LETTER FROM OUR PRESIDENT

Dear Friends of the Mountains,

As we put together this season's program, I'm reminded once again why we do this work: to share our fabulous natural surroundings and get people out of their chairs and into the beautiful, rugged landscapes of El Paso and Southern New Mexico. Whether it's a quiet ridge walk, a desert bird watch, or a morning spent turning over rocks with new friends, these outings remind us how much nature is right in our own backyard.

This season we're especially excited to launch a new program that we think will bring fresh energy to our group, more on that inside! We're also thrilled by the growing partnership with faculty and students from UTEP, who have brought credibility and enthusiasm to several of our geology and rock-hounding trips. Supporting students as they practice their skills in the field is precisely the kind of community connection and continuing education our organization was made to foster, and we're proud to keep that tradition growing.

As always, our calendar reflects the full range of what makes this region special: gentle senior walks for those who want to move at an easier pace, geology-focused tours designed for curious laypersons, and rockhounding excursions that dig into the area's rich mining history. Whatever your pace or interest, there's a trip in here for you.

None of this happens without the volunteers, guides, and board members who give their time to make these outings possible. If you've ever thought about getting more involved, leading a hike, helping with logistics, or joining our board, we would love to hear from you. Our organization runs entirely on the generosity of people like you. Thank you for being part of this community. I hope to see you out on the trail soon.

Thank You

We are incredibly grateful for the generosity and support of our donors and volunteers. You play a critical role in helping enrich the lives of those in our community. Thanks to your contributions, we can offer experiences that inspire and foster a love for nature and the great outdoors. We look forward to continuing this journey together and hope to create even more unforgettable memories in the coming year. A special thank you to all our individual donors and to our regional energy provider Marathon for their generous support this year. Your kindness truly makes a difference!

GEOLOGY OF THE FRANKLIN MOUNTAINS

Date & Time: Saturday, Oct 03, 2026 | 9:00 AM

Location: Tom Mays State Park

We will investigate the rocks that make up the Franklin Mountains and what they can tell us about El Paso's geologic past. This hike includes great overviews of the west side and the east side, and from here we will discuss formation of the mountains and its relationship to water resources.

Distance: 4 miles

Duration: ~3 hours

Difficulty: Moderate

Best for: All ages

IMPORTANT: Children have completed this hike with me before, so please bring them along if they like hiking. The entire hike is on a trail, but it can get steep in some places.

REQUIREMENTS & WHAT TO BRING

- 3-4 liters of water
- Healthy snacks or energy bars
- Hiking shoes or sturdy sneakers
- Hat, sunscreen, and sunglasses
- Light jacket and small backpack

DESERT ARCHES ROCKY MARCHES

Date & Time: Sunday, Oct 04, 2026 | 6:45 AM

Location: Doña Ana Arch Trail, Las Cruces, NM

The Doña Ana Arch Loop is a natural-surface trail winding through the desert badlands of the Doña Ana Mountains near Las Cruces, New Mexico. The route features unique geological formations, including a natural sandstone arch and several small caves, set against a backdrop of panoramic view of the Rio Grande Valley and the Organ Mountains.

Distance: 3.2 miles

Duration: ~3 hours

Difficulty: Strenuous

Best for: 10 and over

IMPORTANT: Terrain is typical of the high desert, with rocky ridge sandy areas, and loose soil. Please do not hike under the arch of 10 years old. It is required to reach the top of the arch.

REQUIREMENTS & WHAT TO BRING

- 3-4 liters of water
- Healthy snacks or energy bars
- Hiking shoes or sturdy sneakers
- Hat, sunscreen, and sunglasses
- Light jacket and small backpack

HUECO TANKS HIKE

Date & Time: Saturday, Oct 10, 2026 | 8:00 AM**Location:** Hueco Tanks State Park

We will be hiking to Kiva Cave where we will enjoy incredible views of the surrounding desert and amazing pictographs inside of an unassuming rock shelter. While the hike is short, it can be strenuous at times with some scrambling and crawling into the rock shelter. The height of the entrance into the rock shelter is about 2 feet and opens up to about 6 feet.

Distance: 1 mile**Duration:** ~2.5 hours**Difficulty:** Moderate**Best for:** 10 years and over**IMPORTANT:** No pets allowed

REQUIREMENTS & WHAT TO BRING

- 3-4 liters of water
- Healthy snacks or energy bars
- Hiking shoes or sturdy sneakers
- Hat, sunscreen, and sunglasses
- Light jacket and small backpack

RE

OCT
10WHO'S RUNNING AROUND
THE DESERT AT NIGHT?**Date & Time:** Saturday, Oct 10, 2026 | 6:00 PM**Location:** Tom Mays State Park

This event is a night-time hike to explore the nocturnal world of the desert. We will meet at the gate before moving to the hike location. Following a short orientation lecture on what to expect, and safety, we will hike approximately 1-mile total distance while stopping to examine the various plants and animals that inhabit the area.

Distance: 1.5 miles**Duration:** ~2 hours**Difficulty:** Easy**Best for:** All ages**IMPORTANT:** Bring a good flashlight or blacklight

REQUIREMENTS & WHAT TO BRING

- Water
- Healthy snacks or energy bars
- Hiking shoes or sturdy sneakers
- Flashlight

ARROYO TRAIL TO LA CUEVA TRAIL

Date & Time: Sunday, Oct 11, 2026 | 9:00 AM**Location:** Dripping Springs Rd.

Explore the La Cueva trail ! Join us for a scenic 3-mile round-trip hike beginning at the Arroyo Trailhead, located in the Pincin Parking Lot on Dripping Springs Road.

We'll follow the Arroyo Trail as we make our way toward La Cueva, a fascinating destination tucked into the desert landscape.

One of the highlights: La Cueva is a great area to look for pottery fragments and other signs of the people who once traveled through and lived in this landscape. We'll practice responsible exploration by observing and photographing any artifacts we find and leaving everything exactly where it is.

Distance: 3 miles**Duration:** ~5 hours**Difficulty:** Moderate**Best for:** 10 years and over

IMPORTANT: Terrain is typical of the high desert, with rocky ridges, sandy arroyos, and loose soil.

Please no children under the age of 10 years old. **4x4 is required** to reach the trailhead.

REQUIREMENTS & WHAT TO BRING

- 3-4 liters of water
- Healthy snacks or energy bars
- Hiking shoes or sturdy sneakers
- Hat, sunscreen, and sunglasses
- Light jacket and small backpack

HARDLY ANY WALKING "GEOLOGY HIKE"

Date & Time: Saturday, Oct 17, 2026 | 9:00 AM

Location: Rim Road El Paso

From the rim above El Paso the whole story of the Franklin Mountains is laid out in front of you, and you barely have to walk to read it. In about a hundred feet we will take in a slice of the region's geology, with the city, the river and two countries spread out below. For anyone who wants the view and the story without the climb.

Distance: 100 feet

Duration: ~1 hour

Difficulty: Easy

Best for: Seniors

IMPORTANT: Not for Children

REQUIREMENTS & WHAT TO BRING

- Water
- Healthy snacks or energy bars
- Hiking shoes or sturdy sneakers
- Hat, sunscreen, and sunglasses
- Light jacket and small backpack

ORO GRANDE ROCK HOUNDING

Date & Time: Sunday, Oct 18, 2026 | 9:00 AM**Location:** Oro Grande, NM

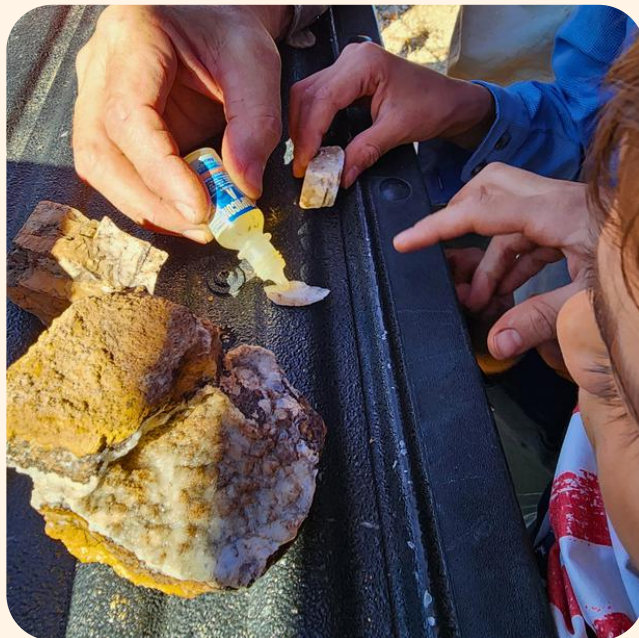

Join us for an exploration of the Oro Grande Mining District where we will look at the geology, mining history, desert botany, while rockhounding for colorful mineral specimens. Participants will see abandoned mining features that are remnants of the operations and mineral resources that drew early prospectors to the area. Along the route, we will also focus on native desert plants, discussing the unique plant species and hybridization in this area. Rockhounding is a key component of this trip, and participants will have opportunities to collect colorful mineral specimens (where allowed), including hematite, magnetite, quartz, garnet, chrysocolla and malachite.

Distance: 2 miles**Duration:** ~6 hours**Difficulty:** Moderate**Best for:** Children 10 and over

IMPORTANT: 4x4 is required a portion of the trip requires travel on dirt roads, making high-clearance vehicles necessary. Carpooling will be coordinated as needed at the meeting point.

REQUIREMENTS & WHAT TO BRING

- 3-4 liters of water
- Healthy snacks or energy bars
- Hiking shoes or sturdy sneakers
- Hat, sunscreen, and sunglasses
- Light jacket and small backpack

LOST DOG SPOOKY HIKE

Date & Time: Saturday, Oct 24, 2026 | 8:00 AM**Location:** Lost Dog Trail

Join us for a meaningful morning at the Lost Dog Nature Preserve, where outdoor recreation meets community connection and conservation. This trip includes a special partnership with Rescue Runners 915, a local nonprofit that helps shelter dogs get exercise, enrichment, and visibility outside the shelter environment. Eligible participants will be paired with a shelter dog to walk during the hike, supporting both physical activity and socialization for these pups. Participants will hike approximately two miles through the Lost Dog Nature Preserve, a protected area stewarded by Frontera Land Alliance.

Distance: 2.5 miles**Duration:** ~3 hours**Difficulty:** Moderate**Best for:** Adults 18 and over

IMPORTANT: Participants must be 18 years or older to be assigned a shelter dog. **No personal pets are allowed** to ensure the safety of shelter dogs; one dog per vehicle. All dog-handling guidelines provided by Rescue Runners 915 must be followed.

REQUIREMENTS & WHAT TO BRING

CRETACEOUS GEOLOGICAL TREASURES – SIERRA DE JUÁREZ

Date & Time: Sunday, Oct 25, 2026 | 7:00 AM**Location:** NE Sierra de Juárez, Ciudad Juárez

On this hike, we will travel back to the Cretaceous Period, when the region was covered by a sea rich in marine life. Along the trail, we will discover rocks that record ancient marine and magmatic events and see how these processes shaped the beautiful landscape we observe today.

En esta caminata, viajaremos al período Cretácico, cuando la región estaba cubierta por un mar rico en vida marina. A lo largo del sendero, descubriremos rocas que registran antiguos eventos marinos y magmáticos, y veremos cómo estos procesos moldearon el hermoso paisaje que observamos hoy.

Distance: 1.9 miles, 3 km**Duration:** ~7 hours.**Difficulty:** Moderate**Best for:** All ages, Todas edades

IMPORTANT: Bring a **valid passport** or passport card — required to re-enter the United States. Bring Pesos.

Pasaporte vigente indispensable para regresar a Estados Unidos. Traiga Pesos.

TONUCO FLUORITE MINE & PETROGLYPHS

Date & Time: Sunday, Nov 1, 2026 | 7:00 AM

Location: Rincon, NM

The aim is to present an understanding of early regional natives and learn about their techniques and classifications of their petroglyph drawings while exploring sandstone boulders to find the carvings. Discover some interesting facts about mining barite and fluorite in the area while entering an abandoned exploratory barite mine from early 1900's.

Distance: 2.5 miles

Duration: ~5 hours

Difficulty: Strenuous

Best for: All ages

IMPORTANT: 4x4 is required, a portion of the trip requires travel off road, making high-clearance vehicles necessary. Carpooling will be coordinated as needed at the meeting point.

REQUIREMENTS & WHAT TO BRING

- 3-4 liters of water
- Healthy snacks or energy bars
- Hiking shoes or sturdy sneakers
- Hat, sunscreen, and sunglasses
- Light jacket and small backpack
- Walking sticks recommended

DEVILS HALL HIKE

Date & Time: Saturday, Sep 26, 2026 | 7:00 AM

Location: Guadalupe Mountains National Park

The route to Devil's Hall departs from the Pine Springs Trailhead and is 4.2 miles round-trip. After the first mile the trail leads to a rocky wash which takes hikers to an impressive natural rock staircase leading to a "hallway" formed by steep canyon walls. The wash portion of the route requires the hiker to scramble over large boulders and other debris. This route offers spectacular views of geologic formations, steep canyon walls, tall trees, and mountaintops. **NO PETS ALLOWED**

Distance: 4.2 miles

Duration: ~5 hours

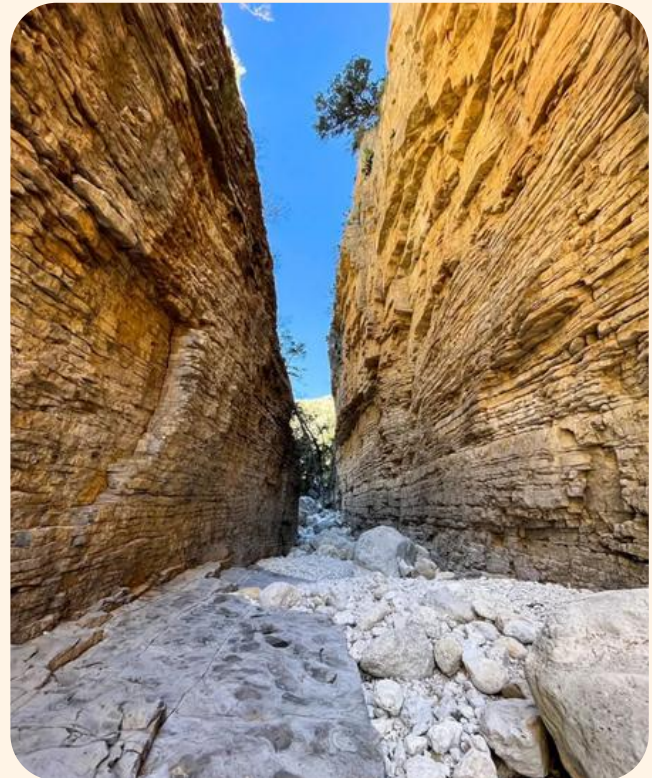

Difficulty: Strenuous

Best for: Children 10 and over

IMPORTANT: Much of this route crosses loose rock and a boulder-filled wash, with some scrambling required. Sturdy hiking shoes or boots and trekking poles are highly recommended.

REQUIREMENTS & WHAT TO BRING

- 3-4 liters of water
- Healthy snacks or energy bars
- Hiking shoes or sturdy sneakers
- Hat, sunscreen, and sunglasses
- Light jacket and small backpack
- Walking sticks recommended

POTRILLO VOLCANOES / DESERT SUNSET

Date & Time: Saturday, Nov 7, 2026 | 2:00 PM**Location:** Potrillo Mountains

The aim of this trip is to observe the land forms of the young volcanic features caused by the relatively recent activity along the Rio Grande rift basin, just west of El Paso. We will visit two volcanoes with very different expressions, one a crater-style structure and the other a steep-sided classic cinder cone. There will be two short hikes on the trip (the second is optional) and we will view the sunset from the top of the cinder cone volcano with stunning views of the borderland.

Distance: 1 mile**Duration:** ~5 hours**Difficulty:** Easy**Best for:** All ages

IMPORTANT: 4x4 is required, a portion of the trip requires travel off road, making high-clearance vehicles necessary. Carpooling will be coordinated as needed at the meeting point.

REQUIREMENTS & WHAT TO BRING

- 3-4 liters of water

KNAPP LAND TOUR

Date & Time: Sunday, Nov 8, 2026 | 3:00 PM

Location: Knapp Land Nature Preserve

Join us for a tour of Knapp Canyon along the Powerline Trail located in Northeast El Paso. This hike will include an overview of the geology and native plant life; we may see some wildlife in this region.

Distance: 2 miles

Duration: ~2 hours

Difficulty: Strenuous

Best for: All ages

IMPORTANT: This trail does have some steep inclines and descents. Please do not block driveways in the residential area near the trail head.

REQUIREMENTS & WHAT TO BRING

KILBOURNE HOLE HIKE

Date & Time: Sunday, Sep 27, 2026 | 9:00 AM

Location: Kilbourne Hole, NM

This moderate walking tour (~2 miles) explores one of the Southwest's most striking volcanic maar craters. Participants learn about volcanism, mantle xenoliths, and eruption processes while traversing sandy and rocky terrain. Ideal for teens and adults, this trip offers a rare opportunity to stand inside a volcanic feature and understand the forces that shaped it.

Distance: 2 miles

Duration: ~3 hours

Difficulty: Moderate

Best for: All ages

IMPORTANT: 4x4 is required for this trip. Carpooling will be available from meet up point.

REQUIREMENTS & WHAT TO BRING

GEOLOGY TOUR OF EL PASO

Date & Time: Saturday, Nov 14, 2026 | 8:00 AM

Location: El Paso

Join us for a drive-and-stop tour exploring the geologic history of El Paso. We will begin at the El Paso Museum of Archaeology on Transmountain Road, make two stops along Transmountain to examine Precambrian and Paleozoic rock formations, visit the Great Unconformity at McKelligon Canyon and conclude our tour at Mt. Cristo Rey to discuss the formation of the Rio Grande Rift and its role in shaping the Franklin Mountains and surrounding landscape. This tour is designed for anyone interested in learning how over a billion years of geologic history are recorded in the rocks of the El Paso area. We look forward to exploring El Paso's geologic story with you!

Distance: 1 mile

Duration: ~3 hours

Difficulty: Easy

Best for: All ages

IMPORTANT: This is a driving tour, with multiple stops.

REQUIREMENTS & WHAT TO BRING

SCENIC DRIVE FOSSIL HIKE

Date & Time: Sunday, Nov 22, 2026 | 7:30 AM
Location: Scenic Drive

The limestones exposed along Scenic Drive were laid down on the floor of a shallow sea, and they still hold the shells of the animals that lived in it. On this walk beneath the south end of the Franklin Mountains, we will look for fossils in the rock and talk about the sea that once covered El Paso, with the city, the river, and Juárez laid out below us.

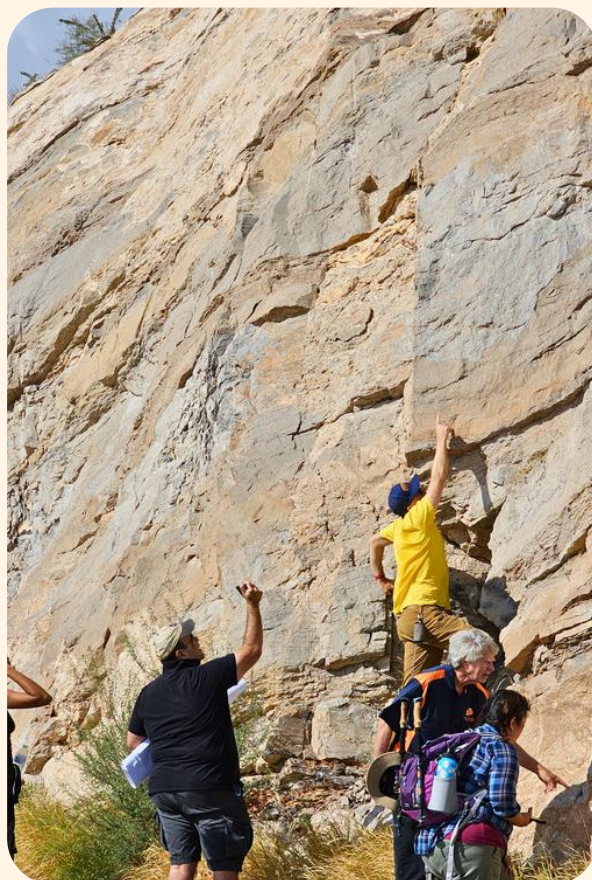

Distance: 5 miles
Duration: ~4 hours
Difficulty: Moderate
Best for: All ages

IMPORTANT: Scenic drive is closed to thru-traffic on Sunday.

REQUIREMENTS & WHAT TO BRING

COMING TO ROOST: CROW WATCHING AT RIO BOSQUE

Date & Time: Sunday, Nov 22, 2026 | 4:30 PM

Location: Rio Bosque Wetlands Park

On this easy hike around the Rio Bosque, we will watch the crows and ravens come to roost. Thousands of these birds take refuge at the Bosque each winter. We will walk to a good viewing location about a mile in, where you will be free to enjoy the murder rolling in. Once it gets dark, we will head back to our cars.

Distance: 2 miles

Duration: ~2.5 hours

Difficulty: Easy

Best for: All ages

IMPORTANT: It is a walk out to the viewing spot, so only bring what you are happy to carry.

REQUIREMENTS & WHAT TO BRING

- 3-4 liters of water
- Healthy snacks or energy bars
- Hiking shoes or sturdy sneakers
- Flashlight or headlamp

ADEN CRATER FULL MOON PHOTOGRAPHY HIKE

Date & Time: Sunday, Dec 23, 2026 | 2:00 PM**Location:** Aden Crater, NM

Join us for a unique full moon adventure to one of southern New Mexico's most fascinating volcanic features, Aden Crater. This photography-focused hike combines stunning desert landscapes, dramatic lighting, and a guided geologic exploration of the crater. We will hike and tour the geologic features of the crater, discussing its volcanic origins, lava flows, cinder deposits, and the forces that shaped this remarkable landscape.

As we make our way around and into the crater, we will arrive at the center in time to set up for photography. The timing is ideal, with the full moon rising at 4:14 PM and the sun setting at 5:07 PM, providing excellent opportunities to capture the transition from daylight to moonlight across the volcanic terrain.

This hike involves walking on uneven lava rock and desert terrain. Whether you're a photographer, geology enthusiast, or outdoor adventurer, this special full moon hike offers a rare chance to experience Aden Crater under the glow of a rising winter moon.

Distance: 3 miles**Duration:** ~3 hours**Difficulty:** Moderate**Best for:** All ages

IMPORTANT: 4x4 is required, It is a walk out to the viewing spot, so only bring what you are happy to carry.

REQUIREMENTS & WHAT TO BRING

- 3-4 liters of water
- Healthy snacks or energy bars

OUTREACH EVENTS

Come visit us at this years Hueco Tanks community fair. We will be there both days sharing our program and some fun activities for all ages! Don't miss the chance to participate in our special crafts corner, where creativity knows no bounds. Plus, we have some fantastic giveaways and prizes lined up for attendees. We look forward to connecting with the community and sharing in the joy of this wonderful event. See you there!
