INTRODUCTION

Welcome to La Rousse Foods

Since 1995, we've proudly supported chefs across Ireland with the finest ingredients - delivered with care, commitment, and a deep respect for culinary excellence. As a 100% Irish-owned company, our passion for quality, sustainability and service, is at the heart of everything we do.

This guide is more than a catalogue – it's a celebration of the people, the passion, and the purpose behind every product we bring to your kitchen. Ireland's food service landscape is evolving, shaped by a growing appetite for sustainability, provenance, and innovation. We're honoured to be part of that journey, working alongside producers who share our values, those who respect the land, honour tradition and dare to create something truly special.

We have a number of exciting new producers and products in this year's edition, including: The innovative **Amacca Chopping Board Raiser** by **Alun Griffiths**, **Bonini's** exquisite **Grape Must**, **Valserena** and **Grana D'Oro's Aged Parmigiano Reggiano** from indigenous brown and red cows, **Revisan's Pata Negra** from acorn-fed pigs, **De Trog Bakery**, Europe's first carbon-neutral bakery, **La Rose Noire**, leading the way with biodegradable packaging and reduced emissions, **Lambay Island Crab**, Dublin and **Tim's Table Lavosh Crackers**.

Our team of experts in cheese, chocolate, pâtisserie, butchery, and fine foods understand your needs, because they've stood in your shoes. We're especially proud to unveil our new cheese facility, designed by cheesemongers for chefs, featuring: **Rathkenny** from **Boyne Valley Cheese**, **Sobhriste & Carrignamuc** by **The Lost Valley Dairy** from County Cork, Ireland's only **Buffalo Cheddar** by Toby Simmons of **Toonsbridge Dairy**.

To help preserve the quality of your cheese, we recommend **Ovtene Paper** - Made using 70% less water than paper and fully recyclable, its micro-perforations allow cheese to breathe naturally – promoting better aging, storage and flavour.

We also offer **Boska Professional** cheese-cutting equipment, from precision wires to durable knives – providing everything you need to get the very best from every wheel.

Our new cheese facility is a great addition to our on-site butchery, Cocoa Atelier chocolate lab and demonstration kitchen in Park West, we would love you to come and visit us and see what can do to help your business.

At the heart of our business are the relationships we've built with our customers, our producers, and our community. Thank you for your continued trust and partnership. If you don't see what you're looking for in this guide, please reach out – our team are always on the lookout for new and inspiring products to enrich your kitchen.

Excellence in Every Ingredient.
