Professional Residential Property Management Throughout Metro Atlanta

Own the Property. Not the Headaches.

Atlanta Area Property and Management Inc

Georgia-Licensed • 100% Residential • Metro Atlanta Since 2009

We Know Why You're Here.

The dream was simple — own the property, not the headaches.

The Painful Reality

- Not knowing if your property is being maintained or neglected
- A property manager who disappeared when you needed them most
- Lease violations you didn't find out about until it was too late
- Contractors you couldn't trust — overcharged, and the work still wasn't right
- Evictions that dragged on for months

Most property management companies collect rent.

We help owners build wealth by protecting the value and performance of their investment.

What You Actually Deserve

- A fully vetted tenant in a lease built to protect you — not them
- Regular property inspections, so nothing goes unnoticed
- Maintenance handled promptly by vetted, insured contractors
- Aggressive rent collection, with direct deposit to your bank
- A manager who's actually reachable — by text, email, or phone

Top 5 Tips Every Rental Property Owner Should Know

1. Price It Right

The first few weeks on the market are your best opportunity to attract qualified tenants. Pricing correctly often means less vacancy and higher long-term returns.

2. Invest Wisely

Focus on improvements that renters value most, such as fresh paint, updated lighting, clean flooring, and curb appeal. Avoid renovations that won't provide a return.

3. Never Cut Corners on Tenant Screening

The right tenant protects your property and your income. Thorough screening is one of the smartest investments you can make.

4. Be Proactive with Maintenance

Address small issues before they become expensive repairs. Preventive maintenance protects your investment and helps retain quality tenants.

5. Think Long-Term

Successful rental ownership isn't about maximizing one month's rent—it's about protecting your property's value and generating consistent returns for years to come.

Focused on Your Investment. Committed to Your Success.

Whether you need full-service property management, Housing Choice Voucher expertise, tenant placement, or simply have questions about your rental property, we're here to help.
