Introduction

You started down the path of early childhood education because you had a passion for nurturing young minds. As you help young children learn and grow, it's important that you continue to do the same. Whether you're building a team for your own child care program, are considering a career in early childhood or education, or are a current educator, the Michigan Association for the Education of Young Children (AEYC) is here to help ensure you have the resources and support you need.

Michigan AEYC is dedicated to the promotion of high-quality early learning for children birth through age 8 by connecting practice, policy and research. Our goals are to advance a diverse, dynamic early childhood profession and support all who care for, educate, and work on behalf of young children.

We accomplish this through our commitment to advocating for policies, practices, and systems that promote inclusion, foster collaborative relationships, reflect diverse perspectives, uphold excellence, and drive innovation, and to act with openness and clarity.

This booklet provides a high-level overview of Michigan AEYC programs and support available to you. There are resources for everyone - early childhood educators, prospects, employers, high school students and more.

Michigan AEYC is excited to share the CARES Benefit Categories: A Fresh Commitment to Empowering You. At Michigan AEYC and NAEYC, our members have always been at the heart of our mission. You are the foundation of our purpose, our programs, and our impact. That's why we're thrilled to share the new CARES benefit categories, an exciting step forward in how we support, connect, and empower early childhood professionals across Michigan.

CARES, which stands for Community, Advocacy, Resources, Events, and Support, represents a refreshed and intentional approach to membership benefits. It reflects our ongoing commitment to helping you thrive, both personally and professionally.

Whether you're in a classroom, leading a program, studying the field, or influencing policy our new membership structure offers meaningful value for all in the ECE field.

Here's what CARES brings to your Michigan AEYC and NAEYC membership:

- **Community:** Build meaningful relationships within a vibrant network of educators, advocates, and leaders who understand your passion and share your vision for children and families.
- **Advocacy:** Gain access to the tools and platforms needed to raise your voice and influence positive change for the early childhood education field at the local, state, and national levels.
- **Resources:** Stay informed and inspired with access to high-quality, research-based tools, publications, and professional development opportunities tailored to your needs.
- **Events:** Participate in enriching experiences from state to national conferences and training sessions that foster growth, connection, and collaboration at every stage of your career.
- **Support:** Whether it's career guidance, wellness tools, or peer mentoring, CARES ensures you have the support system you need to navigate your journey with confidence.

This updated benefits framework is more than a structural change, it's a renewed promise to you. CARES is designed to reflect what matters most to our members, ensuring you're equipped, uplifted, and empowered to do your best work with and for children.

As we embrace this new chapter, we remain grounded in our shared purpose: to support those who shape the future, one child at a time. Together, through CARES, we are building a stronger, more resilient early childhood community.

We're excited for what's ahead and even more excited to experience it with you.

Award and Grant Opportunities

Michigan Association for the Education of Young Children

Explore Michigan AEYC Award and Grant Opportunities-recognizing excellence and supporting early childhood professional growth.

The purpose of this award shall be to recognize and honor the life-long commitment of Betty Garlick, the first Michigan AEYC president, to children and families. Betty Garlick was a pioneer in the field of early childhood education. She was a teacher of children, an advocate on behalf of children and families, an author and editor, an environmentalist, a consultant, an innovative programmer and an evaluator. The breadth and depth of these contributions should serve as a guide in selecting future recipients.

Recipients of this award should have devoted a large part of their lives to working on behalf of Michigan's children and families, and be at the end of their career or within a year of retirement. Further, individuals considered for this award shall have made exceptional contributions to the early childhood profession, locally and statewide. They will also have been involved in professional activities beyond their paid position. These may include (but are not limited to): legislation, research, publication, and leadership in professional organizations.

DEBBIE ANTONE MEMORIAL FUND GRANT

An Affiliate of naeyc

The Debbie Antone Memorial Fund was established to honor the work and passion of a beloved Michigan AEYC staff member and early childhood advocate who lost her battle to COVID-19. Throughout her life, Debbie was passionate about the critical importance of supporting family child care providers. Her commitment to excellence in her own family child care program, her work as a Michigan 4C Association staff member and as a TEACH Counselor for Michigan AEYC were also inspirations. Through the Debbie Antone Memorial Fund, Michigan AEYC continues her legacy by providing recognition, encouragement and support for Michigan Early Childhood Educators in licensed home-based programs.

The Debbie Antone Memorial Fund provides grants selected from proposals submitted by Early Childhood Educators in a licensed family or group home child care program in Michigan.

Jacquelyn H. Miller Endowment

The Jacquelyn H. Miller Endowment is a fund established in memory of a past president of Michigan AEYC, and founder of The Discovery Center in Ann Arbor, Michigan. Throughout her professional life, Jacki was an advocate for children and for the people who care for them. Her commitment to excellence, in her own child care center, as well as through her leadership of Michigan AEYC, was and continues to be an inspiration to many.

Through the endowment, Michigan AEYC provides recognition and encouragement for excellence and innovation in early childhood education. Each year, the Michigan AEYC Governing Board will distribute funds generated from endowment income based on the recommendation of its standing committee on Awards.

#1

The Michigan AEYC Mentor Teacher Credential Pilot prepares experienced early childhood professionals to intentionally guide and support the growth of other educators. The credential connects strong early childhood practice with the skills needed to mentor, coach, and support others.

#2

Participants complete a 30-hour, seven-module learning experience focused on the “why” behind effective practice, adult learning, relationship-building, communication, assessment, feedback, problem-solving, and reflective mentoring. Learning is reinforced through guided reflection, knowledge checks, and individual coaching conversations.

#3

The credential is designed to help experienced educators move beyond simply showing others what to do. Participants develop the skills to encourage reflection, build apprentice confidence and independence, support thoughtful decision-making, and foster continuous professional growth.

This project is funded by a grant awarded by the Michigan Department of Lifelong Education, Advancement, and Potential and Gogebic-Ontonagon Intermediate School District under section 32v of P.A. 103 of 2023.

Early Foundations Program

Michigan Association for the Education of Young Children

New staff and staff who are new to teaching positions will gain practical skills to help them feel confident and supported in the classroom, even before earning a CDA or degree. Busy Program Administrators enrolling new staff in the Early Foundations Program can reduce the time needed for in-classroom onboarding while helping new educators build a strong foundation in developmentally appropriate practice and classroom management.

Participants must meet all of the following eligibility requirements:

- Currently work in a teaching position in a licensed child care program or be a licensed family or group home provider
- Have been in their current teaching position for less than two years
- Do not currently hold a CDA or degree in early childhood education/child development

An Affiliate of **naeyc**

Participants will complete a 4-month training and support cycle.

This course includes:

- 2 hours of on-demand training per month covering topics including Developmentally Appropriate Practice, building relationships with families, positive guidance, observation and assessment, and more.
- Monthly virtual group coaching provides opportunities to learn, reflect, and connect with other participants.
- Monthly virtual individual coaching provides personalized support. Participants schedule their individual coaching sessions at times that work for them.
- Participants receive 12 hours of MiRegistry training credit upon completion.
- All participants receive a welcome gift.

About the Standards

The Michigan Professional Standards and Competencies for Early Childhood Educators outline what all professionals working with children from birth through age eight need to know and be able to do, in any early learning setting. These standards reflect the nationally recognized Power to the Profession initiative and build a stronger foundation for the preparation, support, and growth of early childhood educators.

Key Benefits of the Standards

- **Consistency Across Systems** – Aligning with national standards ensures Michigan's educators are prepared and recognized across the country.
- **Mobility and Recognition** – Educators moving between state and national frameworks will experience smoother transitions, with their competencies recognized and valued across settings.
- **Stronger Educational Programs** – This alignment helps ensure ECE programs meet both state and national standards, improving the quality and relevance of professional development and higher education offerings.
- **Elevating the Profession** – Reinforces Michigan's commitment to a skilled, respected, and unified early childhood workforce.

The Michigan Professional Standards and Competencies for Early Childhood Educators (MiPSC) were developed through the collaborative efforts of the following partners:
