- BUILT-IN USB-C (20W)
- FAST CHARGE USB-C (20W) & USB-A (22.5W) OUTPUTS
- INCLUDES UK, EU AND AUS ADAPTERS

TRAVELER 5.0

Complete mobile power has never been this functional. The Traveler 5.0 is a powerhouse of a charger at 10,000 mAh, complete with built-in wireless MagSafe Qi capable of charging compatible phones or Apple Watch, USB-C and Lightning cables. The best feature is the “grab-and-go” detachable wall adapter, which reduces the size by about 20% for easier transportation, and continued use as a wall socket for charging other USB-C devices. A battery window lets you know how much power you have at any time, and travel pouch with international adapters make this a robust addition to any travel kit

Vault

In today's scan-and-pay culture, it is ever more important to keep your data secure. Thieves can easily scan your card and steal its data when in close proximity. That's where the Vault comes in. This rigid, high density aluminum case is made to block RFID scans and keep your information safe. The Vault fits up to 6 cards and featuring strong magnets that snap-on to the back of your Magsafe-enabled device or phone case. Elevate your phone-wallet game and showcase your brand w/ laser or full color digital print. Each individually packed in retail gift box.
