TEAK

# TEAK

Teak is one of the most exclusive wood species in the world, renowned for its rich golden-brown color and weather-resistant properties. It is also highly resistant to rot, fungi and mildew, providing protection against the elements and heavy impacts in the outdoor living environment. The wood used for manufacturing our teak products and components can be traced all the way back to its origin. All of Sunday Outdoor's teakwood is grown in Indonesia and complies with Indonesian TLAS regulations, which means the wood can be traced all the way to the place where the tree once grew. In addition to the teak grown on FSC™-certified plantations, Sunday Outdoor manufactures products made from recycled teak wood components, sourced locally in Java, Indonesia

Over time, untreated teak naturally weathers to a soft, silvery grey.

### Enduring Color

- UV resistant; colors stay strong and vibrant under intense sunlight
- Bleach cleanable and Chlorine Resistant

### Worry Free

- Stain and mildew resistant
- Easy to clean

### Fade-Resistant

- Sunbrella fabric is unmatched in resistance to fading and the degrading effects of sunlight.

### Colorfastness

- Sunbrella fibers are saturated with highly UV stable pigments. Traditional dyeing methods only add color to the fiber exterior. Sunbrella fabrics’ performance characteristics are an integral part of the fabric, not an applied finish that would wash off over time. Think of a carrot versus a radish.

### Durable

- Sunbrella fabric retains its strength after years of cleaning and weathering.

### Cleanable

- Mild soap cleans most common stains. Using bleach or solvents for tough stains will not affect Sunbrella fabric, but don’t try this with other fabrics.
- For more information on cleaning, click this link: sunbrella.com/cleaning-guide

## Teak / Natural Wood

FRAME: Sunday Outdoor extends a one (1) year limited warranty against defects and workmanship on wood and hardware.

FINISH: You may choose to allow your natural wood/teak to weather to a beautiful silver-gray patina or treat it with teak cleaner specifically made for natural wood/teak twice a year to preserve the natural wood/teak's golden finish. For this reason, changes in finish due to weathering are not covered by this warranty.

*CARE: Natural wood/teak may be cleaned using a wood cleaner, or lightly sanded with 600 (or higher) grit sandpaper.
