Warranty
12 months

LIMITED TIME WARRANTY

Spring Forest Cabinetry Inc. stands behind the quality and craftsmanship of our products. We provide a 12-month limited warranty to the original residential purchaser, covering defects in materials and workmanship for cabinets, door hinges, and drawer glides under normal use (proof of purchase required). This warranty is non-transferable and applies exclusively to residential installations.

If a product is found to be defective, Spring Forest Cabinetry will, at its discretion, repair or replace it with a functionally equivalent item. Replacement parts may vary based on availability. While Spring Forest Cabinetry covers the cost of replacement parts, the customer is responsible for related expenses such as removal, reinstallation, and labor.

This warranty does not cover normal wear and tear, misuse, accidents, improper installation or handling, environmental conditions, alterations, or lack of routine maintenance. Natural characteristics of wood — including variations in color and grain, aging over time, and minor paint hairline fractures caused by normal expansion and contraction — are inherent qualities of the material and are not considered defects. The warranty is valid only in the United States and excludes indirect or consequential damages to the extent permitted by law.

Glass Cabinetry Safety & Care
Spring Forest Cabinetry glass doors are crafted using tempered safety glass that meets U.S. safety standards. While tempered glass offers enhanced durability, all glass products remain naturally delicate and may break if exposed to impact, stress, or improper handling.

To help ensure long-lasting performance and safety, glass cabinetry must be handled with care during transport, storage, and installation. Professional installation is required, and all manufacturer instructions should be carefully followed. Spring Forest Cabinetry cannot be responsible for damage or injury resulting from improper handling, installation, misuse, modification, or jobsite conditions. Liability is limited to the product as supplied, and Spring Forest Cabinetry is not responsible for indirect or consequential damages.

By purchasing or installing Spring Forest Cabinetry glass products, the purchaser and installer acknowledge responsibility for their proper handling, installation, and care.

EDITION 2026

Care Essentials Frameless

Spring Forest Cabinetry frameless cabinets require careful maintenance to preserve their smooth and reflective appearance. Using harsh or abrasive materials may damage the surface. Follow the instructions below to maintain the original finish and ensure long-term durability.

Approved Cleaning Materials

- Microfiber Cloths: Use a dry or slightly damp microfiber cloth to remove dust and fingerprints. The fine fibers lift dirt effectively without scratching the surface.
- Mild Soap Solution: Mix a few drops of gentle dish soap with warm water. Dampen the microfiber cloth, wring out excess moisture, and wipe the surface carefully. Avoid soaking or allowing water to sit on the cabinets.
- Avoid Harsh Products: Do not use abrasive pads, scouring powders, ammonia, bleach, or solvents. These substances may dull or permanently damage the glossy coating.

Handling Stains and Spills

- Grease or Oil: Wipe with a soft cloth dampened in a mixture of mild detergent and warm water. Rinse the cloth frequently to avoid spreading the grease.
- Water Marks: Create a paste using baking soda and water. Apply gently with a soft cloth using circular motions. Wipe clean and dry thoroughly.
- Stubborn Stains: Combine equal parts of vinegar and water. Test the mixture in an inconspicuous area first. Use a damp microfiber cloth to gently rub the affected spot, then wipe dry.

Additional Recommendations

- Always dry cabinet surfaces immediately after cleaning to prevent moisture damage.
- Avoid direct exposure to sunlight over extended periods to minimize fading.
- Do not use waxes or polishes, as they may create residue or streaks on surfaces.

This care guide is applicable to Spring Forest Cabinetry Frameless products only.
Proper maintenance ensures product longevity and preserves the factory-applied finish.
