TECHNOLOGIES

FLEXFIT® TECH
Proprietary stretch fabric throughout the crown and sweatband adapts seamlessly across a wide range of sizes for a tailored, comfortable fit.

FLEXFIT® MESH
Stretch mesh technology engineered for flexible comfort, enhanced breathability, and optimal airflow.

ACTIVEGUARD™
Patented sweat and stain management system that reroutes moisture to the underbrim, helping to lessen visible staining and ensuring a fresh, comfortable fit.
(*Our caps are transitioning to ActiveGuard™, with updated inventory being introduced over time.)

PERMACURV®
Innovative bill technology that maintains perfect curvature wear after wear.

ECODRY TREATMENT
Chemical-free, water-repellent treatment that protects against moisture.

HYBRID TECH
Dual-functional crown fabric featuring a moisture-wicking inner layer and EcoDry treated water-repellent outer layer for all-around comfort.

PRO-FORMANCE®
Premium wool look and feel, engineered with Cool & Dry technology for enhanced comfort and effective sweat management.

COOL & DRY
Rapidly wicks sweat and moisture to maintain peak comfort in any activity.

ECOWASH™
Patented Technology using 98% less water, 70% less energy, and zero harmful chemicals.

ULTRAFIBRE
Durable, wind- and water-resistant fabric panels designed to withstand any condition.

UNIPANEL
Panel design that enables full front panel graphics for maximum visual impact.
