CUSTOM WALL ART

Our Custom Wall Art emphasizes personal connection between the viewer and the work of art. With luxurious surrounding presentation, this distinctive framed style provides a sense of protection for the printed portrait within. We recommend our popular Standard size to adorn the intimate areas of your home- your bedroom or master bath, for example. Select our Impact size to create an eye-catching art fixture in your main living spaces.

“Our deepest fear is not that we are inadequate.
Our deepest fear is that we are powerful beyond measure.
It is our light, not our darkness, that most frightens us.

We may ask ourselves, who am I to be

brilliant, gorgeous,
talented and fabulous?

Actually, who are you not to be?”

MARIANNE WILLIAMSON

WHAT TO WEAR?

At your complimentary Style and Concept Consultation, we'll explain the fail-proof wardrobe tips below while selecting the moods, colors, and silhouettes that will bring out your best. Coming soon to a closet near you!

01 For a slimmer look, form fitting & figure-hugging is definitely best.

02 Avoid patterns as they may detract from your face.

03 Think textures. Textures like lace, ruffles, sequins & ruching add visual interest.

04 Bring a variety of colors. Something light. Something dark. A pop of color that brings out your eyes.

05 Avoid cap sleeves. Sleeveless is great on toned arms. 3/4 sleeves are universally flattering and slimming.

06 Look for a variety of necklines to mix up your looks.

07 Bring your favorite pair of jeans. Think dressy, sexy denim.

08 Express yourself. Go for glam with an epic dress. Something unusual and extraordinary.

09 Experiment with a sexy, feminine boudoir look. Off the shoulder sweater for demure beauty or decadent lingerie.

10 Accessorize with statement jewelry. Long strands of pearls, bold earrings, stacks of bracelets.

"Style is a way
to say *who you are*
without having to speak."
