RELEASE, WAIVER, HOLD HARMLESS, ASSUMPTION OF RISK, DEFEND, AND INDEMNIFY AGREEMENT FOR INFECTIOUS DISEASES INCLUDING COVID-19 RELATED LOSS AND BIOSECURITY ARRIVAL

WARNING: IMPORTANT NOTICE

BY SIGNING THIS AGREEMENT, YOU ARE GIVING UP CERTAIN LEGAL RIGHTS, INCLUDING THE RIGHT TO RECOVER DAMAGES IN CASE OF ILLNESS, INJURY, OR DEATH (collectively "Loss") ARISING OUT OF YOUR PRESENCE AT THE FACILITY (defined below) SPECIFICALLY RELATED TO COVID-19 OR ANY OF ITS MUTATIONS, FORMS, DERIVATIVES, OR OTHER INFECTIOUS DISEASES (collectively "COVID-19").

I, the undersigned, hereby enter into this Release, Waiver, Hold Harmless, Assumption of Risk, Defend, and Indemnify Agreement for Infectious Diseases Including COVID-19 Related Loss (this "**Agreement**") in consideration of my, and my minor child if applicable (collectively "**I**", "**me**", or "**my**"), ability and permission to access, utilize, occupy, visit, attend, or otherwise be present on Released Parties' (defined below) property (the "**Facility**") during and after the COVID-19 pandemic, for any reason, whether or not related to equines or equine activities.

1. Risk of Loss/Protective Measures/No Guarantee: By signing this Agreement, I hereby acknowledge that I have familiarized myself with the risk of Loss accessing, utilizing, occupying, visiting, attending, or otherwise being at the Facility (collectively "**Using**") for any reason and the current protective measures at the Facility intended to minimize my risk of exposure to COVID-19. I agree the protective measures are satisfactory and sufficient for me to accept and assume the risk of my COVID-19 exposure resulting from Using the Facility occupied by other individuals. I understand and agree that Released Parties (as defined below) cannot guarantee: (a) the protective measures can or will prevent my exposure to COVID-19; (b) will be complied with by all individuals at the Facility; or (c) that others will not act in a negligent manner that may contribute to my Loss or contraction of COVID-19. I agree to fully comply with all protective measures required by the Facility as they now exist or may be revised from time-to-time as posted on the property or available on www.deserthorsepark.com. I accept full responsibility for my own safety and the sanitization of myself and personal property I contact at the Facility. If I am a parent or legal guardian of a minor individual, I consent to the minor Using the Facility and agree to remain responsible for the minor's Loss and compliance with all required protective measures.

2. Medical Attention/Disclosure: I understand and agree that engaging in equine activities or merely Using the Facility exposes me to inherent risks of personal injury that may require medical attention including, but not limited to, first aid and/or emergency medical care. I therefore consent to personal contact by Released Parties and/or medical personnel deemed necessary for providing for my care at the Facility and/or the hospital, even at the risk of my COVID-19 exposure. I agree to hold Released Parties harmless for such medical attention and any Loss directly or indirectly resulting therefrom. I agree that in the event I am diagnosed as infected with COVID-19, I authorize medical personnel to provide Released Parties information regarding my Loss and treatment for contact tracing or any other purpose.

3. Release/Hold Harmless/Defend/Indemnify: I agree to release, hold harmless, defend, and indemnify Coachella Horse Park LLC, doing business as Desert International Horse Park, CHP Land Company LLC, CHP Show Management Company LLC, doing business as Apex Equisport, and each of their respective parent, affiliate and subsidiary companies, agents, successors, assigns, employees, volunteers, contractors, representatives, assistants, sponsors, members, managers, shareholders, officers, directors, owners, trustees, licensees, invitees, related entities, as well as any other person or entity acting on their behalf or in any manner connected with the ownership and management of the above listed parties (collectively "**Released Parties**") from and against any liability, attorneys' fees, costs, or other Loss I may incur arising out of or in any way connected with my exposure to or contraction of COVID-19 as a direct or indirect result of my Using the Facility whether by my negligence or the negligence or other wrong doing of Released Parties (other than gross negligence or recklessness). I acknowledge that I hereby waive on my behalf and on behalf of my heirs and assigns, and fully understand the effect of such waiver, all benefits flowing from any state statute that would otherwise limit the scope of this Agreement release, including but not limited to **Section 1542 of the California Civil Code**, which provides: "A general release does not extend to claims that the creditor or releasing party does not know or suspect to exist in his or her favor at the time of executing the release and that, if known by him or her, would have materially affected his or her settlement with the debtor or released party."

4. Bound Parties/Governing Law/Jury/Expiration/Time Limit/Severability/Modification: I understand and agree this Agreement is binding on my spouse, partner, family, minor child, heirs, agents, trustees, beneficiaries, representatives, relatives, successors, and assigns, and I agree to all the terms and conditions of this Agreement on my own behalf and on behalf of my minor for purposes of permitting our Using the Facility. For any claims or disputes (collectively "**Claims**") relating to the interpretation or enforcement of this Agreement, I agree California law applies, must be resolved by the Los Angeles county, California state court, and I waive my right to a jury trial. I agree that this Agreement does not expire and that any surviving Claims must be brought within one (1) year of the date accrued. If any provision of this Agreement is deemed invalid or unenforceable, the remaining provisions shall be valid and enforceable to the fullest extent of the law. PART I — ACCESSING THE DESERT INTERNATIONAL HORSE PARK

1.1 Entering DIHP

- All horses entering and staying at the Horse Park must be entered in the horse show, registered/recorded (with a USEF, FEI, and/or Equine Canada horse ID number), and have an assigned DIHP 2026/2027 back number.
- Horses competing exclusively in FEI classes and accessing the Horse Park must go directly to FEI stabling and follow FEI entry protocols.

EVENTPASS & ARRIVAL AT DIHP

After you complete your EquiTrace EventPass document uploads, provide an arrival, and sign the Equine Declaration of Health with EquiTrace EventPass, you will be issued a QR code. DIHP will scan this QR code upon arrival. Share this code with any drivers bringing horses into the showgrounds. Depending on the risk, as determined by DIHP, USEF, and CDFA, all arriving horses may receive a visual inspection for signs of infectious diseases. Click here to access our DIHP Biosecurity website.

1.2 California Horses

- An equine health declaration is required to be completed by the owner/trainer within 7 days of horse(s) arrival at DIHP within the EquiTrace EventPass platform, stating that each horse has not had a fever (defined as greater than 101.5°F) or clinical signs of disease within the 72 hours before arrival and has not been exposed to or treated for a fever of unknown origin within the past 30 days. Any horse tested for EHV-1 in the last 30 days must have tested negative for EHV-1 twice in the previous 30 days by an approved, accredited laboratory.
- No USDA-accredited CVIs are required for horses originating/residing in the State of California to enter Desert International Horse Park at this time. Coggins tests are not required for California horses, but they are encouraged as part of your horse's regular health management program.
- Proof of vaccination for each horse stating that the horse is compliant with all vaccination requirements of USEF GR 844/845. GR 844/845 requires that at Federation-licensed competitions, horses more than seven (7) months of age entering the grounds must be accompanied by documentation of Equine Influenza Virus and Equine Herpes Virus (both EHV1 and EHV4 - Rhinopneumonitis) vaccinations within six (6) months before entering the stables. No grace period will be allowed for expired vaccination guidelines. If your horse's Rhino/Flu vaccinations expire while your horse is at DIHP, we ask that you update their vaccinations on site with the East-West Equine Sports Medicine or a private veterinarian. Please submit documentation to support their updated vaccination status to: biosecurity@deserthorsepark.com
- After completing your EquiTrace EventPass document uploads, completing an arrival, and signing the Equine Declaration of Health with EquiTrace EventPass, you will be issued a QR code. This QR code will be scanned upon arrival at DIHP. This code must be shared with any drivers bringing horses into the showgrounds. Depending on the risk, as determined by DIHP, USEF, and CDFA, all arriving horses may receive a visual inspection for signs of infectious diseases. Only healthy horses will be permitted entry to DIHP.

UPLOAD all health certificates, proof of vaccination documents, and equine health declarations in the EquiTrace EventPass system via the links on our website. Failure to complete this process online will prevent you from receiving your show number in the horse show office and may delay placement of horses in their assigned stalls. Horses may be temporarily placed in isolation stabling until requirements are met. Click here to access our DIHP Biosecurity website.

1.3 Out-of-State & International Horses

REQUIRED FOR ALL OUT-OF-STATE & INTERNATIONAL HORSES

- An official state-issued or approved International Certificate of Veterinary Inspection (CVI) with an inspection date by an accredited veterinarian within 14 days of arrival for out-of-state and international horses.
- For horses entering from outside the State of California, a CVI and a valid Coggins test performed within the previous 12 months are required to enter the state.
- Health certificates issued in Canada that meet USDA requirements for entering the United States will be accepted for entry into the DIHP.

- An equine health declaration is required to be completed by the owner/trainer within 7 days of horse(s) arrival at DIHP within the EquiTrace EventPass platform, stating each horse has not had a fever (defined as greater than 101.5°F) or clinical signs of disease within the 72 hours before arrival and has not been exposed to or treated for a fever of unknown origin within the past 30 days. Any horse tested for EHV-1 in the last 30 days must have tested negative for EHV-1 twice in the previous 30 days by an approved, accredited laboratory.
- Proof of vaccination for each horse stating the horse is compliant with all vaccination requirements of USEF GR 844/845. GR 844/845 requires that at Federation-licensed competitions, horses more than seven (7) months of age entering the grounds must be accompanied by documentation of Equine Influenza Virus and Equine Herpes Virus (both EHV1 and EHV4 - Rhinopneumonitis) vaccinations within six (6) months before entering the stables. No grace period will be allowed for expired vaccination guidelines. If your horse's Rhino/Flu vaccinations expire while your horse is at DIHP, we ask that you update their vaccinations on site with the East-West Equine Sports Medicine or a private veterinarian. Please submit documentation to support their updated vaccinations to: biosecurity@deserthorsepark.com

We encourage all out-of-state trainers, owners, and transporters to research the most current CA import requirements on the CDFA websites below:

- Animal Health Entry Requirements
- CDFA - AHFSS - Entry Requirements & Information About Livestock & Pet Movement

CVI REQUIREMENTS

Every CVI must include the following statement:

"I declare that the horse listed below is not demonstrating any signs of EHV-1, has not had any known exposure to EHV-1 in the past 30 days, and is not coming from a property with known EHV-1 positive cases."

TEXAS, NEW MEXICO, & COLORADO ARRIVALS

Horses originating from Texas, New Mexico, or Colorado have additional state-specific CVI and inspection requirements. See Sections 1.4 and 1.5.

All horses originating from Texas, New Mexico, or Colorado must be inspected at the DIHP-designated inspection area BEFORE entering their assigned stabling. Only healthy horses will be permitted entry to DIHP. Texas and New Mexico horses will be housed together to reduce the risk of NWSW. Staff will inspect them routinely over the first 10 days after arrival. After the 10-day inspection period, horses will be allowed to be stabled elsewhere within the DIHP property.

Plan to arrive during normal daylight business hours. Arrival outside these hours requires prior approval from Dr. Runk at 530-902-0750.

1.4 Texas and New Mexico Horses

Texas and New Mexico horses must meet all requirements in Section 1.3, plus the following:

- DIHP policy requires an official state-issued Certificate of Veterinary Inspection (CVI) with a pre-movement veterinary inspection for New World Screwworm (NWSW) 7 days prior to arrival in California, regardless of whether the horse originates from an area with confirmed NWSW cases. If current CDFA requirements are more stringent than DIHP policy, the CDFA requirements apply.
- A NWSW statement on the CVI that meets current California Department of Food and Agriculture (CDFA) requirements
- A California import permit for all horses coming from Texas.

The latest CDFA information available, at the time of publishing, for transporting animals from Texas, including horses and companion animals, can be found here.

1.5 Colorado Horses

While Colorado is listed as a VS-affected state, Colorado horses must meet all requirements in Section 1.3, plus the following:

- DIHP policy requires an official state-issued Certificate of Veterinary Inspection (CVI) with a pre-movement veterinary inspection for Vesicular Stomatitis (VS) 7 days prior to arrival in California, regardless of whether the horse originates from an area with confirmed VS cases. If current CDFA requirements are more stringent than DIHP policy, the CDFA requirements apply.
- A VS statement on the CVI that meets current California Department of Food and Agriculture (CDFA) requirements
- No California import permit is currently required for horses coming from the State of Colorado

1.6 Horses Leaving and Returning

- Horses leaving the property and returning must complete updated arrival and health declaration statements via the EquiTrace EventPass system for re-entry.
- If the horse competes as a daily haul-in, twice-daily temperature checks must be conducted and recorded off-site, and their temperature logs must be available upon request throughout the competition. Horses may be inspected daily before entry or while on-site at DIHP. All daily haul-in horses are required to have a temporary stall on site. For horse safety and welfare, haul-in horses may no longer be left alone in our parking lots or remain on trailers during their stay at DIHP.
- Horses leaving one circuit week and returning for another circuit week must complete a new arrival submission and potential document submission via the EquiTrace EventPass system as well as a new declaration of health.

PART II — MONITORING HORSES AT THE HORSE PARK

2.1 Initial Monitoring After Arrival

- Temperature checks are not routinely conducted at the front gate, and 3-day temperature logs are not required upon arrival. If disease risk is elevated, management may require entry temperature checks and temperature logs in EquiTrace EventPass.
- Once stabled and at rest, the horse's first temperature should be taken within 3–6 hours of arrival and before leaving the stall for initial work.
- If the initial temperature reveals a fever (101.5°F if not receiving an NSAID; 101.0°F if receiving an NSAID or other temperature-suppressing medication), immediately notify the show veterinarian and biosecurity officer. The horse must remain in its stall until a subsequent temperature is taken by the show veterinarian or biosecurity officer.

- The initial elevated temperature must be reported in accordance with the USEF mandatory fever reporting rule, effective December 1, 2024. Non-compliance is a violation and may result in sanctions.
- DIHP reserves the right to isolate and/or test any horse with fever and/or clinical signs for EHV-1 or other infectious diseases at the owner's expense. DIHP may require EHV-1 testing after the first or second temperature check based on clinical presentation and epidemiologic risk. Failure to comply with requested isolation or testing may result in removal from the event grounds.

2.2 Daily Monitoring During the Horse Show

- Twice-daily temperature checks, morning and evening, are requested throughout the horse's stay at the Horse Park.
- Under the USEF mandatory reporting rule, trainers/owners must immediately notify the show veterinarian and biosecurity officer of an elevated temperature (101.5°F if not receiving an NSAID; 101.0°F if receiving an NSAID or other temperature-suppressing medication).
- A horse with an elevated temperature must remain in its assigned stall. If no other clinical signs are present, the horse may remain there and have its temperature rechecked 1–2 hours later. If it remains febrile or develops signs of infectious disease, the show veterinarian or biosecurity officer must be notified again.
- DIHP reserves the right to require testing and/or isolation within two hours of any horse with fever and/or clinical signs. At any time, if the show veterinarian, biosecurity officer, and/or competition management determines that a febrile horse may pose an infectious-disease risk, the horse must be moved to isolation within two hours of DIHP's request.
- If the trainer/owner refuses isolation, DIHP management may require the horse and its cohorts to leave the competition grounds immediately. Failure to comply will result in referral to USEF for enforcement.
- Release from isolation will be based on the collective decision of DIHP show management, the biosecurity officer, East-West Equine Sports Medicine, and USEF, considering diagnostic test results, absence of abnormal clinical signs, and epidemiologic risk assessment.
- For the next seven (7) days, the show veterinarian or horse show biosecurity officer will oversee temperature checks of all horses in the trainer's cohort and may require logging of temperatures in the EquiTrace app. Additional febrile horses or horses showing signs of infectious disease may be required to report to isolation or may request permission to leave the premises for isolation.

PART III — BIOSECURITY PRACTICES DURING THE HORSE SHOW

3.1 Overall Practices

- A nighttime curfew will be in place each evening at 9:00 p.m. Noise must be kept to a minimum in barn/tent areas, and unnecessary lights will be turned off.
- DIHP will maintain hand-sanitizing stations at barn/tent entries and ringside. Individuals working with horses are encouraged to clean their hands frequently.
- Whenever possible, tack, rider clothing, horse-care tools, rags, buckets, and other equipment should be dedicated to an individual horse and not shared.
- Grooms, riders, and trainers should maintain a safe distance between horses throughout the property.
- DIHP will regularly clean and disinfect common areas, including wash racks, shade structures, and hoses, and perform vector control throughout barns, tents, and other populated areas.
- Signage throughout the Horse Park will identify best practices and required protocols.

3.2 Trainer Cohorts

- Access to each barn/tent should be limited to individuals with horses in that barn/tent.
- Grooms, trainers, and riders should avoid contamination between trainer groups, including sharing tack, cleaning materials, brushes, or other equipment.
- When moving between trainer groups, individuals are encouraged to change clothing and wash and/or disinfect hands, boots, and equipment.

3.3 Rings & Common Areas

- Maintain space between horses and take precautions to prevent cross-contamination.
- Do not share tack or horse-care materials between horses. Riders moving from one horse to another should wash their hands with soap and water or use disinfectant. Towels, nose rags, and similar materials should not be shared.
- Cleaning/sanitizing stations will be available throughout the competition area.

3.4 Third-Party Providers

Includes veterinarians, grooms, farriers, braiders, night check, equine spa services, horse exercisers, and others.

- Third-party providers must disinfect tools and work areas before moving between barns, tents, and trainer groups.
- Braiders, veterinarians, farriers, and night checkers must clean and disinfect their hands and shoes between horses. Night check personnel are also requested to disinfect shoes between barns/tents and use PPE when working with an individual horse.
- Equine spa vendors must sanitize spas after each use, use separate handling equipment for each horse, and require employees to sanitize their hands, clothing, and shoes between horses. Horses' temperatures should be taken before spa use and be less than 101.5F. Maintain a daily log of horses using the spa in the event an infectious disease is diagnosed.
- Only horses from the same barn may use the IDA horse walker at the same time. IDA must disinfect the walker before subsequent use by horses from another barn.
- All third-party providers must maintain a list of horses worked on and provide it to management or state officials upon request in the event of an infectious-disease incursion.

3.5 Veterinary & Farrier Stations

- Cleaning stations will be available at the veterinary clinic and farrier station.
- Veterinarians and farriers must clean and disinfect between horses.
- DIHP will regularly clean and disinfect the veterinary clinic and farrier station using a long-term disinfectant.

3.6 FEI Horses

- Standard FEI protocols for FEI-competing horses must be followed in addition to DIHP protocols.

PART IV — ISOLATION & INFECTIOUS DISEASE PROCEDURES

4.1 Horse Enters Isolation

- When a horse is moved to isolation, it may be placed in either the DIHP onsite or off-site isolation area. An onsite rapid test will be performed, and a sample will also be submitted to an accredited laboratory for confirmatory testing.
- If confirmatory testing is negative, the horse must remain in isolation until it has been afebrile for 72 hours without antipyretic medication. At the end of the 72-hour afebrile period, the horse will be retested using the same rapid and confirmatory testing process. If fever recurs at any time, the 72-hour afebrile period restarts.
- If testing is positive for an infectious disease agent, the timing of subsequent testing will be determined by the biosecurity officer based on the horse's clinical status and in consultation with the appropriate parties.
- At a minimum, release from isolation requires 72 hours afebrile without antipyretic medication and two validated/confirmed negative EHV-1 tests or, for other infectious disease agents, one confirmed negative test.
- No horse in isolation may compete. An exercise plan will be established by the show veterinarian and/or biosecurity officer.
- Release from isolation will be based on a collective decision by DIHP show management, the biosecurity officer, East-West Equine Sports Medicine, and USEF, considering diagnostic test results, absence of abnormal clinical signs, and epidemiologic risk assessment. Once released, the horse may return to its stall and resume exercise and competition at the discretion of the owner/trainer/veterinarian.

4.2 Horse Tests Positive for EHV-1

- A horse testing positive for EHV-1 on a Fluxergy rapid test may/will be moved within two hours or less to an off-site isolation barn on non-DIHP property. The DIHP biosecurity officer will maintain the facility; the horse will remain under the care of the show veterinarian, and the facility will operate under DIHP biosecurity protocols and USEF guidance. A confirmatory PCR test will be conducted, with the horse remaining off-site while results are pending. Additional testing and treatment will be determined collectively by DIHP management, the biosecurity officer, USEF, and East-West Equine Sports Medicine.
- At a minimum, an EHV-1-positive horse must remain isolated until afebrile for 72 hours without antipyretic medication and has two validated/confirmed negative EHV-1 tests. If fever recurs, these requirements must again be met. Once cleared, the horse may return to its stall and resume exercise and competition at the discretion of the owner/trainer/veterinarian.
- The trainer/owner may elect isolation at a home facility, subject to recommended guidelines from the show veterinarian, DIHP biosecurity officer, and USEF.
- Based on consultation with the biosecurity officer and East-West Equine Sports Medicine, EHV-1-positive horses will be encouraged to begin antiviral treatment and zinc/lysine supplementation to reduce the risk of EHM.
- The positive horse's cohort (barn/tent) will be placed under additional biosecurity protocols. For seven (7) days, twice-daily temperature logs will be monitored by the show veterinarian and/or biosecurity officer and temperatures may be required to be logged in the EquiTrace app. DIHP may limit cohort access and use foot baths and additional stall disinfectant. These precautions may remain in place for up to seven days if no additional febrile horses are identified.

- Asymptomatic cohort horses may exercise and compete if their temperatures remain below 101°F before leaving their stalls. Additional restrictions or testing may be required based on epidemiologic risk assessment.
- Additional febrile cohort horses will receive an at-stall Fluxergy rapid EHV-1 test. If negative, a febrile horse may still be required to enter isolation based on a collective decision by DIHP management, the biosecurity officer, USEF, and East-West Equine Sports Medicine.
- If a second horse in the cohort tests positive, the entire cohort will be under DIHP restrictions for at least seven days, or until no other horses are febrile or showing clinical signs. EHV-1-positive horses will be cleared and relocated to designated off-site isolation; all cohort horses must remain in their stalls and follow a restricted exercise plan. Competition eligibility will be determined collectively by DIHP management and associated veterinarians in conjunction with USEF.
- Isolation procedures for an affected competition barn may include fencing around the barn/tent, security personnel, and limited access, as determined in consultation with East-West Equine Sports Medicine, the DIHP biosecurity officer, and USEF.

4.3 Equine Herpes Myeloencephalopathy (EHM)

- A febrile or EHV-1-positive horse showing additional clinical signs consistent with EHM will be moved immediately to off-site isolation, and USEF and CDFA will be notified.
- The horse will receive a rapid EHV-1 test. If negative, it will remain off-site until a CDFA laboratory confirmatory PCR test 48 hours later.
- During this period, the horse's barn/tent will be placed under precautionary biosecurity protocols, including foot baths, veterinarian-monitored temperature checks, and further limited access.
- If the neurologic horse tests positive for EHV-1, CDFA assumes responsibility for quarantine and protocols until the Horse Park is officially released from state quarantine and restrictions.

4.4 Vesicular Stomatitis (VS)/New World Screwworm (NWSW)

- New World Screwworm and Vesicular Stomatitis are regulatory diseases subject to protocols established by state and federal animal-health officials.
- A horse showing compatible clinical signs will be immediately isolated, and all cohorts will be examined for similar lesions. DIHP will notify CDFA and USEF, and the affected horse will be tested for VS virus or treated for screwworm infestation. Further action will be determined by DIHP in consultation with CDFA and USEF.

PART V — WORKING TOGETHER TO KEEP HORSES SAFE

5.1 DIHP — Our Part

- DIHP has a Biosecurity Officer who is a licensed veterinarian. The Biosecurity Officer will guide implementation of DIHP biosecurity protocols, obtain feedback, provide assistance when needed, and help ensure that Horse Park staff and participants follow the daily measures necessary to protect horses on the grounds. The show veterinarian, East-West Equine Sports Medicine, together with the horse's private veterinarian, is primarily responsible for treatment.
- DIHP will regularly clean and disinfect the Horse Park, particularly high-traffic areas. Stalls will be disinfected whenever the occupant changes. Participants should notify DIHP if an area is not clean or if they have concerns.
- DIHP will implement vector-management controls to reduce risks from flies, gnats, and other pests.
- DIHP will maintain preparedness for an EHV-1 case and support the show veterinarian by ensuring that necessary supplies and medications are available onsite for immediate use.
- **DIHP will report all horses entering isolation to USEF as required.** All EHV-1-positive cases will be reported to USEF, and all instances of EHM will be reported to both USEF and CDFA.
- **DIHP will ONLY provide general press releases/communications regarding EHV-1/infectious diseases onsite if:**
    - There is evidence of disease-agent spread to one or more trainer cohorts on the venue grounds. A single isolated case of an infectious disease may not generate a press release.
    - A partial or entire show barn on the DIHP premises has been quarantined for a contagious disease. No notification will be made if all affected horses leave the DIHP premises promptly.
    - Epidemiologic investigation deems there is a high risk of disease transmission onsite or a high risk of disease incursion due to the presence of the disease agent in the geographic area.
    - CDFA, USDA, or both have found that certain criteria have been met and that the health and welfare of horses, as well as containment of infectious diseases, require such a statement.
- Any decision to limit, postpone, or cancel a competition, as well as subsequent decisions to resume competition, will be made in consultation with USEF and CDFA.

5.2 Participants — Your Part

- Do not bring sick horses to DIHP. Horses that have had a fever or clinical signs of illness within the previous seven (7) days should not be brought to DIHP until the issue has been resolved.
- Take your horse's temperature twice daily. If your horse becomes ill while at the Horse Park, immediately notify the show veterinarian and biosecurity officer, as required by USEF.
- The most important thing you can do is isolate sick horses as soon as possible and allow us to provide appropriate care. It is good for the horse and good for all the other horses as well. Horse Park staff are here to assist you.
- While at the Horse Park, practice good hygiene and common-sense biosecurity measures and follow all DIHP biosecurity protocols established to protect the health and welfare of horses on the premises.

Desert International Horse Park
Equine Declaration of Health

As the trainer/owner/agent/competitor, I declare that the horse(s) in this submission are arriving to compete at DIHP and HAVE NOT:

2. Tested positive for EHV-1 within the last 60 days. If they have tested positive within the last 60 days, all horses must have had two subsequent negative EHV-1 tests by an accredited testing facility before arrival at DIHP.

3. Been on a competition grounds with an active or suspected case of EHV-1, EHM, or other infectious disease in the last 30 days.

4. Been on the grounds of, or at a private facility, barn, stable, or veterinary clinic with an active EHV-1 or EHM positive horse or an active or suspected infectious disease in the last 30 days.

5. Been in contact with a horse that has tested positive for EHV-1, EHM, or any infectious disease in the last 90 days.

If any horse(s) fails to meet these criteria, please contact our biosecurity office Dr. David Runk for further guidance at 530-902-0750 or david@deserthorsepark.com

By signing below, I understand that any non-compliance by the trainer, owner, or competitor will result in USEF's notification for violating the DIHP biosecurity protocols, which may result in disciplinary action per USEF rules.

   1. Low Adult Amateur 2'6", Adult Amateur 3' Hunter***, Amateur Owner Hunter 3'3", and Amateur Owner Hunter 3'6":*** Under Saddle to count 20%, ***Classic*** Round to count 40%, and a ***Handy Hunter*** Round to count 40%.
      a. Low Adult Amateur 2'6"and Adult Amateur 3' Hunter: Each horse's phase score will be used to pin both for overall awards and age group awards (18-35, 36-49, and 50+).
      b. Amateur Owner Hunter 3'3" and 3'6": Each horse's phase score will be used to pin both for overall awards and age group awards (18-35 and 36+).

B. To determine the overall and age group winner, scores will be calculated by the total of the combination of all three phases after the percentages of each phase have been calculated.
   1. Under Saddle. To be shown at a walk, trot, and canter both ways of the ring. Horses are to hand gallop one direction, halt***, back three (3) steps, and walk forward***. Light contact with the horse's mouth is required. Judged on performance and soundness. Manners and suitability to be emphasized.

4. Soundness. All horses are required to trot a circle on a loose rein at the end of each over fences performance. Horses may be asked to return to the ring and trot another circle at the judge's discretion.
5. The same amateur exhibitor is required to show an entry in all phases of the Championship.
6. Exhibitors will be eliminated after two cumulative refusals ***per round***.
7. If a horse/rider combination does not complete a phase or is eliminated from that phase, that horse will receive a score of "0" for that phase but may continue on to compete in the remaining phases of the Championship. A horse with a total score of "0" for a phase is not eligible for an award for that phase but is eligible for an overall award.

VI. Judging

A. See GR 1304 for Judging restrictions. There will be a total of three judges for the Amateur Owner 3'3", Amateur Owner 3'6" Hunter sections, Low Adult Amateur 2'6" and Adult Amateur 3' Hunter sections. All judges will be seated separately and provide an independent, numeric score from 0-100 for each entry during each phase. The cumulative of the independent scores will be the entry's score for that phase and will be announced. Prior to each phase, each entry's score in the previous phase(s) will be announced. The total overall score for each entry is announced after they complete the last phase.
    1. All ties will be broken based on the score of the judge that is designated as judge number one for each phase of the Championship. If a tie still exists for the overall standings, the score from the Classic Round ***(all sections)*** will break such a tie.

2026 CPHA STYLE OF RIDING JUMPER CHAMPIONSHIP - SOUTH

ENTRY FEE: $150 — **CLASS NUMBER:** 944

ELIGIBILITY - The CPHA Style of Riding Jumper Championship Class is open to all Jr/Am riders who are current members of the CPHA, and whose trainers are current members of the CPHA. The rider must have competed in at least one CPHA Style of Riding Class during the current show year to qualify for the Championships.

QUALIFYING PERIOD - All CPHA Style of Riding Classes held between December 1, 2024 and November 3, 2025, shall count toward the 2025 Championship.

CONDITIONS AND SPECIFICATIONS - This class is a jumper seat equitation class held in the jumper ring over a course of fences set at 1.00m-1.05m in height with spreads to 1.15m, in a Table II, 2a format.

The course must contain a triple or two double combinations and a Liverpool. The Liverpool may not be used in the combination. The course should be of the type used in a Children/Adult Jumper Classic.

Time allowed will be calculated at 350 meters per minute.

A jumper type horse and conventional jumper equipment will not be penalized and standing and running martingales ARE permitted. Draw reins and German martingales are NOT permitted.

When there is an equality of jumping/time faults then the judge's subjective style of riding score will break the tie. A rider must have no jumping (or time) faults as well as a judge's score of 75 or better to compete in the jump off round.

The time allowed must be carefully monitored for the first three riders that complete the course successfully in the first round and in the jump off and adjusted if the judge or course designer deems necessary.

JUDGING - The class will be judged under a modified Table II, 2a format. At the completion of the first round all riders with clear rounds (no jumping or time faults) AND a total score of 75 or better will come back to complete the jump off/work off shortened course. Two judges sitting together will judge this class. The jump off/work off will be scored in the same manner as the first round, with an emphasis placed on an efficient time saving pace and track. The judge's jump off score of the rider is added to their first-round score and the rider with the highest cumulative score and the least faults is the winner.

Time allowed will be based on a speed of 350m/m, in the Jump off round.

The judges are asked to walk the course when possible and where there are striding options, the judges are asked not to penalize any option that might be used to achieve the best result appropriate to the track taken and the individual horse/rider combination. The judges will evaluate the rider's ability as a show jumping rider, and the manner in which the course was ridden regarding technical merit, judgment, and the execution of an efficient, time saving pace and track in meeting the specific challenges incorporated into the course by the course designer.

The jumping faults and the judge's equitation score will be announced after each round. There is no need to deduct the time and jumping faults from the numerical score. The judge can do that on their card if they wish but it will not be announced. Just the jumping/time faults and the tie breaking judge's score will be announced. The remaining placings for the class (competitors not participating in the jump off), will be determined by the rider with the least number of faults and the highest judge's score. (Basically, scored as a jumper class, but the judge's score instead of the time breaks the tie when there is an equality of faults).

START ORDER - Round 1 will be computer drawn, round 2 (The jump off round for clean rounds) will be from low to high from the Judge's score from the first round. Follow USEF Jumper Schooling Rules.

AWARDS - Ribbons and awards to the top ten. Champion will also receive a keeper trophy.

RESTRICTIONS - USEF Jumper Schooling Rules will be in effect. There is to be no contact between exhibitor and trainer to either judges or course designer prior to or at the conclusion of any round without the specified technical delegate or show steward present.

6th	1/2

Classes that are split using the "California Split" method will determine the number of riders by taking the total number that completed the course and dividing by the number of resulting sections (rounding up if the result is not a whole number).

4. Class Conditions

a. The USEF/NCEA Junior Hunter Seat Medal Final will be a three-phase competition (Over Fences, Flat, and Bracket).

b. Conventional Hunter Seat Equitation style tack is required per EQ106.5a.

c. Phase One-Over Fences: To be shown over a course of at least ten (10) hunter or jumper style fences at 3'3" in height, spread not to exceed fence height. **A buzzer will be sounded to alert the rider that they have 45 seconds remaining until they must jump the first fence.** The course will be limited to a maximum of two combinations, with one combination being an oxer to a vertical. Triple combinations are not permitted. At least two changes of direction are required. Water obstacles and liverpools are not permitted. An open numerical system of scoring must be used for the fences phase. **Two refusals will result in elimination.**

d. Phase Two-Flat: The top 20% or top ten scoring riders, whichever is greater, will return for the flat phase. An open numerical system of scoring must be used for the flat phase. The riders will be asked to perform 2 out of 3 of the following movements: shoulder in, haunches in, or leg yield both directions of the ring. Lateral movements must be performed at the sitting trot. **Riders must compete on the same horse for the over fences phase and flat phase, no exceptions.**

e. Phase Three-Bracket Phase: The top four riders, as determined by the combination of the fences and flat phase (each counting equally), will return for the bracket phase. These four riders will enter the bracket phase on a clean slate and will not carry forward their scores from the previous rounds.

i. **Bracket Formation:** The fourth and first place rider will be paired together to create **Bracket A**. Both riders in Bracket A will ride a horse (both riders ride the same horse) previously mounted by a rider in Bracket B over the Bracket Course. The second and third place rider will be paired together to create **Bracket B**. Both riders in Bracket B will ride a horse (both riders ride the same horse) previously mounted by a rider in Bracket A over the Bracket Course.

ii. **Determination of Bracket Horses:** The horses ridden over the Bracket Course will be determined based on whether either rider in the newly assigned bracket has ridden the horse in the previous 12 months (based on recorded ownership and leases with the Federation). If both available horses have been ridden by either or both of the riders in the assigned bracket, the highest placing horse will be assigned to the bracket. The competition manager will continue to go down the order of placings until a horse is identified that neither rider has ridden in the previous 12 months.

iii. **Tack and Equipment:** Each rider in the bracket phase will be able to use their own stirrups and leathers, however the remainder of the tack and equipment must stay with the assigned horse.

iv. **Bracket Course Order of Go:** Riders will mount their horses and compete over the Bracket Course in reverse order of placing with fourth and third place riders going first and second and first place riders going last.

v. **Bracket Phase Warm-Up:** Each rider will be allowed four minutes to familiarize themselves with their new horse. They will be allowed two minutes under saddle and two minutes to jump a maximum of four jumps: two verticals and two oxers with a maximum of 3' feet in height and spread. Warm-up time to be kept by a designated timekeeper.

vi. **Bracket Course:** The shortened courses will consist of 8 fences from the initial over fences phase, with a maximum of one double combination. The course must be a different route without changing any of the jumps. Fences for the bracket phase will be set at 2'9"-3"0" in height, with height not exceeding spread. All distances may be adjusted accordingly.

vii. **Bracket Judging:** Riders will be judged against the other rider in their bracket (i.e. one rider from each Bracket will compete in the Championship Bracket Phase). If both riders from either bracket do not successfully complete their rounds, there will be no Championship Bracket Phase. Placings for the riders who do not successfully complete the Bracket Course will be based on scores from Phase One.

viii. **Championship Bracket Phase:** The top scoring riders of each bracket will move forward into the championship round to determine a champion and reserve champion rider. Riders will be paired with one of the two remaining horses from the four Bracket riders' horses, that was not ridden in the earlier rounds of the Bracket Phase. Riders will repeat the same warm-up process and course as earlier in the Bracket Phase.

f. **Placings:** Fifth through Tenth place will be awarded based on the total combined score from the over fences and flat phase (each counting equally). **In all cases, ties will be broken by the score from Phase One over fences. Fourth and third place will be determined by the scores of the first course of the Bracket Phase. Second and First place will be based solely on the Championship Bracket Phase scores.**

Example of Bracket Phase:

Round III -

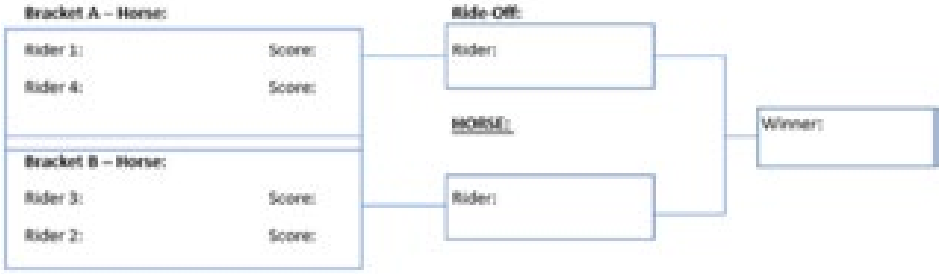

BRACKET A - The First and Fourth place riders will compete over a course of 8 fences riding the horse of the Second or Third place rider. Riders will compete on the same horse.

BRACKET B - The Second and Third place riders will compete over a course of 8 fences riding the horse of the First or Fourth place rider. Riders will compete on the same horse.

Winners from Bracket A & Bracket B will compete for Champion and Reserve on the same horse using a horse of one of the top four riders that they **have not yet ridden.** Fifth place rider's horse will be used as an alternate.

Order of Go:

1. Rider 4 from Bracket A (4th highest score) _____
2. Rider 3 from Bracket B (3rd highest score) _____
3. Rider 1 from Bracket A (highest score) _____
4. Rider 2 from Bracket B (2nd highest score) _____

Q. Qualifying List

2. Should the maximum number of 32 athlete/horse combinations not be met in any section, an athlete may ask to be included in the ZJTC/PJC at the site. The athlete/horse combination must meet minimum and point eligibility requirements and apply to the USHJA representative at the ZJTC/PJC competition 24 hours before the horse inspection. If a team spot is unavailable, the additional athlete/horse combination will compete as an individual.
3. ***In the event of a tie in total qualifying points for the 32nd ranked combination, the tie shall be broken by recognizing the highest number of 1st-place finishes during the qualifying period. If a tie persists, it will be resolved sequentially using the highest number of 2nd-place finishes, then 3rd-place finishes, and so on, until the tie is broken.***
4. ***Acceptance Method: Athlete/horse combination acceptance will be based on the following two-part system:***
    a. ***Part 1: The Equitable Base Qutoa:***
        - ***For Two-Zone Championship Regions: The top sixteen applied/qualified athlete/horse combinations from each Zone will be automatically accepted into the Championship (a total of 32 guaranteed slots).***
        - ***For Three-Zone Championship Regions: The top ten applied/qualified athlete/horse combinations from each Zone will be automatically accepted into the Championship (a total of 30 guaranteed slots).***
    b. ***Part 2: Wild Card Acceptance: Any remaining slots will be filled based on a combined, ranked qualifying list of all remaining applied/qualified athlete/horse combinations across that championship's Zones. Wild Card slots will be accepted in order of their overall ranking until the 32-athlete maximum is reached.***

c. ***If the section's 32-athlete maximum is reached, but there are still applied/qualified Wildcard athlete/horse combinations wishing to compete, those athletes will be notified of a waitlist status. A. From the list of confirmed entries, teams will be constructed using a California Split from the Qualifying List.

B. Each section must run with a minimum of three teams and a maximum of eight teams total.

C. In the event full four-member teams are not available, the Chefs d'Equipe and USHJA representative will determine, by random draw, which teams will be comprised of three members. The rider will remain the DPR for Day Two. Their score from Day One and Day Two will serve as the fourth score for their team. In the spirit of fair play, the DPR gives every team a drop score in each round and levels the playing field for teams with three riders.

For his only course in the desert, Andalusia gave the legendary golf architect Rees Jones expansive wide-open spaces with homes set luxuriously back from the fairways. The result is spellbinding — where the course and amenities enjoy the most dramatic mountain vistas in the desert. It's where you can discover how choosing the right club changes everything.

BOATRIGHT STUDIO

MODERN LUXURY

Tom began to paint through a series of angelic experiences in which he was instructed how to infuse metals into raw oils and resins. Tom has synesthesia, experiencing sound as color. His atelier is a sound chamber of Heaven and Earth, a resonance hall. As he paints, he allows himself to experience the vibration of sound and light, a fluid state of consciousness. Tom grew up working on a quarter horse ranch and fell in love with the power and grace of horses. He captures their beauty in an abstract impressionistic style.
