**Proven Savings and
Tailored Support for
All Hotel Supply Needs**

The Superior Lodging Endorsed Vendor Program (SLEVP)

Our History & Purpose

Over a decade ago, Superior Lodging identified a critical need to strengthen purchasing power of Canadian Wyndham properties. The **SLEVP** was established to leverage national buying power.

Today, we support all Canadian **Wyndham-branded hotels** (excluding Days Inn), delivering:

- **Improved Pricing:** Lowered costs through collective bargaining.
- **Service Excellence:** Enhanced support and reliability.
- **Supplier Consistency:** Uniformity across the brand portfolio.

Addressing Market Inefficiencies

Before SLEVP, most hotels were considered by suppliers independently. This fragmented approach led to several operational hurdles:

- **Cost Volatility:** Inconsistent pricing and higher overall expenses.
- **Logistical Barriers:** Dependence on international suppliers, leading to duties, exchange rate fluctuations, and delivery delays.
- **Support Gaps:** A lack of transparent, responsive guidance for procurement.

How can we assist you?

If you have questions, suggestions, or would like to schedule a purchasing review for your property, please let us know. You will always receive prompt responses to your needs.

● The SLEVP Advantage

We bridge these gaps by providing direct access to preferred national vendors and hands-on operational support.

- **Proactive Communication:** We regularly share savings opportunities and assist with supply chain challenges.
- **Strategic Purchasing Reviews:** Our team provides detailed audits to identify cost savings and operational improvements. These are available upon request and are especially critical during:
 - ▲ Renovations & Property Improvement Plans (PIPs)
 - ▲ Ownership changes
 - ▲ Operational restructuring

Proven Results

Through partnerships aligned specifically with Wyndham properties, SLEVP delivers **significant annual savings** and greater purchasing efficiency. Our leadership team brings extensive procurement experience across the hospitality sector, ensuring we are well-positioned to support your property's unique needs.

- **Our Commitment:** To lead with transparency, practical guidance, and a proactive approach to your individual property's needs and success.
