## INTRODUCTION TO OUR MAGAZINE

## 2026-2027 Academic Year

Zug is a remarkable place on Earth, boasting beautiful lakes and majestic mountains. Alongside these natural wonders, we have an abundance of incredible businesses and opportunities. However, discovering them can sometimes be challenging. That's why we have created this little magazine—to assist both new and seasoned ISZL parents in exploring the countless ways to make the most of life in our extraordinary cantons of Zug, Luzern, and beyond!

Profit-making businesses pay a financial contribution to appear in our listings and proceeds go towards PA supported charitable events. Thank you to all our contributors.

# THE PARENTS' ASSOCIATION

The Parents' Association (PA) at ISZL exists to support and build on the strong sense of community spirit here at ISZL. Regardless of whether you have been at the school for years or have just arrived, as a parent you are part of the PA. As a community, we aim to uphold cherished traditions whilst also exploring fresh and innovative ways to support and celebrate our community!

As a PA, we organise and deliver events for all but in addition, we have multiple key channels for you to actively engage with our community.

Our **Country and Language Groups** are there to help connect you to other families from your home or adopted country or language.

Our **Neighbourhood Networks** exist to help you connect to the community where you live.

Our **Class and Grade Rep Network** helps connect you with other families in your child's grade.

Our **Parent-led Clubs and Interest Groups** help connect parents who share similar interests.

*"Communication is merely an exchange of information, but connection is an exchange of our humanity."*
*Sean Stephenson*

## *A message from the Parents' Association Chair*

I have been the PA treasurer for the last 2 years and I am now taking on the role of PA chair.

My two daughters (the younger one Hannah is in Grade 10 this year) were born in Switzerland and went to local school so I wasn't involved much in their school life. Only when we lived in Madrid in 2019-21 did I get involved as a grade 3 rep and later as treasurer and could see how much value is created by a strong parents' association.

Back in Switzerland, I volunteered again. Being in the PA allows me to contribute to the whole community and try to make a difference. Our PA are fortunate to have some truly fantastic 'Event People' to run and support our events, while our 'Welcome People' do a wonderful job with new families. The PA also has a strong charity focus, with our efforts helping people both local and global.

Over the summer the PA team has been working hard; the Welcome and Connected Expo is a whole school event and we hope many people can join us, while the Connected Magazine is a great reference and even as a returning parent I always find something new and useful.

We wish you all a big welcome (back) and a wonderful 2026/27 school year.

# PARENT TO PARENT: IMPORTANT SCHOOL STUFF

If you are a new parent, we know that you will have information coming from all sides. We've been in your shoes and can relate to the challenge of navigating through it all. While the information is undoubtedly valuable, it's sometimes difficult to decipher what's important for your personal situation. So here are a few important hints and tips from one parent to another!

Your paragraph text

## Information about 'what's going on' at school

- Check the **Parent Portal**, updated daily, for important messages. These often contain crucial updates, sign-ups, and upcoming events that you won't want to miss.
- Want to be informed on what's happening at school? Go to the Parent Portal and you'll find the **My Calendar** icon on the top right of your screen. You can click calendar categories relevant to you / your child and sync to your personal calendar.
- **Toddle** is a secure and user-friendly platform to help parents stay connected with student learning and school life. Access learning materials, class updates, upcoming due dates and important announcements plus communication between teachers, students and parents. Taking a few minutes each week to check the Toddle portfolio, explore shared units and read the weekly Toddle announcements helps us stay informed about what our children are learning, what is coming up and how we can support them at home.
- The **School Bulletin**, emailed twice monthly, serves as the primary source of information for upcoming dates and details.
- The **PA Newsletter** is also sent to your inbox twice a month to keep you informed of further events and activities!

### A few School Tech Tips!

If using your mobile phone, download the **My School Portal App** for an improved interface. On a desktop go to **https://portal.iszl.ch/**

### Contact & Directory

Want to find contact information of another parent to arrange a playdate? You can find them on the ISZL website. Login to the the Portal > Parent Information> Parent Directory. Make sure to make your contact information available in the directory if you want to be visible to other parents.

### Lunch Programme (Zug Campus)

To load up your childs' Lunchcard scroll down on the Portal homepage to 'Menu Zug Campus' where you'll find information about the weekly menu and a link to top up your child's account.

### SchoolsBuddy

Want to check out which clubs you've signed your child up for or whether they are on this week? Go to School Information > After School Activities and Clubs and click the link to SchoolsBuddy.

### Buses

If your child takes the school bus, make sure you contact buses@iszl.ch to register for the bus app, which will give you live location updates.

# PARENT-LED CLUBS & INTEREST GROUPS

We have a wonderful and involved parent community at ISZL. It really is what makes ISZL such a great place to be as a parent!

Clubs are run by parents with a strong interest in a particular sport or hobby. Thank you to all these parents who give up a huge amount of their time to run these clubs.

*The Dads' club was re-established 2022 and grew from zero to 170 members over the course of the year!*

*The Höllgrotten Harriers love to integrate with the Swiss community and actively engage in the local Zuger Trophy every year.*

*A new Spanish-English Language club was set up by proactive parents in January 2024.*

We are always on the look out for more clubs and interest groups - we can help you connect to other parents with a similar interest. So if you have a hobby that isn't represented and you want to share, please don't hesitate to email us at pa@iszl.ch or just grab one of the team!

**Find further details and contact information on our PA Web Pages on the school website:**

# NEW TO SWITZERLAND? READ OUR TOP TIPS!

**Greetings!** The Swiss greet strangers with a kind "Grüezi" or "Grüezi mitenand" if greeting more than one person.

**Driving in Switzerland.** Buy an e-vignette for driving on motorways and switch to a Swiss driving license within 12 months. Read more here about how to obtain a license.

You'll usually need to pay for parking. However, if you find a parking space marked with a blue line, it's free if you follow the rules correctly! Find all parking info here.

If you park in a space marked with a white line, you must pay cash at a meter or pay via a parking app - Easy Park, Parking Pay, or P+Rail (at longer-term train station parking lots.) Also pay via Twint (log in and look for 'parking').

**Public transport** is safe, reliable, and clean. The SBB app is essential for navigating all public transport. Most 16+ travellers purchase the SBB Halbtax card, which halves the cost of tickets (under 16 fares are automatically half price). Junior Travel Cards can be purchased cheaply, enabling children aged 6 to 16 to travel with their parents (or other named adult) for free.

**Waste Disposal.** Purchase the appropriate waste disposal bags (Gebührenkehrichtsäcke) for non-recyclable waste that are color coded by canton. They can be purchased at most supermarkets and are often shelved behind the counter. Ask a checkout person for Gebührenkehrichtsacke or Müllsäcke, which are expensive because they fund non-recyclable, weekly residential waste pickup and help incentivize recycling. Place non-recyclable waste in black bins or simply curbside on your neighborhood waste pickup day.

Recyclables go to a recycling centre, or 'Okihof', located throughout the Kantons. Click here to find your closest one.

## Emergency numbers

| Ambulance | Police | Fire Dept |

Zug Vet ER 041 780 80 80
Luzern Vet ER 0900 527 575

Mountain Rescue with Rega 1414
Rega membership (small fee applies) is strongly recommended.

**Shopping local.** There are many grocery shops - Coop and Migros, Lidl, Aldi, Volg and Spar. For bio (organic) foods, try Alnatura (online store) and Reformhaus and look for local farm stores (Hofladen) - a wonderful way to access fresh products and support local farmers. Many operate payment via 'honesty boxes' (pay by twint or cash). Click to find nearby farm shops.

**Healthcare.** Everyone needs at least basic health insurance. Children see paediatricians as opposed to having a GP for the whole family. It is recommended for residents to get vaccinated against **Tick-borne encephalitis**. Vaccines are available at pharmacies as well as Healthcare Centres. Children receive a letter from their Gemeinde for **free dental** checks each year.

The Swiss love **animals** and have rules around owning them. Dogs must be registered with your Kanton and you pay an annual dog tax. To find out more, read this guide!

Sundays and bank holidays are **designated quiet days** and 'quiet times' apply at lunch time (and overnight). This means you cannot make excessive noise (such as mowing your lawn or in an apartment using the washing machine) during these periods.

# EXPLORING THE LOCAL AREA

We live in a beautiful little corner of the world. There are so many things to do and see! You'll quickly discover some great places to explore but here are a few suggestions to get you going!

The Freiruum in Zug, is a popular place for congregating in central Zug. It's free to enter and full of fantastic international food stalls, seating, workspaces, and bars. There's also a great bouldering gym and trampoline park (entrance fees apply for these).

**Your Local Badi**

During the warmer months, people congregate along the lakes of Switzerland at Badis. Most Badis have restaurants. Some have nominal entrance fees, and some are free. All have water access for swimming, but rarely have lifeguards, so please watch young children. Many have diving boards and paddle board access/ hire.

**Baar Lättich**

The Lättich swimming pool offers a comprehensive and exciting range of activities all year round for young and old, for families and for athletes.

**Höllgrotten Caves**

Unique, fabulous and fascinating, this magical underground world is full of small lakes, stalagmites and stalactites. Thanks to cutting-edge LED lighting, visitors can explore the full array of shapes and colours in these natural rock formations.
https://www.hoellgrotten.ch/en

**HALLE 44**

Would you like to explore the beautiful area around Zug with friends by bike? Bicycles are available in HALLE 44 upon reservation (no e-bikes). Whilst you're there, check out their great 'free library' - take up to 10 books for free (and no need to return).
https://www.halle44.ch/veloverleih-fuer-gruppen

**Sattel-Hochstuckli**

Find relaxation, enjoyment and an adrenaline rush crossing the suspension bridge in Summer on the panoramic loop trails and discover a great local place to explore the ski slopes in Winter.
