

Benefits of Bespoke TAPS Inspirations

A bespoke, school-hosted IB DP Theatre experience delivered online with flexible scheduling, tailored to your students' needs. Working in collaboration with an ISTA artist, you can design interactive workshops and guided activities that focus on key IB DP Theatre skills and creative approaches. Students engage in dynamic, hands-on theatre-making from their own classroom, with the experience adapted to align seamlessly with your timetable and learning goals.

Expert Workshop: Experience a focused session led by a top international theatre artist.

Collaborative Discovery: Work with classmates to explore new approaches and respond to stimulating resources.

Comprehensive Skill Building: Develop theatre skills across directing, performing, designing, and action research.

Creative Collaboration: Engage in the collaborative creation of original theatre.

Play Text Exploration: Experiment with staging and interpreting play texts in performance.

Global Perspectives: Explore world theatre practices and traditions to expand your artistic vocabulary.

Theoretical Insights: Investigate theatre theories and theorists to deepen your academic foundation.

Assessment Support: Gain practical tips to strengthen understanding and success in IB assessments.

Theatre and Performance Symposium

“

We had such a wonderful time with both of the ISTA artists we worked with. Everything was great – the timeline, the activities and the content. The format for the online workshops was really informative for the students as they move into understanding the expectations of each task they will complete over the 2 years and how they can connect their learning.
