Pastel Palettes Exploration

Step 1: Lightly sketch a design onto a piece of textured paper using a blacklead pencil.

Step 2: Use a soft applicator tool to block in a layer of the lightest colour in the image.

Step 3: Build up colours by adding more layers of pastel. Work from broader areas to smaller ones.

Step 4: Finish off the artwork by adding highlights and low lights with a fine tipped soft applicator.

- Use a separate piece of smooth paper to blend and create new custom colours.
- Use an eraser to lift off any unwanted colour.

The ideal tool for maintaining the quality and lifespan of your premium coloured pencils. Designed specifically for soft-core pencils like Prismacolor Premier, this sharpener features two blade options. Choose fine or broad points. Prevents breakage and over-sharpening.

	PNZ296
Each	$11.10

Apollo Parkways Primary School, Greensborough, VIC

Colour Pencils

We are often asked "What's the difference between colour pencils?" Here is an overview to help you choose the right pencils for your needs.

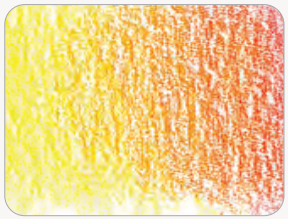

Entry level pencils contain less pigment and more binder and clay, making them harder and less intense in colour. High-quality pencils contain richer pigments, allowing for greater colour intensity, blending, layering, and experimentation.

Applications & Techniques:

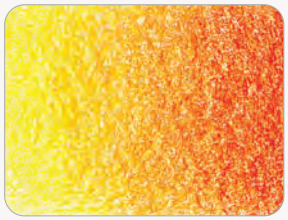

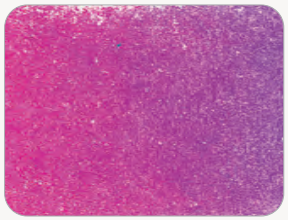

Pressure:
The further up the pencil you place your fingers, the lighter the pressure will be. Hold pencil on a smaller angle, parallel with the paper to ensure softer pressure.

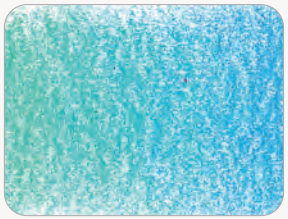

Layering:
Working in one direction, apply multiple light layers of pigment. Start with the lightest colour, working towards the darkest. Layering works well when blending different colours, by creating a gradual transition.

Scumbling:
Hold the pencil loosely, almost parallel to the paper. Work in a circular motion and apply light layers of colour. Scumbling allows for a smoother application of pigment than layering.

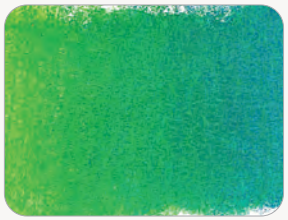

Colourless Blender Pencil:
Smooths out layered colours to create a smooth finish. Desaturates the colour. Great technique for skin and eyes.

Paper Stump:
Work and rub the paper stump in opposite direction to pencil stroke or work in circles (be careful not to scratch the surface). Will make the colour surface shiny. TIP: Always clean or sharpen paper stump to avoid blemishing other colours.

Burnishing:
Burnishing uses increasing pressure over layered colours to create a smooth, saturated, shiny surface. Overlap colours to blend transitions. Best for building different tones of the same hue; use a lighter shade, white, or grey to blend.

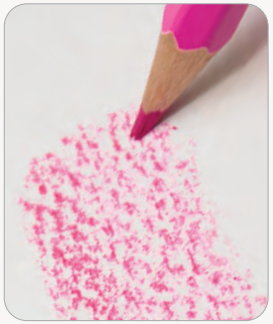

Odourless Solvent:
Dissolves the binder, allowing pigment to spread and create soft, watercolour-like effects. It can also intensify colour, depending on the pigment. A Copic Marker Colourless Blender can produce similar results.

Watercolour Pencils

Watercolour pencils are a good bridge between drawing and painting. Pigment can be applied first and water added second, giving greater control to the medium. Play with the amount of water applied to blend colour. Transparent layers of colour can also be created.

Apply & Wash:
Experiment using light and heavy pressure while colouring on watercolour paper. The intensity of the wash will be determined by how much pigment is applied first as well as the amount of water used in the wash.

Sketch & Colour: On watercolour paper, create a sketch. Add various intensities of colours.

Wash & Blend: Blend colour with water.

Early years

EC Easi-Grip Watersoluble Chunky Pencils

Safe and easy to use for 2–4 year olds, the wooden casing of these chunky pencils makes them easy to handle, minimising mess and helping prevent breakage. Their waxy formula makes them smooth to use. They are watersoluble and easy to blend. Sharpener included.

Street Paint Markers by Zart

1mm tip

4mm tip

Street Markers can be used on a variety of surfaces:

Japanese nib

Glued barrel head, won't unscrew during use.

Now with 2 different sizes, the options are endless.

Create, Colour & Cover everything!

Zart Street Paint Markers – surface suitability

Wood

Fabric, canvas & rubber

Cardboard, paper & canvas

Natural found objects like leaves, pods & stones

Terracotta, glazed/sealed ceramic pieces & Magiclay

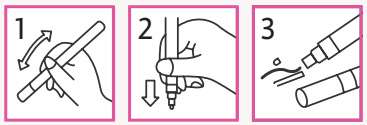

Plastic

Watercolour effects: Use a wet brush (or aqua brush) to extend applied colour before it dries. Create puddles of paint and use fingers to smear and blend the colours together. (Be sure to wear gloves, colour will stain skin and clothes.)

Before use: With the lid on, shake the pen up and down, then press the tip down continuously until the paint oozes out. Do not squeeze barrel or push down hard on tip when using. Replace the cap after use.

Durable bullet tip

A3	CVZ211
10 sheet pad	$44.45

Paper Skills and Terminology

Paper Grain:
The direction of paper fibres. **Tearing or folding with the grain** creates a cleaner edge or smoother fold; **folding against the grain** can cause cracking and uneven folds.

Scoring & Folding:
Lightly score paper before folding for a **clean, crisp fold**. Especially important for **coated and foil papers** to help prevent cracking.

Paper Tooth, Hot Press & Cold Press:
Refers to the paper's surface texture. **Tooth** describes how rough the surface is. **Hot press** is smooth, while **cold press** has a medium-textured surface.

GSM & UM (µm):
GSM measures paper weight in grams per square metre. **µm (micrometres)** measures paper thickness. **1,000 µm = 1 mm.**

Acid Free & pH Neutral:
Papers designed to resist **yellowing and deterioration over time**, making them suitable for **archival and artist use**.

Stretching Paper:
Prepares watercolour paper to **reduce buckling when wet**. Soak the paper, tape it to a board and allow it to dry flat.

Upper primary, secondary

Unica Printing Paper

This versatile and affordable Fabriano printing paper is made of 50% cotton, suitable for all printmaking techniques. With its medium texture and natural white colour, Unica is perfect for screen printing, relief printing, intaglio and litho printing.

Pkt of 40 **$22.50**

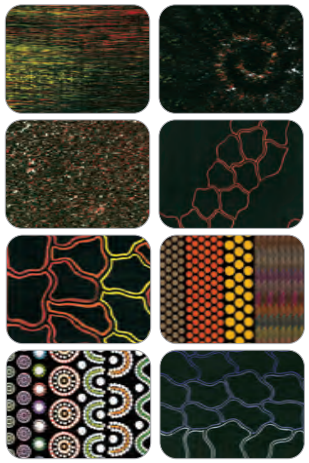

Zart recommends connecting to your local First Nations community and building strong authentic relationships so your students, staff, and the wider school community continue to share in the beauty of First Nations culture and history.

Art and craft products are intended as a starting point for meaningful making and responding lessons; discussions within this context should enrich student understanding whilst acknowledging, respecting and valuing Aboriginal and Torres Strait Islander identities and cultural expressions.

Any art making tasks that replicate First Nations' cultural expressions must be done in consultation with the appropriate First Nations Peoples (owners of that cultural property).

My Story: Zart Aboriginal Australian Paper by Zart

Designed by Peter "Judda" Mackay

Australian Indigenous artist Peter Mackay "Judda" tells his story here through eight traditional and non-traditional designs. Use his background paintings to present your own stories, while discovering story telling in other cultures. Includes teacher notes.

Mural foundation – increase longevity

Viponds Multi Purpose Sealer

Universal water-based undercoat sealer for interior and exterior use on previously painted surfaces, brick, masonry, plasterboard, fibro-cement, MDF, timber and metal. 100% acrylic providing excellent opacity, adhesion, sealing, filling and sanding properties. Coverage: approx. 15 square metres per litre.

1L	PT394
Each	$38.95

Street Outdoor Surface Primer by Zart

A universal, multipurpose primer and surface sealer. Its clean, highly opaque, bright white finish is the perfect surface foundation to any outdoor (and indoor) mural and sculpture. Offering excellent adhesion and permanence. Suitable for interior and exterior use on a wide range of surfaces including brick, concrete, stucco and render, plaster, plasterboard, marine plywood, timber, MDF, Colorbond (other metal surfaces must be primed with an appropriate rust primer first). Simply apply and allow to dry for 24 hours to turn any surface into a ready to paint blank canvas!

4L	PTZ101
Each	$120.95

St Therese's Primary School, Kennington, VIC

Atelier Moulding Paste

A heavy impasto paste made from marble dust which dries flexible. It may be used to provide texture before or during painting. It dries white. An economical way of building massive impasto. NB: Reduces colour intensity and gloss when mixed with paint.

250mL	PT314
Each	$17.15

Art Spectrum Artist's Gesso

Provides quality coverage on canvas and thick paper. Thick formula.

500mL	PT411
Each	$43.95

Student quality

Art Spectrum Gesso

A brilliant white, flexible, economic students' painting ground made for canvas, hardboard and paper.

4L	PT408
Each	$152.95

Gesso by Zart

Studio grade with medium body and a creamy, non-gritty formula. Creates a smooth and opaque finish and is easy to apply. Suitable for canvas, wood, cardboard, plastic and metal. White. Non-toxic.

1L	PT419
Each	$40.95
B2S Special	$36.95
4L	PTZ1015
Each	$126.95

Prime 2D and 3D works

MTN WEPRO Universal Spray Primer - White

A fantastic all-rounder primer for a variety of surfaces. The primer enhances the adherence of paint to glossy surfaces including plastics (PVC and methacrylate), metals (aluminium, copper or zinc), glass, ceramic and tiles. Anti-rust prevention, fast drying (touch dry in 30mins, 36hours cure time).

400mL	PTZ445
Each	$25.75

Rust and Verdigris effect on any surface

Langridge Rust Base

Iron-based paint to be activated by the oxidising patina for creating genuine rust finishes. Suitable for interior and exterior application.

500mL	PT451
Each	$55.50

Langridge Verdigris Base

Creates genuine verdigris finishes on any surface when activated with the oxidising patina. Apply two coats of verdigris base. The longer the surface is kept damp after application of patina, the stronger the final effect.

500mL	PT452
Each	$55.50

Langridge Oxidising Patina

Use to activate rust or verdigris bases. Can also be applied to imitation metal leaf, or bronze, brass and copper objects to create genuine antique metal finishes.

500mL	PT453
Each	$55.50

Metallic Imitation Leaf

Use for gilding and other decorative art projects. Apply to unbaked Sculpey with a soft, dry brush, or use gold size to adhere to dry surfaces.

14 x 14cm

Gold	GI050-GO
Silver	GI050-SI
Pkt of 25	$27.80

Stiffen and weatherproof fabric

Paverpol

Indoor & Outdoor Art

Turn old T-shirts, timber and wire into outdoor sculptures that may be placed outside after three weeks of curing time indoors. Water-based, environmentally friendly, non-toxic and safe for children. The user can manipulate fabric to drape over armatures of wire, wood and polystyrene. Paint on a canvas to create a weatherproof surface for an outdoor mural. Mix Paverpol with dry papier-mâché or Sculpt-It to model forms suitable for the outdoors. Mixing Paverpol with Zart Paper Mix will work, however the mix will dry very quickly so it would work best with pouring the mix into a mould. Paverpol adheres to wood, plaster, ceramic, clay, stone, concrete and polystyrene foam.

TRANSPARENT (NO COLOUR)

1kg	PT060
Each	$90.95

Mural protectant – brighter for longer

Street Outdoor Sealer by Zart

High-quality, low odour water-based sealer offering superior protection for outdoor murals, 2D artworks, and 3D sculptures. Suitable for a wide range of surfaces, including stucco, brick, concrete, plaster, render, wood, and steel.

1L	PTZ098
Each	$37.95
4L	PTZ099
Each	$122.95

Viponds Acrylic Glaze

Acrylic Paint, Multipurpose & Outdoor

This durable varnish is great for protecting and adding a high-gloss finish to a range of indoor and outdoor works. Perfect for 2D and 3D art including acrylic paint murals, skateboard decks, sculpture and a range of other craft projects.

1L	PT083
Each	$43.95

MTN Protective Mural Varnish – Gloss

A premium, quality clear coat designed to seal and protect mural surfaces while enhancing colour depth and vibrancy. Formulated for compatibility with water-based paints, this low-odour, non-yellowing varnish dries to a durable, high-gloss finish that also protects it from environmental factors such as UV exposure, moisture, dust, and physical wear.

1L	PTZ437
Each	$60.95

Artist quality – secondary level

Derivan Gloss Varnish

Acrylic Paint

A clear, water-based varnish suitable for Zart School Colours Paint to create a gloss finish. May also be added to the paint to create a water-resistant finish.

500mL	PT250
Each	$37.70

Atelier Gloss Varnish

Acrylic Paint

A low-viscosity medium/varnish used with acrylic paints to increase gloss levels, or as a final varnish to protect acrylic paintings.

250mL	PT315-GL
Each	$20.20

Liquitex Gloss Medium and Varnish

Acrylic Paint

Gloss painting medium and final varnish. May be mixed with acrylic paint to add depth of colour and also acts as a quick-drying, high-gloss varnish that is safe for students to use.

473mL	PT167
Each	$50.35

Heavy duty indoor and outdoor

MTN WEPRO Clear Coat Varnish - Gloss

A robust protective finish that can be used as a final layer to protect and enhance artwork. The gloss finish is a great way to add that final touch to an artwork while increasing colour depth and sheen. Indoor and outdoor use.

400mL	PTZ443
Each	$17.50

UV protectant

MTN WEPRO Canvas Spray Varnish - Gloss

A specially formulated final coat sealant for oil and acrylic paints on canvas and board. Protects against dust, grease, humidity and contamination. Built-in UV protection. Indoor use only.

400mL	PTZ444-GL
Each	$19.45

Protect work on paper

Micador Spray – Crystal Clear

Gives a clear coating to prints, photographs and artwork. Non-yellowing and reduces the effect of ultraviolet rays on colours. Always test surface before applying to artwork as results may differ.

450g	PT409-GL
Each	$16.75

Micador Spray – Matt

An invisible clear plastic coating in a soft, non-reflective matte finish. Creates a permanent protective barrier on artwork. Great for pastel, charcoal, pencil and paper. Artist quality.

450g	PT398
Each	$16.75

Protect painted works

Micador Spray Picture Varnish – Gloss

High-quality clear varnish for acrylic and oil paint. Water-like clarity that will not yellow with age. Retains flexibility – will not become brittle. Remove with gentle solvent, making restoration easy. Acid-free.

450g	PT401
Each	$16.75

Micador Spray Picture Varnish – Matt

High-quality, clear-matt varnish. Permanent protection for acrylic and oil paintings and ceramic stains. Retains flexibility – will not yellow.

450g	PT399
Each	$16.75

Fix dry pastel in place

Micador Spray – Fixative

Non-glossy fixative, allows surfaces to be reworked after previous work has been fixed. Creates a workable surface for water-repellent materials such as glass or plastic.

Each	$152.95

Mod Podge – Matte

An all-in-one glue, sealer, and decoupage medium that delivers a smooth, clear finish. Known for its long-lasting durability, it can be built up with multiple coats and even sanded to a refined, polished surface. Water-based, safe for children and perfect for classroom use.

236mL	GZ220-MA
Each	$21.10
946mL	GZZ228-MA
Each	$65.25

Mod Podge – Outdoor

Mod Podge Outdoor can be used to seal a wide range of surfaces including wood, terracotta, slate, tin or any porous surface. Great for mixed media sculpture, artworks that hang – such as mobiles, and decoupaging furniture to go outside.

236mL	GZ220-OU
Each	$31.65

Seals a variety of surfaces

Supergloss by Zart

Supergloss by Zart is a water-based, non-toxic varnish that provides a high gloss finish on a range of surfaces, including paper, canvas, cardboard, clay, metal, brick, concrete and wood. Great for interior and exterior applications – such as protecting garden art ornaments, skateboard decks, and as a suitable gloss finish over oil and wax based products that are generally difficult to seal (such as Supermix Pastels and oil pastels).

EC Fluorescent Liquitemp Poster Paint – 500mL

Delivering eye-catching colour, these paints have high-quality ingredients, giving them a rich texture and excellent coverage. Australian-made, non-toxic.

8 assorted colours	PT838-KIT
Each set	$110.25

No UV light required

Glow in the Dark Paint

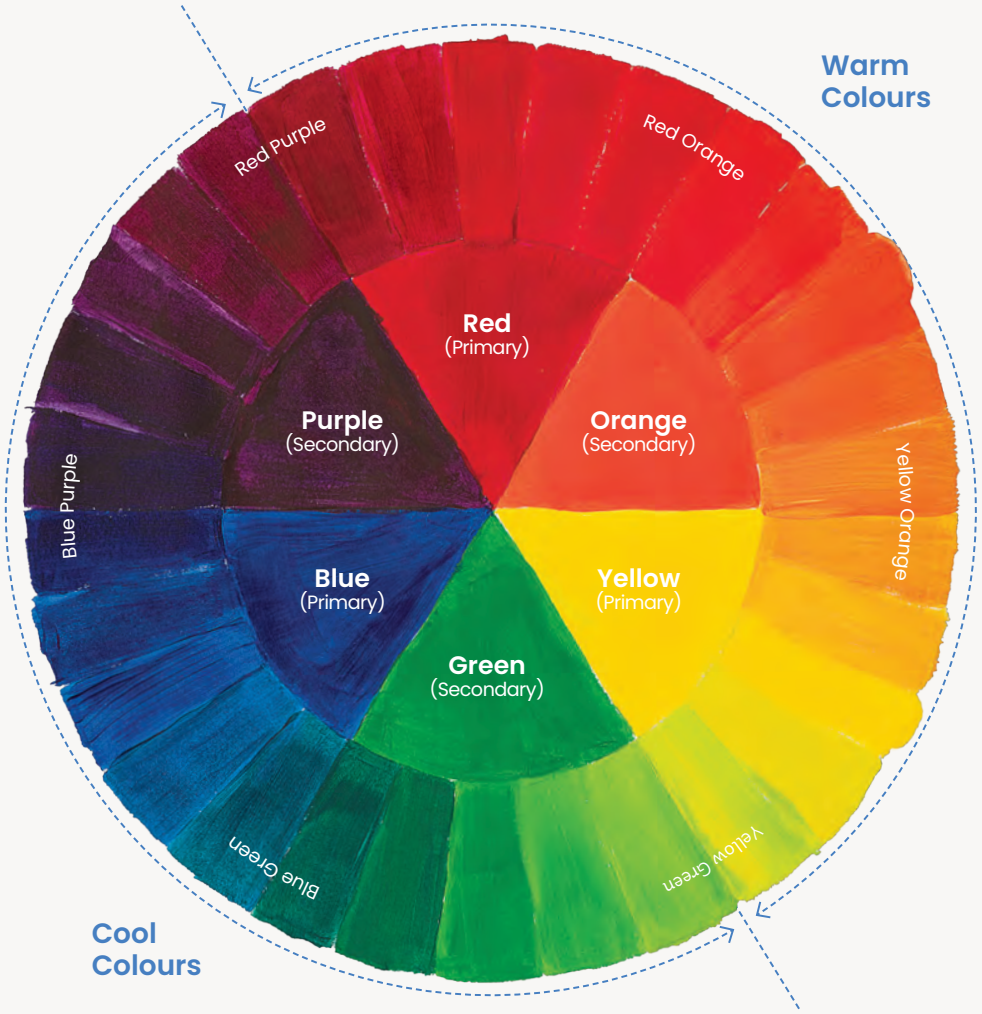

Apply to porous surfaces such as paper, card or canvas using a brush, foam roller or, for best results, apply thickly with a palette knife. Does not require UV light to glow. The phosphorescent gel absorbs the natural or artificial light and emits it in the darkness. Neon yellow colour.

100mL	PT190-YE
Each	$31.95

PAINT

Colour Mixing Chart

The primary colours are Red, Yellow and Blue

Mixing two primary colours together will create a secondary colour,
Red + Yellow = Orange, Yellow + Blue = Green, Blue + Red = Purple
All three primary colours mixed together will make brown.

Student Acrylic - Core Classroom Paint

Artist quality sets – upper secondary level

Atelier Acrylic Paint Set

This artist quality paint is the ideal size for two or three students to share at a table. Suitable for a range of painting subjects including, landscape, portraiture and abstract painting. The unique formula allows more creative freedom than other acrylic paints; paint as per usual for traditional fast drying acrylic techniques or use a water sprayer to keep the paint workable for longer periods.

20mL tubes	PTZ014
Set of 24	$90.95

Our Lady of Sion College, Box Hill

Atelier Interactive Paint Set – Pastel

These unique pastel colours are not available in any other paint range. Colours: lemon, coral, pink, lilac, mist, arctic blue and aquamarine.

80mL tubes	PT013
Set of 7	$65.70

Affordable artist set – secondary level

Reeves Artists' Acrylic Colour Set

A comprehensive collection of high quality, versatile paints designed for students, beginners, and experienced artists alike. Formulated with a high pigment concentration for strong, brilliant colours that retain their vibrancy when dry. These versatile acrylics can be applied straight from the tube or thinned with water for watercolour-like effects, making them suitable for a variety of techniques and projects.

12mL tubes	PTZ1010
Pkt of 18	$31.95

Atelier Interactive Paint Set

This box set includes a fine selection of brilliant colours. Napthol crimson, trans orange, arylamide yellow light, arylamide yellow deep, yellow ochre, burnt sienna, French ultra blue, diox purple, pthalo green, permanent green light, carbon black and titanium white.

20mL tubes	PT012
Set of 12	$34.35

Matisse Structure Acrylic Paint Primary Set

This set includes six vibrant colours, mars black and titanium white in 75mL tubes, enabling artists to explore colour mixing, blending and the creation of tonal shades and tints. Also included are a gel medium and an impasto medium allowing for exploration of a wide range of techniques. A well-rounded selection of primary colours, perfect for creating vibrant secondary and tertiary colours. With a focus on bias colour mixing, this set empowers artists to develop their understanding of colour theory while creating stunning, expressive artwork.

Pearl White	PT382-PW
Rose Gold	PT382-RO

Each $12.10

Jo Sonja Craft Paint Set

This fun and versatile range meets the needs of professional artists and beginners alike. Dilute for amazing watercolour effects or use as a more durable, fast-drying and permanent alternative to gouache.

20mL x 24 TUBES

Assorted colours	PTZ388
Pkt of 24	$85.90

Croydon Hills Primary School, VIC

Suitable for multiple surfaces!

Gesso by Zart

Studio-grade gesso with a medium body and a creamy, non-gritty formula. Creates a smooth and opaque finish and is easy to apply. Suitable for canvas, wood, cardboard, plastic and metal. Non-toxic.

4L	PTZ1015
Each	$126.95

Thin and liquify acrylic paints

Derivan Spreader Medium

Extends paint to maximum flow. Slows down drying time.

500mL	PT257
Each	$28.15

Atelier Pouring Medium

Mix with artist-quality acrylic paint to thin the paint, allowing it to pour easily and form smooth even puddles of colour. It increases colour translucency, enhancing paint layering effects.

1L	PT181
Each	$48.05

Protect, add colour depth

Atelier Universal Medium and Varnish

Add small amounts to acrylic paint to reduce its viscosity and make it more fluid and faster drying. Add water to adjust finish – low-sheen or high-gloss.

250mL	PT321
Each	$17.15

Add body, texture and sheen

Chromacryl Clear Gel Medium

For screen printing on paper and monoprinting, this acts as a quick-release agent, and slows drying. Add the medium to Chromacryl paint to create a printing ink for paper only.

500mL	PT303
Each	$14.65

Golden Acrylic Regular Gel Gloss

Provides the same creamy viscosity as Golden Heavy Body acrylics, making it an ideal medium for extending paint, enhancing translucency, and gloss.

237mL	PTZ1054-GL
Each	$35.35

Thicken and create lustre

Chromacryl Impasto Gel Medium

Adds to the volume of paint and gives the paint an extra-gloss finish. Turns acrylic paint into an impasto-style paint to use on canvas or paper with palette knives.

500mL	PT301
Each	$21.15

Derivan Impasto Medium

Full-bodied texture paste and modelling compound. Dries to a low sheen.

250mL	PT251
Each	$18.95

Slow down drying time

Golden Retarder

A professional-quality additive designed to slow the drying rate of acrylic paint without affecting its consistency. Ideal for techniques that require extended blending time, such as smooth gradients, subtle transitions, or detailed layering.

237mL	PTZ1017
Each	$40.40

Rough sandy texture

Golden Acrylic Molding Paste Regular

A lightweight yet durable way to add sculptural texture and dimension to acrylic artwork. Can be applied with brushes or palette knives.

237mL	PTZ1018
Each	$33.05

Golden Pumice Gel Coarse

A thick, texture-rich acrylic medium containing coarse volcanic particles that deliver a rugged, stone-like finish. Perfect for creating textured grounds and relief effects.

237mL	PTZ1016
Each	$35.15

Paint on fabric

Chromacryl Textile Medium

With the addition of this medium, Chromacryl student colour becomes a fabric paint. Add one part medium to two parts paint. Print onto the fabric, dry and heat set fabric with an iron. Best on natural fibres such as calico, cotton or silk.

500mL	PT302
Each	$28.25

Derivan Fabric Fixative

Mix with acrylic paint to become permanent on fabric after heat fixing.

500mL	PT256
Each	$36.90

Block out watercolour

Masking Fluid – Colourless

A rubber latex solution which is painted over any area you wish to keep free of colour. When dry, the solution is removed by gently rubbing with the finger or using a gum eraser.

100mL	GR331
Each	$23.20

Easy water-based marbling

Paper Marbling Kit

This set of marbling paints is suitable for paper. Six colours in the kit. For best results use an absorbent paper such as newsprint.

12mL x 6 colours	MB000
Kit	$39.40

Create marbling patterns

Satay Sticks/Skewers

Use satay sticks to mix the marbling ink across the surface of the water.

20cm	MB002
Pkt of 100	$2.99

Marbling Tray

Sturdy plastic tray suitable for marbling.

30 x 40 x 2cm deep	MB030
Each	$18.15

Paper Marbling

Step 1: Fill tray with water. Float a wet paper disc on the surface. Squeeze a few drops of colour onto disc. NB: cut a circle from a magazine page as a substitute for the provided paper disc.

Step 2: The colour will disperse over the surface. Continue adding different colours. Use a satay stick or marbling comb to marble colours together.

Step 3: Slowly place a sheet of paper at one end of the tray and roll it down over the water's surface.

Step 4: Peel back the paper to reveal the marbled design. Leave to dry.

Spray Painting a Skateboard Deck Using a Stencil

Safety: Always wear a respirator and gloves when using spray paint. Spray outside or in a well-ventilated area.

Step 1: Spray the skateboard with one coat of white paint. Attaching a spray can gun will make this process faster.

Step 2: Shake each can for two minutes before spraying to ensure the pigments are mixed.

Step 3: Create a speckled effect by varying the pressure and nozzle used. Hold the can back further to create a lighter spray.

Step 4: Create drips by spraying very close to the skateboard and allowing the paint to pool and run.

Step 5: Once the background is dry, use a spray adhesive to tack the mid-tone stencil to the surface.

Step 6: Spray the paint using short, quick sprays from the outside of the stencil. Work your way around all sides. Be careful not to over spray. Remove the stencil and allow paint to dry.

Step 7: Use a spray adhesive to tack the shadow stencil to the surface. Spray this stencil while being careful not to over spray. Remove the stencil and allow paint to dry.

Step 8: Use a spray adhesive to tack the highlight stencil to the surface. For fine areas hold pieces of the stencil down with a satay stick. Remove the stencil and allow paint to dry.

Flat satin finish

Street Outdoor Paint by Zart

A multipurpose, highly pigmented, artist-quality outdoor paint. It's an excellent choice when painting outdoor (and indoor) murals, artworks and outdoor works. Excellent opaque coverage and smooth application, this acrylic paint is a brilliant performer on all hard surfaces including concrete, brick, metal, wood, plaster, panel, render, stucco, rocks and stones. Street Outdoor Paint has a satin finish, is fast drying, and is both sun and weather resistant. The bright and vibrant street colours are intermixable and lightfast. Apply Street Outdoor Paint by Zart directly to your indoor and outdoor surfaces. Clean surface, including removing any flaky or loose areas prior to painting. Clean up with soap and water. They also help to create an inviting and welcoming space for teaching and learning. Making collaborative artworks (class and whole school works) promotes a sense of belonging among students and provides opportunities for interpersonal development and problem solving.

Paint on finished mural to protect and extend life

Street Outdoor Sealer by Zart

High-quality, low odour water-based sealer offering superior protection for outdoor murals, 2D artworks, and 3D sculptures. Its UV protectant properties prevent the fading and yellowing of paint colours, preserving the integrity and the longevity of artwork. Non-toxic, it's suitable for a wide range of surfaces, including stucco, brick, concrete, plaster, render, wood, and steel. Whether you're looking to add a high-gloss finish or want to protect your artwork from the elements, this sealer and varnish is the perfect choice. How to use: apply a thin coating of Street Outdoor Sealer using a wide brush or roller to mural or artwork. Allow to dry. NB: test on surface before use, wash up in water. Interior and exterior use.

Safer Alternative Oil Painting Mediums

Gamblin Solvent Free Gel

A safer alternative to traditional oil painting mediums. Made from safflower oil and alkyd resin, this gel improves paint flow and transparency while preserving texture and brushwork.

150mL PTZ025
Each **$40.40**

Take safety precautions with mediums and use in a well-ventilated area. Always read the label before use.

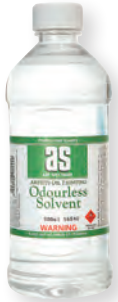

Thin oil paint and create mediums

Pure Gum Turpentine

A natural solvent for oils, used in most painting mediums. Double distilled from pine oleoresin. Less is best as excessive gum turpentine denatures the oil paint and weakens the bond between the oil paint and the canvas.

500mL PT516
Each **$33.35**

Odourless Solvent

Ideal solvent for those people sensitive to the odour of turpentine. Will dissolve Damar Varnish, thus can be used to make oil painting mediums.

500mL PT532
Each **$33.35**

Citrus Turpentine

Double distilled for artists' use. Citrus aroma for those allergic to other turpentines. Made from orange zest.

500mL PT520
Each **$59.35**

Refined Linseed Oil

Add extra linseed oil to enhance flow and slow drying time. Great for Alla Prima techniques and cleaning brushes. Australian linseed oil is one of the finest in the world.

500mL PT518
Each **$31.50**

Clean brushes and equipment

Art Clean

A pleasant, citrus-scented cleaning solution. Ideal for cleaning brushes, studio equipment and hands. This is an all-natural product which is completely biodegradable.

500mL PT537
Each **$42.20**

Take safety precautions with mediums and use in a well-ventilated area. Always read the label before use.

Alter viscosity, sheen, transparency and drying time

Lean Medium

Low odour. The leanest medium you should use. The same application as Medium No. 1, but made with odourless solvent.

500mL PT534
Each **$51.40**

Oil Painting Medium No. 1

The safe way to achieve thin colour washes without destroying the binder of the paint. Suitable for washes and fluid effects. Dries overnight.

500mL PT514
Each **$53.55**

Oil Painting Mediums No. 2

A medium-fat oil medium for the middle layers of the fat over lean painting process. Its extra oil slows drying, keeps paint flexible and helps prevent cracking.

500mL PT522
Each **$56.95**

Oil Painting Mediums No. 3

The fattest medium in the fat over lean process. It is used for the final layers and is thick and slow-drying, for building paint up in many layers.

500mL PT524
Each **$56.95**

Oil Painting Medium No. 4 Liquol

A quick-drying transparent painting and glazing medium. Excellent for smooth brushwork, fine detail and multiple glazes. Mix thoroughly with oil paint on palette before applying to canvas. Dries within 24 hours.

500mL PT526
Each **$66.20**

Protective topcoat and gloss medium

Damar Varnish

For use as a final varnish for oil paintings. Is also used as a basis for making some painting mediums.

500mL PT512
Each **$46.45**

Resin

Key Skills
Casting, embedding, layering, surface finishing.

Student Suitability
Secondary / specialist – safety controls and appropriate ventilation required.

Best Uses

Jewellery

Moulds

Decorative

Surface resin, VOC and solvent free – no fumes

ArtResin

A refined and specially formulated resin. The pinnacle of epoxy resins for art making. It has no VOCs, no fumes, no solvents and is non-flammable. Ideal in the artroom. Great for surface gloss coating and shallow embedding of objects. Use it to varnish your work with a hard, super-thick glossy finish. Great for resin pouring art, decoupage, photographs, mosaics, badge coating, tabletop art and any type of glazing, protective and resurfacing application.

474mL	GZ324
Each	$109.20
946mL	GZ325
Each	$139.95
3.7L	GZ326
Each	$349.95

Versatile art resin – surface and light casting

Epoxy Resin Clear Glaze

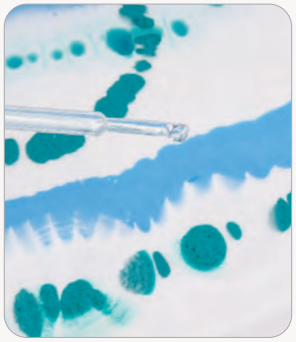

Multipurpose

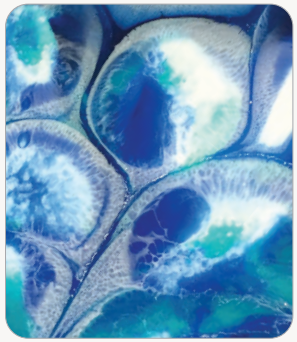

A two-part, ultra-clear, glass-like epoxy coating resin. Perfect for resin pouring art, decoupage, photographs, mosaics, badge coating, tabletop art and any type of glazing, and protective and resurfacing applications. Safety: Always wear a mask, gloves and eye protection, and work in a well-ventilated area.

2L	GZ320
Each	$156.75
5L	GZ321
Each	$352.95
10L	GZ322
Each	$643.25

Resin Techniques

Patterns: Use a pipette with Art Spectrum Art Clean to create interesting flowing reactions to the resin. Hand sanitiser will also react with the resin and silicone oil makes resin move and expand in irregular cellular shapes. Drop solvents and oil close to the resin to avoid pitting: less is best.

Colour: Pigments can be added to clear resin then poured onto the surface for metallic highlights in the artwork. Pigments can also be lightly dusted onto wet resin.

Wipe: Use a giant popstick on its side to wipe large areas of the resin around the surface.

Create resin pouring art

Catholic College, Sale, VIC

Resin Pigment Opaque

Create beautiful, opaque colours for resin pouring art, resin jewellery and projects that require lightfast colour. Highly-pigmented.

SINGLE COLOURS – 25mL

Blue	DY426-BE

Resin Spreading tool

Notched on three sides with 2, 3 and 5mm notch depths.

10.8 x 10.8cm	TQ779
Each	$9.50

Resin Art using Two Part Epoxy Glaze

Step One: Elevate your chosen painting surface from the table, with wood blocks or bottle caps pushed in under the edges of the artwork. Large canvases should be supported in the middle to prevent pooling. Use a spirit level and adjust the surface elevation with popsticks where required, to ensure it is level. NB: surfaces used may be stretched canvas, canvas boards, plywood or MDF board.

Step Two: Using a disposable mixing stick, mix the two part Epoxy Glaze measuring equal parts of A and B. Stir using the flat end of the popstick to ensure all corners of the container are reached during mixing.

Step Three - Adding Colour: Using opaque resin pigments, experiment with adding small scoops on a popstick. Be careful not to contaminate the popstick with resin as it will ruin the pigment paste. Amounts required will vary depending on the colour chosen. Stir well. Dyes can be dropped directly into the clear resin. The dyes are transparent and the pastes are opaque.

Step Four - Making the Art: Pour resin over your surface. Don't go to the absolute edge and leave gaps for other colours. This is a fluid process and as you add more resin it will move to the edge of the surface (NB: some resin is always bound to flow off the edge). Mix other colours of resin. Combining colours will create different hues. Keep in mind a little goes a long way.

Step Five - Finishing: Once finished, run a propane torch or heat gun over the surface to release air bubbles and smooth out the resin. Allow to dry for 24 hours in a dust free area. The resin cures best when the temperature is between 20–25°C. If any section is not completely cured, apply a clear coat of resin on the surface to seal it in. This top coat will also create more depth of colour.

Mary Immaculate Primary School, Ivanhoe, VIC

95mm	CNZ905
Pkt of 100	$5.99

Brush Care

CLEAN

Make sure to clean brushes after use to ensure all traces of paint have been removed from the inner and outer bristles, the ferrule and the handle.

1. Wipe off excess paint
2. Wash
3. Rinse
4. Repeat
5. Remove excess moisture

Watercolour, Acrylic and Gouache: Wash in COLD water.

Oil Paint: Wash using an odourless solvent in a jar and wipe using a lint-free rag.

Brush and Hand Cleaner: Can be used for both oil and water-based paint. Scoop a 5c coin amount into the palm of your hand and dab the wet brush into it, working up a lather by gently rubbing it in a circular motion to infiltrate the inner bristles.

DO

- ✓ **RESHAPE:** bristles whilst damp.
- ✓ **DRY:** brushes by lying flat or hanging from the handle.
- ✓ **STORE:** upright or lying flat once dry. Avoid storing brushes in plastic bags or sealed containers.
- ✓ **PROTECT:** bristles within a plastic sheath, or within a loop of sturdy cardboard. Brush and hand cleaner can be added to the bristles during storage to condition the brush – but be sure to rinse the brush before use.

DON'T

- ✗ Avoid damaging the bristles and definition of the brush shape!
- ✗ Never mix paint with brushes (use a palette knife instead).
- ✗ Never leave paint to dry on brushes.
- ✗ Never wash brushes in hot water or use soap.
- ✗ Never leave a brush soaking in water or solvent.
- ✗ Never store brushes in **humid or damp** areas.

Tips & Tricks

- Use old brushes for creating textural effects or applying masking fluid.
- Brushes with an enamel handle will crack when soaking; just peel the enamel off and use it as a raw wooden handle. This will not affect the quality of the brush.

Derivan Brush and Hand Cleaner

100% natural ingredients. Restore and deep clean paint brushes.

500mL	PT258
Each	$25.25

Disolv Brush and Hand Cleaner

Non-toxic clean-up cream safely removes oil paint and printing ink. Simply wipe off excess paint and ink with a rag, then work Disolv into hands, brushes, palettes and equipment. Wipe again and wash out in water.

Art Spectrum Artist's Gesso

The creamy consistency makes it easy to apply and provides excellent coverage to create a smooth and opaque finish on your chosen surface. Perfect for surface preparation on canvas, wood, cardboard, plastic and metal.

500mL	PT411
Each	$43.95

MTN Universal Spray Primer – White

A fantastic all-rounder primer for a variety of surfaces. The primer enhances the adherence of paint to glossy surfaces including plastics (PVC and methacrylate), metals (aluminium, copper or zinc), glass, ceramic and tiles. Anti-rust prevention, fast drying (touch dry in 30mins, 36hours cure time). Resistant to temperatures of up to 100 °C, Indoor and outdoor use.

400mL	PTZ445
Each	$25.75

Street Outdoor Surface Primer

A universal, multipurpose primer and surface sealer. The clean, highly opaque, bright white finish is the perfect surface foundation to any outdoor (and indoor) mural and sculpture. Offering excellent adhesion and permanence. Suitable for interior and exterior use on a wide range of surfaces including brick, concrete, stucco and render, plaster, plasterboard, marine plywood, timber, MDF, Colorbond trademark (other metal surfaces must be primed with an appropriate rust primer first). Offering better coverage for coloured paints ensuring a more vibrant and even application when painted over the top. Works will last longer, and colours will be brighter and less likely to peel or degrade. Simply apply and allow to dry for 24 hours to turn any surface into a ready to paint blank canvas!

4L	PTZ101
Each	$120.95

X-Press It Stretched Canvas Premium – Thick Profile 38mm (1.5")

Each	$123.00

Drying Rack – 25 Shelves

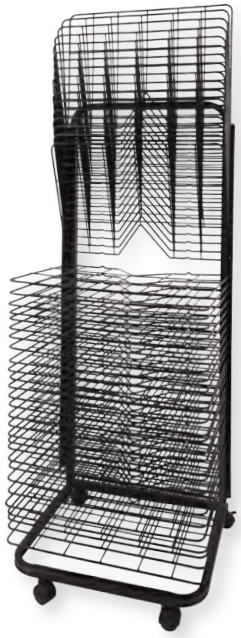

Adjustable shelves with stabilisers to hold artwork when placed on the shelves. Stand alone or use included castors. Assembly required. Shelf size: 50 x 38cm. 6cm high castors.

40 x 50 x 70cm high	DP120
Each	$459.00

Spring Loaded Art Rack – 45 Shelves

Shelves are gridded so artwork will not fall through. Distance between shelves is approximately 3cm. Rack comes pre-assembled. Includes castors. Size of shelf 60 x 46cm with 15 x 12cm grid.

60 x 60 x 170cm high	DP050
Each	$1375.00

PLEASE NOTE: Special delivery is required

Spring Loaded Drying Rack – 50 Shelves

Practical and sturdy with 65 x 89.5cm shelf size – large enough to fit an A1 size piece of paper. Shelves are made from galvanised iron, making them waterproof and easy to clean. The spring-loaded hinges allow the shelves to be locked in a lifted position, making it easy to load wet work in – simply begin loading work from the bottom shelf up. The frame is made from strong steel and is set on casters for easy moving. Please note: These racks come pre-assembled and are packed in a crate. A trolley jack or similar will be necessary to transport this from point of delivery.

72.5 x 96 x 148cm high	DP135
Each	$2669.00

Classroom Sink Rack

Great for drying off paint pots, paint palettes, brushes, clay equipment and anything else that needs drying in the artroom and classroom. Place it on the draining area of the sink to keep drying items neat and organised.

9 x 34 x 42cm	DPZ136
Each	$16.50

Drying Rack Wall Mountable Spring Loaded – 20 Shelf

An excellent and helpful artroom and classroom space saver, as its shelves conveniently fold up when not in use. When ready to use, just fold out the shelves and insert artwork to store or dry. Features 20 spring-loaded wire racked shelves, each measuring 44.5 x 27cm. Perfect for storing both A4 and A3 sized artworks.

75 x 47 x 35cm	DPZ124
Each	$373.00
B2S Special	$299.00

Drying Rack with Tray – 20 Shelf

This drying rack is practical and sturdy. The wire grid design fits up to A3 sized paper and includes a gap of 3.5cm between the shelves to allow for better air flow around the artwork which can improve drying time. Featuring a handy tray at the top and lockable castors. Assembly required.

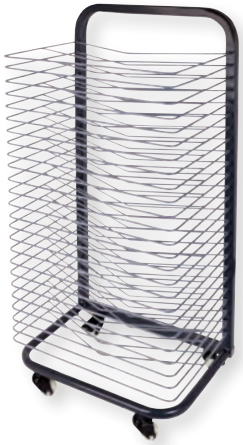

36 x 44 x 96cm high	DPZ121
Each	$285.00

Drying Rack – 20 Shelf

This drying rack is practical and sturdy and features lockable castors. The wire grid design fits up to A2 sized paper and includes a gap of 3.5cm between the shelves to allow for better air flow around the artwork which can improve drying time. Assembly required.

62 x 47 x 75cm	DPZ122
Each	$333.00

Mobile Drying Rack – 25 Shelf

A convenient and practical storage solution for the artroom, classroom and studio space. Perfect for storing both A4 and A3 sized artworks, this sturdy and portable drying rack can be easily moved around as required. Fitted with four durable and reliable castors, two of which are lockable, adding to this rack's practicality, movability and safety.

62 x 47 x 75cm	DPZ123
Each	$435.00

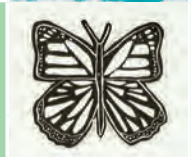

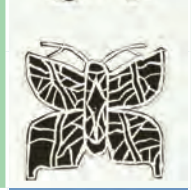

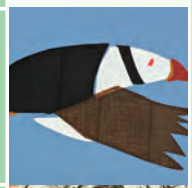

Printmaking

Mullauna Secondary College, Mitcham, VIC

Carey Baptist Grammar School, Kew, VIC

Printing Method					Plate (Equipment)	Creating Design	Inking	Transfer Design
Monotype Print can only be produced once. Artwork: Charlton College, VIC		All Ages & Abilities	Single Print	Design Will Print in Reverse	**Acetate Sheet:** Firm clear piece of plastic, reusable.	Begin by rolling paint over the plate using a foam roller or soft brayer. Use a finger or mark making tool to draw into the wet paint. Areas can also be masked prior to inking.		When transferring a print to a surface, simply apply pressure with your hand or use a hard brayer (roller).
					Gel Printing Plate: Gelatine plate, reusable.			
Collagraph (Collage Printing) Taking a print from a raised, built up and collaged surface. Artwork: Cheltenham East Primary School, VIC					**Plate:** Stiff card, a piece of wood or recycled board.	Glue and build up the surface with cardboard, fabrics and threads, mediums and found objects.	Use an inked roller, spread colour onto the plate.	When transferring the print to a surface, simply apply pressure with your hand, use a hard brayer (roller) or printing press.
Block Printing (Relief Printing) Taking a print from a raised surface. The flat surface of the printing block creates the print. The cut out and recessed areas do not print. Artwork: Our Lady of Sion College, Box Hill, VIC		Junior			**Printing Foam:** Soft polystyrene plate, great introduction to printmaking.	Draw into the surface using a pencil or ballpoint pen.	Use an inked foam roller to spread colour onto the plate.	When transferring the print to a surface simply apply pressure with your hand, use a hard brayer (roller) or a baren.
			Repeatable Prints		**Soft Cut:** Soft surface, easy to carve.	Carve a design using a lino carving tool.	Use an inked soft brayer (roller) to spread colour onto the plate.	
					Lino: Firm surface. Use the safety hand guard or bench hook if necessary.			Printing press, a hard brayer (roller) or a baren.
Screenprinting (Stencilling) Ink is transferred through a screen mesh onto a surface. Areas of the screen that have been blocked out do not print. Artwork: Strathcona Girls Grammar, Canterbury, VIC					**Silk Screen:** A synthetic mesh that comes in various mesh counts. The mesh is stretched and glued onto a frame.	Block out areas of the screen by cutting a stencil, or use a photo sensitive emulsion.	Lay screen mesh side down. Apply a line of screenprinting ink on top of the screen. Using a squeegee, drag ink across and through the screen's mesh.	
Intaglio Printing Image is incised into the surface of the printing plate. The ink is pushed into the grooves and the top of the plate wiped clean. When put through the printing press the ink from the incised areas transfers onto the paper. Artwork: Koonung Secondary College, Mont Albert North VIC		Mid-Senior		Prints In Reverse	**Metal Plates (copper, zinc or aluminium):** These soft metal plates are easy to etch.	**Etched (metal plates only):** Coat a plate with an acid resistant etching ground. Scratch a design into a plate using an etching tool. Sit the plate in an acid bath to 'etch' into the exposed areas of metal. Solar: Areas exposed to UV light will harden and unexposed areas will wash away. **Dry Point:** Scratch a design directly into the plate with an etching tool. **Engraving:** A design is cut into a plate using a cutting tool or burin.	Ink the entire plate with a soft brayer (roller). Use an inking dabber to firmly rub and press the ink into the incised lines/marks. Wipe the plate using a tarlatan cloth to remove excess ink. Polish the plate with newspaper (be careful not to remove the incised ink).	Printing press or burnish with the back of a spoon. The paper needs to be dampened before use.
					Zart Cardboard Etching Plates			
					Acetate: Heavy weight plastic			

Monoprinting

Key Skills
One-off prints experimentation, layering, texture, colour, composition, drawing, mark making.

Student Suitability
Foundation–Secondary – highly accessible and encourages experimentation.

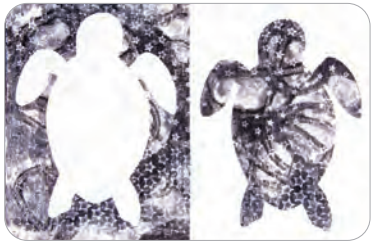

Best Uses

One-off Prints

Texture transfers & found objects

Stencils

One off Prints: Our Lady Help of Christians School, Brunswick East, VIC.

Monotype Printing

Roll paint on a sheet of acetate using a hard roller. Use a finger or tools to draw into the wet paint. Place a sheet of paper over the top and apply pressure with hands. Gently lift the paper.

Charlton College, VIC

Acetate Sheets

Ideal for drypoint etching and monoprinting.

Stencil Shapes by Zart

These cardboard stencils have been laser cut from 250gsm white card. Stencils can be used in collage, printmaking, scrapbooking, stamping, decorative crafts, mixed media and rubbings. Made from renewable paper.

A4 (5 designs x 2 each)	CBZ124
Pkt of 10	$21.95

Sun Sensitive Paper

The Sun Sensitive Paper is coated with light-sensitive chemicals, which react to light waves and particles when exposed to light. Sun sensitive paper may be used with 3D objects as well as transparencies with drawn or printed images. The effect that you will get will depend on how dense the object or image is as well as how long you expose it in the sun. Make amazing white on blue prints with objects or drawings!

Step 1: Place leaves, doyleys or printed transparencies, negatives on the photo-sensitive paper.

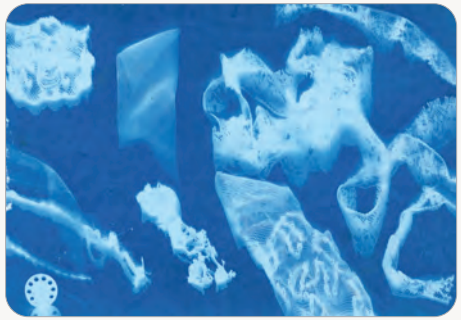

Step 2: Place in the sun.

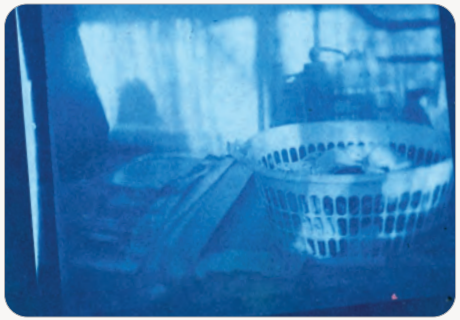

Step 3: Remove the objects after a couple of minutes and rinse the paper to "fix" it.

Natural objects

Lace standing upright, creates a 3D effect

Photography negative

Scrunched up paper, plays with sun's shadows

Sun Sensitive Paper Refill Pack

Place leaves, flowers, coins and other objects on this paper and allow to expose in sunlight. A white image on a blue background will result. Sun sensitive paper is coated with light-sensitive chemicals, which react to light waves and particles when exposed to light. Linking art with science, this process can create amazing effects.

Sun print on most surfaces

Jacquard Cyanotype Sensitizer Set

Use the sun to make detailed prints of a variety of objects. Place objects on the sensitised surface and expose to sunlight (UV). Use on paper or wood or natural fibres like cotton, linen, silk, canvas and leather.

76.54g	SS045
Part A & Part B	$40.95

Sunprint Kit

Link art with science and make photographic type prints using sun and water. Create perfect white images on this blue sun sensitive paper using leaves, flowers, coins, and other objects. Leave in the sun for 3-7 minutes then soak in tap water for 2 minutes to reveal your creation. A thick acetate sheet is included to lay over the top of paper to stop it moving.

20 x 30cm	PA907
Kit of 15 sheets	$80.85

Group mural activity

Jacquard Cyanotype Mural Fabric

Jacquard Cyanotype Mural Fabric is the convenient way to make large-scale sun prints on fabric. This pre-treated cotton sateen fabric is light sensitive and comes ready to use. Cyanotype will produce prussian blue monochromatic prints.

1.52 x 2.13m	SSZ047
Each	$152.00

Gel Printing Technique

Gel printing plates produce unique monotypes and image transfers, which can be used as stand-alone artworks or may be incorporated into mixed media, collage and craft projects.

Unlike other forms of printmaking such as block or screen, mono-type printing produces only one unique image.

Step 1: Apply small dots of acrylic paint to the gel print plate, cover the whole plate.

Step 2: Roll out the acrylic paint with a rubber roller. Roll the paint in the same direction, back and forth for a few rolls to get even coverage.

Step 3: Use a variety of different materials, found objects and tools to create shapes, textures or patterns in the inked surface. NB: it is important to never 'dig' into the actual surface of the Gel Printing Plate.

Step 4: Line up a sheet of paper over the plate and press it down. Rub even pressure over the paper with a hand or clean roller.

Step 5: Gently peel back the paper to remove and to reveal the print. Do not allow the paint to dry before removing the paper as this will cause the paper to tear.

Gel Print Plate by Zart

These quality gel print plates are soft, durable and the reusable surface captures textures and patterns with ease. Best of all, it's easy to clean and reusable. Use with a range of water-based paints and mediums. Combine with stencils and patterned objects to create textures and effects.

Printing Foam: How to use

Step 1: Create the 'block' by simply pressing lines and shapes into the soft printing foam surface. Use a 4B pencil or a ballpoint pen. For larger areas, press into the foam with a popstick, spoon or similar blunt object.

Step 2: Use a foam roller to ink the printing foam surface with any type of water-based printing ink or paint.

Step 3: Carefully lay a sheet of paper over the inked surface and rub all over with a clean, hard roller, back of a spoon, palm of your hand, or baren.

Step 4: Peel off the print slowly. Repeat the inking and rubbing process as desired. Experiment with different coloured inks and different coloured papers.

Clean up: To wash the block, simply hold under the tap or soak in a dish of water. The surface and lines may be carefully cleaned with a soft brush. The block will store easily for future use when completely dry.

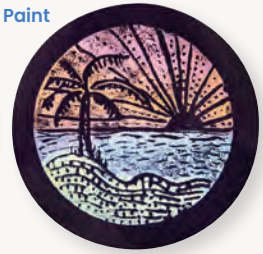

Techniques

1. Hand-colour your print with watercolours and add details with pen.
2. Roll multiple colours onto the plate before taking a print.
3. As an alternative to paint, apply Zart Slick Paint Sticks directly to the foam plate. Lightly spray with water, then take a print.

PRINTMAKING

Easy cut lino printing - soft double-sided

Lino Clear Soft

An ideal material for printmaking and carving, offering a flexible, easy to carve surface that is perfect for both beginners and experienced printmakers. Its soft, clear composition allows for smooth carving and precise details, making it suitable for intricate designs and larger projects. Clear, designs can be easily traced on to the lino, and helps to align plates on paper during printing.

6 x 8" (15cm x 20cm approx.)	LTZ310
Each	$9.75

Each	$14.20

Traditional Japanese woodblock

Japanese Woodblock

This plywood can be carved in both directions using lino and wood carving tools. The design can be carved into the wood without splitting. Use water-based printing inks. 4mm thick.

15 x 22cm	LTZ401
Pkt of 5	$23.75

Lino printing

Carve a design into a lino tile using a carving tool. Use a safety hand guard if necessary. Apply paint with a foam roller, or block printing ink with a hard brayer (rubber roller), to the completed design. Place a sheet of paper over the top and apply firm, even pressure with hands or roll with a hard brayer. Gently lift the paper.

Safety Hand Guard

An essential guard for lino cutting, affording protection for the user when cutting towards the hand. Suitable for left and right-handed users.

One size fits all	TQ519
Each	$8.05
BULK BUY 30 or more	
Each	$6.95

Wooden Bench Hook

Use to protect hands from sharp lino carving tools. Place on a table and the lino square tile on the wooden board. Carve towards the guard rail while lino is held in place with your hand behind the cutting tool. The guard rail can be unscrewed and reversed for left-handed users.

20 x 29cm	TQ518

Ink Roller Printing Plastic Tray

Designed for easy rolling of block printing inks. Also ideal for mixing paint and other water-based materials.

20 x 24cm	RL029
Each	**$8.50**

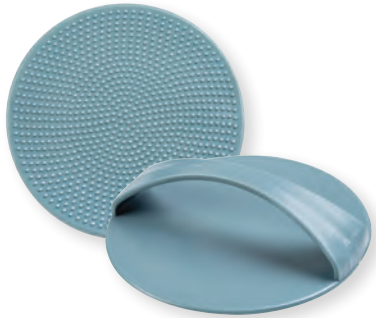

Barens – burnish prints no press needed

Bamboo Baren

The baren is an essential tool for hand burnishing. It is composed of a twisted coil of string fibres resting against a thin backing disc of laminated paper. Use to apply pressure to the back of the paper to transfer the image from the block to the paper without using a press.

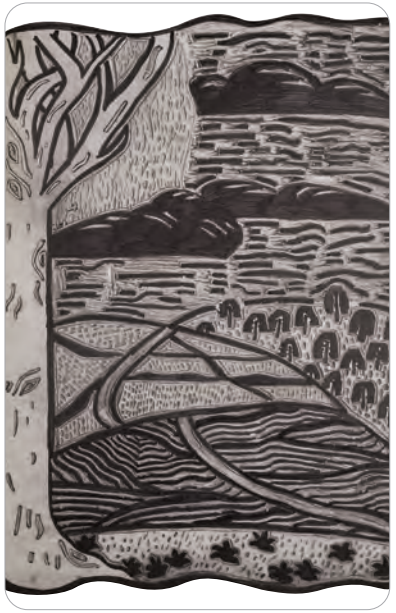

100mm	RL020
Each	**$9.15**

Plastic Printing Baren

An economical and efficient tool designed for printmaking and block printing. With a textured tooth for effective ink transfer, this baren helps create even pressure across your prints, ensuring smooth and consistent results.

100mm	RLZ024
Each	**$4.99**

Sacré Cœur, Glen Iris, VIC

Printmaking Metal Inking Plate

An essential tool for block printing and linocut artists. This durable metal plate serves multiple purposes during the printmaking process. It provides a smooth surface for rolling out ink and can also be used as a stop when carving lino or wood blocks by placing the block against the lip of the plate. This versatile tool ensures precision and control in both inking and carving.

7 x 9 inches	RLZ335
Each	**$20.50**

Wooden Button Brayer

A practical and versatile tool designed to support a range of classroom art techniques. Featuring a thick 2–3mm felt pad securely glued to the underside. Perfectly sized for small hands, these sturdy wooden tools are excellent for applying even pressure during printmaking activities or when pressing down adhered papers and collage materials.

5cm high x 5cm diameter	WPZ100
Pkt of 10	**$40.75**

Block Printing Clamshell Press

A robust, all-metal hand press, designed for block printing and other printmaking techniques. With a compact size of 15 x 20cm, this durable clamshell press is perfect for small to medium-sized prints, providing even pressure and precise results. Ideal for both beginners and professionals, it offers a reliable and consistent method for producing high-quality prints in studios, classrooms, or home setups.

15 x 20cm	TQZ990
Each	**$173.00**

Early years – stamp printing

Stamp Pad Assorted

Key Skills
Incised line, tone, plate preparation, inking, wiping, press techniques.

Student Suitability
Secondary–Tertiary / advanced – more technical processes, tools and materials.

Best Uses

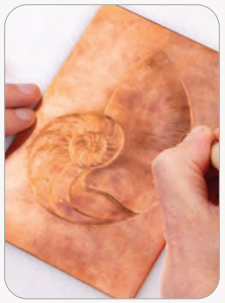

Detailed line work

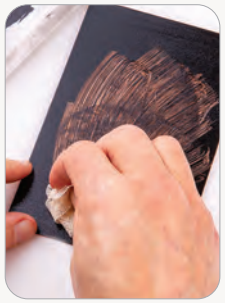

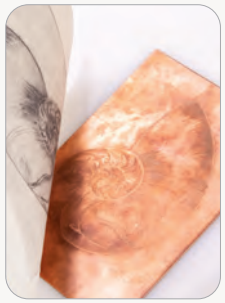

Exploring line & tone

Dry point etching

Use an etching tool to dry point etch a design into a plate. Apply ink with a rubber roller to the completed design. Rub back ink with a cloth, gauze or newspaper so that the ink is left in the etched grooves only. Place a damp sheet of paper over the plate. If available use a printing press. To print by hand, use the back of a metal spoon to firmly burnish the paper. Gently lift the paper to reveal the print.

Drypoint or acid etching

Copper Plate

This copper plate is an excellent quality, high silver content printing metal, polished and laminated for a scratch-free surface. Suitable for engraving, drypoint etching and mezzotint intaglio printing techniques, as well as aquatint acid etching.

Pottery Plaster					Casting
Modroc / ArtRoc					Sculptures, Models & Masks

Earthenware Clay Bird

Step 1: Use wire cutter tool to cut a piece of clay.

Step 2: Flatten the clay with your hand first and place between two pieces of wood. Roll from end to end and turn over and repeat.

Step 3: Use a pin tool to lightly draw into the clay. Mistakes can be smoothed over.

Step 4: Use a clay knife to cut out a shape.

Step 5: Textures can be created by pushing objects into the clay.

Step 6: To adhere pieces of clay together, score both joining sides.

Step 7: Apply slip to both sides and gently press both pieces together. Run a modelling tool along the joining seam.

Terracotta Clay Mug

Step 1: Cut a piece of clay using the wire cutter tool. Shape into a ball.

Step 2: Cup the clay ball in the palm of your less dominant hand. Poke your other thumb into the centre of the clay ball, ¾ of the way to the bottom.

Step 3: With your thumb in the clay, rotate the clay around in your palm pressing gently into the side of the ball of clay. Work your way around the pot to create an even thickness wall.

Step 4: If the clay starts to dry, dip two fingers in water and rub this over both hands. Too much water will make the clay sloppy.

Step 5: Use moist fingers to smooth out cracks in the clay.

Joining a Handle – Step 1: Use even pressure from finger tips to the palm to roll out a coil of clay.

Step 2: Score both sides of the objects to be joined and apply slip to the score marks. Press pieces of clay together.

Step 3: Use a coil around the join and blend to both. Smooth the joins and blend the seams.

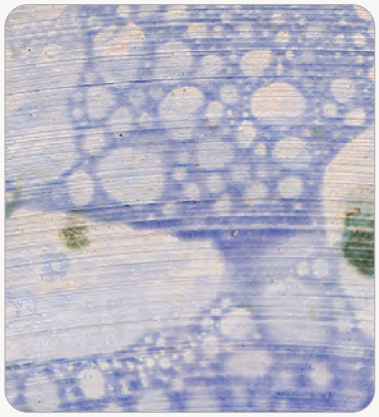

Step 4: Leave to dry for bisque firing. Lightly cover with plastic bags to slow the drying process and prevent cracking.

Surface Decoration on Ceramics

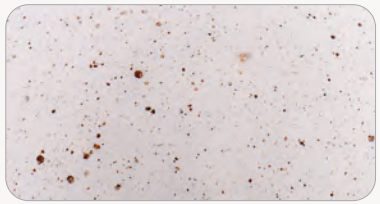

Surface decoration isn't just for paper or fabric, it's for ceramics too! And the options are endless. Below we explore a range of techniques that can be used on natural clay and/or air drying clay.
Tip: Create experimental tiles from leftover clay rather than experimenting on final work.

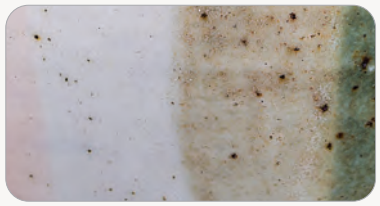

Glaze on Glaze: Some glazes when applied over each other create exciting effects, or use multiple colours for ombre effects.

Bubble Glazing: Bubble prints create wonderful patterns - but did you know you can also apply this fun and familiar technique to your clay projects?

Speckled Underglaze: This Speckled Underglaze gives the unique effects of Raku with trachyte but can be applied on any clay body!

Impressions & Carving: Clay's soft and pliable surface makes it ideal for debossing, stamping into and capturing impressions.

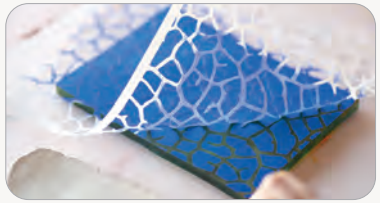

Sgraffito: Add texture and contrast to ceramic pieces with Sgraffito ("to scratch"). Produce this technique by scratching through the top layer of coloured, leather hard clay, to reveal another colour underneath.

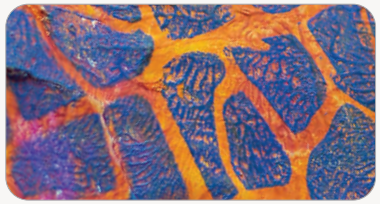

Slip Trailing: A ceramic decorating technique in which liquid clay (slip) is squeezed from a bottle to draw raised, tactile lines and patterns onto the surface of damp clay.

Metallic Leaf: Metallic Lustre Glazes provide a unique and lush finish to kiln fired ceramics.

Gel Printing Plate: Hardened clay (leather hard and bisque fired) is a great surface for a variety of acrylic ink printing including screen-printing and monoprinting, lithography.

Colour Burst Crystal Chips: Create exciting and unique spotted glazed effects!

Tissue Transfers: An easy and effective way to apply patterns!

Northcote Pottery – Earthenware Clay

Earthenware

Porous clay not suitable for functional/domestic ware. Bisque fire at 1000°C. Use earthenware glazes. Approximate pug size: 24 x 20 x 10cm.

Each	$19.50

Northcote Pottery – Terracotta Clay

Earthenware

This brown clay becomes orange when bisque fired. Bisque fire at 1000°C. Use earthenware glazes. Approximate pug size: 24 x 20 x 10cm.

10kg	ML101
Each	$19.50

Clayworks – Earthenware School Clay White

Earthenware

An extruded, plastic clay that's easy to work. White to buff coloured clay with a broad firing range. Ready to use in a moisture-sealed bag. Ideal for schools. Not for functional/domestic ware. Bisque fire at 1000°C. Approximate pug size: 30 x 15 x 10cm.

10kg	ML107-WH
Each	$31.95

Clayworks – Earthenware Paper Clay White

Earthenware

A stronger dry clay enabling thinner, more delicate work. Joining dry-to-dry paper clay and dry-to-soft is possible. Bisque fire at 1000°C. When glazing, use earthenware glazes. Approximate pug size: 30 x 15 x 10cm. NB: Clayworks Terracotta Clay available on request.

10kg	ML108
Each	$34.95

Northcote Pottery – Midfire Yellow Speckled Clay

This lovely yellow speckled midfire clay is perfect for creating decorative homeware and pottery. This clay can be used for throwing plus decorative and/or functional/domestic ware as it fully vitrifies. Bisque fire at 980-1000°C. Second Fire at 1180-1200°C. Approximate pug size: 30 x 15 x 10cm.

10kg	MLZ165
Each	$39.95

Northcote Pottery – Midfire Mahogany Clay

This rich mahogany midfire clay is perfect for creating decorative homeware and pottery. This clay can be used for throwing plus decorative and/or functional/domestic ware as it fully vitrifies. Bisque fire at 980-1000°C. Second fire at 1180-1200°C. Approximate pug size: 30 x 15 x 10cm.

10kg	MLZ160
Each	$39.95

Northcote Pottery Midfire Clay – Granite

This earthy midfire clay is perfect for creating decorative homeware and pottery. The groggy, elastic body is ideal for decorative ware and sculpture. For best results, knead clay before use. Approximate pug size: 28 x 15 x 11cm.

10kg	MLZ164
Each	$39.95

Chris' Midfire Clay – Light Speckle

This decorative light speckle clay is great for hand building and has excellent throwing properties. Suitable for modelling, decorative and functional/domestic ware, as clay fully vitrifies at cone 6. For best results, always knead before use. Bisque fire at 980-1000°C. Second Fire at 1180-1200°C. Approximate pug size: 30 x 15 x 10cm.

10kg	MLZ111
Each	$39.95

The Stages of Kiln Clays

Slip: A liquid mixture of clay and water used to join clay.

Stage 1 Malleable: The stage where you can build artwork.

Stage 2 Leather-hard: Clay has started to dry out but you can still carve.

Stage 3 Bone dry: The piece is fully dried out and ready for the kiln.

Stage 4 Bisque-fired: This is the first firing. It can now be decorated with glaze.

Stage 5 Glaze-fired: The last firing must be done at a higher temperature.

Northcote Pottery – Raku Clay

An open, white, sandy body ideally suited to raku firing. A robust clay with a natural grittiness makes it ideal for hand building and creating rugged sculptural forms. Fires to a stone-like appearance. Suitable for hand building and making sculptures. Bisque fire at 1000°C. Glaze fire at 1000-1300°C. Approximate pug size: 24 x 20 x 10cm.

10kg	ML100
Each	$19.50

Feeneys – Buff Raku Trachyte (BRT)

This clay has a warm brown hue with a coarse, sandy texture and a unique, speckled effect, created by the trachyte that is mixed through the clay body. Use on its own or glazed – translucent glazes work best as they allow the speckled pattern to show through. Kiln fire at 1100-1300°C depending on kiln properties and desired effect. Approximate pug size: 30 x 15 x 10cm.

12.5kg	ML109
Each	$63.95

Northcote Pottery – Stoneware Clay

An off-white, plastic stoneware body with excellent throwing characteristics for beginning throwers. Excellent green strength and easily recycled after throwing. Ideally suits domestic/functional ware. Bisque fire 1000-1100°C. Will show excellent coloured glaze effects at 1300°C. Fires to white with a grey tint at 1300°C. Approximate pug size: 24 x 20 x 10cm.

10kg	ML102
Each	$19.50

Ceramic Bisque Mug

This stylish bisque-fired mug is ready to decorate with your favourite glazes. Paint your design with Northcote Pottery underglaze directly on to the mug and allow to dry, cover with Northcote clear midfire brush-on glaze and fire in the kiln. The mug is made from midfire clay, so firing is a breeze.

11 x 8.7cm diameter	CEZ088
Each	$19.95
11 x 8.7cm diameter	CEZ088-KIT
Pkt of 30	$554.95

Ceramic Bisque Dinner Plate

This stylish bisque-fired dinner plate is ready to decorate with your favourite glazes. Paint your design with Northcote Pottery underglaze directly on to the plate and allow to dry, cover with Northcote clear midfire brush-on glaze and fire in the kiln. The plate is made from midfire clay, so firing is a breeze.

25cm diameter	CEZ087
Each	$17.95
25cm diameter	CEZ087-KIT
Pkt of 30	$499.95

Decorating Slip – White

Use with Earthenware & Stoneware

Apply decorating slip with a brush to leather-hard clay. Scratch back into the surface.

White	ML115
500mL	$26.25

Northcote Earthenware Slip

A refined, creamy fluid clay perfect for a wide range of ceramic applications in the artroom—ideal for slip casting, decoration, body slip usage, or as an underglaze base. Presented in a handy 10-litre container, this slip balances workability and consistency, making it a go-to material for both foundational technique and creative experimentation.

10L	MLZ095
Each	$109.00

Northcote Stoneware Slip

A beautifully smooth, pourable clay slip, perfect for a range of stoneware ceramic techniques. With its creamy consistency and dependable formulation, it's well suited for slip casting, surface decoration, slip trailing, and adding a refined finish to your pottery forms.

10L	MLZ096
Each	$109.00

Ceramic Bisque Tiles

Off-white bisque-fired tiles, ready for decorating with acrylic paint or earthenware glazes! When decorating with earthenware glazes, kiln fire once the glaze is dry. Can also be used as a base for mosaics. Use as a trivet or coaster by attaching an adhesive cork sheet to the reverse side.

15.24 x 15.24cm x 9mm thick	TLZ120
Pkt of 24	$116.30

Kiln Wash

Kiln wash is recommended to protect and prevent glaze on ceramics from sticking to the kiln shelf.

5kg	GZA000
Each	$122.00

Mayco Clay Mender

This can be used on greenware or bisque clay to mend, fuse and correct clay defects. Moisten pieces with water, no extra adhesive required.

59mL	ML117
Each	$9.60

Copper Carbonate

For Earthenware, Midfire & Stoneware

Gives a sepia colour unglazed and a vintage mid-green colour when glazed.

250g	GZ001
Each	$70.95

Doncaster Secondary College, VIC

Iron Oxide – Red

For Earthenware, Midfire & Stoneware

When glazed or unglazed will create a reddish rusty colour.

1kg	GZ007
Each	$50.95

Underglaze

For Earthenware, Midfire & Stoneware

Can be used on bisque or raw clay surfaces. Stir well before and during use. Should only be applied to clean surfaces. For best coverage, apply two thin and even coats with a soft brush. Over application will cause peeling. To finish, apply the appropriate clear glaze for the clay type – e.g. stoneware clay requires using a stoneware clear glaze – and earthenware clay must be glazed using an earthenware clear glaze.

50mL	GZZ101
Pkt of 6 x 50mL	$199.00

Brentwood Secondary College, Glen Waverley, VIC

Zart Glaze & Colour Kit

This convenient kit includes an assortment of six colourful underglazes, two litres of clear brush on earthenware glaze for finishing and six handy empty pots for dispensing colours. Perfect for glazing a class set of small pieces. Suitable for decorating and glazing earthenware clay.

250mL	GZZ104
Each	$405.00

Northcote Pottery – Speckled Medium

For Earthenware, Midfire & Stoneware

Transform your existing glazes! This speckled medium when added to a glaze creates a fun and exciting speckled finish. Add 5-10mL to 500mL of glaze. Experiment to achieve desired effects. Fire glaze to recommended temperature – 1080-1280°C.

250mL	GZZ152
Each	$26.85

Mount Evelyn Primary School, VIC

Underglaze – Speckled White

For Earthenware, Midfire & Stoneware

Apply to leather-hard, bone dry or bisque-fired clay. Contains trachyte, which produces a unique speckled effect, without needing to use Buff Raku Trachyte. Use as a base coat under translucent brush-on glazes (earthenware or stoneware) or on its own with clear brush-on glaze to seal.

250mL	GZ151
Each	$36.50

Hobbyceram Underglaze Pencil – Black

For Earthenware, Midfire & Stoneware

Use on bisqueware for naming work, outlining designs and sketching onto bisque-fired clay. Coloured oxide pencil.

	GZ110
Each	$41.50

Northcote Pottery – Earthenware Brush-on Glaze

For Earthenware

Brush on three to four coats of glaze, allowing to dry between coats. Best used on bisque-fired clay. Glaze fire to 1060-1100°C. Clear matte glaze can be applied straight over the coloured glazes and fired together.

Each	$70.75

Wooden Armature Stand

Our wooden armature stand is an essential tool for sculptors and artists seeking the perfect foundation for their artistic vision. The stand can be reused, by simply removing the sculpture from the stand. Can be added to, built up or extended out with additional materials such as foil, wire, etc.

Base: 1 x 12cm, Pole: 2 x 20cm	CNZ514
Pkt of 10	$55.50

Hake Brush Set of 3 Sizes

These soft, wide brushes are ideal for applying large colour washes, wetting surfaces, blending colours, and absorbing excess paint or media. Excellent for wetting paper or canvas before painting, helping to achieve smooth and consistent results.

25, 50, 75mm	BRZ505
Pkt of 3	$24.50

Slip Trailer

Produce fine-detailed decoration on clay work with this handy slip trailer. Slip trailing is a technique used in pottery that allows the creation of dimensional line work and dot work and to fill in areas with raised decoration. Simply fill the bulb with slip and apply your design to leather-hard clay. Complete with hard rubber nozzle and detachable soft rubber bulb. Create lines 2.5mm thick.

	MLZ151
Each	$25.25

Rubber Scraper Texture Tool

The perfect tool for creating wide grooved patterns. Great for scoring clay joints and creating surface decoration, mark making in paint and gel plate printing. Made from durable easy to clean rubber. Three-sided rubber tool includes two serrated sizes and one comb – 3.5mm thick and 2mm medium serrated scrapers, and 1.5mm long comb tool.

8cm	MLZ149
Each	$7.25

Clay and Modelling Skills Mat by Zart

Enhance your clay and modelling skills with this unique and versatile clay and modelling skills mat. Made from long lasting, durable, reusable silicone, this project mat is designed to guide you through a variety of essential and foundational modelling techniques, while incorporating Australian Indigenous symbols. First Nations symbols provided by artist Jo Wilson, a First Nations artist and descendant of the *Ngemba* people of *Brewarrina* and surrounding NSW.

30 x 40cm	MLZ721
Each	$15.95

Silicone Mat

Non-stick surface ideal for modelling and baking polymer clay. Non-toxic, non-porous, antistatic, germ-free surface and free of BPA. Keep away from sharp objects. Simply wipe or rinse clean. Heatproof to 220°C. Also can be used as a soft surface when embossing.

30 x 40cm	ML720
Each	$20.20

Synthetic Sponge

Used to smooth seams in clay joins.

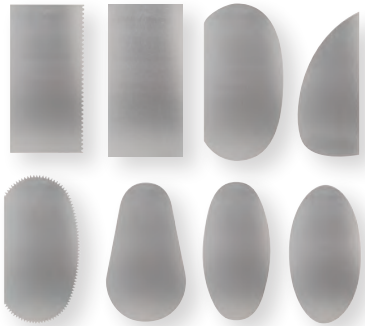

7 x 2.4cm	ML141
Pkt of 2	$8.15

Rubber Kidney

Used to smooth seams in clay joins. Strengthens and smooths the surface of the clay.

Charges with natural sunlight or fluorescent light and glows in the dark, no need for a UV light. Includes six 28g blocks: black, white, glow in the dark, glow orange, glow blue and glow green. Ages 8+.

Assorted colours	ML041
Pkt of 6	$21.50

Zart Oz Clay (Air Drying)

An Australian made, air drying clay that is inexpensive for classroom use when a kiln is not accessible to fire normal clay. This revolutionary clay has all the properties of natural clay: it requires the same skills for modelling with clay, yet it air dries. Very little shrinkage when drying so it can go over armatures such as newspaper balls, wire and foil to construct larger forms without using a large quantity of clay. Add water if clay is too hard or cracking while modelling. Leave models to dry in open air overnight. When dry, apply acrylic paint or Supermix pastels softened with a hair dryer to create a beautiful matte finish. Several coats of Street Outdoor Sealant will seal the clay models allowing them to go outside and withstand the weather without deteriorating. Store clay in a cool place wrapped in plastic when not in use.

WHITE	
2kg	ML712
Each	$21.95
5kg	ML715
Each	$39.95

No Fire Clay

If you want students to experience working with clay and do not have a kiln, use No Fire Clay as this does not need to be fired. It is a soft and pliable modelling clay which air dries. It is non-toxic, made from natural materials and manipulates as a natural clay with water and tools. Clay must be worked with water and kept moist. If the clay shows any signs of cracking when being worked, just wet fingers and work the moisture back into the clay. Always place used No Fire Clay in an empty airtight container, not back with the unused No Fire Clay. It will take approximately one week to 10 days to dry in room temperature. When dry it is greyish/white in colour and can be painted with Chromacryl or Viponds Paint.

2.2L	MLZ711

Each	$179.95

Oz Clay: Modelling over an Armature

Step 1: Scrunch up newspaper and bind with masking tape onto a wooden block base.

Step 2: Flatten clay with hands and drape over the armature. Smooth and add more clay as needed to cover broken areas.

Step 3: Build up facial features by adding coils and balls of clay to the face.

Step 4: Use clay tools, satay sticks or popsticks to add details to the face.

Step 5: Clay can be smoothed when all details are finalised. Wet dry hands by dipping two fingers into water and rubbing over both hands to ensure clay isn't over wet.

Oz Clay: Pinch Pot & Handbuilding

Step 1: Create a pinch pot from a mandarin size ball of clay.

Step 2: Scrunch up newspaper and place inside the pot to add stability when turned over. Modify the shape of the pot to suit your sculpture.

Step 3: Use the upside down pot as a starting point for a sculpture. Add and join pieces of clay. Use tools to create textures.

EC Wooden Clay

A unique modelling medium crafted from a blend of natural wood fibres, offering the aesthetic and tactile qualities of wood combined with the versatility of clay. This malleable material allows for the creation of intricate designs and detailed sculptures, which air-dry to a realistic wooden appearance without the need for baking or firing. Available in three rich shades—Dark Brown, Medium Brown, and Light Brown—artists and students can choose the perfect hue to complement their projects.

Modelling Techniques

Clean and versatile; model 3D creations using Magiclay.

Roll

Press

Coil

Twist
Roll sausage-like pieces & then twist together.

Marble
Lightly mix two-three colours for marbled effects.

Colour
Once dry, decorate or add details with paint or markers.

Cut & Fringe
Cut wet Magiclay with scissors.

Shape

Surface
Quickly add colour and texture to most surfaces. Adheres while wet – no glue required.

Embed
Press embellishments into wet clay & allow to airdry.

Armature
Model over scrunched foil or an armature to use less Magiclay.

Pull-Back Racer Modelling Base

A fantastic way to introduce movement, mechanics, and design into hands-on modelling and construction classroom projects. With a built-in pull-back mechanism, these bases allow students to design custom creations that roll across surfaces with energy and pace. Students can explore STEAM concepts such as force, motion, weight, and balance in a fun, engaging way.

4.5 x 5cm	WPZ090
Pkt of 20	**$30.95**

Wind-up Mechanisms

Thrill and excite your students by adding movement to their modelled characters! These wind-up mechanisms are a novel armature base designed for Modelling Foam and Magiclay creations. Build these lightweight clays around the mechanism (do not cover base) and allow to dry. Wind it up and then watch it go!

5 x walking, 5 x running	TQ850
Pkt of 10	**$32.30**

Modelling Spring

This spring will add movement, fun and excitement to your next classroom project. On the ends of these springs are strong metal fastening plates to attach your work. The plates can be removed by simply unscrewing. One of the plates is fitted with a strong adhesive pad which can be used to fasten to a base or artwork.

2.5 x 3.5 cm high	TQ849
Pkt of 10	**$11.10**

Plastic Bird Beaks and Feet

Create quick birds and creatures. Great for classroom and at home 3D character making projects. Use in your next modelling project. Simply push into Magiclay, air dry clay or plasticine. Beak size: 1.5cm long x 1.2cm at the base. Feet size: 3cm wide x 1.2cm tall. Feet are in pairs and joined at the toe.

Assorted pieces	PL061
Pkt of 60	**$14.95**

EC Dough Characters Pack

Dough characters are the perfect addition to dough play. Create your own weird and wacky dough characters with these assorted character pieces. Pieces include feet, shoes, hands, arms, claws, lips, noses, eyes, mouths and hats.

Assorted pieces	MLZ145
Pkt of 52	**$14.10**

Zart Claydough Assorted Set of 6

NEW SAVE 10%

Six generous tubs of soft, pliable claydough in assorted basic colours for rolling, shaping, sculpting and imaginative play. Ideal for early learning and art activities, the set supports colour exploration, sensory engagement and fine motor development.

This kit includes:

EC Cream of Tartar

Ideal for making your own dough! When combined with simple kitchen ingredients, it helps create a smooth, long-lasting dough that's ideal for sensory play and sculpting activities.

1kg	ML345
Each	$39.95

Handmade Dough Recipe (for two children)

- ½ cup of salt
- 1 cup of plain flour
- 2 tsp cream of tartar
- 1 tbsp vegetable oil
- 1 cup of boiling water
- A few drops of pre-mixed fun dye

1. Add dry ingredients to a medium or large bowl.
2. Add Fun Dye to the boiling water. Pour all wet ingredients over dry ingredients.
3. Mix well until the mixture forms a ball.
4. Remove dough from the bowl and knead well.
5. The dough will keep for up to four weeks if wrapped in plastic or kept in an airtight container.

NB: this recipe makes enough for two children.

Micador SuperModelling Clay

This is a non-hardening, modelling clay ideal for all kinds of model making. Made of premium materials, the clay stays soft and can be re-used. Great for modelling, construction and sensory play in the artroom and classroom. Ideal for children and students.

Clay and Modelling Skills and Construction Charts by Zart

Modelling clays and doughs are wonderful tactile materials that students of all ages love to use. This set of charts has been designed to engage students and promote curiosity, play and experimentation through an understanding of the modelling basics. This great visual resource includes seven clear and colourful skills and technique charts, each exploring a different aspect of hand building. All visuals are labelled with the applicable skill, technique and terminology. These charts are suitable for use with dough, plasticine, Magiclay, air drying clay and kiln-fired clay explorations. Great also for room displays.

A2	PR103
Set of 7	**$46.95**

Resin Techniques

Patterns: Use a pipette with Art Spectrum Art Clean to create interesting flowing reactions to the resin. Hand sanitiser will also react with the resin and silicone oil makes resin move and expand in irregular cellular shapes. Drop solvents and oil close to the resin to avoid pitting: less is best.

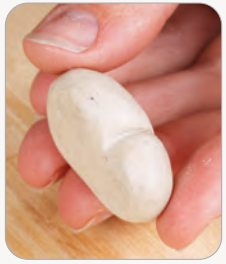

Colour: Metallic Pigments can be added to clear resin then poured onto the surface for metallic highlights in the artwork. Pigments can also be lightly dusted onto wet resin.

Wipe: Use a giant popstick on its side to wipe large areas of the resin around the surface.

Casting – Preparing a Silicone Mould

Step 1: Create a flat backed object using the Claymate, or select an object with a flat side. NB: Glossy objects will cast a glossy finish, matt objects will cast a matt finish.

Step 2: Super Glue (269) your object onto a wooden board so that the Silicone Moulding Rubber mixture does not leak under the object. If necessary use more of the Claymate to fill in any gaps.

Step 3: Roll out a slab of Claymate to prepare a wall which will surround your object and contain the Silicone mixture. NB: This wall needs 1cm thick straight edges, 1cm taller than the objects highest point, and sit 6–10mm away from your object.

Step 4: Use more Claymate to seal the wall to the board to prevent leakage.

Step 5: In a slow thin stream pour your silicone mould mixture (Mixing Ratio: Part A 100g to Part B 3g) into one corner of the mould to reduce air bubbles.

Step 6: Fill your mould until the silicone is 6mm above your object. (This can be tested using a popstick.) Then leave to set until silicone is firm (2 hours minimum).

Step 7: When set, gently peel away Claymate from around your mould. Then pull silicone off the board and release your object from the mould. You may need to trim the excess silicone.

Step 8: You are now ready to Cast

ArtResin

ArtResin is a refined, specially formulated resin and the pinnacle of epoxy resins for art making. It has no VOCs, no fumes, no solvents and is non-flammable. Ideal in the artroom when working with students. Great for surface gloss coating and shallow embedding of objects. Use it to varnish your work with a hard, super-thick glossy finish. Great for resin pouring art, decoupage, photographs, mosaics, badge coating, tabletop art and any type of glazing, protective and resurfacing application.

Snake and Reptile Eyes

Add a touch of reptilian charm to your next craft project with these reptile eyes. These cabochon-style eyes are perfect for various DIY projects, including embellishing clay models, creating whimsical jewellery, or adding dimension to textile, collage and mixed-media artwork.

15mm diameter	EEZ431
Pkt of 30	$7.15

Actual size!

Creature Eyes

Use in 2D and 3D work. Creature eyes can be added to Magiclay, Modelling Foam and Modroc creations – simply press and model around eye to secure in place. Use Supertac to glue eyes to wood, canvas, papier-mâché or cardboard. Each plastic dome-shaped eye features a colourful iris and a black pupil, in assorted colours and designs.

24-25mm	EE430
Pkt of 30	$20.95

Modroc Shears

Save your artroom scissors from being ruined by having a set of these scissors specifically for the task of cutting up Modroc and ArtRoc.

180mm	SC023
Each	$13.10

Sacré Cœur, Glen Iris, VIC

ArtRoc (Modroc) Plaster Bandages

This is a plaster-impregnated cloth which is used for modelling. Makes great masks and when wound around armature wire, will make strong models. To use, cut into strips, dip strips into water and squeeze out excess water gently. Layer over model. Assorted lengths – approx. 48 rolls in each box.

10kg	ML315
Each	$142.95

ArtRoc by Zart – Plaster Bandages

Quality plaster-impregnated gauze in a roll suitable for small models. Quality finish.

10cm x 4.5m	ML400
Each	$8.15
BULK BUY 12 or more	
Each	$6.95

How to: ArtRoc

Step 1: Create an armature and use Modroc shears to cut suitable strips of ArtRoc.

Step 2: Add a squirt of PVA to a container of water and dip single ArtRoc strips, squeezing excess water out.

Step 3: Wrap ArtRoc over your armature, overlapping strips and varying directions to give strength.

Step 4: Smooth the ArtRoc with fingers to blend the plaster and hide the edges.

ArtRoc FAQ

Drying time: Drying time will vary depending on room temperature and how many layers of ArtRoc have been used. It will take approximately six to eight hours for three layers of ArtRoc to dry in a moderate room temperature of around 20°C.

Reworking a form: Although ArtRoc can be softened with water after it has dried, it is not recommended. It is possible however to apply wet ArtRoc over dry, allowing a project to be worked on indefinitely.

Deco Mosaic Tiles – Earth Colours

Easy to use, lightweight and colourful. Mix of earth colours in four surface finishes which creates glass-like effects. Made from high-quality resin. Use in craft, indoor decoration and art applications. Adhere with double-sided tape or press into Magiclay.

10 x 10mm x 2mm thick	SM600-EA
Pkt of 150g (approx. 560)	$24.80
Clearance	**$19.95**

Deco Mosaic Tiles – Warm Colours

These Deco mosaic tiles are made from high-quality resin. The pack includes a mix of warm colours (yellows, oranges, pinks, crimson and reds), in four surface finishes (opaque, frost, clear and glossy).

10 x 10mm x 2mm thick	SM600-WA
Pkt of 150g (approx. 560)	$24.80

Deco Mosaic Tiles – Cool Colours

These Deco mosaic tiles are made from high-quality resin. The pack includes a mix of cool colours (purples, blues and greens) in four surface finishes (opaque, frost, clear and glossy) which create glass-like effects.

10 x 10mm x 2mm thick	SM600-CO
Pkt of 150g (approx. 560)	$24.80

Glass Mosaics

Authentic glass mosaics in an assorted colour range. A tile cutter will cut mosaics to required shape and size. Use ceramic tile adhesive to stick the glass to the working surface.

SINGLE COLOURS – 25 x 25mm

Black	GA001-BK

Tub of 1kg (approx. 220)	$55.95

Deco Mosaic Tiles

Magiclay Method

Press Deco tiles into a thin and even layer of Magiclay, leaving a small gap between each tile. Allow the Magiclay to airdry.

Grout Method

Step 1: Lay down double-sided tape onto a surface/base.

Step 2: Stick tiles to the taped base. Be sure to leave a 1-2mm gap between the tiles.

Step 3: Use prepared grout to fill gaps between tiles. Set aside.

Step 4: When grout is touch dry, use a damp sponge to wipe off excess grout. Leave to harden.

Alternatively, tiles can be glued directly onto artworks.

Deco Mosaic Tiles – Christmas Glitter Colours

Lightweight and colourful resin tiles. Mix of four Christmas colours (gold, silver, red and green) in sparkling glitter finishes. Designed for crafts, indoor decoration and art applications. Adhere with double-sided tape.

10 x 10mm x 2mm thick	SM600-CH
Pkt of 150g (approx. 560)	$27.25

Glass Stones – Clear

Clear, round, irregular glass stones with flat base. Great for mosaic work or can be used as a starting point, e.g. paperweight, fridge magnet or brooch. Simply glue paper/fabric (face side) to the back of the stone – or use Mod Podge.

35-40mm (approx.)	NP170
Pkt of 25	$23.75

Glass Mosaic Mirror Tiles – Mini

Perfect for more detailed mosaic work. Reflective mirror finish. Use on fine detailing, borders, and delicate embellishments.

SILVER

10 x 10mm	GA004-MI
Tub of 1kg (approx. 1220)	$62.50

NEW

Coloured Safety Goggles

Durable, adjustable safety goggles designed to protect students during art, science, STEM and workshop activities. Bright colour-coded frames, side ventilation and an anti-fog design provide a comfortable fit and help establish positive classroom safety routines.

15 x 7.6cm	LER2449
NEW Set of 6	**$66.15**

Safety Eye Goggles

For safe work practice, students and teachers should wear these to protect their eyes when cutting glass tiles.

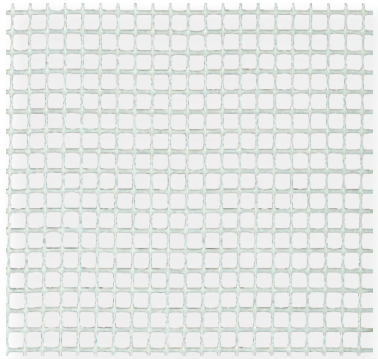

One size fits all	GA005
Each	**$12.45**

Squeegee and Sponge Set

Ideal for mosaic works of all sizes and all grouting projects, indoor and outdoor. Set includes one 15cm squeegee and one haze sponge.

	GA011
Each set	**$14.50**

Fibreglass Mesh

Great when adopting the 'direct method' technique. Place mesh over drawn design. Spread each mosaic piece with adhesive and push down onto mesh. Allow to dry for a couple of days. Adhere design onto cement board or MDF.

1 x 3m	MT551
Roll	**$34.95**

Grout

Mix grout to a creamy consistency, apply with a rag or squeegee.

SINGLE COLOURS – 5kg

● Black	GA012-BK
○ White	GA012-WH
Each	**$55.95**

1. Ceramic Tile Nipper

Use to trim glass mosaic tiles to desired shape and size. Always wear protective gloves and safety goggles when breaking tiles.

	GA008
Each	**$40.75**

2. Glass Tile Cutter

Great for quickly cutting small mosaic pieces of glass and removing small points from a piece of glass. Little pressure is needed. Always wear protective gloves and safety glasses.

	GA009
Each	**$44.95**

Glass Mosaic Cutter with Safety Shield

This cutter has a handy safety guard to stop glass debris from flying into your eyes. Sturdy and solid, the spring scissor design helps reduce hand strain when cutting up bulk amounts of glass tiles. It has circular pinching blades that can be rotated to extend sharpness. Always wear protective gloves and safety glasses.

	GA034
Each	**$55.60**

Mosaic Grout Sealer and Waterproof Additive

An additive and sealant for indoor or outdoor mosaics. It also enhances the colour of the grout. Brush a final layer over your project once the grout has dried to give added strength and durability to the surface, and to provide water resistance. Acrylic-based.

1L	GA002
Each	**$39.05**

Mosaic Glue Clear Acrylic

A specially formulated clear acrylic glue, ideal for use in mosaic glass art, perfect for sticking glass to glass where a transparent finish is required.

125g	GA023
Each	**$12.65**

Mosaics – Direct Method

Step 1: Draw a design onto paper. Place clear plastic sheeting over the design. Select tiles and consider how they will be arranged.

Step 2: Place a sheet of fibreglass mesh over the drawing (large murals can be broken up by mosaicing individual parts).

Step 3: Butter the back of each tile with tile adhesive and press into the mesh. Wipe off excess adhesive around the edges and the tile's face.

Step 4: Continue to cover the design, leaving a small clean and even gap between each tile.

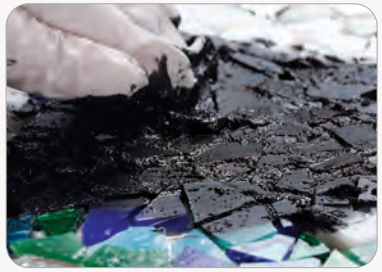

Step 5: Leave the mesh to dry for a few days. When dry, the tiled mesh can now be adhered directly onto the final surface (wall, concrete pavers, cement sheeting, etc).

Step 6: Put a layer of the ceramic tile adhesive directly onto the surface to be covered. Lay the tiled mesh onto the wet adhesive.

Step 7: Use a damp cloth to remove any excess tile adhesive that has oozed around the piece. Allow to dry for 24–48 hours depending on the weather.

Step 8: Mix grout to a creamy consistency and apply with a rag or rubber squeegee. Use gloves to apply grout.

Step 9: Make sure that excess grout is removed quickly with a soft cloth as it will dry like concrete and will be difficult to remove when dry.

Step 10: Keep polishing the tiles with the cloth until all grout is removed and the tiles look very shiny.

Direct method advantages: Make large murals with a design that fits together like a jigsaw puzzle. The project will be lighter in weight as individual pieces can be added (a large cement sheeting covered in mosaic can be very heavy).

Roxburgh Park Primary School, VIC

Mosaics can be used to decorate 2D objects, 3D forms, and indoor and outdoor projects.

Outdoor Mosaics: Apply grout additive to the grout mix and when dry, seal the mosaic piece with the additive. If you use a cement adhesive, you can pre-colour the adhesive which will reduce or even eliminate the need for grouting.

3D sculptures: To make a sculpture, first create an armature out of chicken wire and fill it with newspaper. Plastic containers, flower pots and polyballs can also be used as the base. Chicken wire provides the form with strength to hold the weight of the mosaics. Cover the form in a layer of Zart Paper Mix then allow to dry. The tessarae (tiles) can now be applied and then grouted.

Kit of 260	$151.70

Makedo Invent Kit

This large pack provides all the tools for a class of 30 students, just add cardboard! Ideal for artrooms, classrooms, maker spaces, design studios and libraries. Included in the pack: 14 x Safe-Saw, seven x Fold-Roller, seven x Scru-Driver, 240 x Scru, 80 x Scru+, 12 x Mini-Tool, one x Inspiration Poster. Ages 5+.

Assorted	C0Z042
Kit of 360	$235.00

Constructing an armature for modelled and 3D forms

Armatures are like a skeleton. They are used to create structure before a more refined surface is applied e.g. Magiclay or Modroc.

Step One: Use armature wire to create the basic skeleton for the artwork.

Step Two: Wrap newspaper around the wire and secure with masking tape to pad out the structure. The more padding, the less surface material required.

Joining poly shapes together

Step One: Attach poly shapes together using a toothpick. Use Supertac on both ends to secure.

Step Two: Use a satay stick to poke holes in the poly shape. Insert wire into the holes and secure with masking tape.

Step Three: Cover the armature with a thin layer of Magiclay and add detail.

Poly Shapes & Cardboard Armatures

Step One: Use masking tape to secure poly shapes to cardboard.

Florist Wire – Silver

Jewellery Pliers Set

These pliers are used to bend, flatten, manipulate and cut wire in jewellery making. Lightweight and easy to use. Flat nose pliers, round nose pliers and diagonal cutters included.

11-12.5cm	JW210
Set of 3	$38.95

Armature Wire: Creating Coils

Step 1: Wrap armature wire around a dowel rod to create coils.

Step 2: Slide the dowel rod out when desired length is achieved.

Tip: Round pliers can also be used to create coils or rounded shapes.

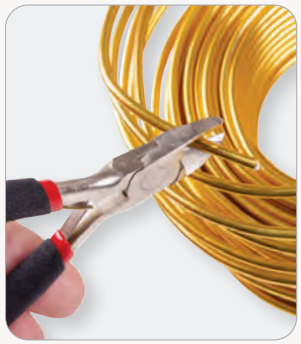

Cutting Wire

Tip 1: Always hold one side of the wire and point the smaller side down towards the table to prevent the cut piece from flying up.

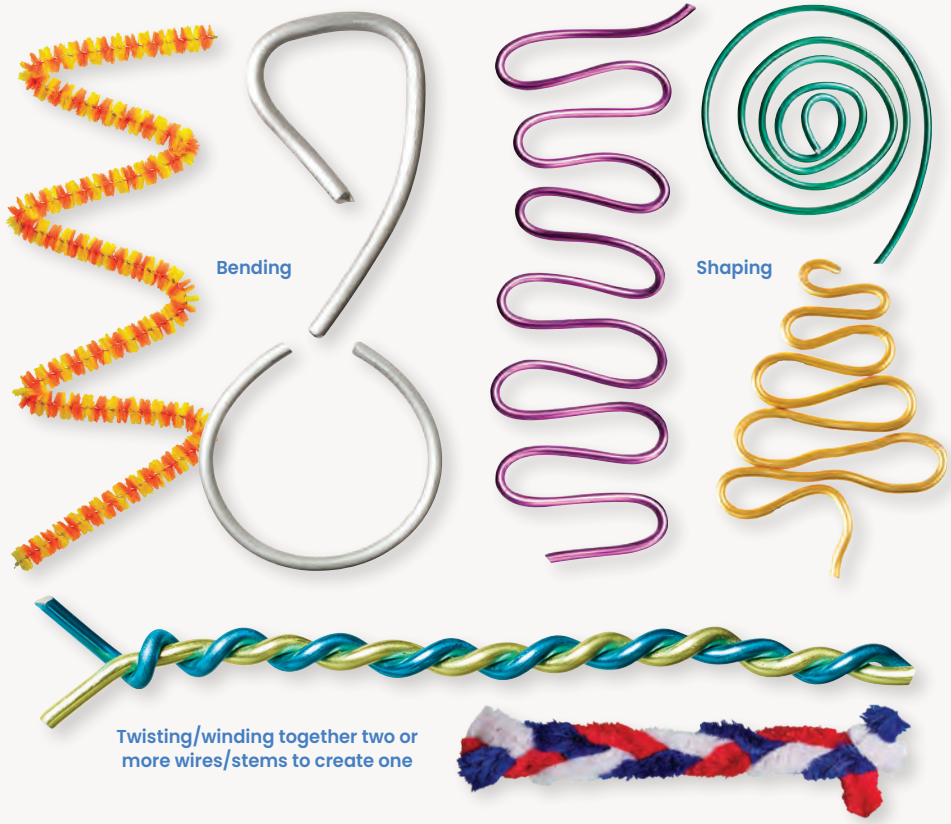

Tip 2: Thin wires can be cut using old scissors. (Soft wire, flat wire, 1.5mm armature wire, craft wire and florist/rainbow wire).

Tip 3: Use wire cutters for thicker wires (3mm armature wire).

Hot Melt Glue Gun

Bond ceramics, wood and almost any material in one minute.

	AA100
Each	$31.95
B2S Special	$23.95

REFILL STICKS 11 x 300mm

	AA111
Pkt of 10	$10.50
35 sticks (approx.)	AA112
1kg pkt	$32.90

What's the Difference between Hot Melt and Low Melt Glue?

Hot Melt Glue:
Melts at a higher temperature and therefore the bond is stronger. Glue dries a bit slower, allowing you more time to work before glue sets. Gun is larger and you must use 300mm glue sticks.

Low Melt Glue:
Best for lightweight bonds with its low melting temperature. Glue dries quickly, so there is not a lot of working time until the glue dries. Safer for younger children. Gun is small and requires the use of 100mm glue sticks.

Low Melt Glue Gun

Suitable for lightweight bonds.

	AA120
Each	$19.50

REFILL STICKS 7.5 x 100mm

	AA121
Pkt of 10	$3.30
240 sticks (approx.)	AA122
1kg pkt	$32.90

Glue Guns and Sticks Pack

Low melt glue is best for lightweight bonds and for adhering porous surfaces together. It's suitable for adhering cardboard, wood, embellishments and fabric. Great for craft, construction, display, decoration and STEM/STEAM projects. It dries quickly which works well in a class setting where time is limited. Low melt glue is not as hot as regular (hot melt) glue, which makes it safer to use for younger children. NB: Students should always use glue guns under adult supervision.

This pack includes:
10 x Low Melt Glue Guns
1 x 1kg of Low Melt Glue Sticks, approximately 240 sticks

Clover Felting Needle Tool

Use for dry felting technique, this tool has five needles with a safety locking device. Just a light punch and the fibres become interlaced into the fabric.

	NE140
Each	$48.50

How to: 2D Dry Felt

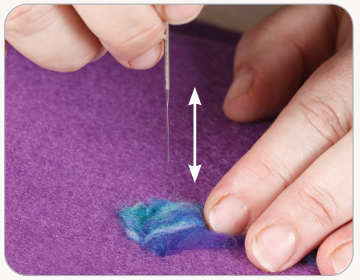

Step 1: A high-density felting foam sponge is essential along with a dry felting needle.

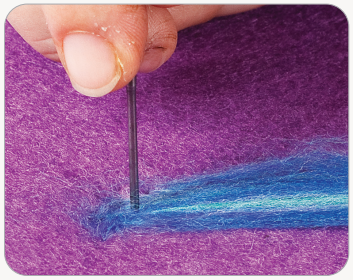

Step 2: Place a sheet of felt-wool blend on top of the felting foam, ready to dry felt crafting combed wool.

Step 3: To pull the wool apart, hold hands approx. 20cm apart and gently pull. The ends should be wispy.

Step 4: Place the wool on the felt-wool blend sheet and firmly direct the dry felting needle all the way through to the felting foam. Always keep needle upright, not slanted.

Step 5: Move the wool in the direction you would like the dry felting to follow, using quick pricks of the needle to fix in place. Lift felt from foam every so often to loosen it.

Step 6: Continue to fill the design, introducing new colours as desired. Layer and blend wool as the work progresses.

Step 7: Display completed dry felted artwork.

NEW

Zart Coloured Wool Felt Squares

Pre-cut wool felt squares in assorted colours, primarily designed as bases for dry felting projects. Ideal as refills for the Zart Dry Felting Kit, they also suit textile collage and mixed-media activities.

Dry Felting Kit

This starter set offers the perfect convenience for classrooms and artrooms, as it includes your dry felting essentials – just add the wool tops! This set is enough to get 10 students started in dry felting. And best of all it can be reused – you only need to restock on the felt squares and wool tops. Dry felting is the process of compressing and matting wool fibres using friction.

This kit includes:

10 x Felting Foam Block: High density felting foam, Width 15cm x Length 15cm x Height 5cm
10 x Dry Felt Needles: Medium thickness, Length 8.6cm
30 x Wool Felt Square Pieces 14 x 14cm, assorted colours (colours may vary).
Wool Tops NOT included.

	FEZ911
Set of 10	**$40.95**

Dry Felting Bulk Kit

An engaging introduction to fibre art, this kit supports layered, textured creations using dry felting techniques. Ideal for 2D and 3D projects, it encourages students to explore colour, form and surface while developing patience and fine motor control.

This kit includes:

2 x Zart Dry Felting Kit, Set of 10
2 x Zart Combed Wool Tops Assorted Pack, 400g
2 x Zart Dry Felting Balls 55mm, Pack of 10
1 x Zart Felt Finger Puppet Accessories, Pack of 255

150mm (6")	GH150
Each	**$3.20**

How to: Cold Wax Batik

Step One: Use a lightweight pure cotton or silk and stretch fabric over an embroidery hoop.

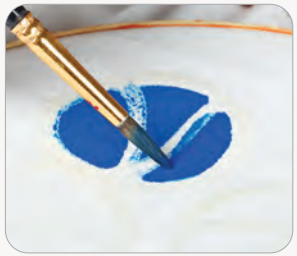

Step Two: Use a soft brush to apply Batik Cold Wax onto the fabric creating a pattern or design.

Step Three: Try to apply the Batik Cold Wax as evenly as possible.

Step Four: Once happy with your design, allow the Batik Cold Wax to dry.

Step Five: Use a soft brush to apply Sun Dyes to the fabric, work over and around the dry Batik Cold Wax.

Step Six: Continue painting the fabric until your design is complete.

Step Seven: Once the Sun Dyes have dried, remove the fabric from the embroidery hoop and place in between two sheets of lightweight paper.

Step Eight: Use a dry iron on a cotton setting. Iron the top sheet of paper. This will remove the Batik Cold Wax from the fabric and set the Sun Dyes at the same time.

Step Nine: Continue ironing until you can see your Batik Cold Wax design through the paper. Lift the sheet of paper off. Your cold wax batik is complete and ready to embellish or leave as is!

Sun Dye

Use Sun Dyes to decorate your fabric, using any found flat object such as leaves, twigs or feathers. Or make your own shapes with paper or cardboard and expose to sunlight. Easy to use and permanent when heat set.. Only suitable for natural fibres. Can be used for tie-dyeing.

17.5cm diameter	CB811
Pkt of 10	$22.95
B2S Special	**$15.95**

How to Weave

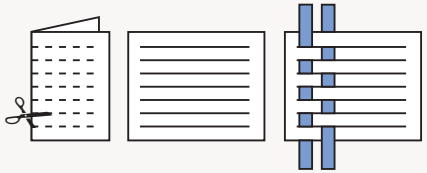

Weaving with Paper

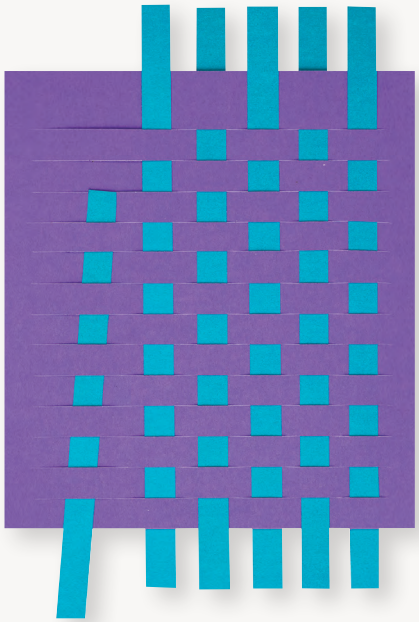

When developing the skill of weaving, first practise with paper.

Step One: Fold a sheet of paper in half and cut a number of slits from the folded edge.

Step Two: Open out the paper to reveal your basic weaving template.

Step Three: Cut strips of paper in a different colour and direct each one between the slits, alternating over and under.

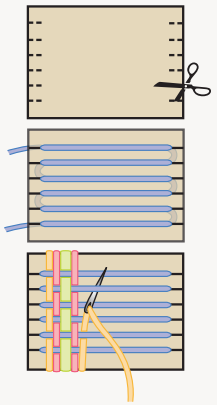

Weaving with Cardboard

Step One: Cut small, evenly spaced slits along two opposite sides of a piece of cardboard.

Step Two: Secure one end of a piece to thread to the back of the template with tape. Hold the thread taut and loop it through the slits as shown in the diagram.

Step Three: Collect thread/yarn/straw in various colours and textures. Weave each one through the original thread, alternating each thread over and under.

Zart Wooden Embroidery Tree

Festive trees with pre-drilled 3mm holes. Includes white string for hanging.

9.5 x 12cm x 2mm thick	CNZ103
NEW Pkt of 10	**$7.25**

Weave and Thread Xmas Baubles

These Xmas baubles are fun and versatile loom shapes that bring the joy of Christmas to your weaving projects. Use a variety of threads and yarns, such as wools, embroidery thread, raffia and ribbons through the pre-drilled holes. Each set includes three designs: a star (15 x 15cm), a Christmas tree (15 x 11.2cm), and a bauble (15 x 13cm).

Pkt of 1000	$30.50

Jewellery Techniques

Threading: Use Sculpey modelling clay to create beads. Thread handmade beads onto leather or beading cord to create a striking necklace. For bracelets, thread beads onto stretch beading cord for more flexibility. Pierce a hole through the beads while clay is malleable.

Polymer clay jewellery: Soft and easy to use, Sculpey is an oven bake clay that is suitable for all ages. Available in a range of colours, which can be extended further by blending together.

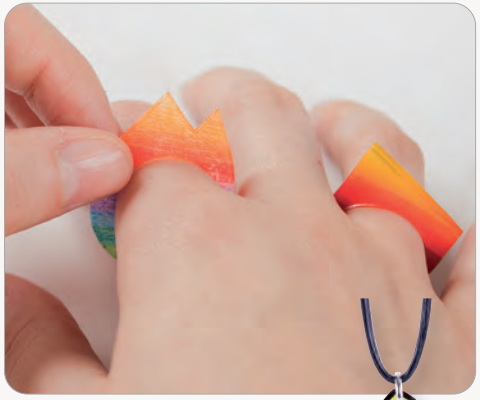

Soft wire jewellery: Soft wire is very easy to manipulate without tools. Create a range of unique pendants, earrings, rings and brooches!

Silicone jewellery moulds: Fill moulds with resin, Sculpey or air drying clay to create a pendant!

Shrink-Me Plastic: Shrink-Me Plastic is not just for little kids! The design possibilities are only limited to your imagination. Designs will shrink to less than half of the original size and become thicker and more rigid, while retaining the colour.

Beads: Versatile and easy to thread, perfect for creating bracelets, necklaces, or earrings. Available in various shapes, beads can be combined with jewellery findings, wire, leather, or synthetic cord, to craft unique designs.

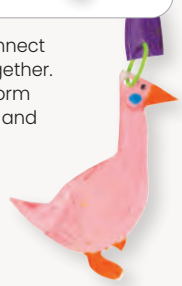

Pendant settings: These two-piece settings are an easy, yet effective starting point for necklace and earring pendants. Insert artwork or a photo and adhere the cabochon in place with Zart Podge. Great for all ages and abilities.

Jump rings: Use jump rings to connect your unique wearable designs together. Use coloured jump rings to transform traditional designs into fun, bright and contemporary pieces!

Shrink-Me Plastic – Clear

Sheets of thin, flexible polystyrene plastic. Prior to heating, the plastic sheets can be coloured with colour pencils, (lightly sand surface first), or permanent markers and then cut into shapes. Oily or waxy substances are not suitable. When heated with a conventional oven (160°C for three minutes or until flat), or a heat gun (on low heat), the design shrinks, becoming thicker and more rigid. Use a silicone mat to protect working surface.

A4	AE250
Pkt of 10	$33.50

Magiclay

Rectangle Key Ring Tags

These key ring tags are a simple yet thoughtful way for students to make a special gift for their loved ones. Just slip a photo or artwork into the clear plastic tag to create a unique and personalised keepsake. Insert size is 28 x 45mm, 25mm diameter ring.

Split Rings – Silver

Use with key chains in the construction of a key ring gift. Made of sturdy metal and long lasting.

25mm	FI099
Pkt of 100	$16.95

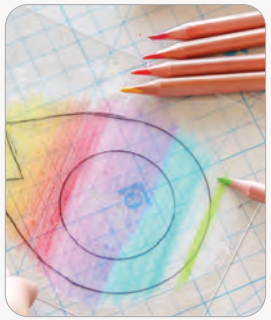

Shrink-Me Plastic Film

Step 1: Draw a design on the Shrink Me Plastic sheet. The design will shrink to less than half of the original size.

Step 2: Lightly sand the reverse side of the plastic to help the colour adhere.

Step 3: Use coloured pencils or Sharpies to add colour to your design on the sanded side of the plastic. Colour lightly as the pigment will intensify. Once finished, cut around the design.

Step 4: Use a heat gun on low or place your Shrink Me in the oven at 160°C for three minutes or until flat. Wait 30 seconds once flat before removing from the oven. Use a tool to flatten the design while it's still hot. NB: adult supervision.

Snap n Wrap Silicone Bracelets

These bendable bracelets are made from a flexible silicone band that contains an enclosed thin metal strip. When the bracelet is 'snapped' onto a wrist, the bracelet contracts causing it to wrap. There is no need for clasps, ties, or buckles! 6 assorted colours (5 of each).

Tub of 6000	**$30.95**

Scan for Fuse Bead Keyring Lesson Plan

Colours of Country Fuse Beads

Enhance your classroom activities with our tub of 6,000 iron-on fuse beads, featuring 10 earth colours. Perfect for students of all ages, these beads are an ideal addition to your art and craft projects. Completed fuse designs can be used as ornaments, keepsakes or coasters. To display, attach a key ring, suction cap, or thread on some string. Colours of Country logo designed by Jo Wilson, a descendant of the *Ngemba* people of *Brewarrina* (Northwestern NSW).

5 x 5mm	BGZ512-EA
Tub of 6000	**$30.95**

Meet the Artist:
Jo Wilson

"I'm Jo Wilson, a First Nations artist and descendant of the *Ngemba* people of *Brewarrina* and surrounding NSW. I paint intuitively and through ritual. This connects me to my ancestors. I love to create my own dreaming, depicting healing rainbows, but often also include my love of the moon, sun, stars & universe in my works".

Bond Fuse Beads Pegboard Trays

Make fuse bead ornaments and keepsakes with ease using these trays. Designed specifically for use with iron fuse beads, these trays provide a sturdy and organised workspace for creating intricate designs. Perfect for students of all ages.

11 x 11 cm	TRZ008
Pkt of 10	**$16.50**

Fuse Bead Method

Step 1: Sketch a design. Place underneath the pegboard tray. Fill in the design by placing fuse beads onto the tray.

Step 2: Cover the beads with baking paper and apply heat using an iron on medium setting, working in a circular motion.

Step 3: When the beads have fused together and cooled down, lift off the paper.

Step 4: For a fun way to display the design, attach a key chain!

Glass Stones – Clear

Clear, round, irregular glass stones with flat base. Great for mosaic work or can be used as a starting point, e.g. paperweight, fridge magnet or brooch. Simply glue paper/fabric (face side) to the back of the stone – or use Mod Podge. Stones can also be decorated with Colour Slix paint.

35-40mm (approx.)	NP170
Pkt of 25	**$23.75**

Glass Stone Easy Project Ideas

Create a domed image effect, use PVA or Zart Podge to attach an image to the underside of a glass stone.

Make a brooch

Make a fridge magnet

Make a paperweight

3 x Deco Mosaic Tiles, 150g, Cool Colours (560 tiles approx.)
2 x White Paper Magiclay, 240g
1 x Cardboard Coasters, 30 pack

	KIT137
Kit	**$192.95**
Valued at	~~$214.40~~

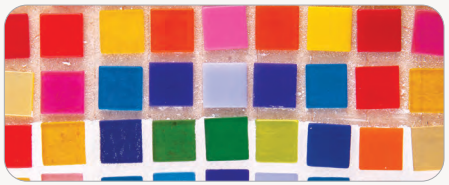

Deco Mosaic Tiles

Magiclay Method

Press Deco tiles into a thin and even layer of Magiclay, leaving a small gap between each tile. Allow Magiclay to airdry.

Grout Method

Step 1: Lay down double-sided tape onto a surface/base.

Step 2: Stick tiles to the taped base. Be sure to leave a 1-2mm gap between the tiles.

Step 3: Use prepared grout to fill gaps between tiles. Set aside.

Step 4: When grout is touch dry, use a damp sponge to wipe off excess grout. Leave to harden.

Alternatively, tiles can be glued directly onto artworks.

Sea Grass

Natural twisted sea grass cord that is suitable for weaving seats and baskets.

Aboriginal & Torres Strait Islander Cultural Resources

This symbol "Saltwater" was designed by Palm Island *Bwgcolman* Artist, Agnes Wotton. "Saltwater" is inspired by Palm Island's beauty.

"I've lived on Palm Island Bwgcolman, QLD all my life. My mother who is an Indinji woman gave birth to me in 1971 to my Father, a Yalanji Man. I've been painting for 17 years and got my first big breakthrough at the Cairns Indigenous Art Fair in 2019. Art is a way of expressing myself and escaping from reality; it gives me peace of mind, and I would like to use my work to help others also find their dreams". Agnes Wotton.

Zart recommends connecting to your local First Nations community and building strong authentic relationships so your students, staff, and the wider school community continue to share in the beauty of First Nations culture and history.

Art and craft products are intended as a starting point for meaningful making and responding lessons. Discussions within this context should enrich student understanding, whilst acknowledging, respecting and valuing Aboriginal and Torres Strait Islander identities and cultural expressions. Any art making tasks that replicate First Nations' cultural expressions must be done in consultation with the appropriate First Nations Peoples (owners of that cultural property).

Meet the Artist:
Jo Wilson

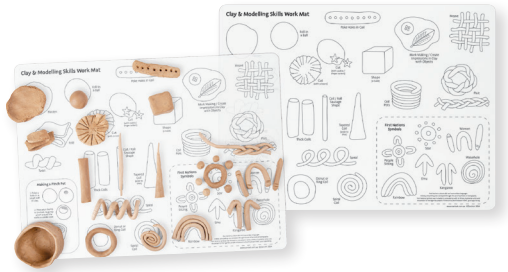

"I'm Jo Wilson, a First Nations artist and descendant of the *Ngemba* people of *Brewarrina* and surrounding NSW. I paint intuitively and through ritual. This connects me to my ancestors. I love to create my own dreaming, depicting healing rainbows, but often also include my love of the moon, sun, stars & universe in my works".

Washi Tape – Contemporary Australian Indigenous by Zart

A beautiful and painterly collection of contemporary Australian Indigenous Washi patterns designed by artist **Jo Wilson,** a First Nations artist and descendant of the *Ngemba* people of *Brewarrina* and surrounding NSW. Great for collage, decorative crafts and stationery use.

Wooden Rainbow Tray

The Wooden Rainbow Tray is a delightful and versatile resource for early years, primary classrooms, and artrooms. Crafted from sustainably sourced solid beechwood, this sturdy tray is designed in a graceful rainbow shape, measuring 40cm wide by 20cm high and 20mm thick, with five smooth grooves. Perfect for introducing students to sorting, colour exploration, and collage techniques, the tray provides an inviting platform for organising loose parts, natural materials, and art supplies. Its natural finish and gentle curve make it an aesthetically pleasing and highly functional addition to creative spaces.

20 x 40cm x 2cm thick	WPZ101
Each	$25.50

Each roll	$80.95

Bio Ziplock Bags

Eco-friendly, resealable plastic bag. Biodegradable. BPA and PVC free.

15 x 22.5cm	TQ663
Pkt of 100	$20.95

Storage, Classroom & Learning Environments

Wooden Smock Holder

Perfect for storing and organising smocks, as well as bags in the classroom. Made of sturdy wood, this holder is built to last even in the hands of the most enthusiastic little artist! It is easy to assemble and maintain. Wood holder with four tiers (sustainably sourced timber).

150cm high	MTZ023
Each	**$123.00**

Student Chair Bag

This chair bag is designed to hang from the back of a chair, providing easy access to your belongings while keeping them secure. Multiple pockets provide ample storage for pens, pencils, notebooks, and other small items. The adjustable straps allow for a secure fit.

LARGE – BLUE

45cm width	MTZ036-BE
Each	**$14.65**

Wood Look Three Tier Classroom Metal Trolley

Combining the warmth of natural timber aesthetics with the durability and functionality of stainless steel. Measuring 84.5cm length x 52.5cm depth x 90cm high, this trolley features three spacious trays supported by a strong stainless steel (SS201) frame with a 0.8mm thickness—designed to handle the demands of daily classroom use. Its total bearing capacity of up to 150kg makes it ideal for transporting books, art materials, science kits, or digital devices. Fitted with four TPR castors (two with brakes) and two easy-grip side handles, this trolley glides smoothly across classroom floors and can be securely positioned when needed. The stylish wood-look finish blends seamlessly with classroom furniture while providing all the benefits of a hard-wearing, practical trolley system. NB: stock not included.

84.5 x 52.5 x 90cm	TQZ891
Each	$445.00

Classroom Foldable Metal Trolley

A durable and practical solution for managing and transporting classroom materials with ease. Constructed from stainless steel (SS201), this robust trolley features shelves made from 0.8mm thick board and 1.2mm thick tubular framing, offering long-lasting strength and stability. Measuring 88.5 cm length x 50.1cm depth x 96cm high, the trolley is equipped with four TPR swivel castors (10cm diameter), two with brakes, allowing smooth manoeuvrability and secure positioning in busy learning environments. With a maximum loading capacity of 50kg per flat shelf, it's ideal for transporting art supplies, books, tech equipment, or classroom resources. Best of all, the foldable design means it can be conveniently stored when not in use—perfect for flexible, space-conscious classrooms. NB: stock not included.

88.5 x 50.1 x 96cm	TQZ890
Each	$465.00

Stainless Steel School Trolley

Lightweight trolley made from stainless steel. Ideal for artrooms, classrooms, outside school hours care and libraries. Great for those needing to transport materials from room to room. Easy to manoeuvre with heavy-duty castors and wheel brakes as well as easy-grip handles. Products and resources can be shared between classrooms and packing up is made simple. The watertight trays also make it suitable for sand and water play. Trolleys are delivered flat packed with easy-to-follow assembly instructions. You can also watch our step-by-step video on how to assemble the trolley – simply scan the QR code.

Scan to view a video on assembling the School Trolley.

40kg CAPACITY

Tray: 39 x 70 x 10cm deep	TQ720
Each	$535.00

Paper and Cardboard: Skills and Construction Charts by Zart

Paper and card construction is versatile across the visual arts, technology, STEAM/STEM and classroom learning areas. With six charts covering paper and cardboard sculpture, construction and engineering, your students will be better equipped to create artworks, build models, solve problems, construct, design, invent and make! In addition, students can translate these skills to other mediums such as wood, metal and textiles. Each chart has clear and colourful visuals and is labelled with a skill or technique that students of all ages can understand. Included are three charts dedicated to paper sculpture: folding, sculpting, rolling, decorative effects, tearing, cutting and scoring. The three paper and card engineering charts illustrate essential construction skills such as joining without glue or tape and constructing forms. Learn and elaborate on the joining basics with stitching, binding, split pins, satay sticks, notches, slots, tabs and braces.

Great Women Artists

Phaidon Editors

A groundbreaking and comprehensive volume that shines a spotlight on over 500 years of exceptional art created by women. This hardback beautifully celebrates the creativity, resilience, and influence of female artists across history. With stunning visuals and insightful commentary, the book showcases both celebrated and lesser-known women artists.

464pp **BKZ1038**
Each **$90.91**

Art Detective: Spot the Difference!

Doris Kutschbach

This highly engaging book teaches young readers about great works of art by challenging them to spot the difference between the original and a sly forgery. From Michelangelo to Picasso, art history is filled with stories of spectacular forgeries that have stumped the greatest scholars of their time.

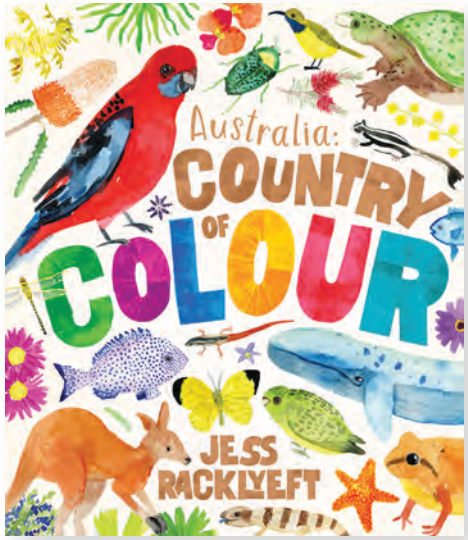

48pp **BKZ1059**
Each **$22.72**

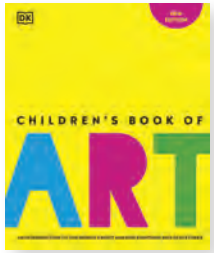

Australia: Country of Colour

Jess Racklyeft

Here is a celebration of the stunning plants and animals of this colourful country, from vibrant pink flame peas to startling blue fairy wrens, electric yellow billy buttons, glossy black Tasmanian Devils, and many more.

48pp **BKZ1019**
Each **$27.26**

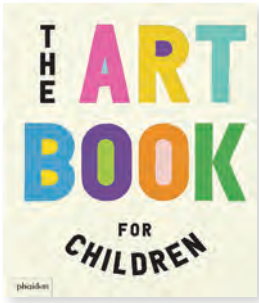

Children's Book of Art

Dorling Kindersley

An exciting, beautifully illustrated guide that takes young readers on an artistic journey across the globe, introducing them to the wonders of art, culture, and creativity. Children will learn about various art styles—from ancient cave paintings to Renaissance masterpieces and surrealism—while discovering famous artists like Leonardo da Vinci, Tracey Emin, and Henry Moore.

152pp **BKZ1051**
Each **$34.54**

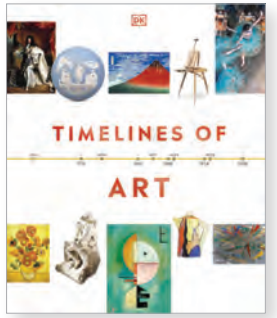

The Art Book for Children

Ferren Gipson, Amanda Renshaw & Gilda Williams

This engaging art book introduces children aged 7–12 to 60 artists through vibrant, full-page artworks and interactive commentary. Featuring a diverse mix of classic and contemporary creators, it sparks curiosity and builds appreciation for visual arts.

192pp **BKZ1099**
Each **$36.32**

Timelines of Art

Dorling Kindersley

A breathtaking visual guide that takes readers on a journey through the history of world art, using an innovative timeline-led approach. This beautifully updated edition, published by Dorling Kindersley, offers a comprehensive overview of iconic artworks.

400pp **BKZ1052**
Each **$50.00**

Mix It Up!

Hervé Tullet

Follow the artist Hervé Tullet's simple instructions and suddenly colours appear, mix, splatter and vanish in a world powered only by the reader's imagination. An extraordinary interactive journey all within the printed page. He prompts plenty of giggles in addition to a profound understanding of colours, and once again displays his unique genius and vision in a work that is a glorious and richly satisfying book.

56pp **BK093**
Each **$20.90**

Art Play

Marion Deuchars

A surprising and engaging range of activities and games organised into seven sections: Drawing, Colour, Shapes, Paint, Paper, Printing and Pattern. Each section is not only a great opportunity to play, but also helps to shape and form artistic ability and confidence. Filled with great creative prompts, this resource is a great addition to any artroom or classroom library.

224pp **BK107-AP**
Each **$36.35**

Draw Paint Print like the Great Artists

Marion Deuchars

Young readers are introduced to more than 30 great artists, then encouraged to try out the techniques that lie behind their greatest works. Take your pencil for a walk in the spirit of Paul Klee, experiment with colour like Joan Miró or create your own surrealist-inspired artwork.

240pp **BK107**
Each **$29.99**

How Art Can Change Your Life

Susie Hodge

This guide introduces readers to new ways of looking at a wide range of art. Through careful examination and explanation, it investigates how engaging with art and drawing upon its ideas can help everyone feel connected and inspired.

192pp **BKZ1008**

Buying Terms & Conditions

PRICING & GST

All prices in this catalogue are exclusive of GST. Prices are correct at time of publication and subject to change without notice. All current prices can be viewed on our website and should be checked before ordering. All purchases are subject to our detailed T&Cs available on our website.

BUY INS (Special Orders)

If you require a product not listed in our catalogue or online shop, please contact us and we will endeavour to source and order on your behalf. NB: please allow extra lead time (several weeks). Freight charges will apply and returns are not accepted (unless faulty/damaged).

CLAIMS & DAMAGES

All claims must be made to customer service at zartart.com.au within seven days of receipt of goods. If required, our customer service team will issue an instruction on how to return the goods. All goods must be returned in the same condition that they were received, in order for a credit to be processed.

NB: If a product is no longer available, we may substitute with an item of the same or better quality and value.

Freight Charges

National Delivery Rates

Receive the same delivery rate no matter where you are from.

Order Value	Under $50	$50 - $99	$100 - $199	$200+
Delivery Fee	$7.50	$9.50	$14.50	$26.50

Freight for overseas orders will be advised prior to despatch.

MIX
Paper | Supporting responsible forestry
FSC® C204128

Zart Art is part of Modern Star, an FSC® certificate holder (FSC® C204128). This catalogue is printed on FSC-certified paper, made from a mix of material from FSC-certified forests, recycled material and/or FSC Controlled Wood. Our FSC Chain of Custody certification means our forest supply chain is unbroken for our FSC-certified products and supports responsible forestry.
