Junior Pearls

A year-long leadership experience for Girl Scouts in Grades 4-5.

Named for the pearl

The Junior Pearls are inspired by Girl Scouts founder Juliette Gordon Low, whose passion for empowering girls led her to sell her cherished pearl necklace to help fund and grow the Girl Scout Movement.

Like Juliette's pearls, our girls are reminded that something beautiful can emerge through growth and perseverance. In the same way, challenges, experiences, and learning opportunities help shape our Junior Pearls into confident, resilient, and compassionate leaders.

Every Junior Pearl is encouraged to shine brightly and discover the unique value she brings to the world.

Junior Pearls

A year-long leadership experience for Girl Scouts in Grades 4-5.

Junior Pearls is a year-long leadership experience designed to inspire, educate, and support Junior Girl Scouts as they grow into confident, compassionate community leaders. Through mentorship, educational enrichment, life-skills training, community service, and personal development activities, participants are given tools to build the foundation of being a community leader.

Each month from November - June, Junior Pearls will meet virtually via Zoom. Throughout the year, we will have meetups to participate in community service, civic engagement, and to celebrate our accomplishments.

Junior Pearls 4

Junior Girl Scouts in Grade 4

Girl Scouts in Grade 4 will participate in Junior Pearls 4. Each participant will earn the Leadership Award of their choice (True North award, Junior Aide award, or Community Advocacy award). Each month, participants will progress through their award, sharing their progress and experiences with one another. Each meeting will also have activities for Girl Scouts to explore community issues so they can design and complete a community service project. Throughout the year, meetings will have surprise guest speakers, such as state legislators, librarians, community activists, and more!

Junior Pearls 5

Junior Girl Scouts in Grade 5

Girl Scouts in Grade 5 will explore their futures. Girls are more likely to pursue a career when they see another woman in that role, as it improves their perception and aspiration of achieving their goal. Each month, participants will explore a different career path. Throughout the year, participants will get to hear from women in these fields. Each participant will choose a path to explore and present about at the end of the year.

The weekend environment is fun, camp-based, and full of unique opportunities to hear about the twists and turns of the women mentors' career paths and ask questions about how they got to where they are today.

Outdoor Leadership Club

Develop the Natural Leader in You!

Are you passionate about the outdoors and looking to take your leadership skills to the next level? Join us each month to develop the innate outdoor leaders in you through leadership and outdoor skills workshops.

This year, leaders will hone their outdoor education skills and learn to present their passions to a younger audience. Leaders will celebrate the outdoors together as they go on new adventures at camp, learn to create upcycled crafts, perfect their survival skills, and have a pool party at the end of the summer to celebrate their growth!

This club is specifically designed for Girl Scout Cadettes, Seniors, and Ambassadors with a passion for the outdoors and a desire to help cultivate the minds and inspire the next generation of campers, explorers, and adventurers! Attend once or sign up every session. Locations, dates, times, and cost will vary each month.
