

Serving TEXAS FAMILIES

2026 STATEWIDE SERVICE DIRECTORY

As the statewide membership coalition,

The Texas Council on Family Violence (TCFV) is a statewide membership coalition of family violence service providers, nonprofit and for-profit agencies, and individuals dedicated to fulfilling our shared mission of building a safer Texas. Our membership reflects the vast diversity of Texas, with members providing a variety of community-based approaches to preventing and responding to family violence.

As the statewide membership coalition, TCFV supports survivors of family violence and the programs that serve them across the state by strengthening access to safety, justice, and opportunity. TCFV is firmly committed to serving its members, communities in Texas, and survivors and victims of family violence and their families. TCFV hosts an array of dynamic signature conferences, regional meetings, e-learning, and in-person training throughout the year to support the capacity-building of member and non-member programs.

BATTERING INTERVENTION AND PREVENTION PROGRAMS (BIPPs)

TCFV MEMBER CATEGORY **CAT V**

What are Texas BIPPs?

Battering Intervention and Prevention Programs (BIPPs) are accredited programs that provide education and intervention for individuals who have used violence or coercive control in intimate partner relationships. Texas BIPPs are designed to promote victim safety, support offender accountability, and help participants develop nonviolent behaviors in relationships.

How are BIPPs used?

Under Texas Code of Criminal Procedure Article 42.141, courts may order certain individuals to attend and complete an accredited BIPP. When a court orders BIPP participation, referrals must be made to BIPPs accredited under Texas requirements.

Which BIPPs are included in this directory?

The BIPP providers listed in this service directory are included only if they are funded by the Texas Department of Criminal Justice Community Justice Assistance Division (TDCJ-CJAD) and/or are Texas Council on Family Violence (TCFV) Category V BIPP members. TCFV provides technical assistance, oversight, and training to accredited and funded BIPPs across Texas.

What do accredited BIPPs provide?

BIPP providers use a curriculum grounded in an intervention model that recognizes intimate partner abuse as a pattern of choices in which one person uses tactics of coercive control and violence to maintain power and control over another person. BIPPs place responsibility for behavior change on the participant and work to directly challenge the attitudes, beliefs, and entitlements that contribute to abusive behavior.

Accreditation and Program Expectations

Programs must comply with TDCJ-CJAD BIPP guidelines, which include requirements such as:

- » Completing required facilitator training, including 25 hours of battering intervention training and 15 hours of family violence training;
- » Conducting federal and state criminal background checks;
- » Providing at least 36 hours of group intervention over a minimum of 18 weeks; and
- » Promoting victim safety and offender accountability through education, direct challenge, and intervention.

Where can BIPPs be located?

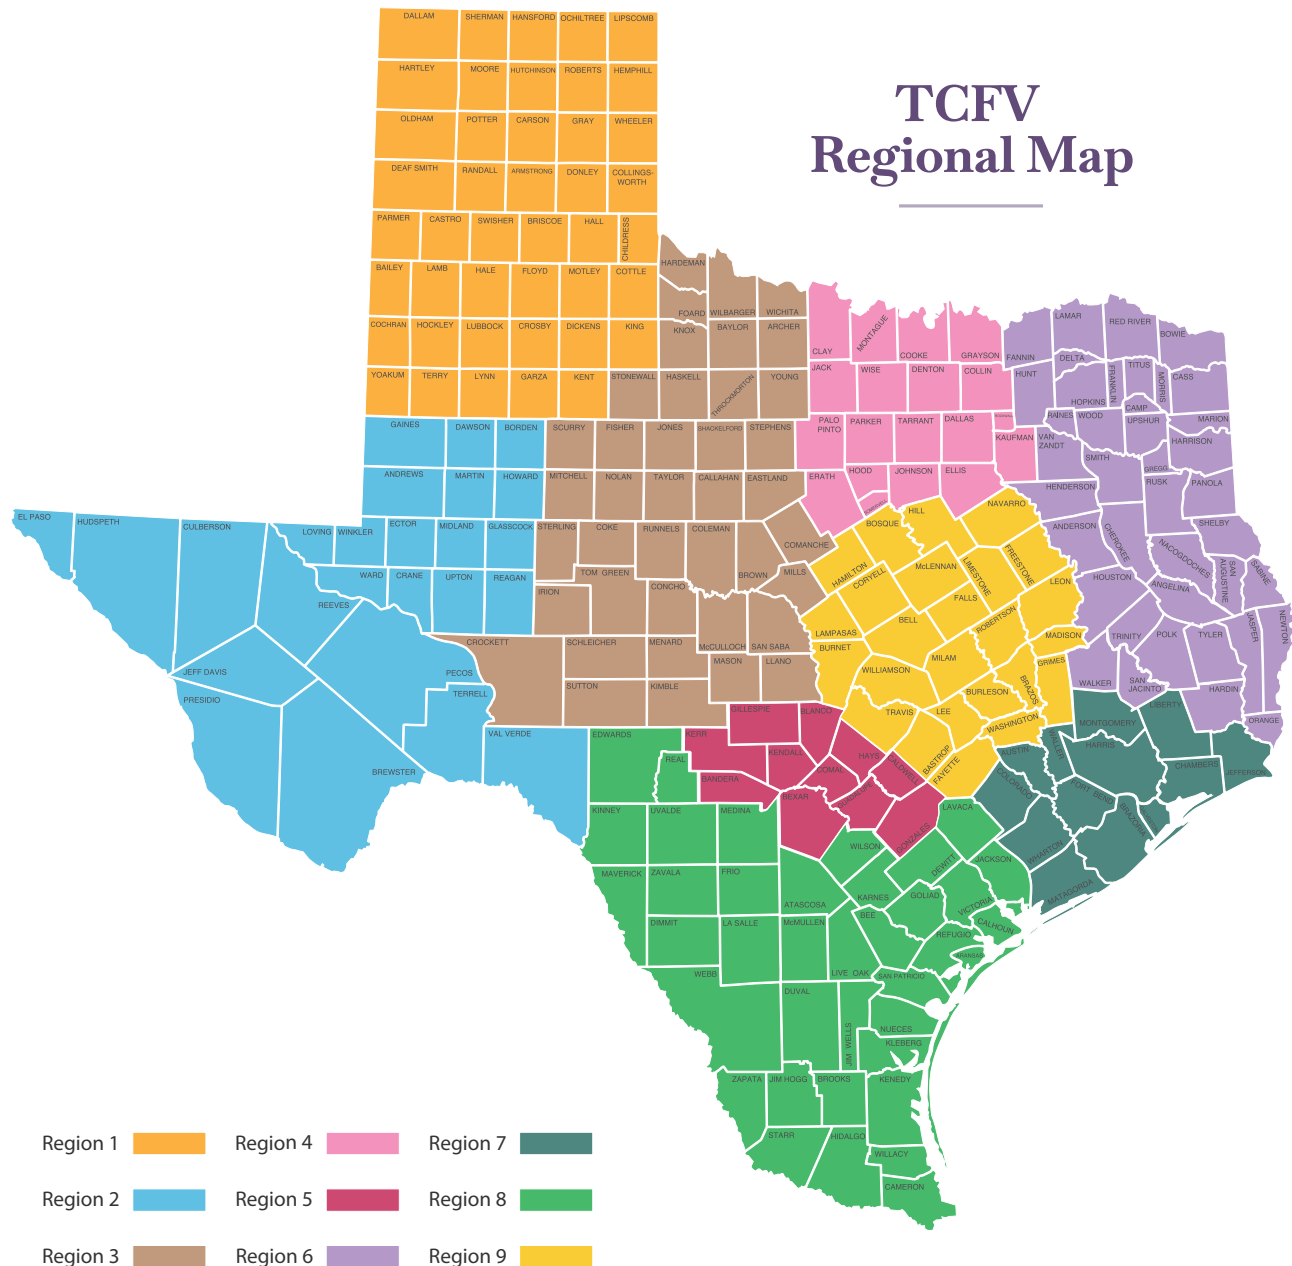

BIPPs are located throughout Texas and may be offered by nonprofit organizations, community-based providers, and other accredited entities. This directory is intended to help courts, advocates, community supervision partners, and community members identify BIPP providers that meet the inclusion criteria described above.

For more information about TDCJ-CJAD BIPP accreditation guidelines and TDCJ-CJAD-funded BIPPs, visit: www.tcfv.org/program-resources/bipp-facilitators/.
