Foreword

Booster clubs and parent organizations are established to promote school programs or complement student groups or activities. Support comes in many forms and may be as simple as providing refreshments for a particular event or it may be as complex as raising money for an out-of-state competition.

Booster clubs are complimentary to the school district and play a vital role in supporting students in achieving excellence in their activities. Belton ISD sincerely appreciates the countless hours, tireless efforts, and financial support from all our booster clubs and parent organizations. These organizations are critical partners in providing exceptional learning experiences for each and every student in the district.

These guidelines are designed to provide organizational and financial guidance for parent organizations and booster clubs. It not only guides the organizations in meeting district, state, and federal requirements, but also provides suggestions for improving the organization's day-to-day activities.

While booster clubs and parent organizations are independent tax-exempt entities, their invaluable work is closely linked to the district's operations and our shared standing in the community. To ensure we are all moving in the same direction, Belton ISD maintains a supportive oversight role; this includes collaborating on the formation of new groups and, if necessary, addressing the rare need for dissolution to protect the best interests of our students and schools.

To ensure school activities align with district policies and standards, organizations are encouraged to support student groups by collaborating closely with the campus principal. While we value your suggestions and input, please note that all final decisions regarding activities and travel are made by the principal or district administration.

01

Introduction

03

Volunteer Requirements & Expectations

Belton ISD encourages family and community members to volunteer in our schools. To ensure student safety, all volunteers must complete a registration form and pass a criminal background check before serving at any district campus or event. This clearance is also required for one-time guests, vendors, speakers, and chaperones who may be unaccompanied by a district staff member.

Clearance Process

- **Register:** Through the Engage & Empower Volunteer and Partnership System.
- **Background Check:** All individuals must pass a criminal background check. Allow up to one week for the registration to be processed. A confirmation email will be sent to the registering volunteer.
- **Annual Renewal:** A new registration must be submitted each school year.

- **Check In at Front Office:** All visitors and volunteers must report to the front office and sign in through the Raptor system to receive a badge upon campus arrival.
- **Wear Badge:** The Raptor badge must be always worn while on campus.
- Volunteers are expected to work under the direction of school staff.

Student Safety

Student Confidentiality

- All student information is to remain confidential and may not be shared.
- While students may share personal details with you in trust, confidentiality has legal limits. You must immediately report to the campus principal if a student confides that they are:
 - experiencing sexual, emotional, chemical, or physical abuse
 - considering suicide or harm to others
 - involved in illegal activity.
- Document the information that was reported and to whom it was given.
- Family Educational Rights & Privacy Act (FERPA) protects the privacy of student records. A student record is any document that contains information directly related to a student (i.e. discipline reports, attendance records, test scores, grades, transcripts).
- All communication with parents should be handled by the appropriate teacher or campus administrator.

04

Governance & Financial Responsibilities

Officer Requirements and Restrictions

A Booster Club or Parent Organization must have a President, Treasurer, and Secretary to operate. Each role must be filled by a different active member to ensure proper financial oversight. Additionally:

- **Family Restrictions:** Spouses or family members cannot serve as President and Treasurer at the same time.
- **Employee Restrictions:** While District employees may join the board, they cannot serve as Treasurer or have any authority over the organization's bank accounts and financial records.
- **Substitutes:** Substitutes are not restricted by this policy as they do not hold permanent employment positions.

Annual Budget

The organization's bylaws must stipulate the creation and approval of an annual budget by its membership. This is typically done in late spring or early fall for the upcoming school year. The budget should be submitted to the district club sponsor/teacher to be reviewed by the campus principal for reasonableness. Changes to the budget during the year should be approved by membership and forwarded to the campus principal for review.

Actual receipts and disbursements should be periodically compared to the budget.

The Treasurer is required to provide a monthly written financial report which should include the bank account balance and the receipt & disbursement activity since the last meeting. The financial report should also include a comparison of budgeted versus actual receipts and expenditures.

Meeting Minutes

All business addressed during the meetings should be approved and reflected in the meeting minutes to provide documentation of the membership directives.

Corporation Reporting

Every four years (or upon request), the Secretary of State requires nonprofits to submit an updated informational report. This is a legal requirement for all corporations, even those with tax-exempt status. Organizations are required to provide the names and addresses of their current officers, as well as the registered agent and office (principal/sponsor and school address are recommended). Failure to file will result in termination of the corporation.

Documentation of Financial Records

To ensure the accuracy and integrity of financial records, organizations are strongly encouraged to utilize computerized accounting software. Leadership should select a system that is user-friendly, simplifies the transfer of records to future treasurers, and offers long-term sustainability to support the organization's evolving needs.

For organizations seeking standardized business form templates, the district's [Business Services webpage](#) offers various downloadable forms. These resources can be adapted to the organization's needs to assist in maintaining adequate documentation.

Financial Reporting

To maintain transparency and accountability, the organization must adhere to the following reporting standards:

- **Membership reporting:** At a minimum, the general membership must be provided with a financial report comparing budgeted versus actual revenues and expenditures at all meetings.
- **Executive oversight:** Monthly financial packets—including the financial report, bank reconciliations, and original bank statements must be submitted to the President and/or other designated officers for thorough review. This process ensures that the executive board maintains active internal controls and oversight of the organization's funds.
- **Cash receipts and disbursement:** reports should be available for review when needed.
- **Financial reports:** Parent organizations and booster clubs are required to submit an annual financial report to the principal and Chief Financial Officer by October 1st each year. The financial report is for informational purposes only and is not audited by the district.

05

Fundraising

Fundraising is an investment in the entire student group. To protect tax-exempt status and comply with IRS regulations and District Policy GE(Local), organizations are to fundraise under the principle of collective benefit for everyone. All fundraising activities must adhere to the following guidelines:

Collective Benefit

Every dollar raised is a resource for the entire group, not individual students.

No Individual Accounts

The IRS strictly prohibits individual fundraising accounts. Group benefits cannot be based on individual money raised or event participation.

Voluntary Participation

Joining a fundraiser is completely optional. A student or parents' decision or inability to raise funds should not affect their opportunity to benefit from the fundraiser's proceeds.

All proceeds must be deposited into a single group account where every member has an equal opportunity to benefit. If your club is currently using individual accounts to track student credits, please discontinue this practice immediately.

Fundraising Request Application

In accordance with board policy GE(Local), all fundraising, promotional events, and charitable solicitations must be reviewed and approved by the campus principal or appropriate Director (i.e. Athletic, Fine Arts) three weeks prior to commencement.

The Fundraising Activity Application helps the district coordinate resources (custodial, maintenance, and facility availability) and prevents scheduling conflicts. Its purpose is limited to fundraising approval; the district does not monitor or audit the internal or external finances of participating organizations.

Organizations should coordinate with the program's teacher, coach or sponsor to complete the Fundraising Activity Application. It must be submitted to the principal or director for formal approval.

The following information is required for the fundraising activity application:

- Club Name
- Campus Represented
- Club Email
- Start and End Date of Sale or Fundraising Activity
- Description of the fundraising activity and products sold
- Estimated Earnings of fundraiser.

This application is utilized for both district activity funds and outside organizations (Booster/PTO). While activity fund clubs must provide additional documentation as outlined in the Fundraiser Quick Reference Guide, parent groups only need to complete the information stated above.

For further guidance, please visit the Parent Organization and Booster Club webpage.

06

Smart Snacks & Competitive Food Sales

To promote student wellness, all foods and beverages sold on campus during the school day must meet nutritional standards set by the U.S. Department of Agriculture and the U.S. Department of Education. Commonly referred to as "Competitive Foods" because they are sold alongside the National School Lunch Program, these items must fully comply with federal requirements, the Belton ISD Wellness Plan, and board policy FFA(Local).

Definition of the "School Day"

Smart Snack standards apply from midnight before the school day begins until 30 minutes after the school day ends.

Types of Transactions

Competitive food standards apply to any exchange of value, including:

- Direct payments (cash or credit cards)
- Indirect payments (tokens or tickets)
- Items offered for suggested donations

Covered sales

The following food and beverage sales must comply with these standards

- a la carte items sold in the cafeteria
- school stores
- snack bars
- vending machines
- food and beverages sold during fundraisers
- giving away food for suggested donations
- concession stand food and beverages sold during the school day

Exemptions & Non-Competitive Items

The following scenarios are not subject to competitive food standards:

- **Off-Campus Events:** Food provided when students travel for competitions (provided the location does not operate a school lunch program and/or have Wellness Policy limiting these foods).
- **Future Consumption:** Bulk items not intended to be eaten at school (e.g., frozen cookie dough, FFA meat sales).
- **After Hours:** Sales that occur more than 30 minutes after the school day ends.

Local Belton ISD Policy & Special Occasions

The Belton ISD board policy FFA(Local) and Wellness Plan establishes local guidelines on foods and beverages made available to students. According to the plan, foods and beverages given away or otherwise made available to students must meet the Smart Snacks standards except for the following:

- **Campus Celebrations:** Each campus may host up to nine (9) days of celebrations per year where food does not meet Smart Snack standards. These events must be approved by the principal and occur after the scheduled lunch period.
- **Exempt Fundraisers:** Each campus is permitted six (6) exempt fundraiser days per school year. However, exempt items cannot be sold in the food service area while school meals are being served.

Why Compliance Matters

Revenue from the National School Breakfast and Lunch programs is essential to the district's school nutrition services. Competitive sales that do not align with these standards can divert vital funding away from the School Nutrition Program.

Resources & Contact Information

- Refer to Appendix A "Smart Snacks One-Pager for additional fundraiser and nutritional standards information.
- Detailed information can also be found on the Texas Department of Agriculture Square Meals website which contains Section 22, Competitive Foods of the Administrator's Reference Manual (ARM).
- Reach out to Chris Teager, Director of School Nutrition at 215-2190.

07

Raffles & Bingo

Raffles

The school district is prohibited by Texas law from sponsoring or conducting any raffle or bingo game for the purpose of raising money. A raffle is any activity that involves awarding a prize (anything of value) to one or more people who have purchased a ticket. The Charitable Raffle Enabling Act (CREA) allows organizations that support schools to conduct raffles under certain conditions. If holding a raffle is considered, check the statutes to be sure that you qualify.

In accordance with the Charitable Raffle Enabling Act, It is important to follow the following rules:

- **Qualified Organization:** must be a 501(c)(3) non-profit organization that has been in existence in Texas for at least 3 preceding years (Note: If your club is newer than three years, it cannot legally hold a raffle).
- **Frequency and Limitation:** maximum 4 raffles per calendar year and cannot hold multiple raffles at the same time.
- **Illegal Raffles:** 50/50 raffles (where winner takes half the pot) is illegal.
- **Prize Restrictions:**
 - No cash prizes or gift cards easily converted to cash (Visa, American Express)
 - Store specific gift cards are generally acceptable
 - If club purchases the prize, it cannot exceed \$75,000 in value.
 - If the prize is donated, there is no value limit
 - The prize must physically be in the club's possession (or own the title) before the first ticket is sold.

- **Ticket Requirements:** raffle tickets must have the following printed on it:
 - Name of the booster club
 - Address of the club
 - Ticket price
 - General description of every prize valued over \$10
 - Date prize will be awarded
- **Advertising & Sales:** no online sales. You cannot sell raffle tickets on a website or through apps like Venmo/PayPal. Tickets must be sold in person or through physical mail. Paid advertising on TV, radio or newspapers is prohibited. Promotion of the raffle may be accomplished on the organization's website, newsletter or social media may be used.
- **District Approval:** clubs are required to complete the Fundraising Activity Application prior to holding a raffle.

Bingo

It is important to note that the Charitable Bingo Enabling Act is significantly more restrictive than the laws governing raffles. Under Texas law, most parent organizations and booster clubs do not qualify to conduct bingo games for fundraising purposes.

In Texas, a bingo license can only be issued to specific types of organizations: Churches, fraternal and veterans' organizations, volunteer fire departments, and non-profit medical organizations.

Organizations should carefully review all applicable regulations before considering bingo-related activities. Conducting an unlicensed bingo game can result in significant legal penalties.

For detailed rules, including a copy of the Bingo Enabling Act, the Charitable Bingo Administrative Rules, and the Bingo Operations Manual, please visit the official website at www.txbingo.org or contact the state regulatory offices for current licensing requirements.

08

Donation Collection & Tax-Exempt Guidelines

Understanding your organization's tax status is critical when soliciting donations. A donor's ability to claim a tax deduction depends entirely on your IRS standing—not your affiliation with the school.

- **Non-501(c)(3) Organizations:** If your club is not a registered 501(c)(3) non-profit – contributions or donations are not tax-deductible. You are legally required to inform individuals or businesses of this fact at the time of solicitation.
- **501(c)(3) Organizations:** Clubs with an official IRS Determination Letter may accept tax-deductible contributions under IRS Regulation 170.

Important Note

Even though funds ultimately benefit student groups, the gift is legally made to the Parent Organization/Booster Club, not to the school or the school district.

Written Acknowledgments (Receipts)

Receipts are required for contributions of \$250 or more. 501(c)(3) organizations are required to provide the donor with a written acknowledgment. This document must include your organization's Employer Identification Number (EIN) and the following details:

- **Organization Name:** as registered with the IRS.
- **Cash Amount:** total amount of any monetary contribution.
- **Non-Cash Description:** description of any donated items.
 - Note: Do not assign a dollar value to non-cash items. It is the donor's responsibility to determine the value for their tax records.
- **Goods & Services Statement:** If no goods or services were provided in exchange for the gift, state: "No goods or services were provided by our organization in return for this contribution."
 - If the donor received something in return (dinner or a gift), provide a description and a good-faith estimate of the value of those goods.

Sample Acknowledgement of Donations

Below is a simple donor receipt template to provide to your donors:

*Thank you for your contribution of **[Amount or Description of Item]** to the **[Club Name]** received on **[Date]**.*

*Tax Information: **[Club Name]** is a 501(c)(3) non-profit organization (EIN: **XX-XXXXXXX**).*

- 1. No goods or services were provided in exchange for this contribution.*
- 2. In exchange for this contribution, the donor received **[Description of Goods]** with an estimated fair market value of **\$(Amount)**.*

Donations to Campus or District

Parent Organizations and Booster Clubs generally support their campus, specific student groups or the district through one of the following two financial methods:

- **Direct Donation (Recommended Method):** Under this model, the organization deposits raised funds into its own bank account and subsequently issues a check to the campus.

This is the recommended IRS method. It creates a transparent audit trail for the donation and reduces the accounting burden on the donating organization. Once gifted, the campus/district assumes all accounting, safeguarding and disbursement duties.

- **Direct Vendor Payment:** Funds are deposited into the organization's bank account, and checks are issued directly to vendors for expenses that align with the organization's mission. The organization maintains full responsibility for all accounting and safeguarding of funds.

Donation Documentation and Approval

To document any monetary or non-monetary donation, the campus or district representative must complete the Donation Recognition Form and obtain approval from their principal or director.

- **Deposits:** All cash donations must be deposited immediately into the designated activity account.
- **CFO Review:** Every completed form must be submitted to the Chief Financial Officer (CFO) for final review.
- **Restricted Gifts:** Donations should ideally be unrestricted. Any specific donor restrictions must be detailed on the form and are subject to final approval by the CFO.
- **Value of Donation:** Any donation, whether monetary or non-monetary, valued at \$1,000 or more requires formal approval from the Board of Trustees.

Once all required signatures are finalized, the completed form will be returned to the originating campus to be filed with permanent activity fund records.

Gifts & Solicitations

In accordance with District Policy DBD(Local), school district staff shall not accept or solicit any gift, favor, service, or other benefit that could reasonably be construed to influence the employee's discharge of assigned duties and responsibilities. Students are also discouraged from accepting gifts of value. Students engaged in UIL activities shall not accept gifts except as provided by UIL Constitution and Contest Rules.

In accordance with CDC(Local), once accepted, gifts to the district become the sole property of the district and the following will be considered before accepting any gifts:

1. Has a purpose consistent with the district's educational goals, and objectives;
2. Places restrictions on a campus or district program.
3. Supports a program that the Board may be unable or unwilling to continue when the donation of funds is exhausted.
4. Results in ancillary or ongoing costs for the district.
5. Requires employment of additional personnel.
6. Requires or implies the endorsement of a specific business or product [see GKB(Local) for advertising opportunities];
7. Creates inequitable funding, equipment, or resources among district schools or programs.
8. Obligates the district or a campus to engage in specific actions; or
9. Affects the physical structure of a building or requires extensive maintenance.

09

Scholarships

Scholarship programs are one of the most rewarding ways a parent organization can support its students. However, because these programs involve awarding non-profit funds to individuals, the IRS views them through a lens of strict scrutiny. To protect your tax-exempt status and ensure every student has a fair advantage, the scholarship process must be built on a foundation of transparency and objective merit.

Every scholarship begins with your organization's mission. To stay compliant, the program must align directly with the purpose stated in your bylaws. When identifying potential applicants, the pool must be broad enough to qualify as a "charitable class"—ensuring the opportunity is open to the community rather than a small, exclusive group.

We understand that our most dedicated volunteers often have students of their own. While family members of board members, selection committee participants, and major contributors are eligible to apply, these situations demand the utmost integrity and objectivity. The organization must go above and beyond to ensure that personal relationships never influence the final award.

The key to a successful scholarship program is consistency. The eligibility criteria should be clearly stated in your bylaws and remain consistent from year to year. Most importantly, scholarships must never require students or parents to join the booster club or parent organization or participate in fundraising to be eligible for scholarships. Nor should they reward the most active members or those that have the highest fundraising record.

The organizations' bylaws should also specify the amount and number of scholarships to be awarded. As a best practice, the total scholarship payout should represent no more than 10% to 15% of the total annual operating budget.

To maintain the highest ethical standards, the selection process must be rooted in total objectivity and transparency. To eliminate even the slightest appearance of favoritism, organizations are required to form an independent selection committee.

This committee serves as an independent third party and should be comprised of neutral members who possess no personal stake, family ties, or influential leadership role within your organization. By utilizing individuals who are independent of the applicant pool and the board, you ensure that every scholarship is awarded based on merit rather than proximity to the organization.

To further protect the integrity of the selection process, the committee must perform a "Blind Review." All student names and identifying details are removed from the applications before they reach the committee. This ensures that every recipient is chosen solely on their merits, free from unconscious bias.

The final step is ensuring the funds are used exactly as intended: **for education**. To maintain this accountability, scholarship checks are never issued to the student or their family. Instead, the check is cut directly to the student's chosen educational institution. This professional hand-off ensures the scholarship reaches the registrar's office and directly supports the students' higher education.

10

Financial Management

Internal Controls

To safeguard the booster club's financial well-being and protect its members from liability, it is essential to implement rigorous internal controls. The following guidelines outline the practices necessary to prevent financial loss due to negligence, errors, or misappropriation.

Bank Accounts

Organizations are required to establish a checking account with the organization's EIN number at a bank. A person's social security number or the District's EIN number cannot be used to set up a bank account. Accounts should be established with at least three individuals on the signature card. Checks and EFTs must require the signature or authorization of two board officers. Each check must be supported by all supporting receipts and/or documentation which will be part of the monthly reconciliation and annual review of financial records.

It is highly recommended to have a designated member without signature authority to review the bank statement and its contents for reasonableness and compliance with Treasurer reports, the budget, and the ongoing business of the organization. Pay special attention to outstanding or reconciling items. Cancelled checks or imaged copies of checks should be reviewed to ensure the payee is consistent with the payee identified on the check register and endorsement on the check are reasonable. This member should sign off on the completed bank reconciliation.

Bank statements should be reconciled within 30 days of the date of the statement to ensure that possible inaccurate transactions are identified and communicated to the bank for correction.

Cash & Receipts

All cash collections, including program dues, fundraising proceeds, concession sales and event revenue must be deposited immediately upon receipt. To minimize risk, deposits should be made daily and are mandatory whenever on-hand receipts exceed \$300. To ensure no funds are left vulnerable, all money must be deposited before the start of any weekend or holiday. While awaiting deposit, cash must be adequately safeguarded and stored in a locked safe; the use of bank night deposit drops is highly recommended to deposit funds as quickly as possible.

To maintain a transparent audit trail, every deposit must be accompanied by detailed records documenting the source and exact amount of funds, such as copies of cash receipts, cash receipt logs, ticket sales records, or tabulation of monies collected forms. These documents must be kept readily available for future financial reviews. Furthermore, cash transfers are subject to the same oversight as checks or EFTs, requiring formal authorization from two club officers.

Under no circumstances should organization funds be kept at a member's residence. Officers and volunteers should make every effort to balance collections on the day of an event, prepare the necessary documentation, and utilize a bank night deposit drop for immediate safekeeping.

Disbursements

All disbursements via check or electronic fund transfer (EFT) should receive prior authorization from the executive board. To ensure a system of checks and balances, every payment requires two authorized signatures or dual-level authentication. Disbursements should be processed and completely documented; this includes maintaining original receipts, invoices, quotes, and packing slips, all of which must be archived for future financial reviews.

Furthermore, organizations should not allow the issuance of blank checks to any individual, regardless of their role. Reimbursements to members or officers should only be granted upon the submission of an official receipt or invoice. Direct disbursements to district employees are not permitted.

Petty Cash

Each organization may maintain a small petty cash account. Strict controls must be maintained by keeping petty cash in a locked box accessible by only the treasurer and one other officer. Control of the petty cash account by a district employee is not allowed. The petty cash funds should be used for emergency purchases only. All other purchases should be made with a check.

Upon disbursement through the petty cash account, a receipt for the purchase should be retained. At any given time, the amount of petty cash remaining and the aggregate total of receipts on hand should equal the amount of the established petty cash account.

Individual Gifts to Students

No gifts or purchases that individually benefit students shall be made outside of UIL guidelines.

When establishing program costs and setting fundraisers, organizations should be cognizant of the financial effects on students and families. Reasonable efforts should be made to ensure that all individuals are able to participate in activities. Tax-exempt organizations must benefit a group instead of benefiting individual members of a group. As such, organizations should not be a collection agent for the campus teacher/sponsor in the form of fees. All members of the student group are to be treated equally and receive the same opportunity to benefit from the organization's activities. Therefore, one student cannot receive greater benefit than another.

The IRS has indicated that a group or club may establish criteria that could be used to determine if a student is in financial need. If the criteria are met, the group or club could provide a greater benefit to a particular student. The criteria should be established in writing prior to a particular situation arising. In addition, the criteria should be used consistently for all people, and the criteria should not change every year.

Membership Dues

Organizations may charge dues to their members (parents and teachers); however, parents and teachers do not have to be members for their children or students to receive benefits from the organization's activities. Membership dues are separate from the expenses incurred by a student for an activity (i.e., trip expenses). The annual dues amount should be set and approved by the organization's Board.

Payment for Work Performance

Organizations shall not directly employ, contract, supplement or in any way compensate district staff for work performed, except for one-time temporary workers who are not current employees.

Organizations holding events at district facilities may be charged for district employees who must work because of the event. This expense will be included in facilities use charges.

1099 Requirements

Internal Revenue Service guidelines require that all payments for services more than \$600 made to an individual by a booster organization be reported on a form 1099 on an annual basis. The organization should secure an IRS W-9 form from the worker/provider at the time of service to ensure that the organization has an accurate record of the taxpayer identification number. The organization must then issue a form 1099 to all qualifying vendors performed in the calendar year by January 31st. The Internal Revenue Service website should be accessed for appropriate 1099 reporting requirements and forms.

Record Keeping

Organizations should establish a record file that is passed on to new officers (i.e. secretary, treasurer). The records should be turned over to the incoming officers within 30 days of election. Records should be kept for a period of 10 years for audit purposes. Permanent records should be kept indefinitely, and non-permanent records for a minimum of 5 years.

Permanent Records

- Certificate of Formation (Articles of Incorporation)
- Bylaws, Charters
- Minutes from meetings
- Sales tax permit and application for permit
- Certificate of Formation of Nonprofit Corporation from the State of Texas
- State sales tax exemption notification

Formation of Parent Organizations or Booster Clubs

Parents may form organizations to help raise money to enhance a school, program or student group. Optimal efficacy requires strong commitment from the members, so great consideration should be taken before forming a parent organization or booster club.

1. **Elementary schools** - may form a Parent-Teacher Organization (PTO) or establish a school chapter of the Parent-Teacher Association (PTA) to support all students enrolled in the school.
2. **Secondary schools** - may form Booster Clubs, a Parent-Teacher Organization (PTO), a Parent Teacher Association (PTA), a Parent-Teacher-Student Organization (PTSO), or a Parent-Teacher-Student-Association (PTSA).

Parents interested in forming a PO/Booster Club should discuss the pros, cons and responsibilities of having a PO/Booster Club amongst each other and with the campus principal. Consider the following questions:

1. Will a PO/Booster Club add specific value to the school or student group?
2. Are there enough parent volunteers willing to commit time and resources to sustain a PO/Booster Club into the future?
3. Are parents willing to obtain necessary training to follow all BISD, UIL, state, and federal regulations? (This includes submitting required accounting data [including annual tax filings] information to the Texas Comptroller's Office and the IRS.)
4. Have parents read the BISD Parent Organization Booster Club Guidelines to understand the commitment required to maintain a PO/Booster Club?
5. Have parents researched PO/Booster Clubs in operation to understand the scope of the responsibility of operating an IRS tax exempt organization?
6. Have parents conferred with the campus principal/sponsor to obtain support for the formation of a PO/Booster Club?
7. Do you want to form a PTA or an independent parent organization/booster club referenced in the guidelines? *PTAs are chapters of a national organization, and their formation is outlined by the national PTA.*

How to Become a Tax-Exempt Organization

Complete a Parent Organization and Booster Club Information Form to form a Parent Organization or Booster Club, submit a copy of the form to the Chief Financial Officer, and complete the following steps to establish the organization: *(If you are forming a PTA, please contact the state level PTA office www.txpta.org)*

Establish a Steering Committee to set up the organization. Members of the steering committee are not PO/Booster Club officers until they are elected at a general membership meeting. *Refer to Appendix B for additional information on steering committees.*

Determine official mailing address of the PO/Booster Club. A post office box or private mailing box is recommended to avoid frequent changes. The address and box keys are easily passed to newly elected officers. Address changes must be reported to BISD, Texas Secretary of State, Texas Comptroller's Office, IRS and the organization's financial institution.

The school's address may be used as the PO/Booster Club's official address; however, the PO/Booster Club may not receive mail timely when the school is closed (i.e., summer vacation and holidays).

Draft and approve the PO/Booster Club bylaws. The Steering Committee must approve the bylaws to allow the group to proceed with applying for incorporation with the State and applying for tax exemption with the IRS.

All Booster Clubs formed to support extracurricular activity (athletic, academic, music, cheerleading) must have bylaws that address all the topics listed in the UIL Guidelines. Bylaws must address:

- organizational structure
- method to elect officers
- maximum consecutive term of officers
- rules of membership
- frequency, publication and rules of conducting meetings
- organization's fiscal year
- that no officer can hold multiple office positions at the same time
- that any employees of the district shall not serve in a financial capacity of any kind
- dissolution of the organization.

Refer to Appendix C for additional information and an example draft of bylaws.

File for incorporation with the Texas Secretary of State. Complete Form 202 (Certificate of Formation for a Nonprofit Corporation) and submit it to the Texas Secretary of State. Read the Nonprofit Organizations FAQs for forming a nonprofit tax-exempt corporation in Texas.

Hold a membership drive and inform parents of PO/Booster Club meetings. The general membership should approve the establishment of the PO/Booster Club, approve the organization's bylaws and elect officers at the first meeting.

- Only active members in good standing are permitted to hold office or vote.
- No officer shall be permitted to hold more than one office at the same time.
- District staff may not hold an officer position that has financial capacity.
- At a minimum, the organization must elect the following officers: president, vice-president, secretary and treasurer.

Refer to Appendix D for additional information on the role of officers.

Apply for an Employer Identification Number (EIN) with the IRS. Go to irs.gov for EIN application instructions. The EIN can be requested prior to the first membership meeting to open the PO/Booster Club bank account.

Open a bank account using EIN. If the bank account is opened prior to the election of officers, the Steering Committee members may be signers on the account. *At least two authorized signers are required on the bank account.*

PTOs, PTAs, PTSOs and PTSAs Apply for an exemption from Texas sales tax, hotel occupancy tax and franchise tax. Complete Form AP-207, Texas Application for Exemption-Educational Organization.

PTOs, PTSOs, PTAs and PTSAs are not covered by the district's exempt status. But they can apply to the Texas Comptroller for their own state tax exemption. These organizations are eligible for sales and franchise tax exemptions. Once approved, the organization will receive a letter or email notification, with links to print the exemption certificate Form 01-339, Texas Sales and Use Tax Resale Certificate, to present to vendors to buy tax-free goods and services that further the organization's exempt purpose.

Booster Clubs Apply for an exemption from Texas sales tax, hotel occupancy tax and franchise tax. Booster Clubs cannot apply for state exemptions until a 501(c)(3) exemption is obtained from the IRS.

A booster club with a 501(c)(3) federal exemption should complete Form AP-204, Texas Application for Exemption – Federal and All Others

Apply for a Sales Tax Permit (*if required*) using the Texas Comptroller's Office Sales Tax Permit Application process. If the PO/Booster Club will not be selling any taxable items or services, the organization does not need to obtain a Texas Sales Tax Permit.

Apply for federal tax exemption as a public 501(c)(3) organization with the IRS – by visiting the application for recognition of exemption webpage at IRS.Gov.

Use Form 1023-EZ – if:

- Annual gross receipts will not exceed \$50,000 in any of the next 3 years
- Annual total fair value of all assets (cash, accounts receivable, inventories investments, land, buildings, equipment) is less than \$250,000

Use Form 1023 – if:

- Annual gross receipts will exceed \$50,000 in any of the next 3 years
- Annual total fair value of all assets (cash, accounts receivable, inventories investments, land, buildings, equipment) is greater than \$250,000

Upon acceptance of the organization's exempt status by the Internal Revenue Service, a Determination Letter will be received as evidence of approval of exempt status, approximately 4-6 months after the initial application. This letter should be kept in a permanent safe place to be used to prove the organization's exempt status.

PO/Booster Clubs are strongly encouraged to consider purchasing a general liability policy, and officer's liability policy. All the documents listed above should be retained in a "permanent file" and electronic file to be passed down at the installation of each new Board of Officers. A shared electronic file is suggested to allow all officers access to these important documents.

Dissolution of an Organization

To dissolve an organization, a resolution shall be adopted by the executive board stating that the question of such a dissolution be submitted to a vote at a special meeting of the members having voting rights. At least 30 days prior to the meeting, written or printed notice shall be given to each member entitled to vote stating that the purpose of such meeting is to consider the advisability of dissolving the organization.

The organization must determine the distribution and usage of its remaining funds and other assets before dissolution. To comply with Internal Revenue Service guidelines, care should be taken to ensure that excess funds are distributed within the framework of the organization's original purpose – i.e. band booster funds would remain with the band or related program(s) at the supported campus. Any other distribution of funds could void the organization's tax-exempt status and force it into a fully taxable situation.

As stated in an earlier section, the district's designee for overseeing the activities of parent organizations and booster clubs is the principal of the campus where the organization functions. The principal shall have the authority to discontinue the association of any school program with a parent or booster organization that has been judged by the principal to be disruptive to the educational activities or goals of the program or group.

12

Federal & State Tax Filing Requirements

FEDERAL TAX

Filing Federal Form 990 Return for Tax Exempt Organizations

Every parent organization or booster club that is exempt from federal income tax is required to file an annual Form 990 Return of Organization Exempt from Income Tax Return. The return is due on the 15th day of the 5th month after the close of the organization's fiscal year.

- **Form 990-N (e-Postcard)** – is filed electronically. Small tax-exempt organizations are generally eligible to file Form 990-N to satisfy their annual reporting requirement if their gross receipts are normally \$50,000 or less.
- **Form 990-EZ** – is required to be filed for organizations with annual gross receipts are more than \$50,000 but less than \$200,000 and total assets are less than \$500,000.
- **Form 990** – is required to be filed for organizations with annual gross receipts equal to or greater than \$200,000 and total assets equal to or greater than \$500,000.

Organizations are required to file one of the applicable information returns noted above on an annual basis. Failure to file for three consecutive years will result in the revocation of the organization's tax-exempt status as of the filing due date of the third year.

Reinstatement of Tax-Exempt Status

The IRS is prohibited by law from undoing an automatic revocation and does not provide for an appeal process. Organizations whose tax-exempt status was automatically revoked for failure to file Form 990 series returns for three consecutive years can apply for reinstatement of tax-exempt status.

1099 Requirements

Internal Revenue Service guidelines require that all payments for services more than \$600 made to an individual by a booster organization be reported on a form 1099 on an annual basis. The organization should secure an IRS form W-9 from the worker/provider at the time of service to ensure that the organization has an accurate record of the taxpayer identification number. The organization must then issue a form 1099 to all qualifying vendors performed in the calendar year by January 31st. The Internal Revenue Service website should be accessed for appropriate 1099 reporting requirements and forms.

STATE TAX

State Sales Tax Exemption

Please be advised that PTOs, PTSOs, PTAs, PTSAs, and Booster Clubs are separate legal entities and are not covered by the district's sales tax exemption. These organizations may not use the district's tax ID or the exemption of any other club.

- All clubs must apply for and be approved by the Texas Comptroller for their own state sales tax exemption.
- Once approved, organizations are exempt from state sales, hotel occupancy, and franchise taxes. Note that local city sales and hotel taxes are not exempt.
- Upon approval, the Comptroller will provide notification and links to [Form 01-339 Texas Sales and Use Tax Exemption Certification](#). This certificate must be presented to vendors to purchase goods and services tax-free, provided they further the organization's exempt purpose.

THE EXEMPTION FROM SALES TAX IS FOR ITEMS THAT AN ORGANIZATION PURCHASES, NOT FOR THE ITEMS IT SELLS.

State Sales Tax Exempt Purchases Requirements

To maintain valid tax-exempt status, all purchases made by the organization must adhere to the following Texas Comptroller requirements:

- **Exempt Purpose:** Purchases must directly relate to the organization's primary mission and exempt purpose.
- **Prohibition on Personal Items:** Employees and volunteers are strictly prohibited from purchasing personal items tax-free. This applies even when traveling on official business or if the individual intends to seek reimbursement.
- **Payment Method Requirements:** To qualify for a tax exemption, the transaction must be made using the organization's funds (e.g., a corporate check or credit card).
- **Reimbursement Rule:** If an individual uses personal funds (cash, personal check, or personal credit card) to buy an item, the transaction is taxable, even if the organization later reimburses the individual for the expense.

13

Tax-Exempt Purchasing Process

In order to use your tax-exempt status to make purchases, there is a process that must be followed.

Verify Vendor Acceptance - Before making a purchase, you need to confirm the vendor accepts the Texas Sales and Use Tax Exemption Certification (Form 01-339). Most major retailers require the form to be on file or presented at the time of checkout.

Complete the Certificate - The authorized purchaser must provide a completed and signed Form 01-339 to the vendor. The form must include:

- The organization's name and address.
- The organization's 11-digit Texas Taxpayer Number.
- A description of the items being purchased and how they further the organization's exempt mission.

Payment must be made from an official organizational account.

- Accepted: Organization credit card, debit card, or check.
- Not Accepted: Personal credit card, cash, Venmo/Zelle accounts.

Travel - State Hotel Occupancy Tax: To be exempt from the 6% State portion of hotel tax, members must present a Texas Hotel Occupancy Tax Exemption Certificate, Form 12-302 at check-in.

- Local Taxes: Note that local city and county sales and hotel taxes are not exempt and must be paid as required by the municipality.

Record Keeping - The Treasurer must keep a copy of the specific exemption certificate used for every transaction, attached to the corresponding receipt or invoice, for a minimum of four years to satisfy potential state audits.

If a seller chooses not to accept an exemption certificate, ask the seller to provide a properly completed Assignment of Right to Refund so the organization can request a refund of the tax directly from the Comptroller.

Taxable Purchases

Almost all sales, lease or rental of tangible personal property (physical goods) and specific taxable services. A PTO or Booster Club, having a tax exemption means you do not pay the 6.25% state sales tax on these items—provided they are bought with organization funds to further your exempt mission

Common Taxable Items - Most physical items sold in a retail environment are taxable. Common examples for school organizations include:

- **School & Office Supplies:** Paper, pens, binders, folders, and staplers.
- **"Spirit Wear" & Clothing:** T-shirts, hoodies, hats, uniforms, and costumes.
- **Event Supplies:** Decorations, balloons, paper plates, napkins, and plastic cutlery.
- **Electronics:** Computers, printers, tablets, cameras, and software (including SaaS/subscriptions).
- **Furniture & Equipment:** Desks, chairs, storage bins, and sports equipment.
- **Books & Media:** Printed books, magazines, and educational DVDs.
- **Toiletries & Cleaning Supplies:** Hand sanitizer, tissues, and cleaning sprays.

Taxable Services

Texas also taxes several types of services that clubs often utilize, such as:

- **Amusement Services:** Tickets to movies, concerts, carnivals, or sporting events.
- **Information & Data Processing:** Website hosting, database subscriptions, and professional research.
- **Printing & Copying:** Professional printing of newsletters, flyers, or banners.
- **Landscaping & Janitorial:** Professional cleaning of facilities or lawn maintenance
- **Repairs & Maintenance:** Repairing club-owned equipment or electronics.

Taxable Food

Food is the most complex category in Texas tax law. Whether it is taxable depends on how it is sold:

Item Type	Taxable Status	Examples
Grocery Staples	Exempt	Flour, sugar, fruit/vegetables, milk, eggs, water
Bakery Items	Exempt	Cookies, cakes, donuts
Prepared	Taxable	Hot pizza, deli sandwiches, ready-to-eat meals
Candy & Soda	Taxable	Chocolate bars, gum, carbonated soft drinks

Collection and Remittance of Sales Tax

While parent organizations and booster clubs are exempt from paying sales tax on purchases, they are required by law to collect and remit sales tax on the sale of taxable items (e.g., spirit wear, yearbooks, or prepared food sold outside of school-sanctioned events). Even if you are a tax-exempt nonprofit, you must have a Sales Tax Permit if you sell taxable goods. The following is the step-by-step process for collecting and remitting sales tax:

1. **Obtain a Sales Tax Permit** - Apply online through the [Texas Comptroller eSystems](#) or print [AP-201 Texas Application for Sales and Use Tax Permit](#) from the webpage and mail it to the Comptroller's office at: Comptroller of Public Accounts, 111 E. 17th St., Austin, TX 78774-0100.
 - You must display the permit. Retain the sales tax permit in a permanent folder for events when taxable items are sold.
2. **Collect the Tax** - When you sell an item, you must collect the combined state and local sales tax of 8.25% (State= .0625 / County= .005 / City= .015). Sales tax must be separately stated on the receipt as a line item or a written statement to the consumer, for example *"Texas state and local sales tax is included in the sales price."*

Here is a breakdown of the two calculation methods that are used:

- **Line-item Sales Tax** - Multiply 8.25% by the cost of an item. [e.g., \$20 price of T-shirt X .0825 = \$1.65 tax for a total of \$21.65]
- **Sales Tax Included In Price** - Divide the price of an item by (1 + .0825) = sales price of the item [\$20/1.0825 = \$18.48]. Then subtract the price of the item from the sales price of the item [\$18.48 - \$20 = \$1.52]. The T-shirt price was \$18.48 and \$1.52 in tax collected.

Line-Item Sales Tax:

T-shirt price	\$ 20.00
State & local tax rate	8.25%
Sales tax	\$ 1.65
Sales price	<u>\$ 21.65</u>

Sales Tax Included In Price:

T-shirt price	\$ 20.00
State & local tax rate + 1	1.0825
Sales price	\$ 18.48
T-shirt price	\$ 20.00
Sales tax	<u>\$ 1.52</u>

Determine Filing Frequency - Once you receive your permit, the Comptroller will assign you a filing schedule based on your expected volume. If you're not sure whether you should file monthly, quarterly, or yearly, contact the Comptroller's office at 800-252-5555.

Yearly	Less than \$1,000 in tax collections
Quarterly	Most small-to-midsize clubs
Monthly	High-volume organizations

Standard Quarterly Filing Deadlines

Quarter 1 (Jan-Mar) - Due April 20

Quarter 2 (Apr-Jun) - Due July 20

Quarter 3 (Jul-Sep) - Due Oct 20

Quarter 4 (Oct-Dec) - Due Jan 20

File and Remit Sales Tax - Returns must be filed or postmarked on or before the 20th day of the month following the end of the reporting period. If the due date falls on a weekend or holiday, the next business day will be the due date. You must file a return even if you had zero taxable sales during that period.

- **Log In** - Use the Comptroller's WebFile system or,
- **Mail** - Completed Form 01-117, Texas Sales and Use Tax Return - Short Form to the Texas Comptroller at: Comptroller of Public Accounts, P.O. Box 149355, Austin, TX 78714-9355. Refer to Form 01-922, Instructions for Completing Texas Sales and Use Tax Return.
- **Report Totals** - Enter your Total Sales and your Taxable Sales.
- **Calculate** - The system will calculate the tax due.
- **Timely Filing Discount** - If you file and pay on time, you can keep 0.5% of the tax you collected
- **Pay** - You can pay via electronic check (ACH) or credit card

Sales Tax Collection Exceptions

There are several loopholes where parent organizations and booster clubs are not required to collect sales tax.

Two One-day, Tax-Free Sales – an exempt organization may have two one-day, tax-free sales or auctions each calendar year (January through December). During a tax-free sale day, the organization is not required to collect tax on the sales price of taxable items.

A one-day, tax-free sale day (24 consecutive hours) is either:

- **The day the vendor delivers the items to the exempt organization; or**
- **The day the exempt organization delivers the items to its customers.**

Customers buying from surplus inventory on the designated day do not owe tax. For example, a school can sell old yearbooks on the same designated day they are distributing the new yearbooks and not collect sales tax. Extra yearbooks sold outside of those days are taxable.

If two or more organizations hold a tax-free sale together, the event counts as one tax-free sale for each participating group. Each organization that participates in the joint tax-free sale can hold one additional tax-free sale during that calendar year.

An organization can hold its two tax-free sales back-to-back for a maximum of 48 consecutive hours. For example, a sale could last from noon Friday until noon Sunday.

This exemption does not apply to any items sold for more than \$5,000, unless the exempt organization made the item or it was donated to the organization and not sold back to the donor.

To purchase taxable items tax free for resale during the tax-free sales days, the organization can either give the seller a resale certificate (if it has a sales tax permit) or an exemption certificate.

Use of a Fundraising Company - Sometimes a school, parent-teacher group, booster club or other exempt organization raises funds by entering into an agreement with a fundraising company to sell taxable items, such as wrapping paper, gifts, candles or candy, and receives money for their exempt school organization use.

The exempt school organization markets the items, collects the money and forwards to the fundraising company an agreed-upon portion of the money collected, and all the sales tax collected. The fundraising company is the seller, in this case, and not the exempt school organization. These types of sales do not qualify as a tax-free sale, and the fundraising company must collect, report and remit the sales tax. The exempt school organization is not required to use their tax-free sale day or responsible for reporting or remitting sales tax since they are not considered the seller.

Food and Beverage Sales

- **During the School Day** - parent organizations and booster clubs do not have to collect tax on sales of meals and food products, including candy and soft drinks, if the sales are made during the regular school day and by agreement with the school principal and School Nutrition Director. This exemption includes food, soft drinks and candy sold through vending machines.
- **Outside the School Day** - parent organizations and booster clubs may also sell meals, food, candy or soft drinks tax free outside of the school day if the sales are part of the organization's fundraising drive and all net proceeds go to the group for its exclusive use.

NON-TAXABLE SALES

- | | |
|--------------------------|---|
| • Magazine Subscriptions | • Gift Certificates & Promotional Discounts |
| • Amusement Services | • Membership Fees & Dues |
| • Reading Materials | • Advertising |
| • Concerts | • Athletic Events |
| • School Dances | • Theatre Productions |

Sales to Students

Parent organizations, booster clubs and school districts must collect sales tax on taxable items or services sold to their students. For example, if a school sells uniforms, gloves and shoes to drill team members, it must collect tax on the sales, unless it designates the sale as part of its tax-free sales day. An organization can hold the two tax-free sales back-to-back for a maximum of 48 consecutive hours during which they are not required to collect sales tax.

Online Sales

Online sales of taxable items are treated the same as sales made at the school or at any other sales location.

Unless an exemption applies, parent organizations and booster clubs that accept online orders must collect sales tax on taxable items they sell online. An online sale during a one-day, tax-free sale qualifies for the exemption.

TAXABLE AND NON-TAXABLE SALE EXAMPLES

TAXABLE	NON-TAXABLE
Renting items such as locks, musical instruments, calculators and computers	Renting space such as a gymnasium, auditorium, library or cafeteria
Horticultural products such as flower arrangements, roses, carnations, holiday greenery and poinsettias	Agricultural products (plants and seeds), or products that normally constitute human food
Cosmetology products such as shampoo, conditioner, and nail polish sold to customers	Cosmetology services such as haircuts, shampoo, manicures and pedicures
Parking permits for the general public	Campus parking permits for public school students, faculty and staff
Pets, such as hamsters, mice, cats and dogs	Livestock, such as pigs, cows, chickens, sheep and goats
Publications such as football, basketball or volleyball programs	Advertising space in athletic programs, yearbooks or newspapers
Automobile repair parts	Automobile repair (depends on contract/invoice) • A lump-sum charge for parts and labor is not taxable • A separately stated charge for parts is taxable; a separately stated charge for repair labor is not taxable
Bumper stickers and decals	Car wash

Franchise Tax Exemption

All corporations in Texas—both for-profit and nonprofit—are required to file annual franchise tax and public information reports. You must continue to file these reports and submit any necessary payments until the Texas Comptroller's Office officially grants your organization a tax exemption.

Failure to follow these filing requirements can lead to the loss of corporate privileges as well as the forfeiture of charter by the Texas Secretary of State.

A common misconception is assuming that federal tax exemption covers state taxes. While a Determination Letter from the IRS granting 501(c)(3) designation makes you eligible for federal tax relief, Texas franchise tax exemption is not automatic. You must apply for exemption through the Texas Comptroller's Office by completing Form AP-204, Texas Application for Exemption – Federal and All Others.

To ensure you receive critical legal correspondence, you must notify the Texas Comptroller's Office immediately if your mailing address changes.

To avoid frequent mailing address changes, the Texas Comptroller's Office recommends that each club obtains its own post office box (PO Box) or private mailing box to be used for official club mail. In addition, the post office box address and keys can be given easily to the new officers at the beginning of each year.

15

Reporting Requirements

Beginning with the 2024 report year, a taxable entity whose annual total revenues are less than or equal to the “No Tax Due Threshold” is not required to file a No tax Due Report. However, the entity is required to file Form 05-102, Public Information Report.

Submit Form 05-102, Public Information Report via web file or mail to:
Texas Comptroller of Public Accounts
P.O. Box 149348
Austin, TX 78714-9348

Due Dates

The annual franchise tax report is due May 15th or the next business day if May 15th falls on a weekend or holiday.

Threshold Limits

Franchise thresholds, deduction limits and tax rates vary by report year. The “No Tax Due Threshold” limitation for report years 2026 and 2027 is \$2,650,000.

Franchise Reporting Exemption

Upon receiving official franchise tax exemption from the Texas Comptroller’s Office via Form AP-204, your organization is exempt from filing the annual Public Information Report (Form 05-102) and is no longer subject to the reporting requirements mentioned above.

- Ensure food and beverages offer nutritional benefits
- Set appropriate standards for individual age/grade group
- Create flexibility for local and state oversight

When do competitive foods regulations apply?

APPENDIX B – STEERING COMMITTEES

New schools or high school clubs may use a steering committee to facilitate the formation of a new PO/Booster Club. For Parent Organizations, the steering committee should be comprised of the principal and a representative group of parents whose students are/will be attending the school. For Booster Clubs, the steering committee could be comprised of the sponsor (teacher or coach) and several parents who have children that participate or will participate in the school activity for which the Booster Club is being formed.

The steering committee may:

2. Draft and approve bylaws.
3. Have a membership drive.
4. Promote volunteer recruitment.
5. Recruit a slate of proposed officers.
6. Draft a preliminary budget.
7. Hold the first general membership meeting to re-approve the bylaws and elect the officers.

During the membership drive and prior to the general membership meeting, the bylaws and slate of proposed officers should be available for public viewing for a reasonable time period.

I. Membership

Membership is open to individuals who are parents, guardians, stepparents, or grandparents of a student at the school (POs) or of a student active in the sponsored program (Booster Clubs) who are current in their dues. PO membership is also open to teachers and to individuals from a business partner or community organization that is involved in the Adopt-a-School Program. Only active members should have the ability to vote or hold an office. Other individuals may volunteer for the PO/Booster Club but cannot vote or hold an office. “Members” should be defined in the PO/Booster Club bylaws.

II. Membership Dues

POs/Booster Clubs may charge membership fees to their members; however, parents and teachers **do not** have to be members of the PO/Booster Club for their child(ren) or students to receive benefits from PO/Booster Club activities. The amount of membership fees should be voted on by the PO/Booster Club Board of Officers.

APPENDIX C - BYLAWS

Bylaws are the governing document for the Parent Organization or Booster Club. They outline the philosophy, structure, and general procedures of the organization. The bylaws are formulated as a series of “articles,” each dealing with one aspect of the outline.

Each PO’s/Booster Club’s bylaws should specify:

- A. **Name of Organization**
- B. **Purpose:** define the charitable purpose of the organization. The organization needs to make sure the purposes clause is not so narrow that it unduly limits the organization’s activities, and not so broad that it prevents the organization from obtaining 501(c)(3) exemption from the IRS. **
- C. **Meetings:** the frequency and place of meetings, the type of notice required, and whether directors may vote by written proxy.
- D. **Leadership:** the titles and specific responsibilities of the officers, qualifications for directors, the number of directors, the length of terms for the directors and officers, and the method for electing and removing directors and officers. The corporation must have a president, treasurer, and secretary.
- E. **Provisions for Membership:** qualifications for membership, method of selection, dues and fees, voting rights, and the frequency and place of membership meetings.
- F. **Quorum:** the number of members or directors required for a quorum to conduct business, and the proportion of votes required to take action on a matter (pursuant to Texas law, an act of the board is an act of the majority of the directors present unless a greater number is required by the certificate or bylaws).
- G. **Financial Policies/Controls:** the signatures required for execution of legal documents, signatures required for checks, accounting method (i.e., cash or accrual), number of authorized signers on the bank account(s), and other controls over financial transactions and transfers of corporate assets.
- H. **Committees:** the types of committees, responsibilities of committees, and qualifications for serving on a committee.
- I. **Fiscal Year:** the accounting period of the organization, which does not have to be the calendar year.
- J. **IRS Language:** special clauses that relate to (i) the dissolution of the nonprofit, (ii) “inurement,” and (iii) a general statement that the corporation may not take action that would be inconsistent with the requirements for tax exemption under Section 501(c)(3). It must be stated that, upon dissolution, any remaining assets will be distributed to other exempt organizations under Section 501(c)(3). *
- K. **Bylaw Amendments:** the procedures for amending the bylaws. Amendments may be adopted by the Board, but in most cases, require a two-third vote of the members at a general meeting. Prior notice of the proposed amendment is always required, either at

the previous meeting or at least a certain number of days before the vote. A committee may be appointed to write a revised set of bylaws. This usually requires a vote at a general meeting but may also be allowed by a two-thirds vote of the Board. Requirements for adopting the revised set of bylaws should be the same as for an amendment.

*Denotes articles required by the IRS.

**Denotes articles required by the Secretary of State.

Description of the type of business activity generally engaged in or type of items normally sold by the purchaser:

The taxable items described above, or on the attached order or invoice, will be resold, rented or leased by me within the geographical limits of the United States of America, its territories and possessions or within the geographical limits of the United Mexican States, in their present form or attached to other taxable items to be sold.

I understand that if I make any use of the items other than retention, demonstration or display while holding them for sale, lease or rental, I must pay sales tax on the items at the time of use based upon either the purchase price or the fair market rental value for the period of time used.

I understand that it is a criminal offense to give a resale certificate to the seller for taxable items that I know, at the time of purchase, are purchased for use rather than for the purpose of resale, lease or rental, and depending on the amount of tax evaded, the offense may range from a Class C misdemeanor to a felony of the second degree.
