: Flat seams

The two-digit number at the end of the name indicates the coefficient of restitution (COR) of the softball.

Note: The United States Specialty Sports Association's specifications prohibit marking the COR and compression numbers on the ball.

Tournament Slowpitch

- Optic yellow leather cover
- Polyurethane core

Ask your local sales representative about our **Custom Softball Program!**

ICONIC CAMOUFLAGE REIMAGINED FOR CUSTOM TEAM UNIFORMS

Champro is proud to partner with Realtree, the industry leader in camouflage design.

Bring Realtree's iconic patterns to custom uniforms and sportswear with Juice. Whether on the field or on the court, Realtree delivers bold looks and authentic style that make athletes stand out.

REALTREE®

Realtree EDGE
A traditional hunting camouflage pattern that allows you to blend into your environment at close and long range.

Available in six colorways:

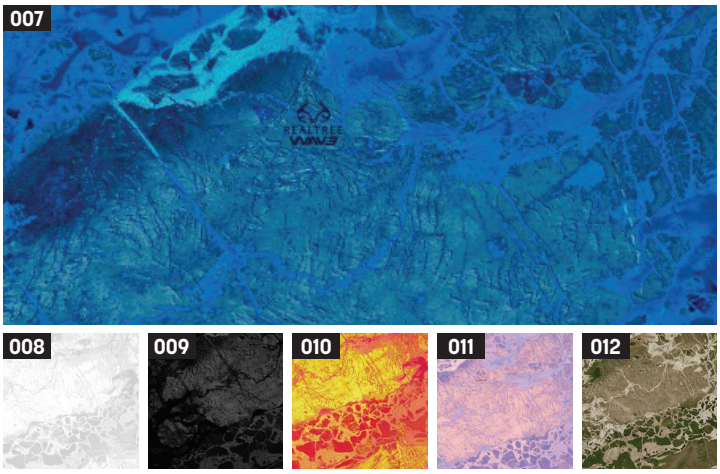

001 Edge Brown
002 Edge Black
003 Edge Gray
004 Edge White
005 Edge Tan
006 Edge Fuchsia

Realtree WAV3
A wavelike pattern developed to create a natural-looking texture that can be used for fishing or water sports.

Available in six colorways:

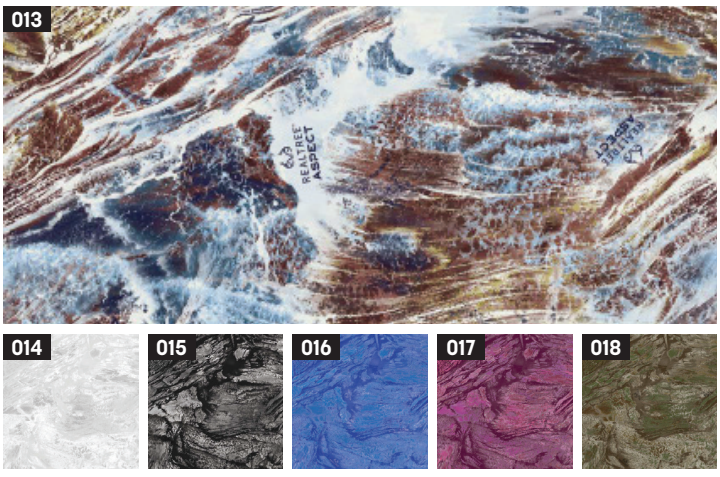

007 Wav3 Royal
008 Wav3 White
009 Wav3 Black
010 Wav3 Red
011 Wav3 Purple
012 Wav3 Tan

Realtree ASPECT
A camouflage pattern for aquatic sports and activities inspired by natural phenomena, like waves crashing along a shore.

Available in six colorways:

013 Aspect Brown
014 Aspect White
015 Aspect Charcoal
016 Aspect Royal
017 Aspect Fuchsia
018 Aspect Tan

Caps Terminology Made Simple

Understand the features. Find the perfect fit.

Understanding cap terminology makes it easier to find the right fit and style. Use this guide to learn the key terms found in our product descriptions.

Crown

The **crown** is the upper part of the cap, shaping its fit, function and style.
Two key aspects of the crown are **profile** and **structure**.

Profile refers to the cap's height and shape.

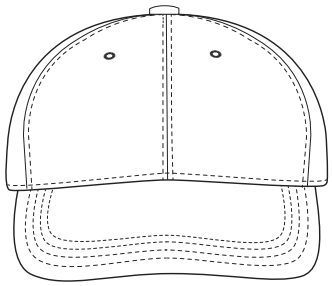

HIGH PROFILE

Sits higher on the head with a structured, boxy appearance for better airflow

MID PROFILE

A balanced fit, ideal for sports like baseball and golf

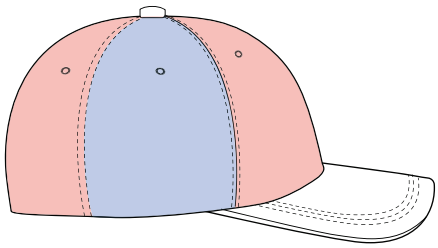

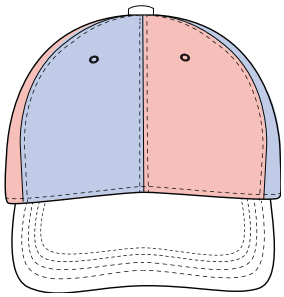

LOW PROFILE

Fits close to the head for a casual, streamlined look

Panels

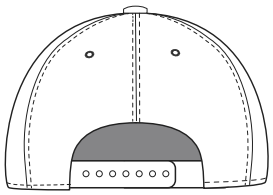

Panels are the fabric sections sewn together to create the cap. A **six-panel cap**, made from six triangular pieces, is the most common design.

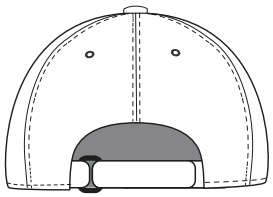

Closure

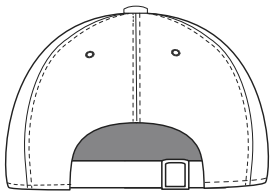

The **closure** is the adjustment system at the back of the cap.

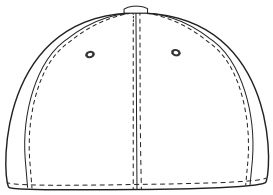

Snapback
Adjustable plastic snaps

Hook-and-Loop
Adjustable strap, often used for casual wear

Metal Triglide
Sliding metal buckle for a precise fit

Fitted
No adjustment; sized for a snug, professional fit

Style

- **Traditional** – Lightly structured, mid-profile caps with a vintage appeal.
- **Pro Style** – A modern, performance-focused variation designed for professional use.

Visors

- **Custom-Curve** – Ships flat so the wearer can shape it to their preference.
- **Curved** – Comes with a preset curve, ready for wear.

This section includes a detailed guide to decorating your Champro stock apparel, custom apparel and caps. You will find options for colors, textures, text layouts, art placements and font styles for each decoration category, as well as their terms and conditions.

Want to place an order through email? Follow this checklist!

When submitting your new order request via email, please include the following information in the body of your email:

- ☐ **Email to deocration-specific email address:** juice@champrosports.com, wave@champrosports.com, surge@champrosports.com, caps@champrosports.com, embroidery@champrosports.com, customerservice@champrosports.com
- ☐ **Customer account number**
- ☐ **Reference ticket or previous sales order (SO)**
  - Only applicable to reorders.
- ☐ **Desired SKUs**
  - Clearly identify SKU number.
  - Specify if you will need a Youth/Adult or Girls'/Women's size.
  - For Wave, Surge and Embroidery orders: Also specify the desired colorway (you will find colorway options on product pages in the catalog and online).
- ☐ **Desired fabric (only required for Juice orders)**
  - Available fabrics are listed with each Juice product description.
- ☐ **Design name and number or reference design image**
  - Include the design name and number for your order or provide the reference image found on the product page online.
  - For Juice and Caps only: If you created your order in our Custom Builder, include the Custom Builder file.
- ☐ **Design specifications**
  - Include all fonts, sizes, colors and art placements for each item.
  - For Caps, specify the desired effect (3D, 3D partial or flat).
  - For 3D partial: Use the notes section to specify what should be 3D and what should be flat.
- ☐ **Editable vector**
  - Adobe Illustrator (AI), EPS or high-resolution PDF are the only file formats we accept.
  - All art must be vector art and saved in original formats.

Preapproval Information Needed

Once you provide the above information, Champro will send you a proof to review and preapprove. For preapproval, we will need you to submit:

- ☐ **Editable roster and item quantities**
  - Roster in a typed, editable format
  - Provide the following information:
    - Names
    - Sizes
    - Numbers
    - Quantities
  - Specify if the garment's sizes are Youth/Adult or Girls'/Women's

TERMS AND CONDITIONS

Lead Times

· Juice Express Plus: Five or three business days*
Juice Express: 10 business days*
Juice Standard: 15 business days
· FOB Chicago.

Lead times vary by order volume. Champro will confirm lead time after the customer approves artwork. Production begins the day after artwork approval. Approvals received after 4 p.m. CST will be processed the next business day. Lead times are manufacturing days and do not include shipping to the customer from our distribution center.

***Program may be suspended if capacity is not available. Orders will be accepted in the order in which they are received. If capacity is not available for the lead time date, the order will be processed the next available day.**

****If additional preproduction work is needed to ensure graphics are recreated correctly, Champro may add additional processing time.**

Minimum Order

· There is a six-piece order minimum per style, per color, to receive standard pricing.
· Customers will incur a 25% per-piece upcharge for orders of fewer than six pieces.
· There is no upcharge or minimums for fill-in orders with the same design and graphics. A 25% upcharge applies if the customer requests changes to the fill-in order.

Order Submission

· Champro will not accept orders without a PDF and roster from the Custom Builder or an electronic order form. Contact our customer service department for an electronic copy of the order form.
· Build and order your uniform online at champrosports.com or email it to juice@champrosports.com.

Custom Juice Submission

· There is no art charge for template designs or numbers.
· Template designs within a sport are interchangeable, but template designs requested in another sport pattern will incur a set-up charge of $50.
· Unique designs not based off a Champro template will incur a one-time $50 set-up charge.
· Customers must specify all colors, decoration, locations and sizing.
· Any custom orders not submitted with specific direction may be subject to artwork fees.
· Customers must submit artwork in one of the acceptable artwork formats below.

Acceptable Artwork Formats

Vector Art

· We accept print-ready vector art files in the following formats: Adobe Illustrator (AI), EPS or PDF. Vector art can be scaled to any size while maintaing quality. **Vector art is always preferred.** Please remove any overprints within your file; these will drop out when printed. If the customer cannot provide vector art, Champro will vectorize the art for the customer at a flat rate of $10 per piece of art.

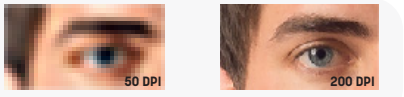

· PDF files will be converted to AI; we are not liable for any errors during conversion.

Unacceptable Acceptable

Raster Art

· Raster art, otherwise known as bitmap art, is composed of pixels grouped together to make one complete image. When scaled larger, the image will look pixelated. If you must submit a raster image, make sure the resolution is 200 dots per inch (DPI) or larger.

Low Resolution High Resolution

Outlined Fonts

· Outlined fonts are required for all artwork formats. Font selection can vary on different computers, which can cause a desired font to be replaced with a generic one. To preserve your fonts, always outline, embed or convert them to shapes before submitting artwork. If you require a specific font, you must submit the name of the font and the font file (TFF or OTF).

Desired Font Missing Font Outlined Font

U.S. federal regulations state that youth garments are not allowed to have drawstrings due to strangulation hazard.

Embedded Images

· Most programs allow the user to add an image to a file by linking or embedding it. Embedded images are stored within the document itself, while linked files are not. Because of this, linked files can vanish when opened from a different computer. Please embed all images to avoid losing them when you submit files. Any embedded images must be high resolution. If submitting a PSD file, all layers should be flattened.

Unacceptable File Formats

· Microsoft Office, InDesign, Quark, Corel Draw, Publisher or low-resolution scanned images are prohibited.

Graphic Design Services and General Details

· If you cannot supply vector art, Champro can create it for you for $10 per logo. For complex logos that require more design time, the cost may be higher. Champro will contact you before we create it.
· Champro reserves the right to adjust the size of decoration proportionally to garment size.
· Champro will not be responsible for errors resulting from copy that was received or approved incorrectly.
· Proofs provided electronically should not be used for final color output or image resolution.

Roster and Artwork Approval

· Champro will send an email with order acknowledgement and proof of the order.
· The customer must review the order, proof for accuracy and approve for production.
· All information on the proof and roster will be considered correct after receipt of customer approval.
· Champro will acknowledge receipt of approval and confirm lead times.
· Production and lead time will not begin until Champro receives the customer's written artwork and roster approval.
· Champro will not accept changes to an order after we receive artwork and roster approval. The customer must submit any additional changes as a new order.

Shortages, Claims and Cancellation

· Customers must report any order claims or shortages within 10 business days of receiving their goods.
· Any cancellation after the customer approves an order will be subject to 50% charge of the order total

Color Disclaimer

· It is not possible to achieve a perfect color match from one Juice garment to another or from Juice garments to Champro stock garments. Therefore, we cannot guarantee a perfect match from order to order or from one fabric to another. If you have questions about our colors, please contact us for more information. Art submissions with specific Pantone color callouts will automatically be converted to CMYK. If your order is color-sensitive, please contact us for information on color matching services. RGB files will be converted to CMYK; some color shifting will most likely occur. Unless the customer orders a sample, Champro is not responsible for unsatisfactory color results.

Color Matching

· We cannot color match gradients. We print digitally in CMYK and use PMS colors; therefore the colors are not exact. If you have a color-sensitive project, we recommend that you order a sample. In the event that you do not, we will match as close as possible, Champro is not responsible colors not printed to your liking.

Care Instructions

· Do not dry clean.
· Do not wash in hot water, chlorine bleach, wash whites and colors together, or dry on high heat.
· Excessive heat may cause fabric shrinkage and color change.
· Do not put Juice garments through a screen print dryer.
· Champro is not responsible for damage to apparel as a result of improper care.

Artwork Disclaimer

· Champro wants to work with you to put your designs, artwork and logos on the products you purchase from us. Any such designs that Champro prepares for you ("Artwork") will be the property of Champro and will remain Champro intellectual property, even if you have paid a fee for our design services. You will receive the Artwork only as it appears on goods purchased from Champro and not in any electronic format. We will have the right to use the Artwork for any lawful purpose, including without limitation, for sales and advertising.

· You represent that you have all the appropriate rights to use Customer Designs that you provide to Champro, and you agree to indemnify and hold harmless Champro for all costs or damages arising from a claim of infringement against Champro related to your Customer Design. Champro may request that you provide written proof of your rights to use any third-party logo or trademark prior to Champro using such logos or incorporating such logos into your Artwork. However, Champro making any such request does not affect your obligation to indemnify and hold harmless Champro for all costs or damages arising from a claim of infringement against Champro related to your customer design.

Maximum embroidery size: 2.5" x 2.5" (2" x 2" on sleeves)

TERMS AND CONDITIONS

Lead Times

- The lead time for an embroidered order is **Express**, which is 10 days from the date the customer approves artwork. We expect your order to arrive two days after we ship it.
- **Lead times may vary on orders over 100 pieces. Lead times are subject to available capacity and will be confirmed at the time of the order. Lead times are manufacturing days and do not include shipping to the customer from our distribution center.**

General Information

- Champro reserves the right to adjust the artwork to fit the product.

Minimum Order

- There is an eight-piece order minimum for embroidered products.

Order Submission

- Use our order form located on the Champro website or email embroidery@champrosports.com to submit an embroidery order.

Acceptable Artwork Formats

- We accept print-ready files in the following formats: Adobe Illustrator (AI), PSD, TIFF, EPS and editable PDF.
- Files that require conversion will incur a $10 fee. Please contact us for an estimate.
- EPS files: All text in EPS files should be converted to outlines and links should be embedded.
- PSD files: Layers should be flattened.
- Please remove any overprints within your file; these will drop out when printed.
- PDF files will be converted to AI. Champro is not liable for any errors during conversion.
- We do not accept Microsoft Office or InDesign files containing artwork.

Embroidery Disclaimers

- Lettering must not be smaller than 1/5 inches.
- Hair and hairline details are not achievable in embroidery. Outlines cannot be achieved with lettering that is less than 3/4 inches in height.
- Logos with complex detail cannot be embroidered. Simplification may be required and detail may be lost. Photo-quality, realistic imagery cannot be achieved.

Roster and Artwork Approval

- Champro will send an email with order acknowledgement and proof of the order.
- Customer must review the order, proof for accuracy and approve for production.
- Production and lead time will not begin until Champro receives a written artwork and roster approval via email from the customer.
- Champro will acknowledge receipt of approval and confirm lead times.
- Champro will not accept changes to an order after we receive artwork and roster approval. The customer must submit any additional changes as a new order.

Shortages, Claims and Cancellations

- Customers must report any claims or shortages with their orders within 10 business days of receipt of goods.
- Any cancellation after the order is approved will incur a charge.

Care Instructions

- Excessive heat may cause fabric shrinkage and color change.
- Champro is not responsible for damage to apparel as a result of improper care.

Artwork Disclaimer

- Champro wants to work with you to put your designs, artwork and logos on the products you purchase from us. Any such designs that Champro prepares for you will be the property of Champro and will remain Champro intellectual property, even if you have paid a fee for our design services. You will receive the artwork only as it appears on goods purchased from Champro and not in any electronic format. We will have the right to use the artwork for any lawful purpose, including without limitation, for sales and advertising.

- You represent that you have all the appropriate rights to use Customer Designs that you provide to Champro, and you agree to indemnify and hold harmless Champro for all costs or damages arising from a claim of infringement against Champro related to your Customer Design. Champro may request that you provide written proof of your rights to use any third-party logo or trademark prior to Champro using such logos or incorporating such logos into your artwork. However, Champro making any such request does not affect your obligation to indemnify and hold harmless Champro for all costs or damages arising from a claim of infringement against Champro related to your customer design.

TERMS AND CONDITIONS

Lead Times

· Standard: 10 days from artwork approval.
· Express: Five days from artwork approval.*
· Orders will arrive two days from ship date.

***Lead times may vary on orders over 100 pieces. Lead time will be confirmed at the time of the order. Lead times are manufacturing days and do not include shipping to the customer from our distribution center.**

General Information

· Champro reserves the right to adjust artwork to fit the cap.

Minimum Order

· Minimum of 12 pieces per team per order.

Order Submission

· Custom Builder-generated PDF documents are accepted and encouraged for quickest order processing. Visit champrosports.com to access our Custom Builder.
· If you are unable to generate a Custom Builder PDF, contact a customer service representative for an Excel order form.
· Champro will not accept orders without a Custom Builder PDF or Excel order form and roster.
· Email the Custom Builder-generated PDF and roster or the electronic order form to customerservice@champrosports.com.

Acceptable Artwork Formats

· We accept print-ready files in the following formats: Adobe Illustrator (AI), PSD, TIFF, EPS and editable PDF.
· Files that require conversion will incur a $10 flat fee. Please contact us for an estimate.
· EPS files: All text in EPS files should be converted to outlines and links should be embedded.
· PSD files: Layers should be flattened.
· Please remove any overprints within your file; these will drop out when printed.
· PDF files will be converted to AI. Champro is not liable for any errors during conversion proccess.
· We do not accept Microsoft Office or InDesign files containing artwork.

Embroidery Disclaimers

· Lettering must not be smaller than 1/5 inches.
· Hair lines are not achievable in embroidery. Outlines cannot be achieved with lettering that is less than 3/4 inches in height.
· Logos with complex detail cannot be embroidered. Simplification may be required and detail may be lost. Photo-quality, realistic imagery cannot be achieved.
· Gradients cannot be achieved.

Roster and Artwork Approval

· Champro will send an email with order acknowledgement and proof of the order.
· Customer must review the order, proof for accuracy and approve for production.
· Production and lead time will not begin until Champro receives a written artwork and roster approval from the customer.
· Champro will acknowledge receipt of approval and confirm lead times.
· Champro will not accept changes to an order after we receive artwork and roster approval. The customer must submit any additional changes as a new order.

Shortages, Claims and Cancellations

· Customers must report any claims or shortages with their orders within 10 business days of receipt of goods.
· Any cancellation after the order is approved will incur a charge.

Care Instructions

· Excessive heat may cause fabric shrinkage and color change.
· Champro is not responsible for damage to apparel as a result of improper care.

Artwork Disclaimer

· Champro wants to work with you to put your designs, artwork and logos on the products you purchase from us. Any such designs that Champro prepares for you ("Artwork") will be the property of Champro and will remain Champro intellectual property, even if you have paid a fee for our design services. You will receive the Artwork only as it appears on goods purchased from Champro and not in any electronic format. We will have the right to use the Artwork for any lawful purpose, including without limitation, for sales and advertising.

· You represent that you have all the appropriate rights to use Customer Designs that you provide to Champro, and you agree to indemnify and hold harmless Champro for all costs or damages arising from a claim of infringement against Champro related to your Customer Design. Champro may request that you provide written proof of your rights to use any third-party logo or trademark prior to Champro using such logos or incorporating such logos into your Artwork. However, Champro making any such request does not affect your obligation to indemnify and hold harmless Champro for all costs or damages arising from a claim of infringement against Champro related to your Customer Design.

HOW TO COLORIZE:

All logos can be colored with three colors.
If the logo is being used as a watermark, the logo will be one-color only and colorized by the designer to match the jersey base.

Color 1: Gold
Color 2: Royal
Color 3: White

UPF STATEMENT

Ultraviolet Protection Factor (UPF) indicates the extent to which a type of fabric blocks ultraviolet (UV) radiation, including ultraviolet A (UVA) and ultraviolet B (UVB) rays, from reaching the skin. Champro conducts third-party UV protection testing in accordance with the American Association of Textile Chemists and Colorists TM183 test protocol. All fabrics are tested in unwashed and unworn condition, and testing is performed on dry, white fabric. Garments white in color typically exhibit the lowest-rated UPF of any fabric color. The protection the fabric on these garments offers may be reduced when the fabric is damp, wet, fits tightly and/or is stretched. The UPF rating, and therefore protection, of these garments may diminish over time due to frequent wear, laundering and/or other factors. Only skin the fabric covers is protected from sunlight exposure. The UPF rating Champro provides for a garment in this catalog represents the lowest UPF rating observed during testing. For garments that consist of multiple fabrics, please refer to the UPF Rating column in the Fabric Guide: Stock Apparel chart on Pages 440 and 441.

Apparel Sizing Guide

Important Note

The measurements listed in the charts below are body measurements in inches, not garment measurements. If your body measurement borders between two sizes, order the smaller size for tighter fit or the larger size for looser fit.

How to Measure

Bust/Chest

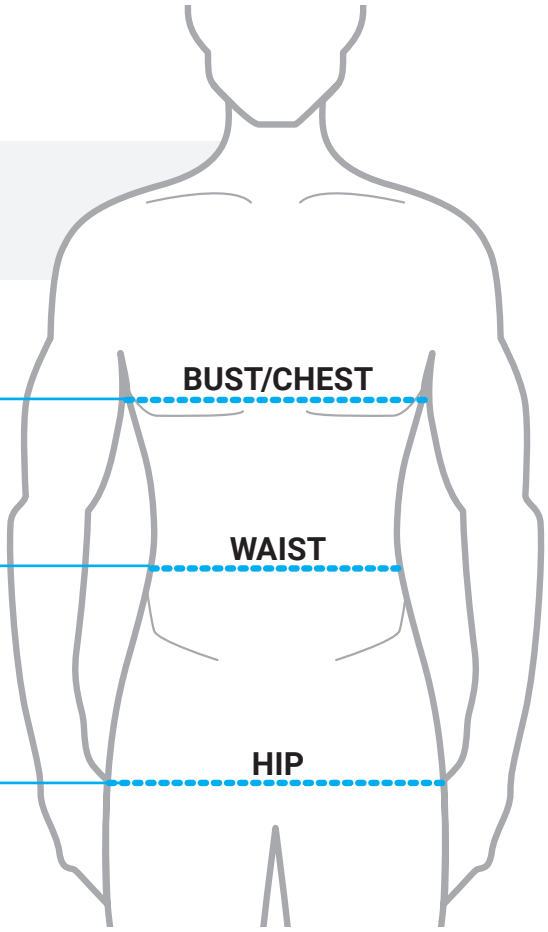

With arms relaxed at sides, measure around the body at the fullest part of the bust or chest, keeping the tape parallel to the floor.

Waist

Measure around the body, not on top of clothing, at the natural waist level.

Hip

With feet together, measure around the fullest part at hip level, keeping the tape parallel to the floor.

ADULT/MEN'S SIZING CHART

	XS	S	M	L	XL	2XL	3XL	4XL	5XL

Apparel Tech and Fit Guide

Look for our apparel technology icons through out the catalog to see which products work best for your needs.

Four-way Stretch
Fabric that stretches in all directions, allowing for extra comfort and range of motion.

Bio-Fresh
Antimicrobial treatment protects product from mold, mildew and bacterial odors.

Cold Weather
Fabric designed to keep you warm in cold weather activities.

Color Lock
Treated to prevent color bleeding during screen printing.

Double-Ply
Reinforced with double-ply fabric in areas that need extra protection.

Dri-Gear
Fabric technology helps wick away moisture to keep athletes comfortable.

Perfect Inseam
Allows instant length adjustment up to 4 inches.

Recycled
Sustainable materials; lowering carbon emission and reducing waste.

Reversible
Item can be reversed to contrasting color for use at both home and away games.

Super-Grip
Silicone strips line the waistband to keep jersey tucked.

Ventilation
Item includes mesh fabrics or inserts to increase airflow.

UPF Rating
Garment is made of fabric with a UPF rating, which indicates the level of protection it offers from the sun's ultraviolet (UV) rays.

5-Day Lead Time
Products are available with our 5-day lead time.

Realtree
Products can be designed using Realtree patterns on the Custom Builder.

Retail Packaged
Products are packaged in our white boxed retail packaging.

Cap Profiles
Caps are available in three different profiles. Profile type is indicated next to each cap.

HIGH PROFILE
MID PROFILE
LOW PROFILE

C Relaxed cut focused on comfort. Offers space and allows for free movement.

Classic

A Tailored cut for more muscular, athletic body shapes. Designed for performance and mobility.

Athletic

SF Snug, form-fitting cut using four-way stretch fabrics. Typically includes spandex in the fabric makeup.

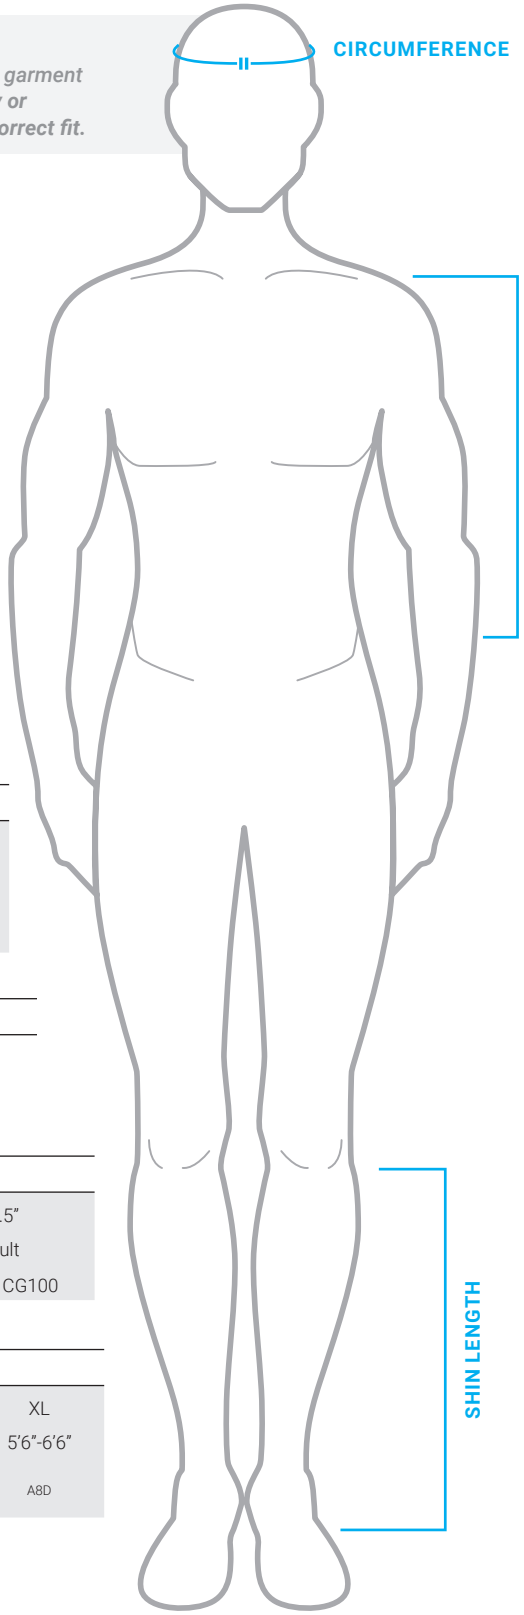

Stretch-Fit

Protective Equipment Sizing Guide

Important Note

The measurements listed in the charts below are body measurements in inches, not garment measurements. This is intended only as a guide. Protective equipment worn in play or practice should always fit the wearer. Seek advice from a professional to confirm correct fit.
