Why the Tax Stamp & Traceability Forum?

The objective of the Tax Stamp & Traceability Forum™ is to bring together government excise and customs agencies, investigators and law enforcement, regulators, cigarette, alcohol and other excisable product manufacturers and distributors, security printers, supply chain specialists and integrators, suppliers of authentication and serialisation technologies, and systems integrators – to hear about and discuss the latest developments in tax stamp and traceability systems and learn from one another about requirements, best practice and potential solutions.

In 2025, we are bringing the event to Cape Town, where you can connect with over 200 tax stamp and traceability professionals from around the world. We hope you will be able to join us.

Programme Outline

MONDAY APRIL

Our pre-conference workshops enable you to gain an in-depth understanding of a topical issue.

This is followed by the exhibition opening and welcome drinks in the evening.

TUESDAY APRIL

The first day of the conference is dedicated to exploring the bigger picture, discussing the principal drivers behind government policy and regulation as well as best practice in developing and enforcing tax stamp and traceability programmes.

This is followed by a conference dinner in the evening.

WEDNESDAY APRIL

On day two we take a more in-depth view of the specific authentication and supply chain security solutions available, as well as the practical implementation of these in tax stamp and traceability programmes around the world.

Farewell drinks will take place, offering further networking opportunities.

Join Us in Madrid, Spain

From 5-7 April 2027, we will welcome over 200 delegates from across the globe. Join the most informed and influential experts in excise management and traceability systems to discuss the latest insights, ideas and innovations.

- Hear about the latest developments in tax stamp and traceability systems and learn from one another about requirements, best practice and potential solutions.
- Learn from topics and case studies spanning the problems of illicit trade and its devastating impact, technology, policing and effective enforcement, compliance with international regulations, implementation of tax stamp programmes and practical technology-based countermeasures to aid authentication and supply chain security.

Get Involved

Registration now open – government delegates attend for free.
