The BritCham Higher Education, Training & Skills Guide 2026/27 is the result of collaboration between educational institutions, training providers, industry partners, government stakeholders, and the wider education community who share a common vision of strengthening Cambodia's future workforce.

BritCham Cambodia extends its sincere appreciation to every organisation that contributed their expertise, insights, and support to make this publication possible.

We also acknowledge the valuable contributions of:

- **HE Dominic Williams**, British Ambassador to Cambodia
- **Dr Michael Renfrew**, Chair, BritCham Education Committee
- **Mr Andrew Millar**, Vice Chair and Education Advisor to the BritCham Board
- **Mr Casey Barnett**, President, CamEd Business School
- **Prof. Ian Rouse**, President & Vice-Chancellor, University of Puthisastra
- **Mr Mark Windale**, General Manager, Edifyworld Cambodia
- **Mr David Tan**, Managing Director, MYTEB

Their commitment to educational excellence, workforce development, innovation, and lifelong learning continues to create greater opportunities for students, professionals, and employers across Cambodia.

We are equally grateful to our sponsors and partners whose generous support has enabled the production and wider distribution of this Guide. Their investment demonstrates a shared commitment to developing Cambodia's human capital and supporting future generations of learners.

We hope this publication serves as a valuable resource for students, parents, educators, professionals, employers, and policymakers as they explore the diverse opportunities available within Cambodia's evolving education and skills ecosystem.

Together, we are building stronger pathways from education to employment and supporting Cambodia's future workforce.

Welcome to the BritCham Higher Education, Training and Skills Guide in Cambodia

The Higher Education, Training and Skills Guide 2026/27 is the Chamber's flagship education publication, and serves as a reference publication for skills development, vocational training, professional development, scholarships, higher education pathways, and future workforce opportunities.

The Guide will provide students, professionals, employers, and families with a clearer understanding of the evolving landscape of tertiary education, training, and workforce development opportunities in Cambodia.

It will:

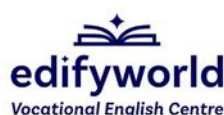

- Showcase organisations contributing to Cambodia's growing education and skills ecosystem.
- Highlight the UK's leadership in education excellence, safeguarding, and setting professional standards.
- Provide an accessible, parent-friendly overview of institutions, from early years to secondary education.
- Serve as a marketing and credibility tool for schools, institutions, and partners engaged in British-affiliated education.

Thank you to the following organizations for supporting this Guide's publication:

Foreword

A Message from our Patron **HE Dominic Williams** British Ambassador to Cambodia

Cambodia has had a remarkable journey of success. Over the past two decades, the Kingdom has enjoyed phenomenal economic growth, rising living standards and growing international connectivity. But it is not content to rest on its laurels: Prime Minister Hun Manet has set Cambodia the ambitious goal to become a high-income country by 2050.

Achieving this stretching vision will require significant investment in Cambodia's people. The skills, knowledge and creativity of its young people will determine how far and how fast the country can go. The United Kingdom is proud to play a part in Cambodia's educational journey. In recent years, we have seen an extraordinary expansion of the UK education presence in Cambodia. New British schools and centres of learning have opened and growing numbers of students are studying British curricula. But education does not stop when students leave school. Post-secondary education, higher education and vocational training are just as important to Cambodia's future prosperity.

Post-secondary education pathways help ensure that young people entering the workforce have the advanced skills, practical experience and specialist knowledge that employers need. They equip graduates to succeed in sectors that demand technical expertise, innovation and professionalism. And high-quality vocational and technical training boosts productivity, helps businesses grow, and provides the skills needed to develop entirely new sectors of the economy. As Cambodia's economy continues to diversify and move up the value chain, the importance of post-secondary education is only set to grow.

That is why I am delighted to welcome this Higher Education, Training and Skills Guide from BritCham Cambodia. This publication provides a valuable overview of the excellent opportunities available through BritCham members working across the education and training sector. Whether you are considering a university degree, exploring a vocational qualification, looking for a professional certification, or seeking a pathway into international higher education, this guide brings together a wealth of information.

I am particularly pleased that the guide also includes information on Chevening, the UK Government's flagship scholarship programme. For more than four decades, Chevening has supported talented future leaders from around the world to undertake postgraduate study in the UK, and Cambodia now boasts a thriving network of Chevening alumni who are making important contributions across government, business and civil society.

I hope this guide proves to be a useful resource for young people, parents and professionals as they consider the next steps beyond secondary education. The choices made at this stage can shape careers, broaden horizons and create lifelong opportunities.

Finally, my sincere thanks to BritCham Cambodia and all its members for their dedication to supporting education and skills development in the Kingdom. Their efforts are helping to strengthen Cambodia's human capital, support economic growth and bring the people of the United Kingdom and Cambodia ever closer together. I wish all readers every success as they explore the opportunities set out in these pages.

Dr Michael Renfrew

Chair

Education Committee

BritCham Cambodia

Skills, Opportunity and Partnership: Why This Guide Matters

Cambodia's education, skills and employment landscape is evolving rapidly. New industries are emerging, established sectors are modernising, and the capabilities required by employers are changing alongside them. For Cambodia's young and increasingly talented workforce, this is creating new pathways into education, professional development and employment, and an important opportunity to consider how those pathways can be better understood, connected and strengthened.

The Higher Education, Training, and Skills Guide 2026/27 has been developed in that context. It brings together higher education, technical and professional training, scholarships, progression pathways and skills development opportunities in one practical resource. While, as a BritCham publication, it naturally reflects the Chamber community and British organisations working within and alongside Cambodia, its purpose is broader: to provide a window into Cambodia's changing labour market and the institutions, programmes and partnerships helping prepare people for it.

This transformation is being shaped by an ambitious national development agenda.

- The Royal Government of Cambodia's Pentagonal Strategy Phase I places people and human capital among the foundations of the country's next stage of development, supporting Cambodia's ambition to become an upper-middle-income country by 2030 and a high-income country by 2050.
- While the Cambodia Skills Development Roadmap 2023–2035 gives particular focus to what this means for the workforce. It calls for stronger technical and vocational education, greater visibility of skills pathways, closer links between training and industry, increased private-sector participation, and expanded opportunities for reskilling and upskilling. It also recognises the growing importance of technological change, Industry 4.0 and the green economy.

These priorities matter across sectors central to Cambodia's future, from agriculture, energy and tourism to technology, healthcare and professional services. Success will depend on building clearer links between learning, skills, employment and opportunity.

For BritCham and its members, there is a constructive role within this landscape. British universities, professional bodies, training organisations, technology companies and specialist service providers bring experience across qualifications, quality assurance, digital learning, workforce development and lifelong learning. The opportunity is to apply that expertise with Cambodian partners, responding to local priorities and building lasting institutional relationships.

We therefore see this Guide as both a practical resource and an invitation to connect. We hope it helps make opportunities easier to identify, partnerships easier to build, and Cambodia's developing skills ecosystem more visible to all those who have a role in shaping its future.

Andrew Millar

Vice-Chair

BritCham Cambodia

Building Skills, Strengthening Partnerships

Eighteen months ago, BritCham Cambodia and the British Embassy established the BritCham Education Committee to provide a dedicated forum linking education, training and skills providers with government, business and the wider community. Since then, the Committee has hosted four education and training summits, bringing together experts from organisations as diverse as the World Bank and British Council, alongside universities, tertiary institutions, publishers, EdTech companies and service providers from across Cambodia and Southeast Asia.

Expanding the Education Community

In March, the Committee published the inaugural BritCham International Schools Guide, the first publication of its kind covering Cambodia's international education landscape. Strong demand accounted for the full print run of 200 copies, while the digital edition remains available online. The Committee has also supported events with UK organisations, including The Curriculum Foundation, and hosted gatherings to help educators new to Cambodia transition to life in the Kingdom. The BritCham Cambodia Telegram channel has further extended this engagement, providing a direct conduit for sector news, events and opportunities.

A Committee Shaped by Its Members

Two successful election cycles have enabled members to elect Committee Chairs and Vice-Chairs, helping to ensure its priorities reflect the sector it represents. Today, BritCham has more than 40 education-focused members, accounting for almost a third of overall membership, with the sector also strongly represented among BritCham's Strategic Partners. This inaugural Higher Education, Training and Skills Guide represents the next stage, showcasing universities, training providers and organisations contributing to Cambodia's skills and human capital development.

The Next Chapter

As Cambodia progresses towards upper-middle-income status, stronger alignment between education, skills, workforce needs and productivity will become increasingly important. The Committee looks forward to broadening its events, publications and communications, while creating further opportunities for members to collaborate and exchange expertise, strengthening links between education, training and industry.

We hope this Guide will provide a practical and trusted reference that not only reflects the sector today, but helps shape what comes next.

UK Government

THE UK'S INTERNATIONAL EDUCATION STRATEGY

Excellence in Education,
Partnerships for Growth

The 2026 UK International Education Strategy marked a significant shift in emphasis. While international student recruitment remains important, the strategy places much greater focus on exporting UK education overseas through partnerships, transnational education (TNE), and skills development.

Higher Education

The strategy continues to support UK universities as a global asset, but with a stronger emphasis on: Building long-term partnerships with overseas universities rather than simply attracting students to the UK. Expanding UK transnational education (TNE), allowing students to earn UK qualifications in their own countries. Diversifying international student recruitment across a wider range of countries to reduce dependence on a small number of markets. Supporting research collaboration, innovation and institutional partnerships that strengthen the UK's global influence.

Vocational Training and Skills

This is one of the strongest themes of the strategy. The Government recognises that many countries are seeking workforce development rather than only university education. It therefore commits to: Promoting UK technical and vocational education internationally. Expanding partnerships between UK colleges and overseas institutions. Supporting skills development aligned with labour market needs, particularly in sectors such as digital, engineering, green industries and healthcare. Positioning UK further education colleges and awarding organisations alongside universities as part of the UK's international education offer. Working with governments to strengthen national skills systems rather than simply selling qualifications.

International Focus

The strategy presents education as a key pillar of UK diplomacy and trade. Its objectives include: Making the UK the “partner of choice at every stage of learning.” Growing education exports to **£40 billion annually by 2030**. Using British embassies and High Commissions to identify education partnership opportunities. Working closely with governments, employers and international organisations to improve education systems and workforce capability. Supporting women and girls' education and using education partnerships to strengthen economic growth and international relationships.

For Cambodia, this strategy aligns particularly well with opportunities to:

Expand British international schools. Develop UK university partnerships with Cambodian universities. Increase technical and vocational education partnerships in areas such as digital skills, engineering, hospitality and healthcare. Support workforce development as Cambodia prepares for post-LDC graduation. Strengthen links between UK education providers, employers and government agencies through initiatives such as BritCham Cambodia's Education Committee and the UK-Cambodia Joint Trade and Investment Framework.

CamEd
Business School

CamEd Business School

Learn, Share, Connect.

Established in 2000, **CamEd Business School** is an accredited higher education institution in Phnom Penh specialising in **accounting, finance and business education**.

CamEd offers degree programmes, internationally recognised professional qualifications and specialist diplomas designed to prepare students and working professionals for careers in accounting, auditing, taxation, finance and management.

Its programmes combine academic knowledge, practical application, professional standards and strong engagement with employers.

About CamEd

Since its establishment in 2000, CamEd Business School has contributed to the development of Cambodia's accounting, finance and business professionals. Based in Phnom Penh's financial district, CamEd offers an educational pathway connecting academic degrees with internationally recognised professional qualifications.

Its programmes are designed around employer needs and combine technical knowledge, ethical leadership, communication skills and practical application. Students benefit from experienced Cambodian and international faculty, professional examinations, career advising, internships, employer engagement and a supportive campus environment.

Through programmes including the Bachelor of Accounting and Finance + CAT and Master of Science in Accounting and Finance + ACCA, CamEd prepares graduates for careers in auditing, accounting, taxation, financial services, consulting and management. The institution's national and international accreditations demonstrate its continuing commitment to educational quality, employability and recognised professional standards.

Meet Our Leadership

Mr. Casey Barnett

MBA, FCCA, CFA

President and Professor,
CamEd Business School

Mr. Casey Barnett is the President of CamEd Business School and a professor specialising in accounting and financial reporting. He is a CFA charterholder, a Fellow of the Association of Chartered Certified Accountants and holds an MBA from Columbia Business School.

Mr. Barnett has extensive experience in International Financial Reporting Standards and has provided professional training to employees of major accounting firms, the General Department of Taxation and listed companies. He previously served as a volunteer adviser to Cambodia's National Accounting Council and participated in a Ministry of Economy and Finance working group covering accounting, taxation and securities-market matters for microenterprises and small and medium-sized enterprises. He has also worked as a World Bank consultant in public-sector financial reporting.

Under his leadership, CamEd focuses on delivering internationally recognised and employment-oriented education that responds to the needs of Cambodia's economy. Its programmes combine academic study with professional qualifications, practical skills and engagement with employers.

Mission

CamEd Business School is committed to providing innovative, industry-oriented business education and research to develop ethical, internationally recognized professionals who create a positive impact on the sustainable economic development of Cambodia.

Educational Philosophy

CamEd determines its instructional teaching models based on an educational philosophy that combines Outcomes-Based Education (OBE) with Human Capital Theory. OBE emphasizes practical application by aligning education with market demands and real-life experiences through projects, simulations, and work placements. Human Capital Theory focuses on developing students' knowledge, skills, abilities, and attitudes to support both individual and national economic growth.

Teaching/Training & Learning

At CamEd Business School, our academic team comprises **61 staff members**, including **64%** international faculty. The quality of a program is only as good as the quality of the professors and lecturers. Professors at CamEd Business School are internationally qualified, experienced professors selected through a rigorous evaluation process. All professors are subject matter experts with real world experience with leading companies and institutions.

Facilities & Campus

CamEd Business School is located in central Phnom Penh, near Wat Phnom and Cambodia's main financial and business district.

The campus combines contemporary learning spaces with comfortable study and common areas.

Facilities support academic instruction, independent study, professional examinations, student activities, career development and student wellbeing.

Classrooms and lecture halls are complemented by reading rooms, study lounges and spaces for academic and extracurricular engagement.

Key Facilities/Features

- Modern classrooms and lecture halls
- Business library and reading rooms
- Study lounges and student common areas
- Religious facilities and praying rooms
- ACCA computer examination facilities

- Learning Support Center
- Career Services and Student Advising Department
- Health clinic and on-campus nurse
- Online academic and student-service portals
- Student-club and extracurricular support
- Support services for minority groups

Student life & Wellbeing

"CamEd Business School is committed to supporting students' academic success, career development, personal growth, and wellbeing. Through Career Services and Student Advising, CamEd provides academic counseling, career guidance, employment support, student activities, networking opportunities, tutorials, and other services that promote student engagement, and successful learning and progression."

Learner Outcomes, Industry Engagement & Employability

CamEd Business School ensures strong industry engagement and graduate employability through partnerships with leading audit firms, banks, corporations, and development organizations. Career Services and Student Advising (CSSA) connects students with employers via career fairs, recruitment drives, networking events, internships, and company visits. Graduates have joined firms such as KPMG, EY, Deloitte, BDO, Grant Thornton, Baker Tilly, Canada Bank, Maybank, Prudential, and Unilever.

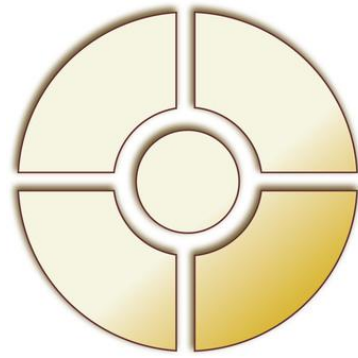

Graduate outcomes are tracked systematically, with alumni progressing into careers in accounting, auditing, banking, finance, taxation, consulting, and corporate management.

CamEd offers internationally recognised qualifications and diplomas, including:

- Bachelor of Accounting and Finance + CAT
- Master of Science in Accounting and Finance + ACCA
- ACCA and CAT qualifications
- Diplomas in Cambodian Taxation, Advanced Taxation, Business Law, and IFRS for SMEs

Career support services include individual advising, CV and interview preparation, internship and job placement assistance, employer engagement activities, alumni networking, and academic counseling. These services ensure students are well prepared for professional success and responsive to industry needs.

AMERICAN UNIVERSITY OF PHNOM PENH

STUDY LOCALLY. LIVE GLOBALLY.

Welcome to AUPP!

American University of Phnom Penh (AUPP)

Located in Cambodia's capital city of Phnom Penh, the **American University of Phnom Penh (AUPP)** was established in May 2013 as a private university. AUPP is the only university offering U.S. accredited degrees in Cambodia.

As one of the most prestigious universities in Cambodia, AUPP provides the highest quality, internationally based curricula focused on skills and leadership qualities necessary for a successful career. We aim to develop critical thinkers, innovators, and ethical leaders who will leave an enduring mark on Cambodia and our global community.

Educational Philosophy

- *At the American University of Phnom Penh (AUPP), we don't just teach – **we empower builders of a brighter tomorrow.***
- *Here at AUPP, we ignite transformation through American-style, holistic education rooted in culturally diverse values – awakening active learners to become critical thinkers, bold innovators, ethical leaders, and responsible global citizens.*
- *With quality-assured outcome-based curriculum, we empower active, experiential, technology-enhanced learning: hands-on projects, industry immersion, AI-robotics-cybersecurity labs, work-based challenges, and entrepreneurial ventures – fostering courage, integrity, lifelong curiosity, and real-world impact.*

Teaching and Learning

AUPP hires highly qualified and experienced faculty. Ninety percent of the faculty hold Ph.D.'s from American and other western universities and have extensive university-level teaching experience.

Facilities & Campus/Centre

AUPP's campus features modern, American-inspired facilities designed to provide students with a high-quality learning experience. The campus includes spacious American-style lecture halls and classrooms, the Emerging Technology Lab (ETL), the Teaching & Learning Center, a library, computer labs, the AUPP Eagles' Nest student hub, a sports club, and ample parking. Designed to create an international campus experience in Cambodia, AUPP provides students with a comfortable and engaging environment where they can learn, collaborate, connect, and enjoy university life while studying locally.

Learner Outcomes, Industry Engagement & Employability

- AUPP connects students with industry and academic partners across Cambodia and internationally, providing internships, work placements, career fairs, company visits, networking, and recruitment opportunities.
- Graduates progress into careers across the private sector, government, international organisations, and entrepreneurship, while others pursue Master's, Juris Doctor, and PhD programmes in Cambodia and abroad.
- Students can also gain internationally recognised professional qualifications through organisations such as CMI and CMA Australia, alongside U.S.-accredited degree programmes offered in partnership with the University of Arizona and Fort Hays State University.
- Through Career Insight, AUPP provides career counselling, internship and job opportunities, CV and interview preparation, professional development workshops, and direct connections with prospective employers.

Student Support & Wellbeing

Student Affairs supports students' well-being, personal development and career readiness through student activities, community engagement, advisory and mental health resources, mentorship, career coaching, internships and employment opportunities.

Business School of Accountancy (BSA)

Shaping Cambodia Finance Leaders

Business School of Accountancy (BSA) is an ACCA Gold Approved Learning Partner and a Licensed ACCA CBE Centre based at Connexion, Koh Pich, Phnom Penh.

BSA delivers ACCA qualifications, corporate training and specialist certificate programmes in accounting, finance and fintech, combining rigorous tuition with practical, industry-relevant learning. Students benefit from an on-site licensed examination centre, experienced lecturers holding professional qualifications, and a growing network of corporate and institutional partners.

Vision

To be a leading and trusted institution for accounting, finance and fintech education, developing ethical and globally competitive finance professionals who create lasting impact.

Mission

- To deliver high-quality, internationally recognised professional education through rigorous tuition, practical learning and a supportive environment, equipping every student with the knowledge, skills and professional standing to succeed in the finance profession.
- BSA is committed to delivering affordable, high-quality education supported by strong academic standards and proven student outcomes. Through professional networks and practical, industry-relevant learning, students gain valuable connections, career-ready skills, and greater opportunities for long-term professional success.

Accreditations or Memberships

- ACCA Gold Approved Learning Partner
- Licensed ACCA Computer-Based Examination (CBE) Centre

Language(s) of Instruction

- English, with Khmer language support

Programmes Offered

- ACCA Qualification
- Certified Trainer Programme
- Finance Executive Programme
- ACCA Professional Diploma in Sustainability (ProDipSust)
- Certificate in Sustainability Strategy and Management
- F inTech for Finance and Business Leaders (CertFinTech)
- Certificate in Sustainability Reporting
- Certificate in Data Analytics for Financial Reporting
- Certificate in Business Valuations

Teaching and Learning

BSA's lecturers team holds recognised professional qualifications including FCCA, CGMA, ACMA and CPA, alongside strong practical experience in accounting, audit and finance. Lecturers combine technical expertise with exam-focused delivery, and are directly associated with the courses they teach, providing students with practical knowledge and exam guidance alongside academic instruction.

Facilities & Campus/Centre

BSA's Phnom Penh campus is located at Connexion, Koh Pich, a modern riverside development offering a calm, focused study environment. The campus houses a Licensed ACCA Computer-Based Examination (CBE) Centre, equipped to ACCA's required standards, allowing students to study, prepare for exams and sit their ACCA CBE exams in one place.

- On-site Licensed ACCA CBE examination facility;
- Dedicated classrooms;
- Self-study and library space

Learner Outcomes, Industry Engagement & Employability

- BSA connects learners with a strong network of 24 corporate and institutional partners, creating opportunities for professional networking, industry exposure and career development.
- Graduates have progressed to regional, Big Four-affiliated and audit firms, while many continue advancing their professional qualifications.
- Through ACCA, FIA, DipIFRS, ProDipSust and specialist finance-related certificates, alongside guidance from qualified lecturers and industry professionals, BSA supports learners in building relevant skills and progressing confidently toward their career goals.

Student Support & Wellbeing

BSA is committed to a supportive learning environment where every student receives the guidance needed to succeed academically and professionally, from approachable lecturers to a calm, well-resourced campus designed for focused study.

DE MONTFORT UNIVERSITY CAMBODIA

Welcome to Our Campus!

De Montfort University Cambodia

"1st UK University in Cambodia"

De Montfort University (DMU), founded in 1870, is a dynamic institution based in Leicester, UK, which has for over 150 years provided inspirational teaching to students. With over 30,000 students studying with us, we are proud to be a truly global British university. Offering courses across Business, Finance and IT subjects, DMU Cambodia is the first UK University branch campus in the Kingdom. We are proud to bring our focus on excellence and making a global impact to Cambodia. Our students earn an internationally recognised UK degree, enjoy an immersive learning experience, all at a significantly lower cost than studying overseas.

Mission

To create an inclusive, student-centered learning environment that combines academic excellence with practical experiences, industry engagement, and innovation .

Educational Philosophy

- *We are committed to providing high-quality British education that empowers students with knowledge, skills, and global perspectives.*
- *We believe education should encourage critical thinking, creativity, and lifelong learning, preparing graduates to become confident, adaptable professionals who are ready to make meaningful contributions to Cambodia and the wider global community.*

Accreditations or Memberships

- A Branch Campus of De Montfort University Leicester, UK. Numerous accreditations by major professional and industry bodies.

Vocational English Centre

Edifyworld Cambodia

"Better your English, Better your Future"

Edifyworld is a UK vocational education specialist offering a range of vocational courses to develop the workforce of Cambodia.

It is registered in Cambodia specifically to offer vocational and business English to all employment sectors through UK recognized accreditation.

Edifyworld operates from its Vocational English Centre in Phnom Penh with English national and native speaker teachers, and has the capacity to offer classroom, work based, hybrid, and online teaching.

About Us

Edifyworld is the first UK-run Vocational English Centre in Phnom Penh with NOCN certification and is the only NOCN ESOL International Centre in Southeast Asia. The **National Open College Network (NOCN)** is a leading internationally recognized British Awarding Body and a leader in the international qualifications market. NOCN's world-leading, Ofqual approved ESOL International qualifications are designed to support learners wishing to study or secure employment abroad.

Edifyworld have developed General English and Tailored Sector-specific ESOL International qualification courses at all six levels of the Common European Framework of Reference for Languages (CEFR): A1, A2, B1, B2, C1, and C2. Each CEFR level has IELTS equivalence. All courses are designed to develop speaking, listening, reading, and writing skills. We have developed our own A0 course for learners with little or no English, who are supported by Khmer speaking Classroom Assistants in and beyond the classroom.

The examinations equally assess the four skills - Speaking, Listening, Reading, and Writing. If you fail a skill, you can bank the skills that you passed, and you only have to re-sit the skill you failed.

Our Mission

Edifyworld's mission is to empower adults in Cambodia and uplift the local economy with industry-specific bespoke Vocational and Business English courses, fostering professional growth and global opportunities through high-quality teaching and UK certification.

Education Philosophy

We believe in supporting the individual needs of all our learners including the development of an A0 course to meet the needs of Cambodians with little or no English. All learners complete an English language placement test so that we can identify an appropriate starting level course; and learners are supported throughout courses both in the classroom, centre, and home through our comprehensive Learning Management System (LMS).

Programmes, Qualifications or Services Offered

- Edifyworld provides the NOCN ESOL International qualifications at the six CEFR levels (A1, A2, B1, B2, C1 and C2), and at A0 level through General English courses and Tailored Sector-specific bespoke courses.
- The NOCN ESOL International qualification examinations have also been specially contextualized for the different sectors. Thus, learners on our bespoke Hospitality and Tourism courses at the end of the course undertake an examination contextualized for Hospitality and Tourism.
- All learners, on all programmes and courses, can study at their identified level, and progress to higher and higher levels.

Training & Learning

Edifyworld has developed :

- Two General English programmes, and
- Five programmes of tailored, bespoke courses.

The tailored courses for the sectors have been developed through a detailed, thorough Training Needs Analysis (TNA) process carried out by the Edifyworld team.

We have a highly qualified and experienced team of developers and English teachers, all of whom are Native Speakers of English, and 66% have masters qualifications.

Curriculum & Programmes offered

General English A0	For learners with little or no English	A0
ESOL International Level Courses	Build English skills and gain internationally recognised certification	A1 - C2
Hospitality & Service Excellence	Sector-specific English for hospitality and service settings	A2 - C2
Healthcare & Care Workers	English for healthcare and care environments	B1 - C2
Nursing Professionals	Professional English for nursing contexts	B2 - C2
English for Physicians	Professional English for physicians	C1 - C2
English for Business Excellence	English for business and workplace communication	A2 - C1

Facilities and Centre

- At Edifyworld we do not have a strict timetable. Course sessions in the centre are in evenings and weekends; and in workplaces and institutions during the day. Our course schedules are designed to meet the needs of learners and employers.
- The centre has seven classrooms. All have large television monitors, white boards, flip chart boards and pads, and access to an interactive whiteboard.

- The classrooms are designed for flexibility so that the teachers are able to quickly and easily move the furniture to suit the range of teaching and learning approaches used to effectively develop the functional English communication of the learners.

Learner Outcomes, Industry Engagement & Employability

Edifyworld collaborates with ministries, industry associations, and leading employers across Cambodia—including education, tourism, hospitality, aviation, banking, garment, automotive, IT, logistics and healthcare sectors—to deliver tailored English communication courses aligned with workplace needs.

Key Features

- **Learner progression & outcomes:** Graduates advance into employment, career development, or further study, supported by sector-specific English skills.
- **Certifications:** Programmes are accredited through **ESOL International qualifications**, providing globally recognized English credentials as a lifelong alternative to IELTS.
- **Career support:** Learners gain practical English for workplace effectiveness, international mobility, and career advancement, with courses customized to sector demands.

These programmes equip Cambodians with internationally benchmarked English proficiency, enhancing employability across diverse industries and supporting pathways to overseas education or work.

Safeguarding and Wellbeing

" All learners are provided with maximum centre support, and mentoring through the LMS. Edifyworld has a clear and embedded internal safeguarding procedure so that all our staff are attentive and are able and ready to prevent or recognise, respond to, and report situations of concern or where there are suspected or known safeguarding risks. Association of Chartered Certified Accountants

ACCA Cambodia

Think Ahead

ACCA is the Association of Chartered Certified Accountants. We're a thriving global community of 266,100 members and 546,500 future members based in 179 countries that upholds the highest professional and ethical values. We believe that accountancy is a cornerstone profession of society that supports both the private and public sectors. That's why we're committed to the development of a strong global accountancy profession and the many benefits that this brings to organisations, individuals and society.

ACCA Cambodia is dedicated to developing world-class finance talent to support the Kingdom's rapid economic growth. Through strategic collaborations with local universities, training institutions, and regulatory bodies, ACCA integrates international professional qualification standards into domestic curricula. Our commitment extends to advancing sustainable finance, digital transformation in accountancy, and professional ethics. By equipping Cambodian youth with internationally recognized qualifications, ACCA bridges the gap between academic education and high-demand industry careers.

Our Mission

We're a force for public good. We lead the global accountancy profession by creating opportunity.

Key Areas Programmes/Services Offered

- Financial Accounting,
- Management Accounting,
- Financial Reporting,
- Financial Management,
- Audit and Assurance,
- Taxation,
- Strategic Business Reporting,
- Advanced Performance Management,
- Corporate Governance, Ethics, and Sustainable Finance/ESG.

Language(s) of Instruction

English

Training Qualifications

ACCA is a global network of expert examiners, approved learning partners, and accredited educators.

ACCA qualifications are delivered through certified Approved Learning Partners (ALPs) and accredited higher education institutions. Educators and trainers are seasoned finance professionals, academic experts, and FCCA/ACCA designated members with extensive industry experience. The curriculum is continually refreshed by top industry practitioners and global subject-matter experts to reflect evolving financial standards, technological advances, and ESG reporting requirements.

Accreditations or Memberships

Founding member of the International Federation of Accountants (IFAC), Recognized global professional body with royal charter status in the UK, Strategic partner to the Accounting and Auditing Regulator (ACAR) and KICPAA in Cambodia

Training Centre Facilities

ACCA operates through a flexible hybrid model. Learning is delivered through ACCA Approved Learning Partners (ALPs) equipped with modern digital lecture halls, as well as ACCA's high-tech digital learning platforms (ACCA Study Hub and Practice Platform). Flexible computer-based exam (CBE) centers across Phnom Penh offer secure, accessible testing environments for students. At Cambodia, we have 1 Platinum ALP and 1 Gold ALP.

Key Facilities/Features

- Online ACCA Practice Platform & ACCA Study Hub,
- Computer-Based Examination (CBE) centers,
- Digital learning resources, mock exam engines, and global student portals

Learner Outcomes, Industry Engagement & Employability

- Strong links with ACCA Approved Employers, including leading accounting firms, multinational corporations, financial institutions and government agencies, creating valuable career and internship opportunities.
- Supports career pathways in auditing, finance, banking, risk advisory and public sector accounting, with graduates progressing to managerial, senior leadership and CFO roles globally.
- Offers ACCA, CAT, BSc (Hons) in Professional Accountancy and MSc in Professional Accountancy, in partnership with the University of London.
- Global career support through the ACCA Career Portal, career fairs, networking events, workshops and mentorship programmes.

Student Support & Wellbeing

ACCA provides comprehensive learner support through 24/7 global customer service, exam access accommodations, dedicated mental health and study resilience resources on the ACCA Student Wellbeing Hub, and continuous academic guidance via our local university and learning partner networks.

Welcome to the Association of International Certified Professional Accountants!

AICPA & CIMA

"World's leading and largest professional body of management accountants"

The Association of International Certified Professional Accountants (the Association) advances the reputation, employability, and quality of CPAs, CGMA designation holders, and accounting and financial professionals globally. Founded in 2017 by the AICPA and CIMA, it represents 580,000 AICPA and CIMA members, candidates, and registrants in more than 150 countries and territories, advocating for the public interest and business sustainability on current and emerging issues.

The American Institute of CPAs® (AICPA®) is the world's largest member association representing the CPA profession. It sets ethical standards for the profession and U.S. auditing standards for private companies, not-for-profit organizations, and federal, state, and local governments. It also develops and grades the Uniform CPA Examination and builds the pipeline of future talent for the public accounting profession.

The Chartered Institute of Management Accountants® (CIMA®) is the world's leading and largest professional body of management accountants. CIMA works closely with employers and sponsors leading-edge research to ensure its members remain the employers' choice when recruiting financially trained business leaders.

Our Mission

To drive accounting and finance into future by giving the support, skills, and insights to meet the demands of a constantly changing the world.

We exist to empower trust, opportunity and prosperity for individuals, organizations and economies around the globe. Wherever you are and whatever your role in accounting and finance, we'll help you evolve and excel.

Our Promise

Student Support & Wellbeing

Students receive guidance throughout their learning journey through dedicated support teams, approved learning partners, digital resources and access to a global professional community.

KOYANI
EDUCATION

Koyani Education

Driving success through our unique bespoke approach to education

Koyani Education is a UK-based educational services specialist with a global client base. We are experts at working with students and parents to help them meet their educational goals with a programme that is specific to them; whether that is attaining the grades they need or guiding through University applications. In addition to the work that we do with students, we also offer our expertise to schools to develop teacher skills and improve departmental performance. Our expertise is made up from qualified teachers, all being British University graduates, confident and familiar with the British curriculum.

Our Mission

We pride ourselves on genuinely caring about the performance and wellbeing of all of our students, and that is the cornerstone to everything that we do.

Academic Tutoring & Learning Support

Koyani Education provides specialist online tutoring for students following GCSE, A-Level and IB programmes, with support tailored to individual learning needs and academic goals.

Private Tuition

Online one-to-one personalised tuition from UK university graduated and qualified teachers.

Study Workshops

Maths and Science focused study workshops supporting mocks and final exams, held at schools or local venues.

Specialist Services

Primary tutoring, speech and language therapy, additional needs consultancy and support.

University Preparation

University application prep and mock interviews from subject specialists to help maximise your potential.

Core Academic Areas

- Maths,
- Physics,
- Chemistry,
- Biology,
- Economics,
- English

Language(s) of Instruction
English

Training Qualifications

All our tutors and consultants are experience teachers who hold qualified teaching status, and are university graduates from the UK.

Training Centre Facilities

Our tutoring is entirely online, and our school consultations can be online or in-person

Why are more people choosing Koyani Education?

Qualified Teacher Status (QTS)

All of our educators have QTS meaning they are current teachers familiar with the latest curriculums

Free Trial Lessons

We offer every first student a trial tutoring session with no obligations, so you can be confident with your choice

Experienced Examiners

Exam marking and feedback is provided by experienced examiners who can help students attain the best results

University Graduates, inc. Oxford

Our team are all British university graduates, capable of providing expert guidance and tuition

Personalised Development

Unlike some providers, we personalise lessons to every individual student to help them maximise their learning

Student Support & Wellbeing

We have an in-depth safeguarding policy and risk assessment system in place.

Unlock your potential with personalised
learning for academic success

Mith Samlanh

Together, Building Futures

For more than 30 years, Friends-International has walked alongside marginalized children, youth, and families across Cambodia, Laos, Thailand, Indonesia, and Myanmar, helping them build better futures and becoming productive citizens of their country.

In Cambodia, Mith Samlanh (a local NGO, member of the Friends-International Alliance) offers free, hands-on vocational training in hospitality, beauty, mechanics, and other trades to young people and caregivers who have faced real barriers to education and stable work. Training pairs practical, market-ready skills with soft skills, digital literacy, and life skills, then carries into supported job placement through our Futures Employment case management model. Graduates step into Cambodia's tourism, hospitality, and service sectors with genuine expertise and a strong sense of their own worth.

Our Mission

We protect the rights of marginalized children, youth, and their families, and support them to build sustainable futures through education, vocational training, and employment.

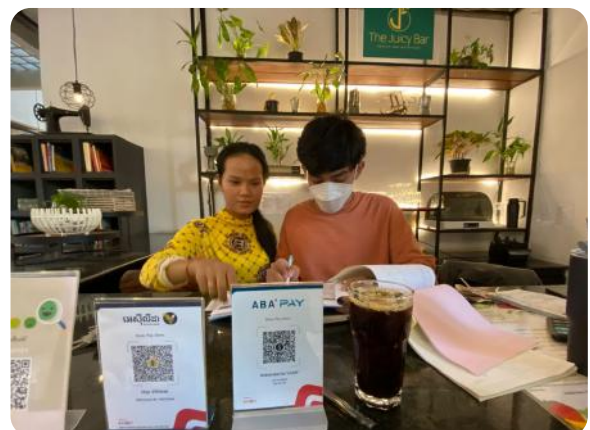

Every young person deserves the chance to gain real, market-relevant skills and earn a dignified income, whatever barriers they have faced along the way.

Programmes/Services Offered

Vocational training in hospitality and culinary arts, beauty and hairdressing, barbering, mechanics (car and motorbike), and maintenance and electrical work. Training is rounded out with job readiness and soft skills modules (CV writing, interview skills, workplace behavior), general education (literacy, numeracy, digital skills, English), and life skills education. Students also benefit from individualized case management, psychosocial support, and supported job placement.

Key Areas of Training or Services Offered

- Hospitality and culinary arts
- Beauty and Barber (hairdressing, makeup and nail)
- Mechanics (car and motorbike repair)
- Maintenance and electrical services
- Job readiness, digital skills, and life skills education

Language(s) of Instruction

Khmer, with technical and general English also woven into the curriculum.

Facilities & Centre

Mith Samlanh has two training centers in Cambodia. The main training center sits in central Phnom Penh, where students put their skills into practice at a fully functioning restaurant, cafe, shop, and beauty salon on site. In Siem Reap, our training center operates alongside Marum.

Key Facilities/Features

Training restaurants run as social enterprises (including Friends the Restaurant), a beauty and hairdressing training salon, and a mechanics workshop.

Learner Outcomes, Industry Engagement & Employability

Mith Samlanh connects students directly with leading hospitality employers through industry visits, guest talks, internships, and practical assessments. Graduates move into hospitality and culinary roles backed by MoLVT-recognized TVET certification.

Students also receive personalized career guidance, job-readiness training, placement support, and follow-up after they start working.

Every student is supported by a dedicated case manager who coordinates soft skills, life skills, psychosocial support, and family support alongside technical training. Our Beneficiary Protection Policy guides every interaction with young people, so safeguarding, dignity, and consent are built into each step of their journey.

Student Support & Wellbeing

Every learner is supported by a dedicated case manager who coordinates soft skills, life skills, psychosocial support, and family support alongside technical training. Our Beneficiary Protection Policy guides every interaction with young people, so safeguarding, dignity, and consent are built into each step of their training journey.

Pearson BTEC

Where learning comes to life

Pearson is the world's lifelong learning company, supporting learners, educators and institutions with learning experiences, assessments and qualifications.

Pearson BTEC International qualifications are career-focused British qualifications designed to develop practical knowledge, technical skills and behaviours valued by employers and universities. Delivered through approved centres around the world, BTEC offers flexible pathways from foundational learning to higher education and professional progression.

Our Mission

Pearson's purpose is to help people realise the life they imagine through learning. BTEC International qualifications reflect this mission by connecting education with real-world applications, enabling learners to build confidence, employability skills and progression opportunities through practical, scenario-based learning and assessment.

Programmes/Services Offered

Curriculum and Key Areas

BTEC serves more than 1 million learners each year globally, and offered the subjects covered include Business, Information Technology, Engineering, Applied Science, Health and Social Care, Creative Media, Art and Design, Hospitality, Travel and Tourism, Sport, Esports and other vocational sectors, subject to centre approval and qualification availability.

Accreditations or Memberships

- Pearson BTEC is a UK-established qualification brand recognised by employers, universities, ministries and education institutions internationally.
- BTEC International qualifications are delivered by Pearson-approved centres under Pearson quality assurance requirements.

Language(s) of Instruction

English, with delivery by approved centres. Local learner support may be provided by centres where appropriate and permitted by programme requirements.

Training Qualifications

Pearson-approved centres appoint qualified teaching and assessment staff appropriate to the qualification sector and level. Pearson supports centres through approval requirements, standards verification, quality assurance processes and professional development, helping ensure consistent delivery and assessment of BTEC qualifications internationally.

Brunei Case Study

Brunei

Recognition and implementation of BTECs from 2011.

Some students were leaving school without appropriate qualifications and were finding it difficult to enter the workplace. In addition, the country was experiencing a skills shortage and a growing problem of youth unemployment.

The Ministry contacted Pearson to discuss skills gaps, to build a new vocational education system for the country, in subjects such as a Business, Art and Design and IT.

BTEC Level 2 qualifications were introduced from 2011.

Pearson provides training for teachers, quality assurance on their centres, and support to teachers in delivering subjects. In its 13th year, we continue to see hundreds of Brunei students coming through the vocational education system to enter **Higher Education** or the **workplace**.

Schools offer BTEC Level 2 qualifications in the following subjects:

Art and Design (International), Hospitality and Catering, IT and Business.

Key Facilities/Features

- Centre-based classrooms,
- laboratories, studios,
- digital learning environments,
- workshops or simulated workplace settings, depending on the subject and qualification.
- Pearson also provides qualification specifications, teaching and learning resources, assessment guidance, quality assurance and professional development support.

Learner Outcomes, Industry Engagement & Employability

- BTEC qualifications are developed with educators, employers and governments to reflect real-world skills and opportunities.
- BTEC supports progression to employment, further study and higher education, including internationally recognised BTEC Higher Nationals (Levels 4–5).
- BTEC International qualifications span Levels 1–7, including Level 2 and 3, Higher Nationals, Specialist and Professional Awards, and short courses.
- Pearson provides progression resources, while approved centres offer tailored guidance, counselling and placement support.

Students' testimonials : https://youtu.be/Y7UvHc8kGyQ?si=5guk_K1LdTEbzTB-

Student Support & Wellbeing

Pearson-approved centres are responsible for local learner support and wellbeing. Pearson supports centres through clear qualification guidance, assessment support, quality assurance and professional development to help learners access consistent, high-quality vocational education.

Unlock Your Potential with Pearson

Pearson BTEC

- **Established:** Pearson was incorporated in 1897; BTEC qualifications were established in the UK and have over 40 years of proven success.

AI.SCIENCE. EDUCATION. TECHNOLOGY

MYTEB Cambodia

MYTEB is a premier Cambodia-based education technology and STEM solutions provider, partnering with global brands to deliver integrated tools tailored to local learning environments. We support over 100 schools, universities, and NGOs, equipping classrooms with interactive displays and high-quality scientific, TVET, and metrology equipment from world-leading brands. Additionally, we specialize in designing and building science laboratories, STEM makerspaces, and robotics labs, while providing comprehensive ELV, networking, and IT infrastructure services.

Mission

- MYTEB empowers educators and transforms learning through innovative technology and practical 21st-century tools.
- We are dedicated to enhancing teacher engagement, driving student achievement, and supporting community growth through continuous innovation and customer excellence.

Programmes/Services Offered

- MYTEB provides end-to-end EdTech consultation, lab construction, furnishing, and digital classroom deployment.
- We specialize in school IT infrastructure, including LED notification displays, networking, firewalls, security and access-control systems, and comprehensive device management solutions.

Language(s) of Instruction

- Khmer and English for client support, demonstrations and training, as applicable.

Accreditations or Memberships

- Partnerships – MYTEB is the exclusive education partner of MAXHUB interactive screens, Acer Chromebooks, VEX Robotics kits, Matatalab coding, Anycubic 3D printers, Epson projectors, Texas Instruments calculators, and more. Our STEM offerings include solutions from Cytron, the largest provider of open-source robotics in Malaysia.
- From a technical and TVET perspective, MYTEB partners with LESOSHOPPE Malaysia to offer metrology equipment from global leaders such as Mitutoyo, IKA, Raxvision, and more. MYTEB maintains numerous corporate partnerships and holds memberships in the Malaysian Business Chamber of Cambodia, the British Chamber of Commerce, the Australian Chamber of Commerce, and the Federation of Education Services.

Academic/Training Qualifications

MYTEB's team comprises experienced specialists across educational technology, STEM education, network engineering, and laboratory design. Staff members hold professional degrees and industry-recognized certifications from global tech leaders such as Google, Acer, and VEX Robotics. This multi-disciplinary expertise ensures comprehensive support, from pedagogical integration and technical consultation to full-scale infrastructure setup and ongoing professional development for educators.

Centre Facilities

EdTech and education-supply showroom/office; demonstration capability for digital classroom and STEM solutions; Chromebooks and student devices; interactive displays and projectors; robotics, VR and 3D-printing solutions; science-lab equipment; access to lab design, construction and furnishing services; networking and school-infrastructure solutions.

Qualification and Area Focus

- MYTEB-awarded qualifications identified. MYTEB supplies recognised international education technology and STEM platforms/products, including Google/Acer education solutions and VEX robotics.
- MYTEB's focus is institutional EdTech, STEM, science and infrastructure solutions.

Student Support & Wellbeing

MYTEB supports safer and more effective learning environments through appropriate education technology, secure network infrastructure, laboratory safety equipment and ongoing technical support. As a solutions provider, student welfare remains primarily the responsibility of its client institutions.

ASEAN-UK Young Leaders Initiative

ASEAN-UK Young Leaders Initiative

Young Leaders in connecting, promoting and developing ASEAN-UK Relations

ASEAN and the UK share a robust and enduring friendship that is evolving to meet the challenges and opportunities of the 21st century. As the UK strives to deepen its Dialogue Partnership status with ASEAN, it is focusing on building closer ties through academic collaboration and diplomatic engagement. However, a significant gap exists in information sharing and dialogue among the youth of both regions. Many young people remain unaware of the ASEAN-UK relationship, resulting in limited engagement and participation.

To bridge this gap, this groundbreaking, youth-led project aims to enhance connectivity, raise awareness, and foster youth development within ASEAN-UK framework.

Our Mission

This initiative aims to connect ASEAN and the UK through youth and the next generation, while promoting a better understanding of ASEAN-UK relations. It seeks to support government efforts, both now and in the future, through youth diplomacy and targeted programmes.

Our Initiative

The ASEAN-UK Young Leaders Initiative (YLI) connects young leaders from ASEAN and the UK through policy workshops, sharing sessions, and youth-led projects. It is designed for students and early-career professionals aged 16–25 who are interested in international relations and regional policy.

The initiative provides institutional networking, youth advisory services, and a platform for youth diplomacy to strengthen ASEAN-UK relations, both now and in the future.

Language(s) of Instruction
English and Khmer

Outcome and Industry Engagement

The ASEAN-UK Young Leaders Initiative works with UK Missions, embassies, and regional think tanks to promote youth diplomacy. Through these networks, young leaders gain direct exposure to senior practitioners through mentorship, events, and volunteer leadership opportunities, helping them build practical skills and early-career experience.

British Chevening Alumni Association of Cambodia (BCAAC)

Welcome to Chevening Alumni Association!

British Chevening Alumni Association of Cambodia (BCAAC)

The British Chevening Alumni Association of Cambodia (BCAAC), established in 2008, is Cambodia's national network of Chevening alumni.

BCAAC connects UK-educated Cambodian professionals, strengthens alumni collaboration, promotes access to the Chevening Scholarship, supports aspiring scholars through information and mentoring activities, and mobilises alumni expertise for leadership, education and social-impact initiatives.

The Association works with the British Embassy Phnom Penh, education and private-sector partners, fellow scholarship alumni associations and community organisations to advance UK-Cambodia connections and contribute to Cambodia's development.

Mission

To enhance cooperation and development in Cambodia and beyond

To be a platform that connects Chevening alumni and contributes to Cambodia's development.

Programmes/Services Offered

- Chevening scholarship awareness and information sessions;
- Application-writing and mentorship support;
- Alumni networking and professional development;
- Cambodia Leadership & Alumni Impact Accelerator;
- Youth education, career and leadership outreach;
- Pre-departure and returning-scholar engagement;
- Cross-scholar association collaboration; and community/social-impact initiatives.

Accreditations or Memberships

- BritCham Cambodia member;
- National Chevening alumni association in Cambodia;
- BCAAC collaborates with the British Embassy Phnom Penh and wider scholarship/alumni networks.

Language(s) of Instruction

English and Khmer

Curriculum and Services Offered

Scholarship Access & Pathways	Leadership & Mentoring	Networking & Social Impact
• Scholarship access and pathways • Career and professional orientation • UK-Cambodia educational engagement	• Leadership development • Mentoring • Youth empowerment	• Alumni networking • Community/social-impact initiatives

Training Qualifications

BCAAC is Volunteer-led Executive Board and alumni contributors; no permanent academic faculty.

Programme facilitators and mentors are drawn primarily from Cambodian Chevening alumni and invited partners, bringing UK postgraduate education and professional experience across government, business, education, technology, development, civil society and other sectors. Expertise is mobilised according to programme needs rather than through a permanent academic staffing model.

Training Centre Facilities

- Activities are organised in Phnom Penh and other provinces through partner universities, community venues, event spaces and online/hybrid platforms.
- This flexible model enables the Association to engage alumni, prospective scholars, students, professionals and partners across Cambodia
- Partner event and training venues; meeting and networking spaces; online webinar and collaboration platforms; social-media and digital knowledge-sharing channels; and programme-specific facilities provided by host partners.

Learner Outcomes, Industry Engagement & Employability

- BCAAC partners with the British Embassy Phnom Penh, BritCham Cambodia, universities, private-sector and community organizations, and alumni associations to promote scholarships, mentoring, leadership events, networking, and selected internship/work-exposure opportunities.
- It supports prospective scholars from awareness through application preparation and mentoring, and later connects returning Chevening alumni with networks, leadership opportunities, and professional collaboration, though it does not track formal graduation or employment outcomes.
- BCAAC does not award degrees or professional certifications, but offers career support through mentoring, alumni networking, leadership and professional-development events, career-sharing sessions, and introductions to professional networks.

Student Support & Wellbeing

BCAAC seeks to provide inclusive, respectful and supportive participation environments. Programme leads and alumni mentors provide guidance, signposting and practical support, while activities are designed around openness, inclusion, professional respect and collective growth.

Need a mentoring to prepare your upcoming Chevening Scholarship?

BCAAC Office

- **Established:** 2008
- **Address:** N°14 (2nd Floor), Street 3 via Street 269, Borey New World, 12158, Phnom Penh, Cambodia
- **Website:** www.bcaac.org
- **Email:** secretariat@bcaac.org
- **Indicative Fee Range:** Generally free for scholarship outreach, alumni and public-impact activities unless a specific programme states otherwise. BCAAC does not charge tuition fees.

Internship South East Asia

Connecting International Talent with Opportunities in Cambodia

Internship South East Asia (ISEA) connects Cambodian businesses and organisations with **international students and graduates** looking to gain professional experience and potentially build careers in Cambodia.

Across finance, marketing, technology, engineering, education, healthcare and more, organisations tell us the **skills, project or support they need**, and ISEA **sources and matches** suitable international candidates.

For hosts, it is a **low-input** way to access international talent, with **no placement or recruitment fee** charged by ISEA.

We manage **sourcing and matching**, while supporting interns with relocation, orientation and ongoing assistance in **Cambodia**.

Hosts provide meaningful work and supervision. **ISEA** finds the talent and takes care of the international programme around it.

Bridging education and employment through structured international internships.

Our Mission

- Bring international talent to Cambodia
- Create internships with real projects and **outcomes**
- Deliver win-win outcomes for interns and host organisations
- Strengthen UK-Cambodia education and business links
- Support a more **international** in-country workforce

Programmes/Services Offered

- Structured international internships in Cambodia (3-12 months)
- International candidate sourcing and matching
- Host organisation onboarding and placement coordination
- Internship planning around projects, goals and skills needs
- Interview and placement facilitation
- Participant relocation and arrival support
- Ongoing programme support throughout the internship

Accreditations or Memberships

- BritCham Cambodia
- Women's Empowerment Principles signatory
- Disability Confident Committed, United Kingdom
- UK-registered company in England and Wales
- Participant relocation and arrival support
- Ongoing programme support throughout the internship

Internship Fields & Opportunities

Business & Corporate	Technical & Creative	Social & Service
• Business & Management • Finance & Accounting • Marketing & Communications • Human Resources • Law & Legal Services • Real Estate	• Technology • Engineering • Architecture & Design • Media & Content • Events & Creative Industries	• Education • Healthcare • NGO & International Development • Hospitality & Tourism • Social Enterprise

What We Do: Host Partnerships

- We explore where international talent could add value for you.
- Together, we shape a meaningful internship with clear outcomes
- ISEA sources and screens suitable international candidates
- A shortlist is provided for the organisation
- ISEA handles the programme around the placement in anything out-of-office

How We Manage the Programme

ISEA works with a trusted network of partners across Cambodia to manage the wider international experience, allowing host organisations to focus on the internship itself.

Programme Support:

- Visa and pre-arrival guidance
- Airport pickup and arrival support
- Initial accommodation and apartment assistance
- Cultural orientation and local integration
- SIM, banking and practical setup support
- Ongoing participant check-ins and assistance
- Local emergency support
- Coordination between the intern, host and ISEA throughout the placement

Outcomes & Employability

For Participants

- Practical international work experience
- Stronger professional and cross-cultural skills
- Real projects and measurable outcomes
- Greater career confidence and employability
- International professional networks

For Host Organisations

- Additional skills and capacity
- Fresh international perspectives
- Support for projects and initiatives
- Cross-cultural knowledge exchange
- Access to emerging international talent

ISEA finds the talent. Interns grow. Organisations - and Cambodia - benefit.

Support & Wellbeing

Participant wellbeing is central to every ISEA programme. We provide pre-departure guidance, safeguarding, arrival support and cultural orientation to ensure interns arrive prepared for life and work in Cambodia.

Working with universities and education partners internationally, ISEA provides regular check-ins and ongoing local support, giving both participants and host organisations a dedicated point of contact throughout the placement.

FAQ

How long are placements?

Typically 3-12 months, depending on the role and candidate.

Are working arrangements flexible?

Yes. Hours and working arrangements can be agreed to suit the organisation and placement.

Is a stipend required?

Stipends are optional, although support with local expenses is encouraged where possible.

What does ISEA handle?

Sourcing, matching, relocation and ongoing participant support.

What does the host provide?

Meaningful work and workplace weekly supervision.

Can we host more than one intern?

Yes. Organisations can host multiple interns across different teams, projects or skill areas.

Looking to Bring International Talent into Your Organisation?

Ready? Get in touch with ISEA today! Never any placement or recruitment fees.

Welcome to Our Education Consultancy!

Red Cliff Education

"specialist UK education consultancy"

Red Cliff Education is a specialist UK education consultancy helping ambitious students access Britain's leading independent schools. At the heart of our success is an exceptional network of tutors who provide highly personalised, one-to-one academic support, enabling students to realise their full potential. For September 2026 entry, our students secured nine places at leading UK schools, including six academic scholarships at Eton, Westminster and Tonbridge.

Alongside tutoring, we offer school selection and admissions advice; UK guardian services, extracurricular guidance, and summer camp placement. University placement support will be introduced as the business expands.

"Our mission is to provide thoughtful, personalised guidance that enables students to thrive academically and personally."

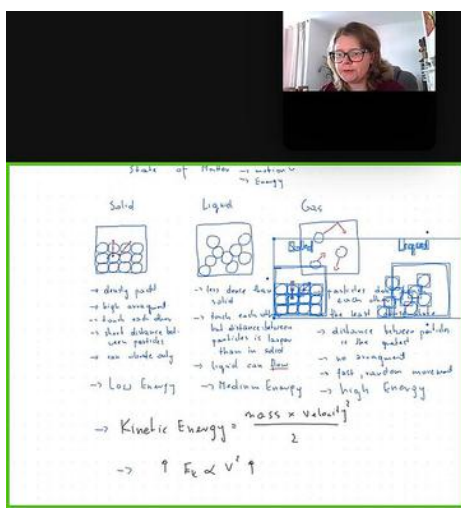

Programmes/Services Offered

- One-to-one academic tutoring for UK independent school scholarship and common entrance exams.
- School selection and admissions advice
- UK guardian services.
- Academic and extracurricular guidance.
- University placement support (coming soon).
- Summer camp guidance and placement.

Accreditations or Memberships

- BritCham Cambodia
- UK safeguarding policies and procedures in place
- Commitment to UK educational and safeguarding best practice

Language(s) of Instruction
English

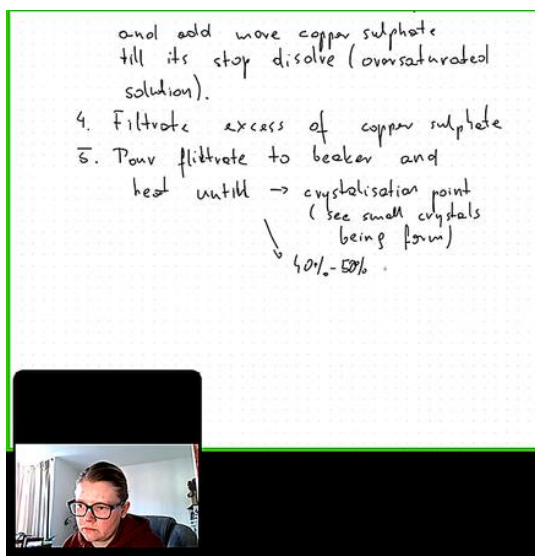

Curriculum & Training or Services (subjects offered)

(Subjects covered for school scholarship/common entrance)

Languages & Communication	STEM & Academic Core	Humanities & Preparation
• English • French • ESOL	• Maths • Science	• Classics • History • Divinity • 11+ Preparation

About BritCham Cambodia

BritCham Cambodia (British Chamber of Commerce in Cambodia) – Profile

The British Chamber of Commerce Cambodia (BritCham Cambodia) is a leading bilateral business organisation that serves as a key bridge between the United Kingdom and Cambodia. Founded in 1995 (originally as the British Business Association of Cambodia), it was formally registered as a Chamber of Commerce in 2013 and is a founding member of the European Chamber of Commerce in Cambodia. BritCham's mission is to provide a forum for businesspeople interested in UK-Cambodian engagement, fostering strong commercial and social relations, advocacy, networking, and mutual cooperation for the benefit of the Cambodian economy and British business interests.

BritCham Cambodia represents a diverse membership drawn from major sectors such as education, financial services, infrastructure, professional services, and consumer markets. Through regular events, advocacy efforts, and strategic partnerships, the Chamber supports both British companies entering the Cambodian market and local firms seeking UK connections. They maintain close ties with the British Embassy, UK government departments, and other international chambers, strengthening trade, investment, and cultural links between the two countries.

Commitment to Education is a distinct pillar of BritCham's work. The Chamber actively promotes educational exchange and quality learning collaboration between the UK and Cambodia. Its membership includes leading British international schools, educational support services, and UK-accredited examination providers. BritCham regularly facilitates visits from British universities and educators, and supports opportunities for scholarships, student exchanges, and skills development initiatives. These efforts aim to enhance educational standards while creating pathways for Cambodian learners to access world-class academic experiences and future leadership opportunities.

In addition, BritCham engages with initiatives focused on safeguarding and student welfare in international education settings, encouraging schools to raise child protection standards and adopt best practices. Through these contributions, the Chamber demonstrates a sustained commitment to strengthening education as a fundamental driver of socioeconomic development in Cambodia.
