# ROMA ETERNA

COLLECTION I / 2027

WHERE ROME MEETS THE CARIBBEAN

ROMA ETERNA explores the meeting of Italian refinement and Caribbean soul. Sculptural draping, fluid tailoring and expressive color move between garden architecture and the open horizon, creating a wardrobe for women who live effortlessly between city, coast and celebration.

A woman with dark hair is lying on her back on a light-colored concrete ledge. She is wearing a dark, shiny, draped dress that has a large, light-colored flower detail on the side. Her arms are raised above her head, and her legs are also raised. The background is dark and textured. The text "SCULPTED IN LIGHT" is overlaid in the center of the image.
