SmoothSlide Patio Door

What truly sets our SmoothSlide patio door apart is its refined elegance. The slim aluminium profile creates a sleek, modern look that complements any home.

Smooth and Effortless

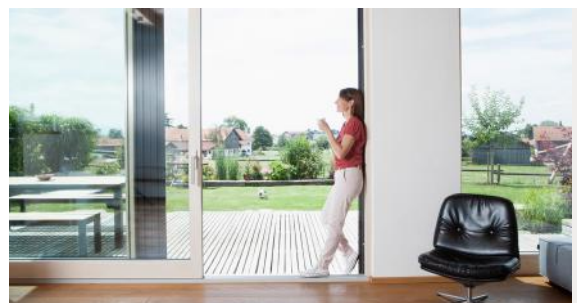

There's something effortlessly sophisticated about a space that combines style with functionality, and aluminium SmoothSlide patio doors are the ultimate expression of this balance.

With their clean lines and understated design, these doors are more than just a practical addition – they become a defining feature that enhances your home's aesthetic. Whether you're aiming to flood your interiors with natural light or create a smooth transition between inside and out, our SmoothSlide doors add a level of luxury that's unmistakable.

Picture a door that glides open seamlessly, merging your indoor living spaces with the beauty of the outdoors. The advanced sliding system offers a wide, uninterrupted view, connecting your garden, patio, or balcony with your home in one effortless motion. It's the perfect solution for maximizing space and creating a flexible, open-plan feel.

Whether you're entertaining guests, relaxing with family, or simply enjoying the fresh air, these doors expand your living areas with ease and elegance.

Our SmoothSlide doors combine contemporary design with outstanding performance, making them the perfect addition to any modern home.

Why Aluminium?

Due to aluminium's built in strength, adaptability, and longevity it has long been the commercial specifiers product of choice for larger projects. However, as a result of heightened public awareness regarding the benefits to the environment of the use of aluminium (compared with other building materials) there has been huge increase in product development within the sector to **improve thermal performance, aesthetic appeal and affordability** to make it the discerning homeowners' product of choice.

Colour

Our doors benefit from an industry leading 25 year Qualicoat powder coating warranty.

Manufacture

Our British-made doors are hand finished to provide exceptional long-lasting reliability & performance.

Security

Benefiting from the natural strength that aluminium provides, our bifold doors achieve the illustrious PAS24 accreditation.

Hardware

Our range of ergonomically designed handles that are available in a range of colours and designs will ensure your bifold door operates smoothly and looks great for years to come.

04

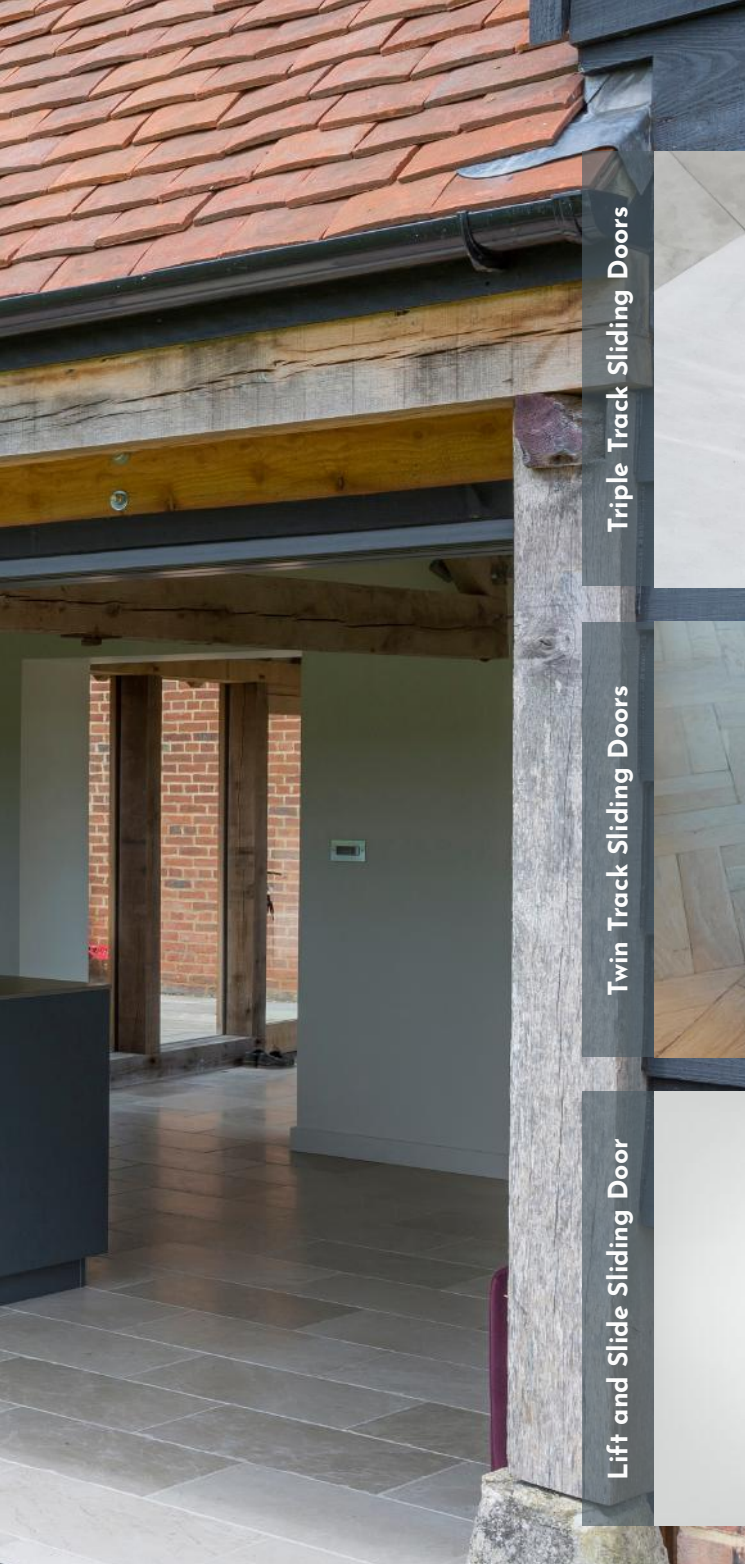

Maximise your views with minimal sightlines

Versatile Living: Aluminium SmoothSlide patio doors seamlessly connect your indoor and outdoor spaces.

Our SmoothSlide aluminium sliding doors do more than serve a functional purpose—they create a modern design focal point. With their minimalist silhouette, they bring an air of sophistication, while the durable aluminium frame guarantees strength and longevity.

Aluminium outperforms traditional materials like timber or uPVC, offering unmatched strength with a lightweight profile. This allows for ultra-slim sightlines that frame expansive views and let in more natural light, creating a brighter, more spacious feel. Choosing SmoothSlide doesn't just refresh your home - it elevates the way you live.

Triple Track Sliding Doors

Twin Track Sliding Doors

Lift and Slide Sliding Door

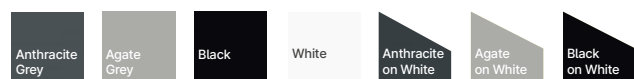

When it comes to personalising your SmoothSlide doors, the flexibility is impressive.

From high-gloss finishes for a bold statement to understated matte tones, the range of colour choices is extensive, inside and out. For those seeking something more unique, textured finishes offer an extra layer of individuality.

The best part? The only limit is your creativity.

And to top it off, all our aluminium products come with a **25-year Qualicoat colour warranty**, so you can enjoy peace of mind knowing your colours will last.

My best features

Thermal Efficiency

Our SmoothSlide patio doors are engineered with advanced thermal insulation technology, helping to keep your home warm in winter and cool in summer. This ensures year-round energy efficiency without compromising on style.

Exceptional Strength

The slim profiles of SmoothSlide doors allow for larger glass panels, giving you uninterrupted views and increased natural light, while offering durability that stands the test of time.

Superior Security

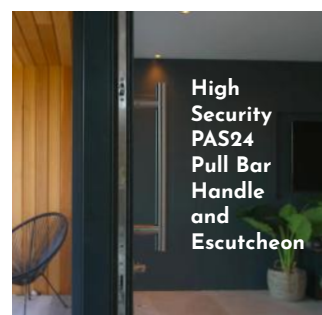

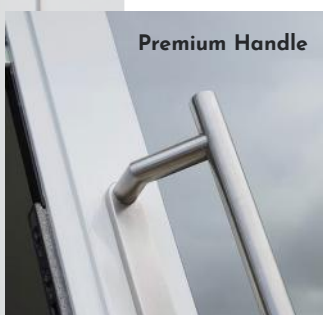

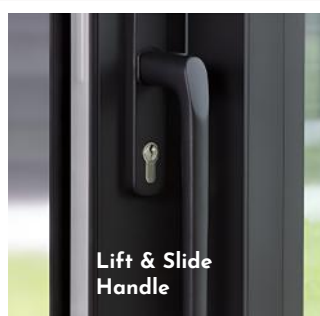

SmoothSlide doors come equipped with high-security locking mechanisms and robust frames, providing enhanced protection for your home. Rest easy knowing that your doors are as secure as they are stylish.

Wide Range of Colours and Finishes

Whether you're after a subtle tone to blend seamlessly with your home or a bold statement colour to create a striking contrast, SmoothFold doors can be customised in a variety of finishes.

Low maintenance, High Impact

With SmoothSlide doors, upkeep is a breeze. Aluminium's low-maintenance nature means all it takes is an occasional wipe to keep them looking brand new.
