About the author

Hi 😊 My name is Hwang Seha.

I'm a first-year middle school student.

I like drawing and listening to music.

I wrote this story because

I wanted to share my favorite idol,

PLAVE's debut story.

Thank you!

A boy named Yejun,
who dreamed of becoming
a singer, became the first
member of an idol group
called “PLAVE”.

Yejun suggested Noah, his friend,
to join him in PLAVE,
and Noah accepted the offer.

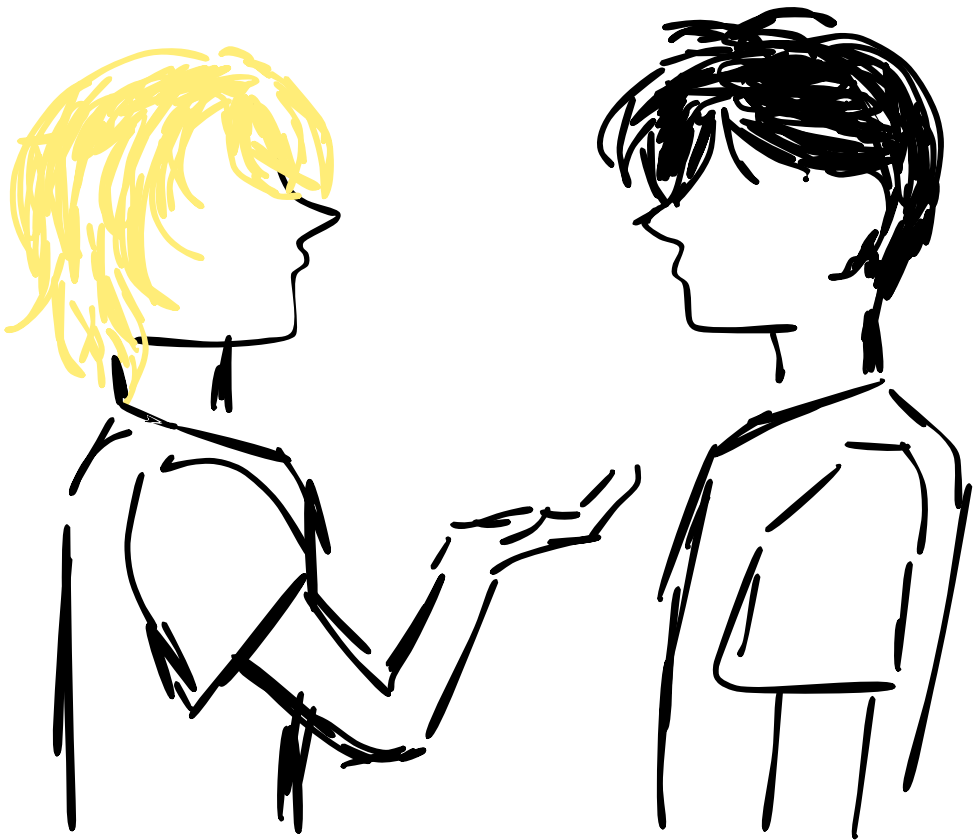

After that, Yejun suggested Eunho,
the younger brother he knew,
to join him in PLAVE,
and Eunho accepted the offer.

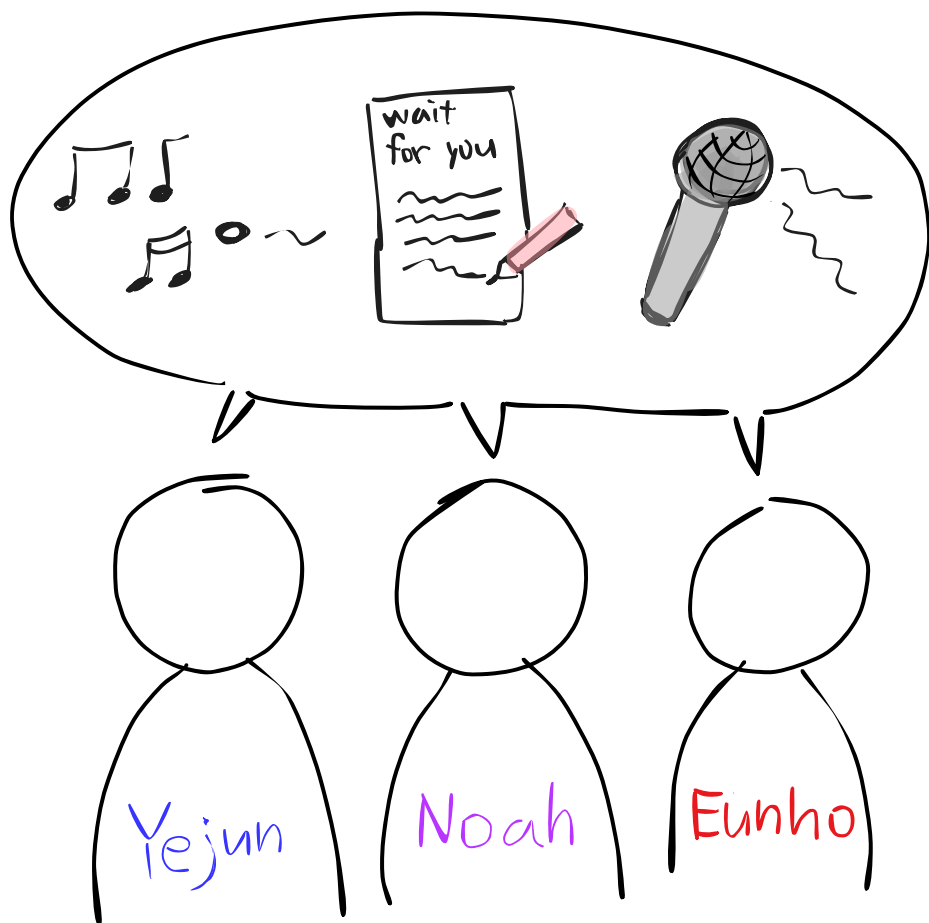

Eunho suggested Bambi,
the older brother he knew,
to join him in PLAVE,
and Bambi accepted the offer.

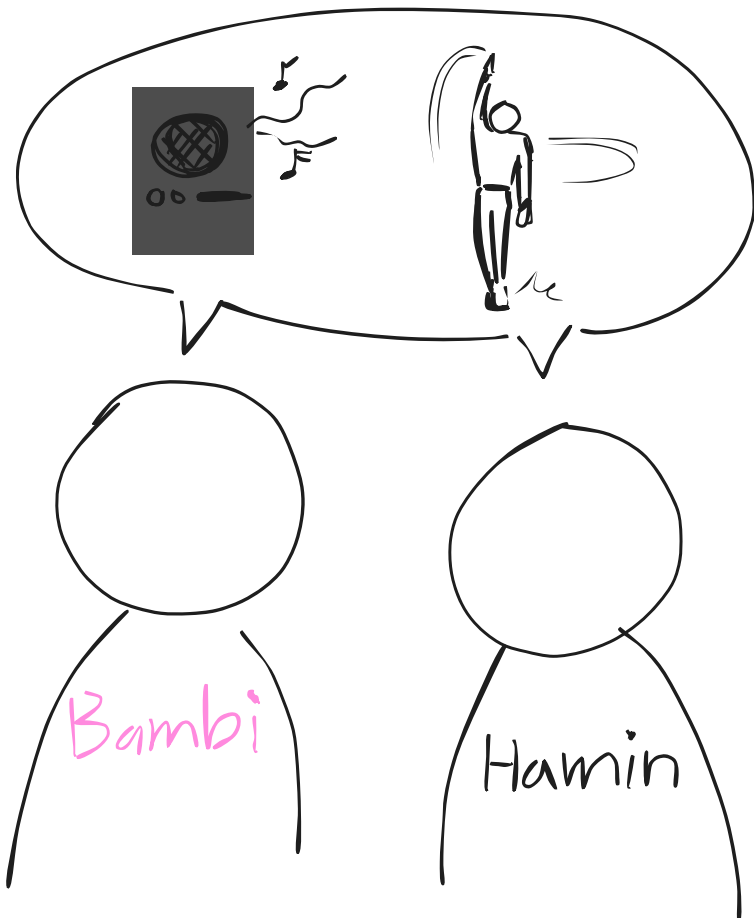

After that, Noah looking for
the last member of PLAVE,
suggested Hamin,
the younger brother he knew,
to join him in PLAVE,
and Hamin accepted the offer.

While looking for their debut song,
no one gave PLAVE a good song.
So Yejun, Noah, and Eunho started
making their debut song.

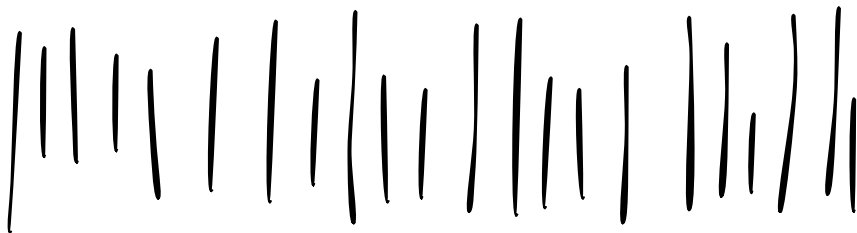

The choreography for debut song
cost 10 million won,
but the choreography was terrible.
So Bambi and Hamin started
making choreography
for the debut song.

On March 12th, 2023,
the five members debuted
as “PLAVE” and worked hard
on their idol activities.

However, as PLAVE became more famous, malicious comments, neglect, and ridicule became worse.

PLAVE

After a while,
PLAVE overcame people's disrespect
and set new records.
