

Apprentice and Trainee Programs

Join us. Go far.

Transport for NSW
is shaping the future
of regional and
metropolitan transport
and its infrastructure.

We're looking for
enthusiastic individuals
eager to learn new skills
and develop a career with
Transport for NSW to
help shape our future.

Your journey begins here.

Work on meaningful projects that make a real difference to communities across NSW.

Get paid while you earn a nationally recognised qualification.

Be mentored by industry leaders and gain professional experience to support your career journey at Transport for NSW.

Learn on the job and build valuable, practical skills whilst developing as a professional to enable your career progression.

Access a network of support in your program to ensure you are set up to succeed.

Who are we?

Transport for NSW delivers customer-centred, integrated transport services and infrastructure targeted to meet the needs of communities across regional and metropolitan NSW. This means our role is to drive economic and social growth throughout NSW by connecting people with the places they live, work and visit.

We engage with our customers and communities to deliver and maintain safe and tailored transport choices. This includes roads, rail and freight networks across regional NSW.

Opportunities to work in any of these areas across regional and metropolitan NSW.

We believe that our workforce should reflect the community that we serve and we are passionate about creating opportunities for local communities. We strive to create an inclusive culture building stronger connections with our customers, and a happier and more productive place to work.

Right now our priority is to provide job opportunities and contribute to the growth of communities across regional and metropolitan NSW

Aboriginal Inclusion Delivering our Reconciliation Action Plan to bring about better employment, economic and social outcomes for Aboriginal and Torres Strait Islander people

Disability Inclusion We're creating more accessible workplaces for people with disability

Gender Equity Supporting the participation and development of women at Transport with a focus on women in non-traditional roles

LGBTIQA+ Inclusion We're celebrating and supporting the contributions and priorities of our LGBTIQA+ people

Our network

Operating 24/7, managing and maintaining over 18,000 kilometres of state roads and about 3000 kilometres of regional and local roads.

Managing 3 tunnels and maintaining over 5080 bridges.

Working with 96 local councils to achieve joint outcomes for NSW communities, managing maintenance contracts, providing grants and improving road network access.

We have over 21.1 million passenger journeys on our regional train and coach services.

Our culture

Our culture guides us each day – keep our customers, our people and the community safe, above all else.

How we live our culture in what we think, feel and do each day will help us make Transport a great place to work.

Customer at the centre

We consider our customers' experience in the work we do

People at the heart

We care for the people we work with and treat each other with respect

For the greater good

We are future focused and sustainable

Explore our programs

We have a variety of Apprenticeship and Traineeship programs on offer to help you kick start your career.

Explore your opportunities.

Let's shape the future of transport in NSW together.

Plus 2 years	706.70
Plus 3 years or more	808.40

Aboriginal and Torres Strait Islander targeted positions

At Transport for NSW, we aspire to be a workplace where Aboriginal people feel welcomed, included and supported to contribute to Transport, and to realise their career aspirations.

“Working with Transport for NSW has been an awesome opportunity. I love working with the crew and I’m looking forward to growing my career with Transport.”

— Charley Kennedy
Bridge Construction Apprentice

Are you ready to be part of something bigger?

How to apply

The application process may vary from program to program. Below is an indication of what you can expect in the application process.

July – August

Applications open

Submit your application online via jobs.transport.nsw.gov.au

Tips:

- Make sure you have your updated resume ready to go
- Research information about Transport for NSW; who we are and what we do
- Know about the opportunity you are applying for
- Be sure to monitor your emails for any communication about your application.

September

Virtual information session

An information session that will be hosted by Transport for NSW. We will provide you with information around panel interviews, the STAR technique, presentation tips.

During this session you will also receive valuable program information about the Apprenticeship and Traineeship Program, followed by a Q&A session with industry experts.

October

Interview days

Panel interviews are conducted at the local depot or office of the position you applied for.

Tips:

- Be prepared with examples to share; these can be from your experience at school, work or play
- Research the STAR interview method which may assist in your interview process
- Don't panic! We all get nervous! You've done a great job to get an interview, just be prepared and give it your best shot!

October – November

Pre-employment checks

At this point, we will conduct a criminal record check and contact your nominated referees to complete a reference check.

Tip:

Touch base with your referees and let them know about your application and where you're up to in the process.

November – December

Employment offer and on-boarding

We'll be in touch to confirm the outcome of your application. If you are successful, you will receive an offer of employment outlining your employment contract including the confirmed start date and providing the details of your Apprenticeship or Traineeship with Transport for NSW.

February

Program start and induction

It's time to launch your career with Transport for NSW!

We will be in touch with the finer details of your program prior to commencement with Transport for NSW.
