- Stained Solid Birch Frame with Veneered Center Panel
- 1/2" Plywood Box with UV Coated Matching Exterior
- Glue & Staple or Metal Clip Assembly
- UV Coated Natural Interior

Please Note: Oxford Mist & Toffee are crafted using natural wood, which results in unique variations in grain patterns, color, and texture. These characteristics are enhanced by different cutting methods, grain orientations, and matching techniques, all contributing to the inherent beauty of real wood. The Mist finish, in particular, involves a multi-step process starting with a grey paint on Birchwood, followed by a brushed-on glaze top coat that exposes the natural grain. This process is repeated until the desired shade and quality is achieved. Variations in grain, color, and shading are a natural aspect of both the wood species and the finishing process.

- Height of all base cabinet openings is 20 5/8"
- Cabinet Size - 31/2" will give you opening
- Example B30: 30" - 31/2" = 26 1/2"

GLASSDOOR CUTOUT SPECIFICATIONS

We offer various sized framed wall cabinets that have the doors routed for glass inserts and have an interior matching the cabinet exterior.

While these cabinets do not come equipped with glass or mullions, we have developed an easy to follow formula to help estimate the proper sized insert for your door while placing orders.

Height Configuration:

$$\text{Door Height}^* - (2 \times \text{Door Style Rail Width}) + 1\frac{1}{2}"$$

Width Configuration:

$$\text{Door Width}^* - (2 \times \text{Door Style Stile Width}) + 1\frac{1}{2}"$$

Door Style	Rail Width	Stile Width
Shaker	2 $\frac{3}{4}$ "	2 $\frac{3}{4}$ "
Edgeline	2 $\frac{3}{4}$ "	2 $\frac{3}{4}$ "
Oxford	2 $\frac{3}{4}$ "	2 $\frac{3}{4}$ "
Haven	2 $\frac{3}{4}$ "	2 $\frac{3}{4}$ "
Casselberry	3"	3"

*Door height and width information is located in the Specification Manual.

DISCLAIMER: This formula is to be used as an estimation tool only.

We recommend that physical measurements are taken prior to ordering your inserts. We cannot guarantee the exact dimensions determined when using the formula provided.
