BELTS & RIGS

MODBELT HD

The ModBelt HD is built for tradespeople who want to move faster, carry smarter, and work without unnecessary bulk. This belt-and-pad system delivers lightweight comfort, a secure fit, and fully customizable tool organization. Features our proprietary-designed cinch cam buckle with slide lock release.
Xsmall - X large size options (5 size options).

MODRIG

The ModRig is a lightweight modular chest rig that replaces your belt or adds additional carry capacity. Build your carry across your chest, keep your go-to tools at your fingertips, and stay hands-free all day.

(Includes 1 Single Internal ModPocket)

SKU: CHST-MODRIG

MODBELT

This minimalist tool belt strikes the perfect balance between job-site strength and everyday style. Its 1.75" double-layer mil-spec nylon strap supports holsters, pouches, and accessories without sagging or loosening throughout the day, while staying low-profile enough to fit most belt loops. A lightweight milled-aluminum hook buckle and cinch cam make it easy to put on, take off, and adjust. Xsmall - X large size options (5 size options).

MODBELT LITE

This sleek, lightweight belt is built for daily wear and light-duty jobs, strong enough to carry tools but slim enough for everyday use. Its single-strap mil-spec nylon construction keeps a low profile that fits most belt loops and holds a light load without slipping or loosening. The milled-aluminum hook buckle makes it easy to get on and off, and the cinch cam adjusts on the fly to fit a wide range of waist sizes.

SKU: BLT-MBL

LOWBOY SINGLE-WIDE

This panel lets you expand and customize your tool carry, with two ModSlots that securely hold pro or regular tool holsters so you can fit more onto one spot on your belt.

SKU: ACC-LOWBOY-BLK-SW

TOOL POUCHES

JOEY POUCH

Like a climber's chalk bag, but for tools and hardware. This pouch features a top closure, side elastic loops, and our signature belt clip. Thousands of our customers have replaced bulky toolbelts with a few holsters and this simple pouch.

SKU: PCH-JOEY SKU: PCH-BIG-JOEY

MODPOUCH

A modular, heavy-duty tool pouch built for tradespeople who want flexibility, not fixed layouts. Customize the outside by attaching Holstery tool holsters and pouches to the ModSlots, and dial in the inside with hook & loop-backed ModPockets you can move, swap, or remove.

(Both sizes include 1 Single Internal ModPocket)

SKU: PCH-MOD SKU: PCH-MOD-XL

INTERNAL MODPOCKETS

Organize the ModPouch or ModRig interior with internal hook-and-loop pockets.

EXTERNAL MODPOCKETS

Customize the ModPouch exterior with external hook and loop pockets. External ModPockets can also be attached to any belt or strap.

PRO TOOL HOLSTERS

MAGMASTER
An incredibly strong magnet to carry tools, fasteners, and hardware. A great third-hand or dedicated tool holster. Carries up to a 6 lb sledge while walking around.

SKU: HLSTR/MAG-PRO

TAPEMASTER
“Where did I leave that tape measure?” Always put it back where it’s most useful:
on your belt.

SKU: HLSTR/TAPE-PRO

DRIVERMASTER
A convenient place to hang drills, drivers, and other power tools. Also works well with tape measures.

SKU: HLSTR/DRIVER-PRO

HAMMERMASTER
A modern take on the classic hammer loop. Low-profile - easy to clip on.

SKU: HLSTR/HAMMER-PRO

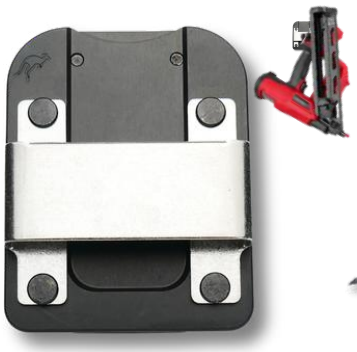
PINPAL
Stop dropping your most expensive tools! The PinPal Pro’s patent-pending gravity-locking pin system holds tools securely when not in use but allows easy removal with no extra latches or tabs.
Compatible with Most tools from Milwaukee, Dewalt, and Makita.

SQUAREMASTER
Inspired by an episode of This Old House, this clip-on rafter square holster allows super fast access and is reversible for left or right carry.

SKU: HLSTR-SQUARE-PRO

HOOKMASTER
This foldable hook is a helper that is actually there when you need it. Perfect for extension cords, wire, or rolls of tape.

SKU: HLSTR-HOOK-PRO



DRIVERMASTER XL
A larger version of our popular DriverMaster, this has an extra-large bail for bigger tools such as nailers. Still works with smaller drills, drivers, and tape measures.

SKU: HLSTR-DM-PRO-XL

JOLLY ROGER
Ahoy matey! This unique clip-on holster carries a hammer or flatbar at a convenient angle while eliminating handle slap. Tighten the laces to carry pliers, tinsnips, and more.

SKU: HLSTR-JOLLY-R
SKU: HLSTR-JOLLY-L

STANDARD TOOL HOLSTERS

MAGMASTER
An incredibly strong magnet to carry tools, fasteners, and hardware. A great third-hand or dedicated tool holster. Carries up to a 6 lb sledge while walking around.

SKU: HLSTR-MAG-V2

TAPEMASTER
“Where did I leave that tape measure?” Always put it back where it’s most useful:
on your belt.

SKU: HLSTR-TAPE-V2

DRIVERMASTER
A convenient place to hang drills, drivers, and other power tools. Also works well with tape measures.

SKU: HLSTR-DRIVER-V2

HAMMERMASTER
A modern take on the classic hammer loop. Low-profile - easy to clip on.

SKU: HLSTR-HAMMER-V2

PRO VS. STANDARD

Standard tool holsters are made from a tough thermoplastic construction and feature a lanyard loop. They are perfect for DIY and starter customers. Pro tool holsters are milled aluminum with a spring-steel clip. Good for pro tradespeople.

We build clip-on tool holsters and pouches to help people work light and fast.
