WELCOME TO OUR FIRST EDITION OF

NEWNESS

OCTOBER 2026

Welcome to the first edition of Newness our new bi-annual update bringing together the latest products, collections and licences from Customworks and McLaggan + Co.

With new designs, new product formats and exciting new opportunities being added throughout the year, this is your quick guide to what's new, what's coming and what's changing across both businesses.

In this first edition, we're particularly excited to introduce our new Madeleine Floyd Christmas collection, just in time for the festive season, alongside our new Pocket Places range and the latest additions to Mclaggan + Co's Atoms to Astronauts collection.

We'll also highlight products and ranges that are being discontinued, giving you the opportunity to review your current collections and place any final orders.

Whether you're looking for something new for Christmas, refreshing an established range or simply looking for a product that will complement what you already stock, we hope you'll find plenty of inspiration inside.

ART PRINTS

Designed for gallery and museum retail, our art prints offer an accessible way for customers to enjoy and take home their favourite artwork.

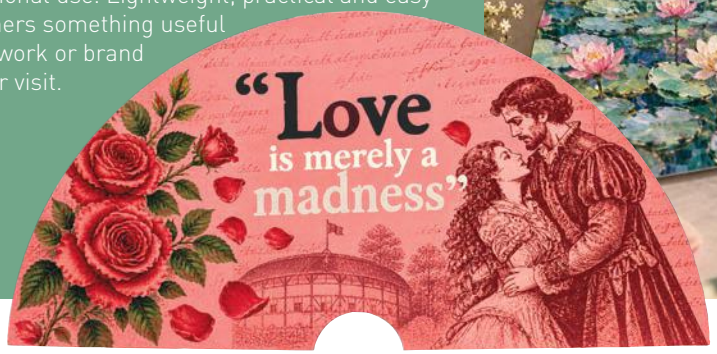

Beautifully reproduced on premium 300gsm Mondi paper, each print is supplied with a card backing board and presented in a protective bag with an information label on the reverse. A quality, retail-ready format that complements a curated art and gift collection.

CARD FANS

Beautifully printed on sturdy 300gsm card, our card fans are a creative and memorable way to showcase artwork, imagery and branding.

Fully customisable, they're ideal for gallery and museum retail, visitor attractions, events and promotional use. Lightweight, practical and easy to take away, they offer customers something useful to enjoy while keeping your artwork or brand front and centre long after their visit.
