HOW CLASS PASS WORKS

Bring your whole class to Encore

Your students get their own Encore accounts. You choose what they watch and see how far they've got. Everything is managed from the Class Pass tab in Encore, in a few clicks.

- An account for every student
- You choose their courses
- Progress at a glance

What is Class Pass?

An All-Access Pass for a teacher and their students, for a year. It renews with your membership, on one invoice.

Class Pass
1 educator and 30 students
£375 a year

Extended Class Pass
Add educators at £75 and students in tens at £25
from **£400**

Class Pass needs an Ensemble, Company or Association membership. Extended Class Pass needs Company or Association.

WHAT YOUR STUDENTS GET

Inside every course

Filmed workshops
Led by ISTA artists, educators and IB specialists.

Short lessons in modules
Watched in order, at their own pace.

Resources to download
Classroom-ready material alongside the films.

Progress saved as they go
They pick up where they left off, and you see how far they've got.

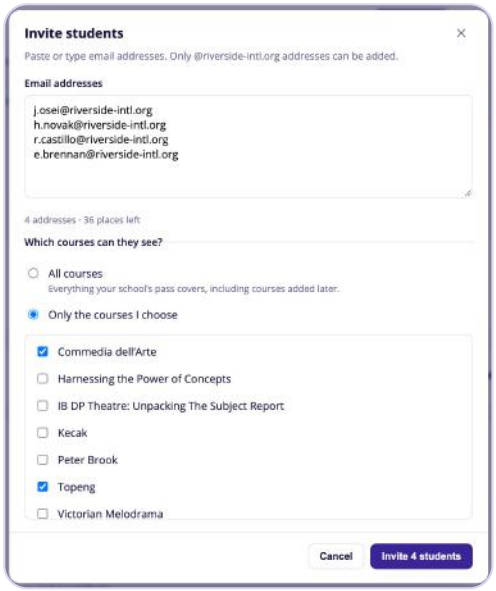

Set up in four steps

1 **Set your school email domain**
Only addresses on your domain can be added, so access stays within your school.

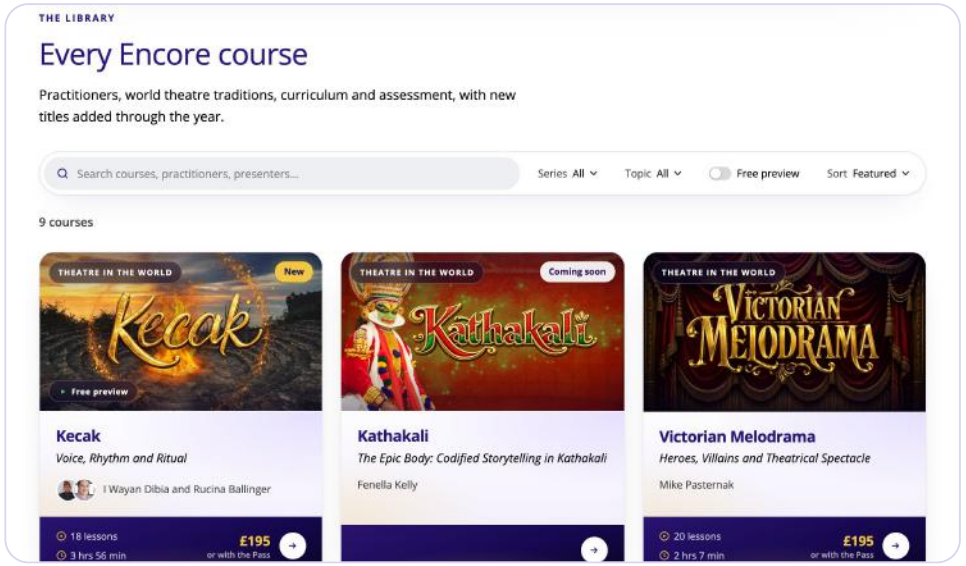

2 **Assign your teacher seat**
Each teacher seat gets every course and a certificate for each one completed.

3 **Invite your students**
Paste their email addresses and choose all courses, or only the ones you pick.

4 **Students sign in from the email**
One link, no password to remember. They land straight on their courses.

Step 3: invite a whole class at once and choose their courses.

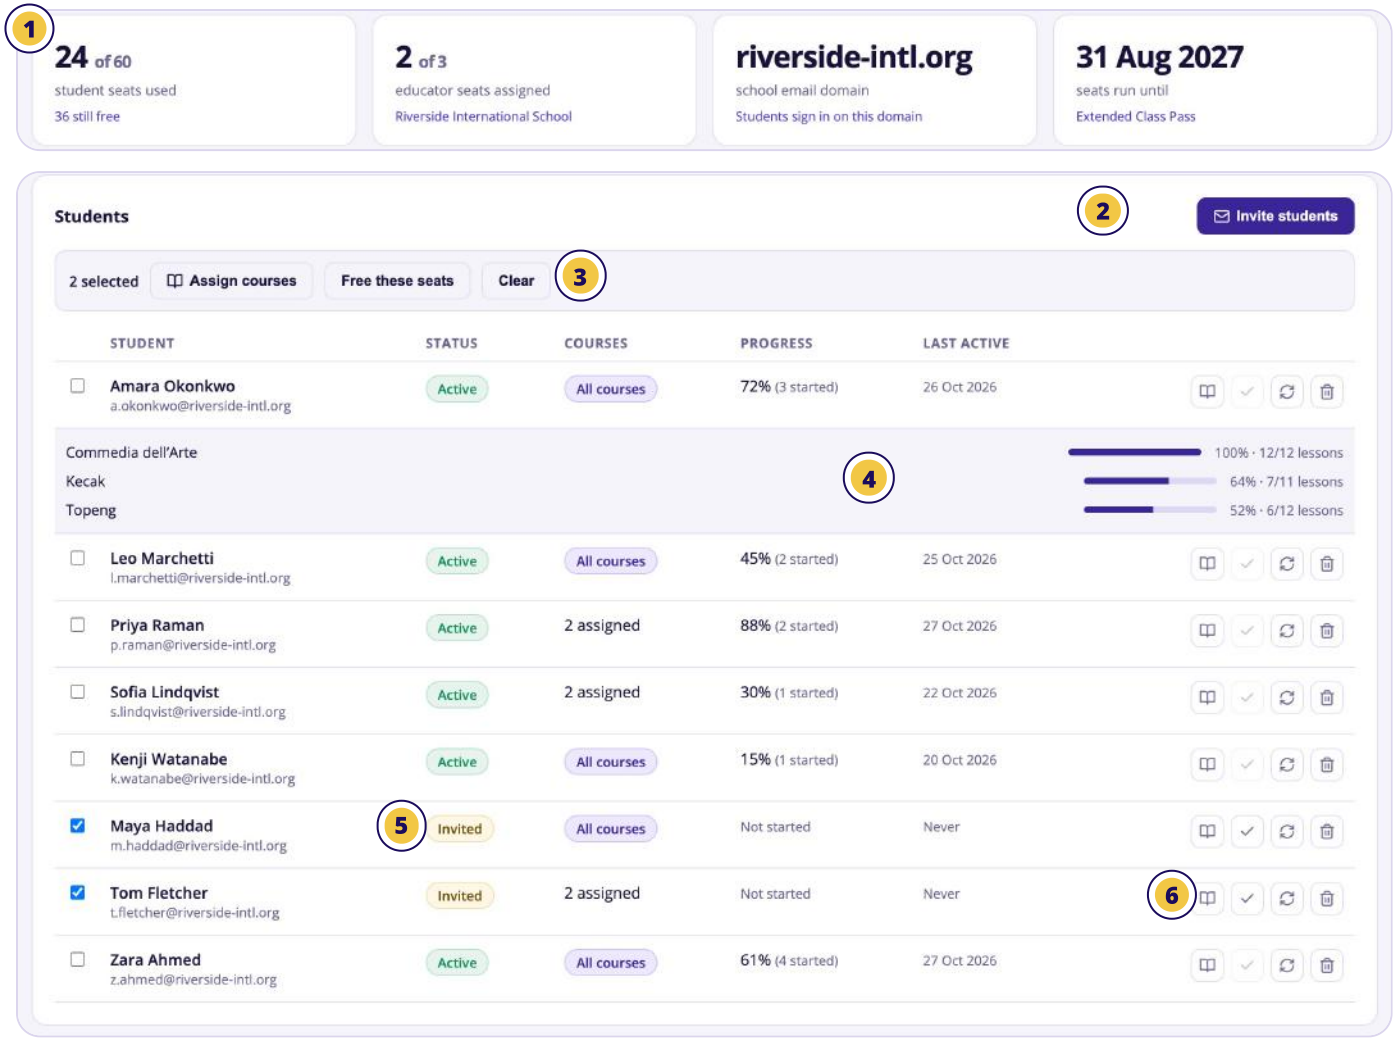

Step 4: students open the courses you've given them, from filmed workshops to classroom-ready resources.

Teaching the whole class together? You can always screen share any course from your own login. Class Pass is for when students watch and work through courses on their own.

Track and manage your class

Everything on one screen: the Class Pass tab in Encore. Sample school shown, for illustration.

What you can do

1. **See your seats at a glance**
   Student and teacher seats used, your school domain, and when the pass renews.
2. **Invite more students**
   Add them whenever you like, up to your number of seats.
3. **Act on several at once**
   Select students to assign courses or free their seats together.
4. **Follow their progress**
   Open a student to see each course, lesson by lesson.
5. **Know who has started**
   Students show as Invited until they first sign in, then Active.
6. **Quick actions on every row**
   Change their courses, resend the sign-in link, or remove access to free the seat.

Change teachers when staff change
Move a teacher seat to a colleague at any time. Each teacher seat earns certificates.

Good to know

A student has left. Do we lose the seat?
No. Remove their access and the seat is free for someone else.

Need more students mid-year?
Company and Association schools can add seats at any time, charged only up to renewal.

Fewer students next year?
Reduce your seats from your next renewal. Nothing changes before then.
